GLORIOUS FLOWERS for 1960

Grow like 60 Bloom like 60 Sell for 60

F661—COLORAMA PETUNIAS

Dwarf Colorama Petunias

Greater Vigor, More Flowers, Greater Uniformity, New Colors.

F661—A superb strain of bedding Petunias selected for dwarf bushy plants, prolific blooms and uniformity of plants. The large flowers cover the plants from early summer until frost. A bed of these Petunias will be a gorgeous display of color all through the summer and fall. Pkt. 15c; 1/8 oz. \$1.25.

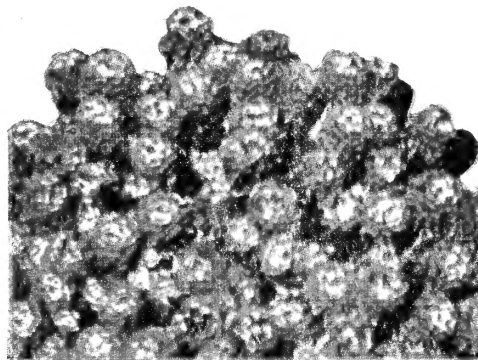

Special Offer No. 60

One pkt. of each of these
Five Glorious Flowers
for 60c.

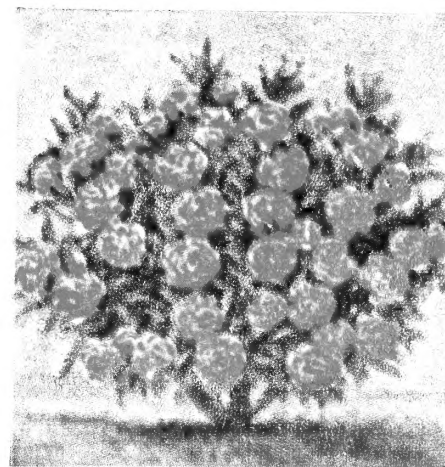

Royal Carpet Alyssum

Unsurpassed for Edges and Borders.

F705—An "All America" Medal winner and one of our most beautiful hardy annuals for borders and edgings. Plants come into bloom very early and flower profusely until heavy frosts. Grows to a height of 4 in. with a spread of 10 in. and form a solid carpet of rich violet blue. A perfect companion for the popular Little Gem listed on page 40. Pkt. 15c; 2 pkts. 25c; 1/8 oz. 50c.

F705—ROYAL CARPET ALYSSUM

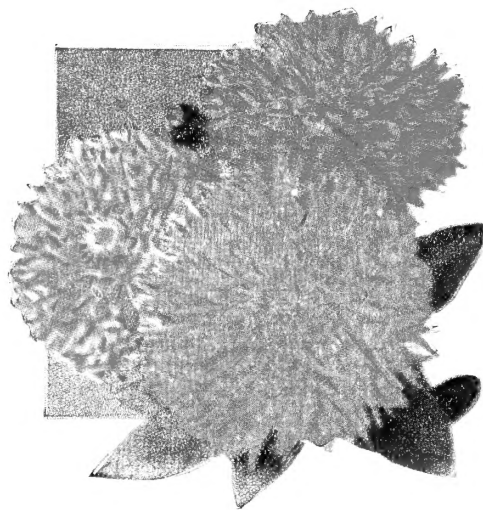

F532—BUSH BALSAM

Double Bush Balsam

Rival Roses in Beauty. Bloom from July till Frost. Not Bothered by Insects or Disease. Sure to bloom.

F532—GARDENIA FLOWERED—A very beautiful new strain of Balsam. The flowers, very much like double roses, are produced in clusters on the tips of the stems and a bush in full bloom is a solid mass of color. You will be highly pleased with these grand Balsams. Our seed is a grand mixture of white, rose and red shades. Pkt 15c; 2 pkts. 25c.

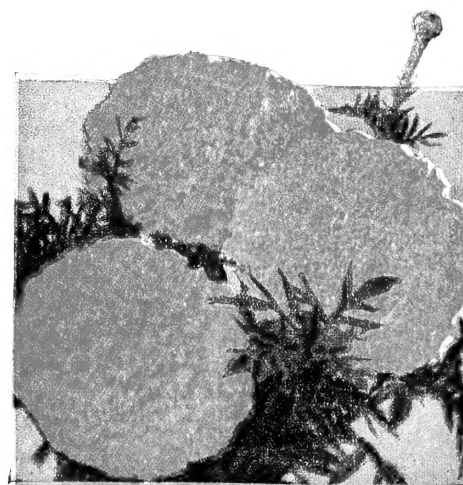

F772—GIANT HYBRID ZINNIAS

Crackerjack Marigolds

F622—A superb new giant flowered Marigold that is a great improvement over the older varieties. Its chief merits are that it comes into flower weeks earlier, does not grow as tall and the flowers are in full view on the plants. Flowers are fully double, 4 to 5 in. across and in shades of primrose yellow, gold and orange. Sturdy plants grow to a height of 24 to 28 in. Pkt. 15c; 1/8 oz. 45c.

Giant Hybrid Zinnias

F772—The exquisite beauty of these lovely Zinnias is hard to describe. The immense ruffled and fluffy flowers grow up to 6 in. across, and very much resemble chrysanthemums. They come in a gorgeous blend of color and will bloom from early summer until frost. The sturdy plants grow to a height of 2 1/2 to 3 ft. and bear the giant blooms in great profusion. Pkt. 15c; 1/8 oz. 40c.

F622—CRACKERJACK MARIGOLDS

JUNG'S SEED ANNUAL FOR 1960

J. W. JUNG SEED COMPANY

Quality Seed Growers

RANDOLPH

WISCONSIN

Jung's Northern Grown Berry Plants

New Everbearing Red Raspberry

"DURHAM"

A1309—This is the earliest and hardiest of all everbearing red raspberries. Bears a good crop on the old canes early in the summer and a few weeks later the new canes start bearing and continue until heavy frost. Berries are bright red, of good size and well suited for eating fresh, pies, jam or freezing. Select 1-yr. plants: 5 for \$1.00; 10 for \$1.75; 25 for \$3.25; 100 for \$12.25.

Mrs. Vern Nichols, Minn.—Very well pleased with my Raspberry and Strawberry plants. All are growing nicely.

James A. Thayer, Wis.—The Asparagus roots you sent us are extra nice.

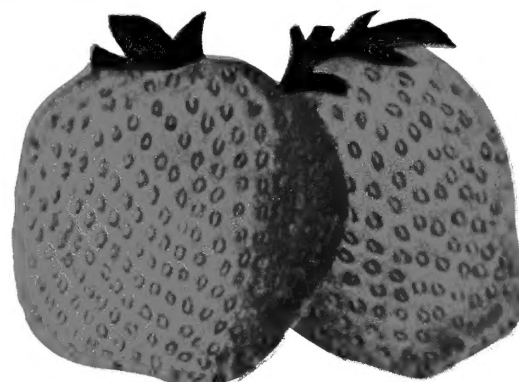

A1343—WISCONSIN QUEEN STRAWBERRIES

Grand New "WISCONSIN QUEEN"

Hardy and Vigorous Plants. Extra Heavy Yielder. Superb Quality. One of the Best for Either Home or Market Garden.

A1343—A new release from the University of Wisconsin and offered for the first time this spring. Wisconsin Queen is outstanding for vigor of plants, heavy yields, appearance and size of berries and its excellent quality. The husky plants bear abundantly and the later berries are almost as large as the first ones. The berries are of large size, bright red color being red all through with no white center. "Tops" in quality and suited for using fresh, canning or freezing. An excellent shipper as the berries are firm and solid. Only a limited supply of plants, order early. 25 for \$1.75; 50 for \$2.95; 100 for \$4.95.

A1332—20th CENTURY EVERBEARING

20th Century Everbearing Strawberry

Giant Sized Berries Vigorous Plants. Superb Quality.

A1332—Another new Everbearing Strawberry that has proven to be one of the best as it will give you size, quality and yield. It grows an unusually strong vigorous plant with thick heavy foliage and the plants root very deep. On good soil and with proper care plants will start bearing in 60 days and will then keep bearing until frost. The berries are large in size, uniform in shape and have a rich red coloring throughout; they have a distinct honey-sweet flavor which is retained when frozen, unsurpassed for either canning, freezing or fresh table use. It has been tested out in many parts of the U. S. and has made remarkably high ratings for quality and yield. A bed of these fine everbearers will please and delight the planter beyond his fondest hopes. 25 for \$2.50; 50 for \$4.25; 100 for \$8.25.

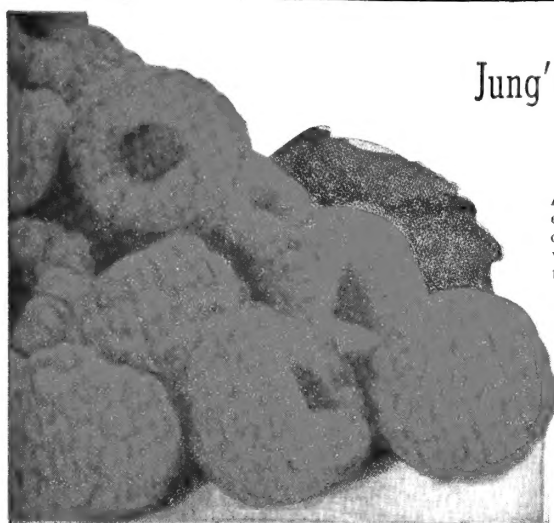

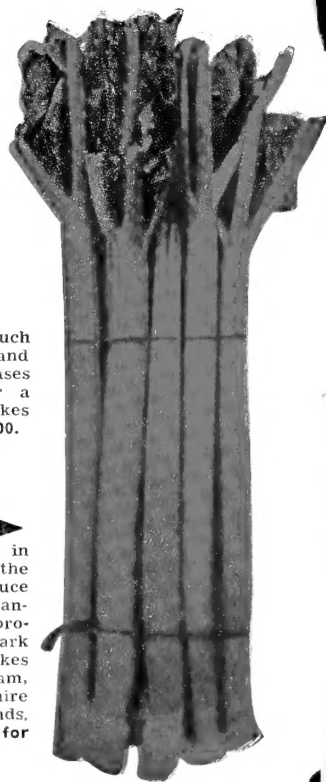

BERRY-SET

M40—Makes berries grow much larger, meatier, sweeter and most luscious tasting. Increases yields and plants bear for a long time. 1 oz package makes 4 gallons. 1 oz. 50c; 3 oz. \$1.00.

"CANADA RED"

Pie Plant or Rhubarb

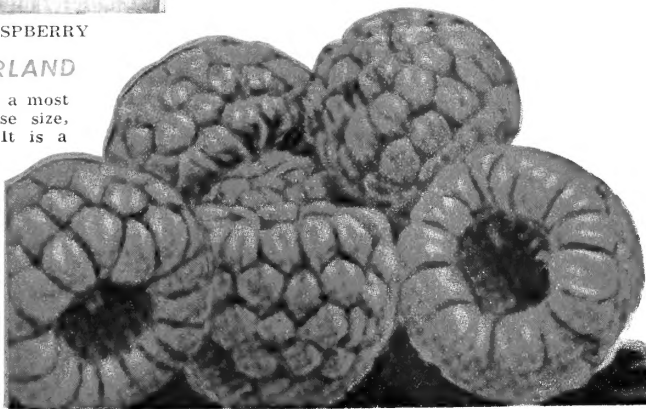

P1792—Pie plants should be in every garden as they are the first plant in spring to produce material for pies, sauce and canning. This grand variety produces large stalks that are dark red clear to the heart, makes sauces as red as strawberry jam, very sweet so does not require as much sugar as ordinary kinds. Strong divisions. Each 75c; 3 for \$1.65; doz. \$5.25.

A1309—DURHAM EVERBEARING RASPBERRY

Giant Black Raspberry CUMBERLAND

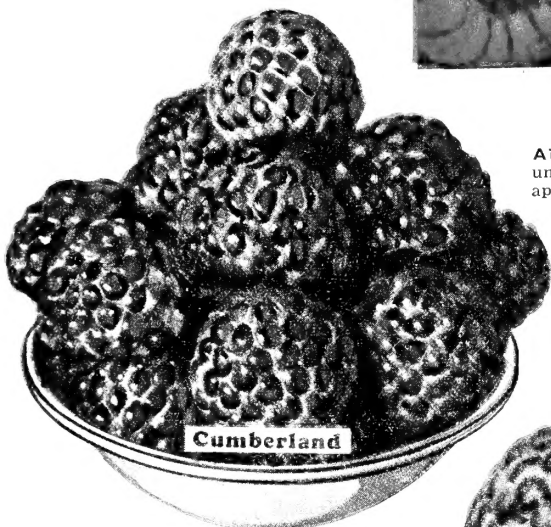

A1320—This is offered with assurance as a most desirable variety because of its immense size, fine quality and great productiveness. It is a wonder in size of berries and vigor in growth and is as hardy as any variety grown. Fruit is jet black and very good quality. We offer 2-yr. transplants. These usually bear the same year they are planted and are well worth the extra price over 1-yr. plants. Heavy 2-yr. plants: 5 for \$1.60; 10 for \$3.00; 25 for \$5.25.

A1315—LATHAM RASPBERRIES

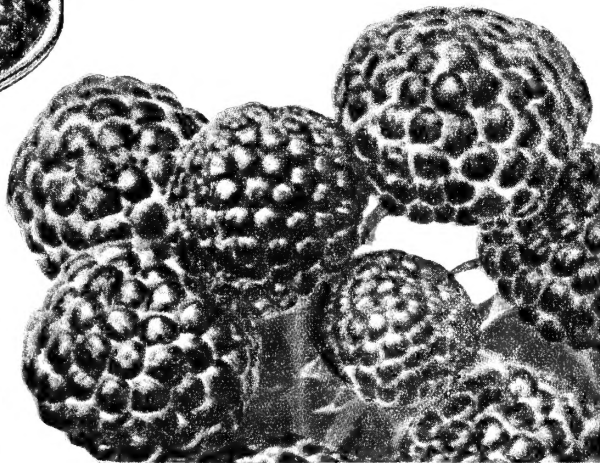

"LATHAM" Giant Red Raspberry

A1315—By far the best raspberry to be had and stands unsurpassed for vigor and hardiness, size and handsome appearance of berries. Has made the remarkable yield of 5,430 qts. per acre. Hardy even as far north as Canada. The ability of Latham to yield so heavily together with the large size and fine appearance of the berries make it unquestionably the most profitable variety for either home or market garden. Many plants will bear fruit the first year they are set out. Price of strong disease-free plants: 5 for \$1.00; 10 for \$1.85; 25 for \$3.50; 100 for \$13.25.

Purple Raspberry "BURGUNDY"

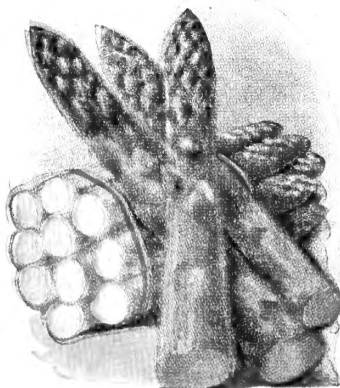

A1318—A great improvement on Sodus and Columbian as it grows more vigorous, is harder and the berries are large and of better quality. Will not spread from roots or shoots. Select 2-yr. plants: 5 for \$1.95; 10 for \$3.95; 25 for \$8.75.

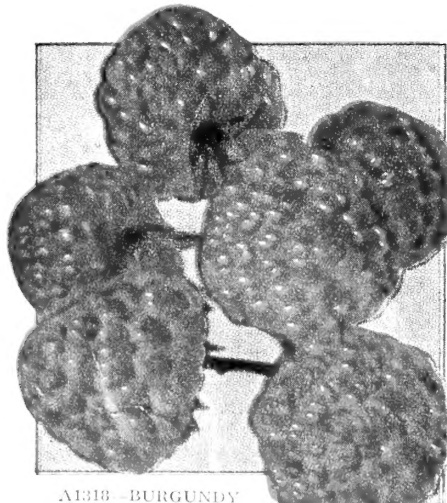

A1321—BLACKHAWK RASPBERRIES

New Black Raspberry "BLACKHAWK"

A1321—A new black raspberry originated by the Iowa State College and in trial tests it surpassed all other varieties for vigor, yield and size of berries. The berries are often three-fourths inch in diameter, are glossy black in color, sweet and juicy and have a rich flavor. One of the best for eating fresh, canning, freezing, pies or jam. Select 2-yr. plants: 5 for \$1.95; 10 for \$3.75; 25 for \$8.50.

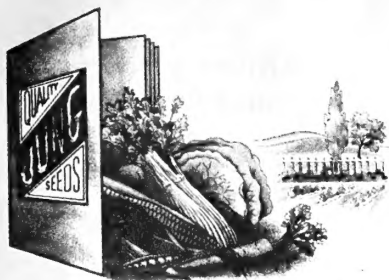

P1700—ASPARAGUS

A1318—BURGUNDY

Giant Washington Asparagus

P1700—This new Asparagus has taken the country by storm as it is rust-proof and produces big stalks and large crops. This variety is the result of many years work by the U. S. Dept. of Agriculture and fortunate indeed is the gardener who will get started with it as it will surely displace all other varieties. The stalks grow to a very large size, yet they remain so crisp and tender that they may be eaten raw. We have some extra heavy 1-yr. roots this year, these will start easier and give even better results than many 2-yr. plants. 25 for \$1.10; 50 for \$2.00; 100 for \$3.75.

J. W. Jung Seed Co.

WISCONSIN'S LEADING MAIL-ORDER NURSERY AND SEED HOUSE

1907 :-: Greetings :-: 1960

To Our Friends and Valued Customers:

To supply the American farmers, gardeners, and home owners with the best seeds, plants, bulbs, shrubs, and trees at fair and honest prices has been our policy from the time this firm was founded.

That this has been a wise decision is best proved by the fact that we number our customers, located in all parts of the United States, in the thousands. These people order from us year after year, in many cases the second and third generation are among our satisfied customers.

Here in Wisconsin we own and operate over 800 acres of the best land available; this acreage is under the supervision of competent management who are interested in producing top quality seeds, bulbs, and plants. We grow more of the seeds, bulbs, and nursery stock we sell than any other nursery or seed house in America.

Our plant is one of the most modern establishments of its kind, nothing has been left undone to insure that you receive seeds, bulbs, plants, shrubs, and trees that are live and vigorous.

To those receiving our catalog the first time we ask that you give us a trial order. We assure you that you will be more than pleased with what you can grow from our products and that we can add you to our steadily increasing number of satisfied customers.

One of our most valuable possessions is our list of loyal and faithful customers. To you we owe more than can be expressed in words.

Thank you, and with it our promise that we will continue in every possible way to serve you even better in the future than we have in the past.

J. W. JUNG SEED CO.

Instructions on Ordering

With each catalog we enclose an order sheet and self-addressed envelope. Be sure to write your name and address on order sheet. After writing down the list of articles wanted place same together with remittance in the envelope. Remittance may be made by Money Order, Bank Draft or Check, amounts of 50c or less may be sent in clean postage stamps. You will be surprised how easy it is to make out your order and how soon the seeds will reach you after the order is sent in.

Prepaid Postage and Delivery Charges

Except where noted we pay postage on all items listed in this catalog to all parts of the U. S. except west of the Rocky Mountains. If you live west of the Rocky Mountains please add 10 per cent to your order to cover the higher parcel post rates on parcels going such a long distance. Farm seed prices do not include postage as these are too heavy for parcel post shipments and are shipped by express, freight or truck, **not prepaid**.

WE GUARANTEE SAFE DELIVERY

If any parcel of seeds, plants or bulbs reaches you in bad condition advise us at once and we will refill the order free of charge or refund your money. Also if any goods you receive from us are not satisfactory in every way they may be returned and your money will be refunded.

C. O. D. ORDERS

Owing to the abnormal charges now in effect on c. o. d. parcel post shipments we have discontinued sending out orders by that method. Therefore please do not ask to have your order sent c. o. d.

DISCLAIMER

The J. W. Jung Seed Co., warrants to the extent of the purchase price that seeds, plants, shrubs, or bulbs sold are as described on the container, within recognized tolerances. Seller gives no other or further warranty, express or implied.

ORDERS PROMPTLY FILLED

Under normal conditions we will fill orders for seeds within 48 to 72 hours after they are received. If your order includes potatoes, bulbs, plants, etc., which cannot be safely sent in cold weather, these items will be sent when safe to ship or at proper time for planting.

Why we cannot fill Shrub and Plant Orders unless they are for \$2.00 or more

Owing to the abnormally high costs of labor, postage and packing material we cannot fill orders for plants and shrubs unless it amounts to \$2.00 or more. It costs us 50c or more to wrap and mail a single shrub so you can readily understand why we cannot fill orders for 1 shrub or plant.

If your order for shrubs, trees or plants is less than \$2.00 then please add 25c to your order to cover the extra expense of wrapping and mailing.

This service charge applies only to plants, shrubs and trees and does not apply to seeds and bulbs.

Nursery and Plant Guarantee

We guarantee our bulbs, shrubs and plants to be true to name, government inspected and to reach you in healthy, live growing condition. Any plants not satisfactory upon arrival or that are damaged in any way will be replaced free of charge.

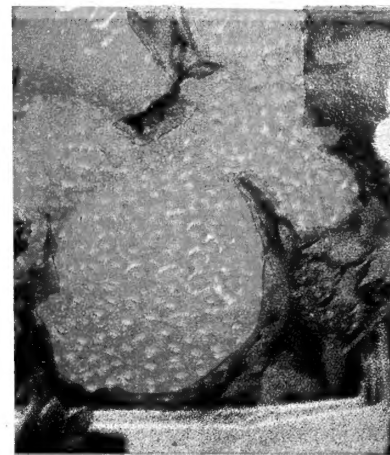

REPLACEMENTS—We guarantee our plants and shrubs to grow if given proper care in planting. Weather conditions, lack of care in planting and carelessness in handling are matters over which we have no control and are usually the causes of failure. However, we will replace any plants or shrubs that fail to grow at half the original purchase if we are notified of this within three months after receipt of order. It is mutually agreed that in no case shall our liability be greater than the purchase price. A Guarantee Form will be sent out with every order of plants and shrubs.

ERRORS OR MISTAKES

We are only human and will make errors; however, when a mistake does occur we are glad to have our customers write us so that it may be corrected. Always keep a copy of your order to check over the goods when you receive them; often people will write us that they ordered some item which they did not receive but upon looking up their orders we find that the items claimed to be short were not ordered.

OUR RESPONSIBILITY

You can send your order to us with full assurance that you will receive honest treatment in every way. Anything which you order from us and which is not satisfactory when you receive same may be returned and your money will be refunded.

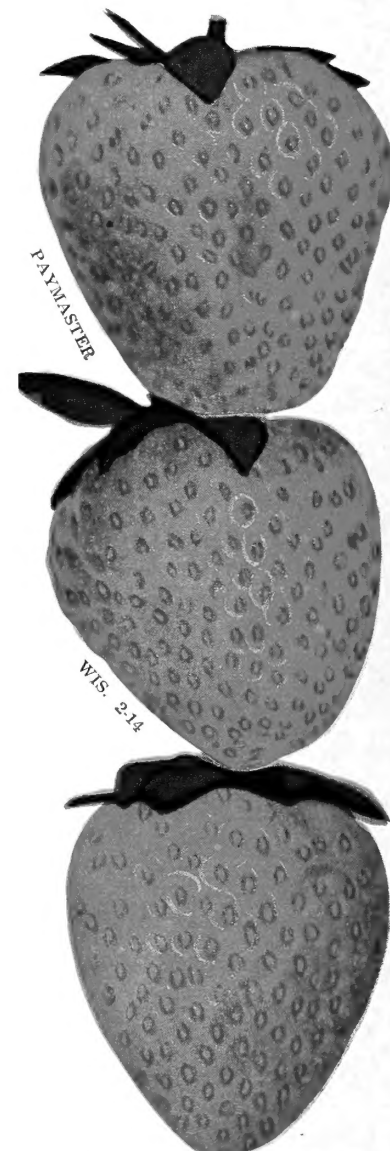

ION EVERBEARING

aring Strawberry

uality. Large Berries.

s all for yield, quality and size of berries. od crop of fruit this year when planted usually start ripening in August and will rge, rich in color and remarkably sweet earing strawberries. 25 for \$1.75; 50 for

WONDERBEARING or DUNLAP

Jung's Special STRAWBERRY OFFER

100 Select Strawberry Plants for \$3.95.

A1350X—The following excellent varieties will give you a supply of luscious strawberries over a long period of time.

25 Superfection Everbearing

25 Wis. 2-14

50 Wonderbearing or Dunlap

The above 100 plants, a \$4.90 value, for only \$3.95.

duce two crops each year. 5 for \$1.10; 10 for \$1.95; 25 for \$3.85; 100 for \$13.95.

THORNLESS RASPBERRY

Early to ripen, very hardy, thornless canes and does not spread like others. See page 48.

↑ **A1319**—A golden-yellow Raspberry which many prefer because of its sugary sweetness and unsurpassed flavor. A very attractive dessert berry, especially when served with either black or red Raspberries. The canes are hardy, vigorous growers and produce a heavy crop of the large attractive berries. Ripens about the same time as Latnam. Price of select disease-free plants: 5 for \$1.25; 10 for \$2.25; 25 for \$4.50 postpaid.

Our strawberry plants are being grown on new soil that has been fumigated and are propagated from virus-free stock under the rigid supervision of state inspection. This rigid spray and soil fumigation insures you plants that will grow and produce abundant crops.

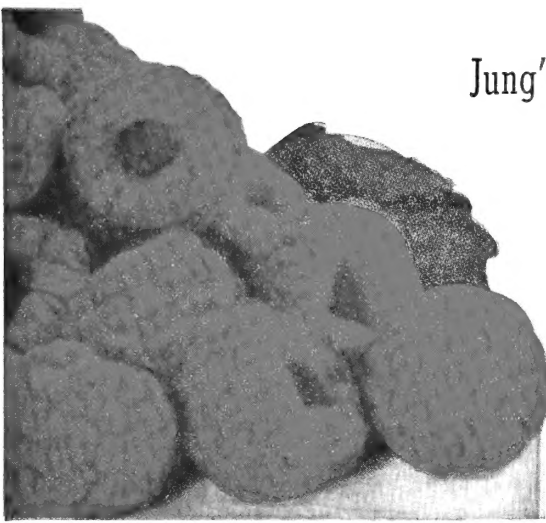

Jung's Northern Grown Berry Plants

African Violet and House Plant Spray

M51—The ideal Spray for house plants such as African Violets, Ferns, Fuschias, Geraniums, Ivy and other indoor plants. It kills indoor insects like aphids, mealy bugs, mites, thrips and white flies. Will keep your plants clean and thrifty. Just push the button and your plants are sprayed, no fuss and no sprayer to buy. 6 oz. Bomb Spray Can only 89c; 3 for \$2.40.

"Twist-Ems" Plant Ties

A Quick and Easy Way to Tie up Plants and Vines. Can be Used Many Times.

M79—This plastic tape is made up of pretty, fadeproof green material, 1/4 in wide and is put up in spools of 250 ft. It is easy to apply, can be used over many times, is waterproof and will not harm the most tender plants. Just the right thing for tying up any vines, plants or shrubs. Much cheaper than the ready cut ties as you cut off the length you wish. 250 ft. spool \$1.00.

ORTHO Leaf Polish Bomb

Beautify Your Indoor Plants Easily.

M82—Just spray on this easy-to-use polish for a beautiful, natural high gloss. It is simple and effective on all hard surfaced leaves, such as Ivy, Rubber Plants, Philodendron, and many others. No rubbing necessary. It resists dust, and allows the plant to breathe and grow normally. It will also give a high luster to decorations of fruits, vegetables, pine cones, Christmas wreaths, and many others. 5-oz. aerosol bomb postpaid 89c each.

Grow Fruit in your own yard

It's easy and quick with JUNG'S Dwarf Fruit Trees. See Page 3.

RABBIT REPELLENT

Developed by Research Scientists of U. S. Fish and Wildlife Service.

M58—Protect your dormant trees and shrubs from rodent damage by one application of Ringwood Repellent. Use it on apples, cherries, elms, maples, poplars, and many others. Will not freeze. One application lasts all winter, and snow or rain will not wash it off. It repels all rodents. 5-oz. aerosol (enough for 10-15 small trees) \$1.25 postpaid. Write for prices for bulk containers for larger orchards.

HYPONEX PLANT FOOD

**HYPONEX GROWS PLANTS
IN SOIL, SAND OR WATER**

HYPONEX Plant Food

Grow stronger plants larger and more flowers indoors or out. Modern science aids Nature for astonishing results in soils, sand or barren earth.

M35—This is a highly concentrated and well balanced fertilizer for pot or house plants, roses, ferns, and also for outdoor flowers and shrubs. It increases the foliage and improves the color and size of blossoms. Odorless and harmless. HYPONEX is sure to bring forth healthy plants and lots of flowers. 2-oz. can (makes 12 Gal. 29c; 10-oz. can (makes 80 gal.) \$1.00; 2 for \$1.85.

John Gruenwald, Minn.—I like Hyponex, the best fertilizer for my house plants and roses.

ACTIVO

Activates Compost. Conditions and Energizes Soils.

M8—Activo makes Compost in Nature's way and in a hurry. It is a compound of friendly, beneficial micro-organisms; enzymes, hormones, vitamins, minerals and biotic substances. It's alive with energy. Activo makes rich activated humus from waste leaves, grass clippings, garbage, or even sawdust and corncobs. And it does this in 3-6 weeks with **NO ODOR**. It will stretch and improve chemical fertilizers and help remove the "burn" danger.

SEPTIC TANKS and OUTDOOR TOILETS will benefit from the increased bacterial action of Activo as the wastes are converted to odorless ash-like plant foods. Because it is organic it will not kill earthworms.

No. 2 (treats 450 lbs.)—\$ 1.39 50 (treats 6 tons)—\$12.95
No. 7 (treats 1700 lbs.)—\$ 2.95 175 (treats 15 tons)—\$29.95
No. 20 (treats 3000 lbs.)—\$ 6.95

ORTHO PRUNING PAINT BOMB

Protect Valuable Shrubs; Waterproof Pots and Planters

M55—This paint is a fast, easy, effective dressing designed to aid in healing all cuts and wounds of **ROSES, TREES, and SHRUBS** caused by pruning, grafting, gnawing animals and broken limbs. An easy-to-use push-button aerosol, it provides a protective coating against the entry of moisture and wood rotting diseases, prevents excessive sap flow, and is a barrier to damaging insects. It can also be used to easily waterproof planter boxes, pots, wooden tubs, roofs, and drain spouts and gutters. **Economical 5-oz. aerosol bomb 98c postpaid.**

Protect Your Garden by Killing Insects With

→ RED ARROW ← Garden Spray

M60—One of the best and most widely used Garden Sprays for controlling bugs and insects such as aphids, cabbage worms, cucumber beetles, thrips, etc. This spray is deadly to insects but harmless to humans, birds and animals. Will not burn delicate leaves or tender flowers. Mixes easily with even hard water and has ingredients making it spread and stick to the foliage. We consider this one of the most satisfactory garden sprays for both flowers and vegetables. Simply mix 1 teaspoon of this spray with a qt. of water and spray on both top and under side of leaves.

2 oz. Bottle (makes 4 gals. spray) . . . \$9
4 oz. Bottle (makes 8 gals. spray) \$1.19
1 pt. Bottle (makes 32 gals. spray) \$3.49

Keep Your Evergreens Free of Mites and Red Spiders Spray Them with "All-Purpose" Insecticide

25 Per Cent
MALATHION
25 Per Cent
METHOXYCHLOR

M28—Destroy hard-to-kill red spiders on evergreens, aphids or plant lice, and most other garden pests with this new formula insecticide. The malathion, closely related to parathion but safe to use, will kill most of the insects now resistant to DDT. It's rapid disappearance gives a low residual hazard, and makes it safe to use on leafy vegetables within a few days of harvest. The methoxychlor non toxic to humans, will give residual insect control lasting a week or more, and kills most garden and fruit tree insects. 4 oz. of this concentrate makes 15 gal. 4 oz. \$1.25; 8 oz. \$2.25; 1 pt. \$3.50.

CHLORDANE DUST

(10 Per Cent Strength)
M65—A very good insecticide to use in the garden and on lawns to control insects like onion maggot and worms in radish, also ants, cut worms, grasshoppers, snails, wire worms, white grubs, as well as cockroaches, carpet beetles and silverfish in your home. 1 lb. can 85c; 3 lbs. \$2.45.

Dickinson's Humus Inoculation

Will Increase Your Crops of Beans, Peas and Sweet Peas.

This is a compound which when applied to the seed before planting promotes stronger healthier growth, hastens maturity, increases the quality and also enriches the soil. It is for legume plants such as Beans, Garden Peas and Sweet Peas. In the case of Sweet Peas larger and finer flowers will be had and in Garden Peas and Beans, your crop will be much heavier and of finer quality and you can pick more pods from each plant. It is easy to apply as it is put up in powder form and will stick to the seeds, no water is necessary and it can be used a little at a time. Garden size Pkt. (enough for 10 lbs. of seed) 25c; Bu. size for Beans or Peas 50c.

Du Pont Garden Dust

\$1.19; 1 lb. can \$1.35; 3 lbs. \$2.75.

New Improved

Rose & Floral Dust

M25—A powerful combination of the 5 newest and best chemicals for all-around control of most insects and diseases affecting roses, delphiniums, hardy phlox and other flowers. Use as a dust or spray. For best results apply as soon as new growth appears and repeat every 7-10 days. Full instructions on every container. 8 oz. (filled) Squeeze Duster \$1.29; 1 lb. \$1.50; 3 lbs. \$3.75 postpaid.

Du Pont

Fruit Tree Spray

M27—The ideal spray for the small grower as is not necessary to have several different sprays. Especially suitable for fruit trees, currants, berries, etc. Now, by following the simple spray schedule on the package you can protect your fruit crop with one spray. 1 lb. can. \$1.35; 3 lb. bag \$2.70 postpaid.

"R-I-D-Z"

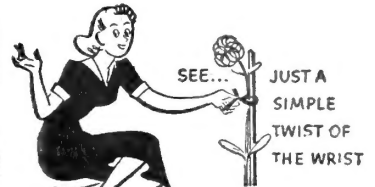

Dog Repellent

M31—A very effective preparation for protecting evergreens, shrubs, trees and plants from dogs and other animals. Easy to apply as you just push the top and spray. 11 oz. Aerosol Cans \$1.49; 3 for \$4.25.

African Violet and House Plant Spray

M51—The ideal Spray for house plants such as African Violets, Ferns, Fuschias, Geraniums, Ivy and other indoor plants. It kills indoor insects like aphids, mealy bugs, mites, thrips and white flies. Will keep your plants clean and thrifty. Just push the button and your plants are sprayed, no fuss and no sprayer to buy. 6 oz. Bomb Spray Can only 89c; 3 for \$2.60.

"Twist-Ems" Plant Ties

A Quick and Easy Way to Tie up Plants and Vines. Can be Used Many Times.

M79—This plastic tape is made up of a pretty, fadeproof green material, 1/4 in. wide and is put up in spools of 250 ft. It is easy to apply, can be used over many times, is waterproof and will not harm the most tender plants. Just the right thing for tying up any vines, plants or shrubs. Much cheaper than the ready-cut ties as you cut off the length you wish. 250 ft. spool \$1.00.

ORTHO

Leaf Polish Bomb

Beautify Your Indoor Plants Easily.

M82—Just spray on this easy-to-use polish for a beautiful, natural high gloss. It is simple and effective on all hard surfaced leaves, such as Ivy, Rubber Plants, Philodendron, and many others. No rubbing necessary. It resists dust, and allows the plant to breathe and grow normally. It will also give a high luster to decorations of fruits, vegetables, pine cones, Christmas wreaths, and many others. 5-oz. aerosol bomb postpaid 89c each.

Grow Fruit in your own yard

It's easy and quick with JUNG'S Dwarf Fruit Trees. See Page 3.

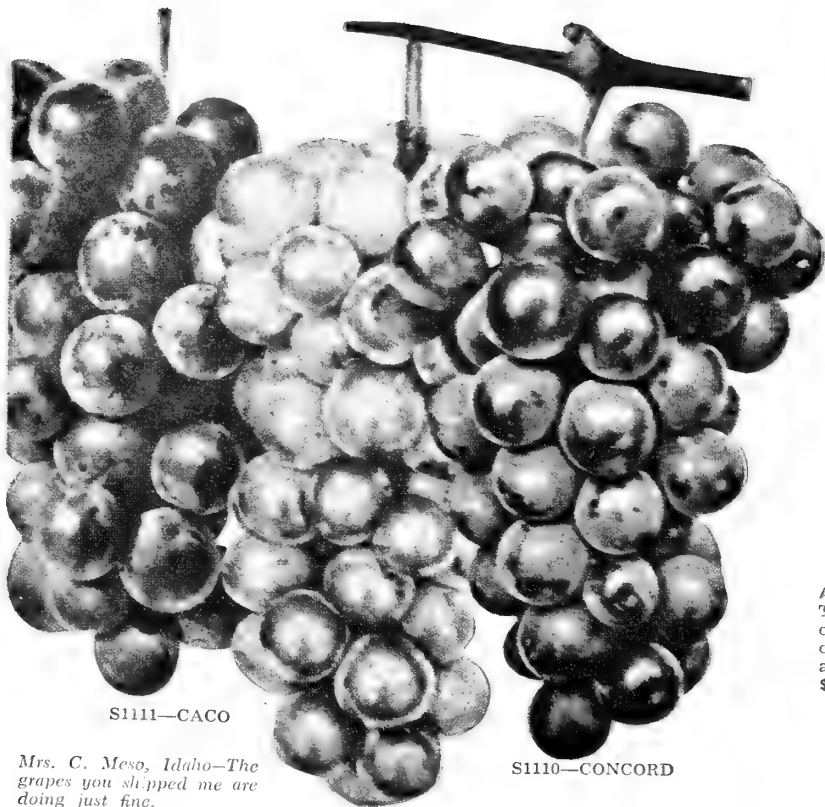

RABBIT REPELLENT

Developed by Research Scientists of U. S. Fish and Wildlife Service.

M58—Protect your dormant trees and shrubs from rodent damage by one application of Ringwood Repellent. Use it on apples, cherries, elms, maples, poplars, and many others. Will not freeze. One application lasts all winter, and snow or rain will not wash it off. It repels all rodents. 5-oz. aerosol (enough for 10-15 small trees) \$1.25 postpaid. Write for prices for bulk containers for larger orchards.

Ben J. Braun, Kans.—Your Red Arrow Spray is the best insect killer I have ever used.

S1111—CACO

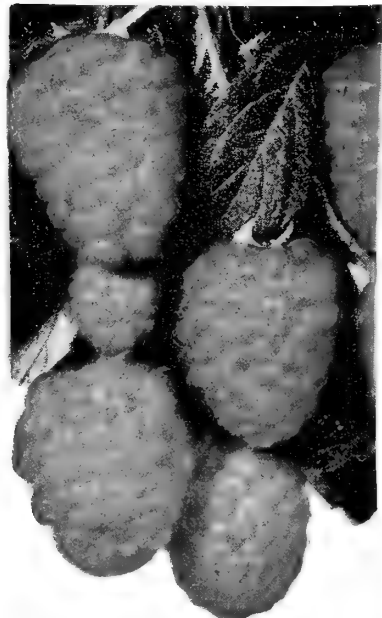

S1110—CONCORD

Mrs. C. Meso, Idaho—The grapes you shipped me are doing just fine.

S1112—NIAGARA

JUNG'S SELECT GRAPES

S1110—THE FAMOUS CONCORD GRAPE—Concord is the most popular grape. It is the one variety that is supreme for every purpose where Grapes are wanted. It grows on all soils, in all climates, is perfectly hardy and extremely productive. The bunches are large and compact, berries large, bluish black over-spread with bloom. Flavor rich and superb sweet and juicy. Fruit is produced annually in great abundance. Strong 2-yr. plants: Each 45c; 3 for \$1.20; doz. \$4.00.

SEPT. EVERBEARING RASPBERRY

Everbearing Raspberry "SEPTEMBER"

A1312—The greatest fault with other everbearing Raspberries was that the fall crop came on too late and often did not mature before hard frosts. The new variety is fully two weeks earlier and usually starts bearing the second week in Sept. and then continues until hard frosts, it is also a better yielder than the varieties now in general use. Fruits are very large in size, deep red, very firm, sweet and very well suited for eating fresh, canning or freezing. The canes are very robust and vigorous and after once becoming established will produce two crops each year. 5 for \$1.10; 10 for \$1.95; 25 for \$3.85; 100 for \$13.95.

THORNLESS RASPBERRY

Early to ripen, very hardy, thornless canes and does not spread like others. See page 48.

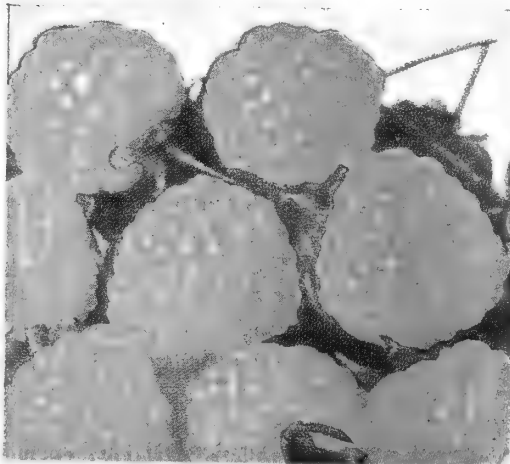

S1111—CACO—Considered as one of the best red Grapes and also very hardy. Fruit is rich, tender and juicy, rich flavored and of finest quality. Equally fine for eating fresh or to be used for jellies, juice or wine. Strong 2-yr. plants: Each 45c; 3 for \$1.25; 12 for \$4.25.

S1112—NIAGARA—Occupies the same position among white grapes as Concord does among the black. Produces fine branches of large white berries of yellowish white color. Tangy, muscatine flavor and excellent for all purposes. Strong 2-yr. plants: Each 40c; 3 for \$1.10; 12 for \$4.00.

SPECIAL OFFER

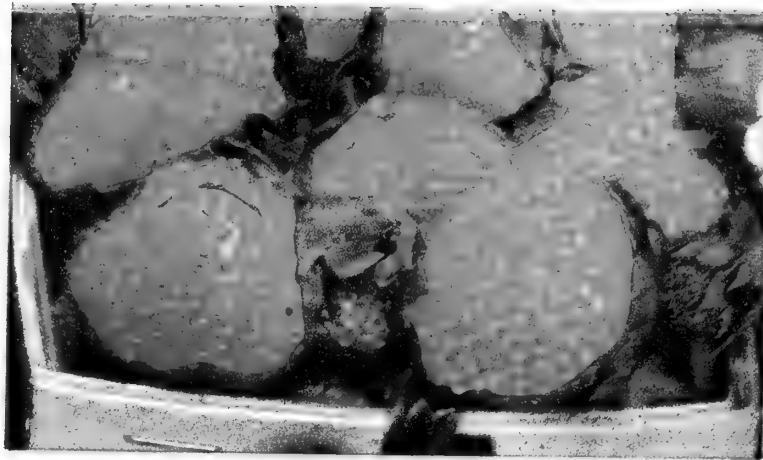

S1114X—One select plant of each of these 3 fine Grapes for \$1.20; 3 of each for \$3.25.

Wesley Kutz, Wis.—The strawberry plants received from you were the nicest and healthiest plants I have ever purchased.

Golden Amber Raspberry

A1319—A golden-yellow Raspberry which many prefer because of its sugary sweetness and unsurpassed flavor. A very attractive dessert berry, especially when served with either black or red Raspberries. The canes are hardy, vigorous growers and produce a heavy crop of the large attractive berries. Ripens about the same time as Latham. Price of select disease-free plants: 5 for \$1.25; 10 for \$2.25; 25 for \$4.50 postpaid.

A1334—SUPERFECTION EVERBEARING

Superfection Everbearing Strawberry

Heavy Yields. Superb Quality. Large Berries.

A1334—This everbearing strawberry, surpasses all for yield, quality and size of berries. The strong vigorous plants will produce a good crop of fruit this year when planted on good soil and moisture is normal, they usually start ripening in August and will continue until frost. The berries are very large, rich in color and remarkably sweet and delicious. One of the best of the everbearing strawberries. 25 for \$1.75; 50 for \$3.25; 100 for \$5.50; 500 for \$22.50.

Spring or June Bearing STRAWBERRIES

A1345—A new thorough-bred strawberry that combines vigor, hardiness,

quality and high yields, a superb variety for either the home or market. The berries are large in size, firm, very sweet and of excellent flavor. Brilliant red inside and out and unsurpassed for eating, canning, freezing or market. 25 for \$1.50; 50 for \$2.50; 100 for \$4.25; 500 for \$13.50.

New Wisconsin 2-14

Excellent Freezer. Heavy Yields. Beautiful Appearance.

A1344—A new introduction from the University of Wisconsin, very vigorous and hardy and well suited for northern areas. Makes a sturdy plant and is an abundant bearer. Berries are of good size, deep red throughout, sweet and juicy. A top quality berry for the home garden, commercial grower and especially well suited for freezing. 25 for \$1.40; 50 for \$2.40; 100 for \$4.00; 500 for \$12.25.

A1342—WONDERBEARING or DUNLAP—A strawberry which will delight growers who want fine quality and yield, especially suited for heavy soils. The plants are vigorous growers and carry the fruit well up from the ground; it is medium early in ripening. The berries are of good size, deep red with no white core and well suited for table, canning or freezing. We consider this to be one of the best main-crop varieties. 25 for \$1.10; 50 for \$1.75; 100 for \$3.25; 500 for \$10.25.

New Wisconsin Queen

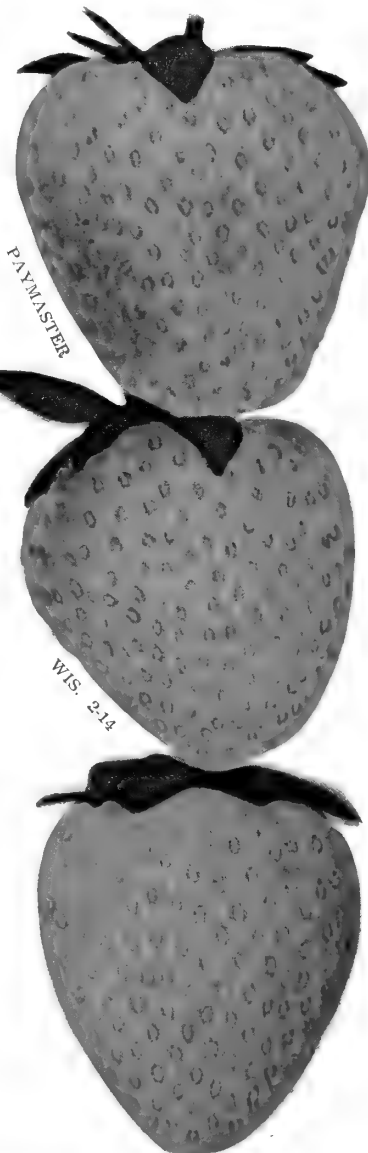

One of our very best main-crop Strawberries developed by Prof. Roberts of the Univ. of Wis. Combines quality, productiveness and hardiness. See inside front cover.

A New Bed Every Year

Prof. G. C. Klingbeil, Univ. of Wis. Extension Specialist in Fruit Production states: Gardeners should plant new plants each year, primarily because highest production occurs the first fruiting year, also the weed problem, insects and diseases are minimized. I strongly recommend new plants, from a reliable nursery be planted each year.

Jung Strawberry Plants

Our strawberry plants are being grown on new soil that has been fumigated and are propagated from virus-free stock under the rigid supervision of state inspection. This rigid spray and soil fumigation insures you plants that will grow and produce abundant crops.

WONDERBEARING or DUNLAP

Jung's Special STRAWBERRY OFFER

100 Select Strawberry Plants for \$3.95.

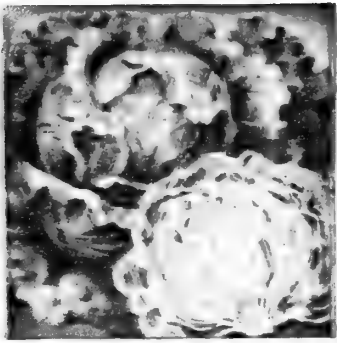

A1350X—The following excellent varieties will give you a supply of luscious strawberries over a long period of time.

25 Superfection Everbearing

25 Wis. 2-14

50 Wonderbearing or Dunlap

The above 100 plants, a \$4.90 value, for only \$3.95.

G240—LAKELAND LETTUCE

JUNG'S PREMIUM SEEDS

G213—DWARF or BUSH CUCUMBER

The Flowers and Vegetables listed below are new and very superior varieties of more than ordinary merit. We are sure you will be delighted to have them in your garden. They are being offered by us for the first time. You may purchase same at the prices quoted but they are also offered as **FREE GIFTS** to Jung customers with orders they send in.

If your order amounts to \$1.00 or more you may select one pkt. of these seeds listed below for each \$1.00 worth ordered but not more than 5 pkts. to any customer.

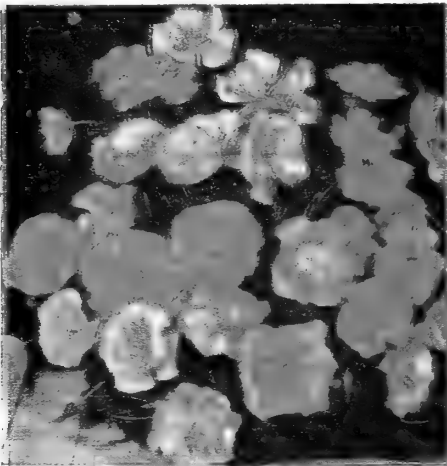

NOTE—Premiums selected must be noted when order is sent, you will find space for this on back side of order sheet.

New Lakeland Head Lettuce

G240—A new head lettuce from the U. S. Dept. of Agriculture at Beltsville, Md. It is suited especially for our northern states where it is sometimes difficult to get lettuce to head during the summer, it is very slow to bolt and remains in good condition for a long time. Heads are of medium size, crisp and of excellent quality. Sow it early on good rich soil and as soon as well started thin out to stand 6 to 8 in. apart in the rows. Pkt. 15c; 1/2 oz. 50c; oz. 95c.

Dwarf or Bush Cucumber

G213—A new cucumber especially suited for the small garden as the vines are short, only about half as long as standard varieties. Although the vines are short they bear an abundant crop of fruits 4 to 5 in. long and when young may be used for slicing, salads or pickling. First fruits mature very early and if kept picked continue bearing for a long time. Seed very scarce. Pkt. 15c; 1/2 oz. 35c.

F673—MISSION BELLS CALIFORNIA POPPY

"Mission Bells" California Poppy

F673—An outstanding development in this popular annual. The large flowers, double and semi-double, are borne in profusion and a wide range of colors. Makes a dwarf, compact plant and well suited for beds or borders. Many of the flowers are crinkled and waved and fine for cutting if picked when in bud. Pkt. 15c; 2 pkts. 25c; 1/2 oz. 60c.

Red Prince Radish

G377—(22 Day)—A superb new Scarlet Globe radish developed by Dr. Pound of the Univ. of Wis. For uniformity, appearance, quality and resistance to Fusarium wilt it gets top rating. Roots round or globe shaped, skin scarlet-red, crisp and white. Pkt. 15c; oz. 50c.

New Dwarf

Everlasting Flowers

F581—An improved strain of Helichrysum in that it is dwarf in growth, rarely over 12 to 15 in. tall and for this reason makes a showy bed or can also be used for a border. Blooms very profusely and will make a fine show of color from early summer until frost. Blooms are of good size, come in a wide range of color and are excellent for winter bouquets if picked when the flowers are half open. Pkt. 15c; 2 pkts. 25c; 1/2 oz. 45c.

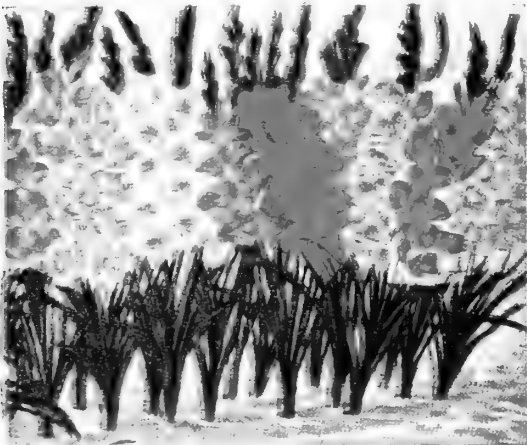

—DWARF EVERLASTING FLOWERS

Jung's New Giant Prize Gladioli

New and Improved Colors. Larger Flowers. Taller Spikes. Outstanding for Size and Beauty.

Gladioli are one of our favorites and we grow many acres of them on our farms every year, as new varieties come out we discard older varieties and replace them with the new and improved kinds. The ones we offer this year are even better than what you have received in the past and from these bulbs you can grow stalks 5 ft. tall with flowers 6 in. across and as many as 6 to 8 flowers open at a time. Many of the spikes will have 20 or more bulbs. Our fields of these are a grand sight when in full bloom. People come from many miles away to enjoy their beauty. You will be amazed at the size and beauty of the flowers which you can grow from these bulbs. They are offered as premiums to you as stated below.

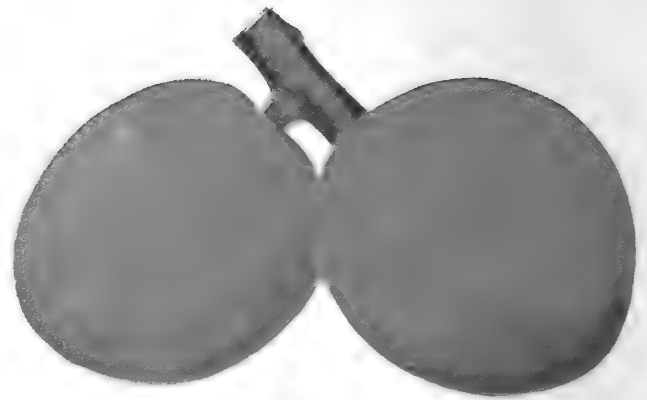

If your order amounts to \$5.00 you may have 3 bulbs, if it amounts to \$8.00 or more you may have 6 bulbs and if it amounts to over \$10.00 you may have 12 bulbs. Not more than 12 bulbs to a customer. This premium offer applies only to the gladioli offered above and not to those offered elsewhere in this catalog.

JUNG'S GIANT PRIZE GLADIOLI

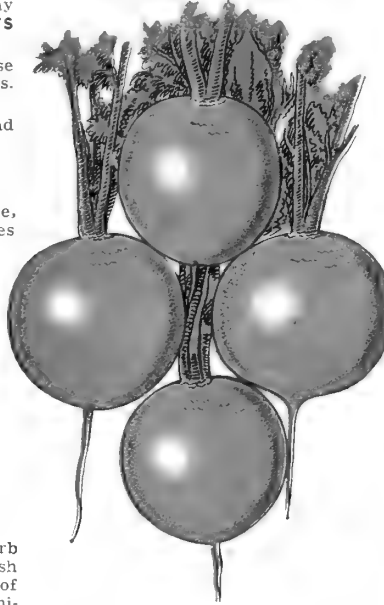

PLEASE NOTE

As it takes many thousands of bulbs for these premiums they are grown especially for this purpose and put up in advance. Named varieties offered elsewhere in this catalog cannot be selected as premiums; please do not request such on your order.

T1391—CHINESE EARLY GOLDEN APRICOT

Please Order Early

G377—RED PRINCE RADISH

Beautiful Lawns

To have a beautiful lawn sow the best Lawn Grass which is the cheapest when results are what counts. For quality our Lawn Grass is unequalled. See page 19.

New Hardy Apricot CHINESE EARLY GOLDEN

T1391—One of the best hardy apricots that will give you a good yield of high quality fruit. Fruit is of good size, orange-gold in color with a bright carmine blush and of excellent quality for eating and canning. Makes a very attractive tree as the foliage is a deep glossy green and the large, light pink blossoms make a grand show in the spring. 3 to 4 ft. trees: Each \$1.75; 3 for \$4.85.

T1394—MARQUETTE PEACH

New Super-Hardy Peach "MARQUETTE"

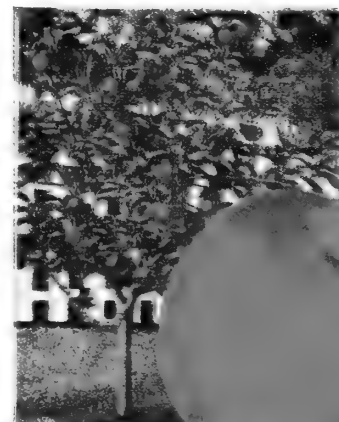

T1394—This fine hardy peach originated near Marquette, Mich., and has been grown successfully as far as east-central Wisconsin. Trees are rapid growers and often bear the year after being planted. Fruit is medium sized, flesh is a rich yellow and of very good quality; skin is deep yellow with a red cheek. It is a freestone peach and an exceptional bearer. 3 to 4 ft. trees: Each \$1.45; 3 for \$3.95.

Growing Fine Vegetables and Flowers

Not only do we wish to sell you the very best seeds but we also want you to grow the superb flowers and vegetables these seeds are capable of producing. To assist you in this we have prepared a booklet "How to Grow the Finest Vegetables and Most Beautiful Flowers" giving detailed information on planting and growing flowers and vegetables. The price of this is 25c but a copy will be sent **FREE** if requested, with every order of \$1.00 or more.

New Semi Dwarf Apple "DELCON"

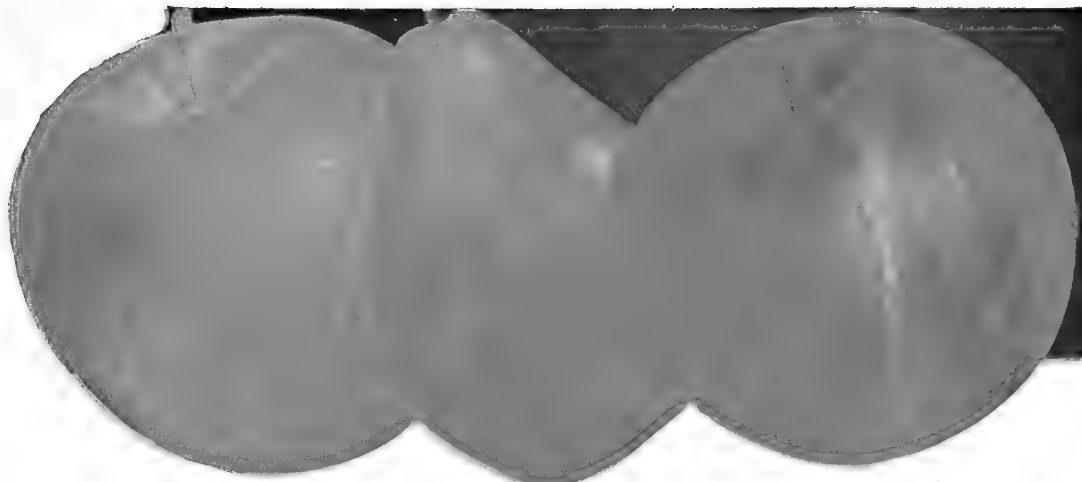

Grows only 10 to 12 ft. Tall. Commence to Bear Early. Attractive in Appearance. Deep Red Color. Superb Quality.

T1364—DELCON APPLE

T1364—Delcon is a new development in dwarf apples and is produced from a single graft so is not as expensive as other dwarf varieties. It is a small tree with drooping branches so is easy to pick, yet the fruit is of large size, deep red, and combines the flavor of

its parents. Jonathan and Delicious. Flesh is pure white, fine grained, sweet and juicy. A heavy yielder and usually starts bearing a year or two after being set out. Select 3 to 4 ft. trees: Each \$1.80; 3 for \$5.00 post-paid.

T1362—HARALSON APPLE

T1384—PARKER PEAR

T1360—BEACON

Jung's Select Fruit Trees

HARDY APPLES

T1360—BEACON SUMMER APPLE—An excellent hardy early apple, ripens as early as Duchess and a good keeper. Apples are of good size, bright red in color and of excellent quality for eating, sauce and pies. Trees often bear 2nd year after setting out.

T1362—HARALSON—One of the best hardy winter apples for the north. Trees commence to bear within a few years after planting. Fruit large in size, bright red, very good quality and excellent winter keeper.

T1363—McINTOSH—One of the most popular and widely grown winter apples. Fruit is deep red, good size; flesh snowwhite and of very high quality.

T1361—WEALTHY—The most popular and widely grown late summer and fall apple. Fruit is large, red striped, with tender, juicy, pure white flesh of exceptionally fine quality. A rapid grower, very hardy and commences to bear early.

PRICE OF ABOVE APPLES

3 to 4 ft. branched trees:
3 for \$3.50; 1 for \$1.25.

HARDY PEARS

T1385—BARTLETT—The most popular and leading pear for commercial use and one of the most desirable for dessert and canning. Large golden yellow fruit with a red blush and unsurpassed for quality. Suited for southern Wis. and similar latitudes. 3-4 ft. trees: Each \$1.60; 3 for \$4.50.

T1384—PARKER—An excellent hardy pear developed by the Minn. State Fruit Farm, especially suited for the southern half of Wis., Minn. and similar areas. Fruit is medium to large size, attractive in appearance and ripens in Sept. Flesh is fine grained, tender, sweet and juicy. 3 to 4 ft. trees: Each \$1.60; 3 for \$4.50.

NOTE—Pears do not pollinate too well unless two varieties are planted to insure cross pollination.

New Connell Red Apple

T1355—An improved Fireside being more hardy, having better red color and the fruits do not drop as soon. Connell grows a well shaped tree, comes into bearing when young and ripens about the same time as Delicious, very hardy, having withstood 40 degrees below zero. The attractive rich red apples are of large size, flesh is pure white and of excellent quality for eating, dessert, sauce or pies. Retains its delightful flavor and does not become mealy. Select 3-4 ft. trees: Each \$2.00; 3 for \$5.25; 6 for \$9.25 postpaid.

NEW DWARF CHERRY NORTH STAR

T1074—A new hardy Cherry of high quality developed at the Minn. Fruit Breeding Farm. Grows a dwarf vigorous tree, 6 to 8 ft. tall, with an upright, moderately spreading habit. Foliage is dense and luxuriant and is resistant to leaf spot. The cherries are large to extra large, and an attractive light red color; skin thin and tender, of superb quality and equally good for eating raw, canning or pies. Strong sturdy 3-4 ft. trees: Each \$1.80; 3 for \$5.25 postpaid.

HARDY PLUMS

T1388—PIPESTONE—A new "Jumbo" plum from the Minn. Fruit Breeding Farm. The fruit is immense, probably the largest now grown. Very attractive color being red with a golden blush. Flesh golden-yellow, sweet, juicy and of excellent quality. Very hardy, ripens early and a heavy yielder. Select 3 to 4 ft. trees: Each \$1.50; 3 for \$4.25

T1387—TOKA—A large fruited, richly flavored plum. Fruits a beautiful apricot color, very good quality and free stone. One of the best pollinizers for other plums. 3-4 ft. trees: Each \$1.45; 3 for \$4.10.

NOTE—When planting plums it is advisable to plant a pollinator variety to insure a good set of fruit. Toka is one of the best for this purpose.

T1370—DWARF CORTLAND APPLE

DWARF APPLES

Take Little Space. Grow only 12 to 15 ft. Tall.
Often Bear 2nd Year after Planting
Easy to Pick.

Now you can grow delicious apples in your own back yard by planting these dwarf varieties. Fruit is fully as large and equal in quality to any standard varieties. Trees grow short and stocky, rarely over 10 ft. tall and often start bearing the 2nd year after planting. They are easy to prune and spray and most of the fruit can be picked without a ladder. We can supply the following varieties:

T1370—CORTLAND—One of the best fall and winter apples. Large red fruit of excellent quality.

T1371—RED DELICIOUS—One of the most popular and widely used varieties. Medium sized fruit, deep red color and of top quality.

T1372—YELLOW DELICIOUS—We consider this a superb yellow fall and winter apple. Handsome large fruit of deep golden yellow. A fine apple for eating, baking or cooking.

PRICE OF DWARF APPLES: 3 to 4 ft. size. Each \$2.75; 3 for \$7.50; 6 for \$13.50.

—DWARF CLAPP'S FAVORITE PEAR

DWARF PEARS

These are true dwarf trees rarely growing over 8 to 10 ft. tall and are ideal for the small garden. They usually start bearing the year after setting out and in a few years time bear over 1 bu. per tree. It is advisable to plant two varieties so they can cross pollinate.

T1380—CLAPP'S FAVORITE—A fine large pear of high quality.

T1381—DUCHESS—Widely grown fall pear that combines size, quality and handsome appearance.

3 to 4 ft. trees: Each \$2.50; 2 for \$4.25; 6 for \$11.75 postpaid.

New Wisconsin Apple
"CONNELL RED"

Sturdy 3 to 4 ft. trees
\$4.00 or \$5.25; Each \$2.00

Frank E. Kosir, Minn.—I am well pleased with the trees, shrubs and flowers ordered from you.

T1074—NORTH STAR

T1388—PIPESTONE PLUM

Louis J. Simon, Ore.—We are well satisfied with the nursery stock you sent us. Everything lived and grew so well.

Jung's Fruit Tree Collection

T1390X—One select 3 to 4 ft. tree of each of the following for \$5.25.

- 1 Beacon Apple
- 1 Wealthy Apple
- 1 Parker Pear
- 1 North Star Cherry

These are sturdy, vigorous trees that will bear a few years after planting and will provide you with fruit for many years.

DuPont FRUIT TREE SPRAY

M27—The Ideal spray for the small grower as it is not necessary to have several different sprays. Especially suitable for fruit trees, currants, berries, etc. Now, by following the simple spray schedule on the package you can protect your fruit crop with one spray. 1 lb. can \$1.35; 3 lb. bag \$2.95 postpaid.

Brownell Sub-Zero Tea Roses

A new strain of hardy and vigorous growing Hybrid Roses which with a little protection survive our winters here in the north. The strong, vigorous bushes bear an abundance of large, gorgeous, fragrant blooms from early summer until frost. It is advisable to bank the plants with soil for winter protection.

S1206—CURLY PINK—(Cut No. 1)—Large two-tone salmon-pink flowers, very double with as many as 50 curly petals to a flower. Each stem will have from 1 to 3 blooms.

S1207—LILY PONS—(Cut No. 4)—Large graceful flowers of rare charm and beauty, pure white with yellow center. Vigorous grower and profuse bloomer.

S1209—QUEEN O'LAKES—(Cut No. 5)—Huge long buds open to large, very double deep red, perfectly formed blooms. The "Queen" of all double reds.

S1208—TIP TOES—(Cut No. 2)—Vigorous grower and profuse bloomer. Large flowers of orange-salmon shading to yellow at base. A rose you will like.

S1212—V for VICTORY—(Cut No. 3)—A superb yellow, its large, fragrant blooms hold their color for a long time.

PRICE OF ABOVE ROSES—Select 2-yr. field-grown plants: Each \$1.85; 3 for \$5.25.

ROSE OFFER NO. 3

One select 2-yr. plant of each of the above five Sub Zero Roses for \$8.35.

Everblooming Grandiflora & Floribunda Roses

S1223—CARROUSEL—Grandiflora with deep red, double flowers. Blooms continuously regardless of weather. Mildew resistant. (Plant Pat. 1056): Each \$2.00; 3 for \$5.25.

S1221—CIRCUS—Vigorous bushy compact plants. Perfectly formed yellow buds change to orange, pink and scarlet, depending on weather. Very fragrant. AARS '56. (Plant Pat. 1382): Each \$2.50; 3 for \$6.60.

S1224—FASHION—Rich lively coral peach with large 25 petal flowers. Vigorous grower, 2 to 2½ ft. tall. AARS '50. (Plant Pat. 789): Each \$2.00.

S1222—QUEEN ELIZABETH—Pure pink blooms, has quantity of bloom of a Floribunda with size of Hybrid Tea. Glossy deep green foliage. AARS '55. (Plant Pat. 1259): Each \$2.50; 3 for \$6.60.

S1225—STERLING SILVER—(Plant Pat. 1433)—Large silver-lavender flowers, 4 to 5 in. across. Vigorous plant, profuse bloomer. Very fragrant. Each \$3.00.

Hardy Everblooming Climber "Pink Dawn"

S1184—One of the hardest pink everblooming climbing roses. Blooms heavily in June and then blooms intermittently all season. The Hybrid-Tea-like flowers are a beautiful apple-blossom pink and very fragrant. Select No. 1 plants: Each \$1.35; 3 for \$3.75.

GULLIVER'S GLOW

New Hardy Rambler Rose "GULLIVER'S GLOW"

Brilliant in Color. Profuse Bloomer.
Vigorous Grower. Hardest of All
Climbing Roses.

S1185—A new and very desirable climbing rose so hardy that in most parts of the U. S. requires little or no winter protection. A very vigorous grower, often blooms the same year it is set out and remains in flower up to 3 weeks. Canes produce a mass of flowers in clusters up to 6 in. in diameter. This rose will delight you with its abundance of dazzling red blooms. Select field-grown plants: Each \$1.85; 3 for \$4.95.

Mrs. Hickman, Colo.—Planted one of your Gulliver's Glow Roses. To my surprise it bloomed all summer and up to November.

S1193—EUTIN

Dwarf Everblooming Floribunda Roses

The Glorious "BABY BLAZE"

A Rose of Striking Beauty. Blooms from Early Summer Until Fall.

S1216—A dwarf or bush rose having the same flowers as the popular Blaze climber. Bushes grow 18 to 24 in. tall and are profuse bloomers. The vivid red flowers are borne in clusters of 3 to 4 and are about the same size and color as the popular Blaze climber. Select 2-yr. plants: Each \$2.00; 3 for \$5.25.

S1189—GOLD CUP—1958 AARS Winner. Golden yellow blooms hold their color throughout life of the flower. Lovely fragrance. Glossy foliage. Each \$2.50; 3 for \$6.60.

S1187—SPARTAN—Clusters of burnt orange buds open slowly to a huge high-centered hybrid tea-shaped bloom of bright orange red. Fragrant. Strong vigorous plant blooms long and abundantly. (Plant Pat. 1357): Each \$2.75; 3 for \$7.20.

Harry J. Tewes, Wis.—The rose bushes you sent me arrived in excellent condition.

These superb dwarf bush roses produce their exquisite blooms in clusters and are a mass of flowers from early summer until fall. Being of dwarf growth they can be used for beds, borders, among evergreens or as a hedge.

S1191—DAGMAR SPATH—Pure white double flowers produced in great abundance on vigorous bushes.

S1193—EUTIN—Great clusters (often 25 or more flowers) are produced all summer, very double and glistening deep red. A healthy, hardy, vigorous, free-blooming rose. Foliage dark green and glossy.

S1190—PINOCCHIO—Profuse bloomer all season. Flowers double, pink suffused with salmon. Good strong grower.

PRICE OF ABOVE ROSES—Select 2-yr. field-grown plants: \$1.25; 3 for \$3.60; 12 for \$12.50.

ROSE OFFER NO. 2

S1195X—One select 2-yr. plant of each of the above 3 Floribunda Roses for \$3.35; 3 of each (9 in all) for \$9.50.

BABY BLAZE

BLAZE

CLIMBER

"BLAZE"

The Famous Climbing Rose

S1182—Probably the most popular and widely grown climbing rose. Clusters of 3 to 5 blazing scarlet flowers come out in June and intermittently all summer. The size of flowers, brilliant red color and profusion of blooms makes this one of the most gorgeous climbing roses. Plant in good rich soil as the more it grows the more it blooms. Select 2-yr. plants: Each \$1.35; 3 for \$3.75.

Top—FRAU K. DRUSCHKI
Bottom—CHRYSLER IMPERIAL

Top-Rated Hybrid Tea Roses

These fine roses were selected after testing in our own trial gardens. The American Rose Society, acknowledged to be the foremost rosarians in the country, has selected these roses as some of the best among hundreds tested throughout the country. They are well worth the small extra cost.

S1217—CHRYSLER IMPERIAL—Vivid crimson red with long tapering buds and large double blooms. Very fragrant. All-America winner of '53. (Plant Pat. 1767): Each \$2.50; 3 for \$6.60.

S1213—FRAU K. DRUSCHKI—This magnificent white rose is one of the best for hardiness and profuse blooming. Immense long buds open into flowers unsurpassed for size and rare beauty. Each \$1.25; 3 for \$3.60.

S1219—HELEN TRAUBEL—Delicate blending of sparkling pink to warm apricot. Large perfectly shaped blooms. Vigorous upright bushes. AARS '52. (Plant Pat. 1082): Each \$2.50; 3 for \$6.60.

ROSE OFFER No. 4

CHRYSLER IMPERIAL
FRAU K. DRUSCHKI
HELEN TRAUBEL
PEACE

In addition to the above you may also have four packets of seeds and 6 Giant Prize Gladiol bulbs as listed on page 2-A.

Mrs. Francis Henke, Wis.—The 12 roses purchased last spring bloomed beautifully. Every plant blossomed.

Everblooming Hybrid Tea Roses

Special Rose Offer No. 1

S1210X—One select No. 1 plant of each of the five Hybrid Tea Roses listed below for \$5.25.

CRIMSON GLORY

Profuse Bloomer, Vigorous Grower. In Blossom all Summer

S1205—This grand everblooming rose is now offered at reasonable prices and is one of the best deep "reds." The beautifully formed blooms of deep vivid crimson are held proudly erect on strong vigorous plants. Blooms freely from early summer until heavy frosts. One of the most fragrant of all roses.

S1200—THE DOCTOR —D—A very popular rose, large silvery pink blooms of superb beauty. The long pointed buds expand to mam-

moth flowers which are very fragrant.

S1204—ECLIPSE—(Cut C)—A top rated yellow rose. The long golden-yellow buds open up into superb double flowers and are borne on long stems. The vigorous bushes bloom from June until frost. A rose you will like.

S1201—K. A. VICTORIA—A—One of the best and also most profuse flowering white tea roses. The exquisite blooms are soft pearly white, very double, delightfully fragrant and beautifully formed.

S1202—PRES. HOOVER —B—One of the better two-toned roses being a fine combination of rich red and orange. Beautiful formed blooms are freely produced on vigorous upright bushes.

PRICE OF ABOVE ROSES

Select 2-yr. field-grown plants: Each \$1.25; 3 for \$3.60; 6 for \$6.90.

Mrs. Mary Neuman, Minn.—Received my four rose bushes and are they ever nice, the finest I have ever planted.

Louis Osland, Minn.—The Peace Rose from you bloomed beautifully until fall.

S1196—PRAIRIE FIRE

S1205—CRIMSON GLORY

New Hardy Rose "PRAIRIE FIRE"

Bright and Showy. Unusually Hardy. Vigorous Grower. Blooms from June until Fall.

S1196—A new unusually hardy Floribunda originated by the Univ. of Minn. The flowers are bright red, semi-double, 2½ to 3 in. and highly fragrant. Flowers are borne in clusters, often 25 or more individual flowers on a single cane. Growth habit is upright, very vigorous, normal height 4 to 5 ft. but may be kept lower by pruning. Ideal for a hedge or background for other roses. Select 2-yr. No. 1 plants: Each \$2.50; 3 for \$6.60; 6 for \$12.25.

"PEACE"

America's Most Popular Rose

Vigorous Grower. Profuse Bloomer. Blooms All Summer.

S1215—(Plant Pat. No. 591)—One of the most beautiful and probably the most popular of all Roses. Grows a strong vigorous bush and produces the exquisite blooms throughout the season. Blooms are of large size, very double, they open up a glowing yellow and turn to creamy white and each petal is edged with a light pink. The size and beauty of the flowers and the profusion in which they are produced will give you unbounded satisfaction. Select No. 1 field-grown bushes: Each \$2.50; 3 for \$6.50.

Peaceful

S1220—Has all the good qualities of the famous "Peace" but is of a rich, deep pink color. Grows a very husky bush and the enormous blooms are borne on long stems, very fragrant. (Plant Pat. 1599). Select No. 1 plants: Each \$2.50; 3 for \$6.60.

Improved Rose & Floral Dust

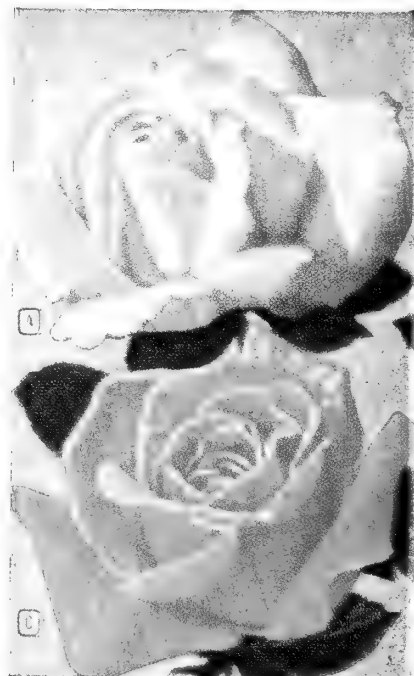

M25—A powerful combination of the 5 newest and best chemicals for all-around control of most insects and diseases affecting roses, delphiniums, hardy phlox and other flowers. Use as a dust or spray. Full instructions on every container. 8 oz. (filled) Squeeze Duster \$1.29; 1 lb. \$1.50; 3 lbs. \$3.75 postpaid.

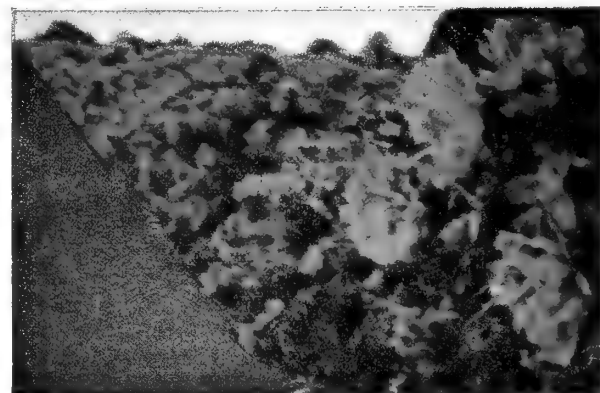

S1215—PEACE

Peace Climbing Rose

S1214—Has all the fine qualities of "Peace" such as vigor, beauty and profusion of flowers. Blooms from early summer until fall. Select No. 1 plants: Each \$2.25; 3 for \$6.00.

Mrs. Gordon Tritz, Iowa—My hedge of Grootendorst Roses did well and bloomed the entire summer. It was beautiful.

GROOTENDORST SUPREME

Everblooming Hedge Rose Grootendorst Supreme

S1178—A cross between Rugosa and Baby Rambler that blossoms profusely from early summer until fall. It forms a stocky bush, 2 to 3 ft. tall on which the blossoms are borne in clusters resembling bouquets of red carnations. Flowers are bright red. The finest rose for a hedge or massing with other shrubs as it is both hardy and everblooming. Select plants: Each \$1.25; 3 for \$3.50; 12 for \$12.25.

Six Grand SUPER "GLADS"

The Gladioli listed below are "super" in every way and are something special. Plant some of these bulbs and you will grow glads that will amaze you with their size and beauty.

B1519—PAUL BUNYAN—Truly named as it is a giant for size and beauty. Flowers are a rich salmon-pink with deep rose throat, heavily ruffled and often 6 to 7 in. across. As many as 8 to 10 flowers are open at one time and grows to a height of 5 ft. A sure winner at all glad shows.

B1521—PINK CHIFFON—Large flowers well placed on strong tall spikes. Flowers are a delicate apple-blossom pink. A glad that has grace, beauty and charm.

B1523—PURPLE BURMA—Extra large, heavily ruffled, deep rich purple flowers are borne on strong sturdy spikes. Superb in every way.

B1583—ROYAL MONARCH—A true monarch for size and beauty. Deep red flowers of giant size on plants 5 ft. tall and as many as 24 buds on a spike. A truly giant red.

B1557—SALMAN'S SENSATION—The outstanding deep blue and the leader in this color class. The largest and tallest of all the blues, many 5½ ft. stalks in our fields the past season.

B1522—VIOLET CHARM—A spike of these is a sight to behold. A pleasing shade of lavender-pink with deep red throat. 7 to 8 large ruffled flowers are well placed on tall spikes.

PRICE OF ABOVE GLADIOLI: Each 30c; 3 for 75c; 12 for \$2.75.

GLADIOLI COLLECTION NO. 10

One select bulb of each of the above 6 Gladioli for \$1.40; 3 of each for \$3.75.

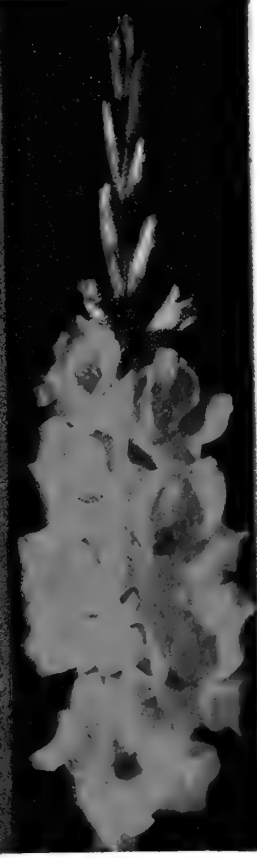

B1522—VIOLET CHARM

SAL. SENSATION

PAUL BUNYAN

ROYAL MONARCH

Giant Exhibition Gladioli

Here are some of the newest Gladioli originations that will thrill and delight you with their exotic beauty and charm.

B1546—BEAUTY'S BLUSH—Delicate blush pink flowers of large size and exquisite beauty. Tall willowy stems with 18 to 20 buds.

B1527—BURMA—Deep rich rosy red with wide open heavily ruffled flowers. A prize winner wherever shown.

B1529—ELIZABETH THE QUEEN—"The Jewel among Glads"—Beautiful clear lavender pink with darker markings in the throat. The large flowers are heavily ruffled and borne on stiff straight spikes.

B1532—FIRMAMENT—One of the best sky-blue gladioli. Large flowers freely produced on long straight spikes.

B1536—GOLDRUFF—Huge ruffled flowers, rich yellow with light red throat. The husky stalks grow 4 to 5 ft. tall.

B.1533—LAVENDER PRINCE—A vigorous tall grower. Flowers well ruffled, of large size and a deep rich lavender color.

Superb New Glad "Blue Goddess"

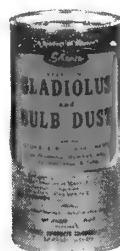

B1526—A superb medium-blue that has size, beauty and vigor. Well grown stalks reach a height of 5 ft. and spikes have 18 to 20 buds and flowers. The outstanding blue "glad." Each 35c; 3 for \$1.00.

Jung's Colossal Gladioli

B1566—These are mammoth sized bulbs, 2½ in. and over, and are of really superb varieties. They are for those people who want something extra special and out of the ordinary. These bulbs will grow spikes 4 to 6 ft. tall and the flowers will be truly giant in size, many of the bulbs will grow 2 and sometimes 3 spikes of flowers. These husky bulbs will produce very vigorous plants that usually bloom quite a bit sooner than smaller bulbs. Only the choicest varieties are used in this assortment and whether you order 6 or a dozen bulbs no two will be alike. 6 for 75c; 12 for \$1.40; 25 for \$2.75.

Mrs. Jos. Swartz, N. Dak.—The gladioli bulbs from you produced the most beautiful flowers I had ever grown. Cars would stop to admire them.

Mrs. Wm. Gilles, Wis.—The gladioli you sent me were wonderful. Flowers were marvelous for beauty and size.

SPERGON Gladioli and Bulb Dust

M67—A combination fungicide and insecticide for bulbs such as gladioli, iris, lilies, etc. Can be used on bulbs in storage but especially suited for gladioli to be applied before planting to rid your bulbs of thrips and disease. 2 oz. pkt. (treats 50 bulbs) 50c; 1 lb. can (treats 400 bulbs) \$2.75.

B1549—RUFFLED DREAM—Clear live pink with a creamy throat. A fine lustrous color, heavily ruffled and tall vigorous grower.

B1517—SANS SOUCI—A new true scarlet which now ranks as one of the best florist reds. Large well placed flowers are borne on unusually stiff tall spikes.

B1534—SHERWOOD—Lustrously ruffled deep purple and rates as one of the best in this color. Tall straight spikes with 5 to 6 flowers open.

B1535—SPIC & SPAN—Another top-rated "glad." Large, ruffled flowers of an unusual deep pink. Tall straight spikes with many open.

B1518—TRADITION—Large flowers of clear violet blue, a shade so much desired in gladioli. Good spikes with 5 to 6 of the showy flowers open at one time.

B1577—WHITE GODDESS—The outstanding white, a truly exotic beauty. The lovely ruffled white florets are produced on heavy straight spikes, often 6 to 7 open at one time. Will grow 5 to 6 ft. tall with flower heads often 2 ft. long.

Price of above: 3 for 50c; 12 for \$1.65.

GLADIOLI COLLECTION NO. 2

B1540X—One large select bulb of each of the above 12 Giant Exhibition Gladioli for \$1.65; 5 of each for \$7.85.

In this mixture you get a grand assortment at a very reasonable price. 6 for 35c; 12 for 60c; 50 for \$2.00.

ACIDANTHERA

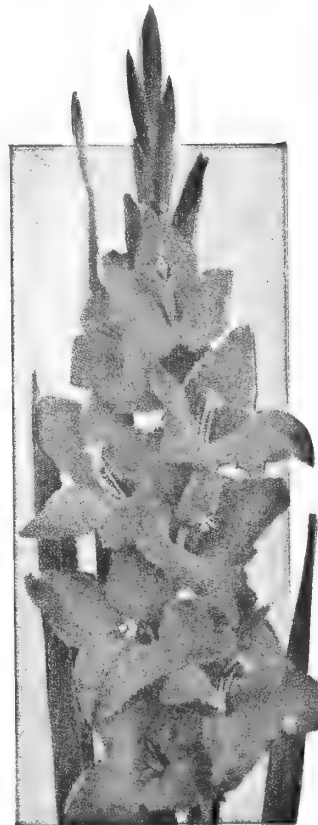

"The Fragrant Gladioli"

B850 — A new summer flowering bulb of unusual and distinct beauty; showy in the garden and fine for cutting. Six or more of the graceful flowers are produced on graceful arching stems 2 ft. long, remain in flower for several weeks. Easy to grow and sure to bloom, handle the same as you would gladioli. Large Select bulbs: 3 for 30c; 6 for 50c; 12 for 85c.

Geo. Martin, Sr., Vt. — Thought I might report on your gladioli bulbs. They were the finest I have ever planted. Had some 6 ft. tall with 20 flowers on a spike. They were the talk of our town.

B850 — ACIDANTHERA

Blue & Purple Gladioli

B1564 — There is always a great demand for gladioli in blue and purple shades. To meet this demand we grew a nice lot of these colors the past year and are able to supply a very fine selection of these popular colors. Select bulbs: 6 for 65c; doz. \$1.10. Order early as our supply is limited.

Jung's Top Notch Gladioli

The Gladioli listed below are the newer and highly improved varieties, only a few years ago many of these were priced at \$1.00 or more per bulb. You will be amazed by the size, beauty and colors of these grand varieties.

B1578—BENJ. BRITTEN—A grand deep toned lavender. Flowers 5 to 6 in. across produced on 4 to 5 ft. stalks. An early and profuse bloomer.

B1581—BOISE BELLE—Heavily ruffled salmon-pink and yellow combination. A great prize-winner, having won many championship awards.

B1528—CERISE BEAUTY—Bright Cerise-red, a new color and a rare beauty. Large blossoms borne on tall husky spikes.

B1579—COLUMBIA—Large blooms of clear creamy white heavily edged with rose. A vigorous grower. Tall straight spikes.

B1580—COVER GIRL—A giant flowered salmon-pink, opens 8 to 10 flowers on 5 ft. spikes. You will like this superb "glad."

B1576—COPPER LUSTER—Huge blooms of rich dusky rose shading to copper and blending to a dark tan center. Heavily ruffled flowers, well placed, vigorous grower.

B1575—GOLD—One of the outstanding "glads." Clear rich deep golden yellow. Large well ruffled flowers, well placed on strong spikes. With good care will grow 4 to 5 ft. tall.

B1584—HARRISBURGER—An outstanding red for size and beauty, the champion of the reds. Giant flowers, 5 to 6 in. across are borne on stalks 4 to 5 ft. tall. A "red" you will like.

B1582—KING DAVID—Probably the best deep purple. Flowers heavily ruffled and fluted with a satin-like sheen. Vigorous grower with 18 to 24 buds on a spike.

B1508—MOTHER FISHER—The most nearly perfect white as it combines beauty, size and vigor. Tall spikes, large ruffled flowers of glistening white.

"SENSATION"

The Super Giant Glad

B1571—Mammoth sized flowers of bright soft rose, 6 to 9 of the massive heavily ruffled flowers on a spike. Often grows 5 to 6 ft. tall, truly a wonderful "glad" and a real giant. Each 25c; 3 for 60c; 12 for \$2.00.

MARGARET BEATON The Popular Favorite

B1551—One of our most popular "glads" and one of our best sellers. Heavily ruffled snow white with small scarlet blotch in throat. Grows tall and straight with many flowers open at one time. Each 15c; 3 for 40c; 12 for \$1.35.

DWARF OR CREEPING PHLOX

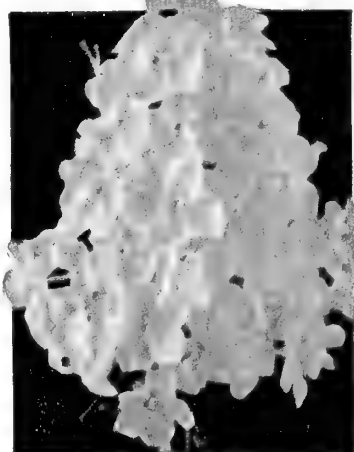

Dwarf or Creeping Phlox

The ideal plant for low beds, borders or edgings. Rarely grows over 4 in. tall and moss-like foliage stays green all winter. Early in the spring plants are a solid mass of color. Suitable for full sun or partial shade.

P1770—Blue **P1772—Rose or Pink**
P1773—Snow White **P1774—Wine red**
1 of each color for \$1.35; separate colors, 5 for \$1.50; 10 for \$2.75; 25 for \$5.75.

NOTE—No orders for less than 5 of any one color will be labeled as to color.

A. Haefner, Ohio — The Sir John Falstaff Phlox is a beauty, have had lots of compliments on it.

P1755—SIR JOHN FALSTAFF

HARRISBURGER

MOTHER FISHER

COVER GIRL

PRICE OF ABOVE GLADIOLI:

Each 25c; 3 for 65c; 12 for \$2.25;
100 for \$12.50.

GLADIOLI COLLECTION NO. 12

B1590X—One select bulb of each of these 10 Top Notch Gladioli for \$1.98; 5 of each for \$9.50.

Jung's HARDY PHLOX

These may be classed as one of our best summer flowering perennials. They are very hardy, easy to grow and suitable for a wide variety of soils. All of our plants are strong field-grown and not small rooted cuttings.

P1756—AMERICAN BEAUTY—A profuse bloomer with large flowers of deep rich rose, like the famous American Beauty rose. See Cut U.

P1757—CECIL HANBURY—Large trusses of deep, but brilliant, salmon-pink with carmine eye. An outstanding phlox for beauty and color.

P1764 — MARY LOUISE—Pure white, flower heads unusually large, individual flowers twice the size of most other whites. A good grower with clean foliage, profuse bloomer. See cut T.

P1758—PROGRESS—Probably the best two-tone blue, a color combination that is rare and beautiful. A superb variety. See cut R.

P1759—TANAGER—Rivals the popular Scarlet Tanager for beauty and showiness. Bright orange-scarlet flowers, good grower. Profuse bloomer See cut V.

Any of above: 35c each; 3 for \$1.00;
doz. \$3.50

HARDY PHLOX OFFER

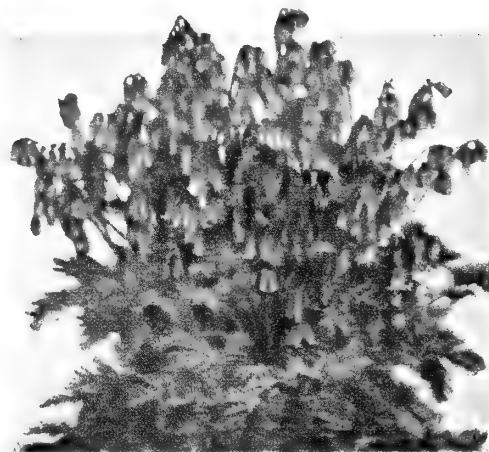

P1767X-1—Select plant of each of above for \$1.50.

Fancy Mixed Hardy Phlox

P1765—Anyone wanting a fine assortment of Hardy Phlox at small cost will find our mixed phlox to be extra good. Whether you buy 3 or 6 plants no two will be alike. 3 for 85c; 6 for \$1.50.

← New Giant Phlox

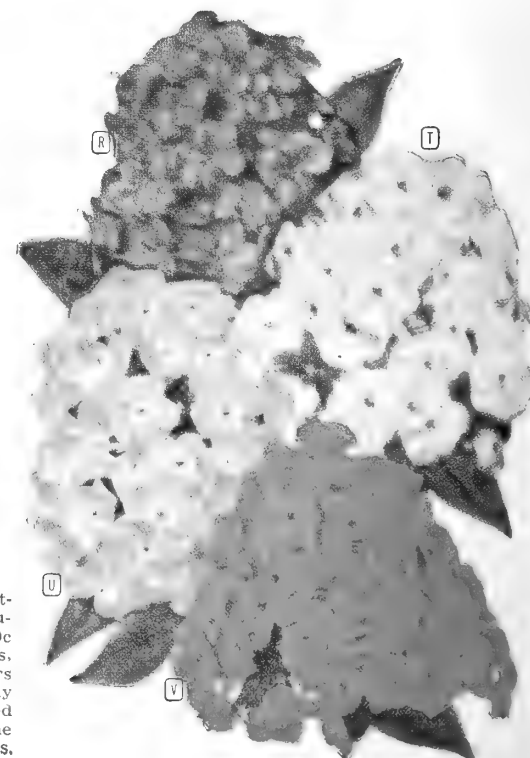

P1755—SIR JOHN FALSTAFF—The outstanding hardy Phlox for size and beauty. Individual flowers large as a 50c piece and flower heads 6 to 8 in. across, the giant among hardy Phlox. Flowers are a luminous salmon-pink, a really live color, and being freely produced on 24 to 36 in. plants makes this one of the outstanding hardy perennials. Each 60c; 3 for \$1.50.

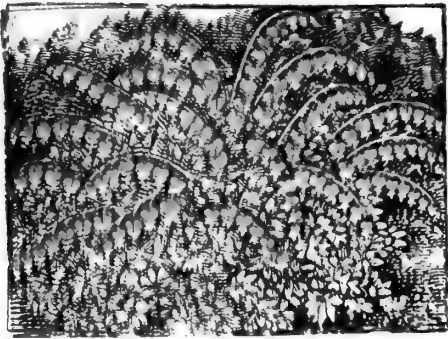

DWARF EVERBLOOMING BLEEDING HEART

Dwarf Everblooming Bleeding Heart

P1705—(Exima)—Grows a beautiful dwarf plant 12 to 15 in. tall and is well suited for borders, beds or planted in front of taller plants or shrubs. The fine feathery foliage makes it a beautiful plant even when not in bloom. Blooms from early summer until fall. Each 60c; 3 for \$1.50; 12 for \$4.75.

P1701-BLEEDING HEART

Hardy Native Ferns

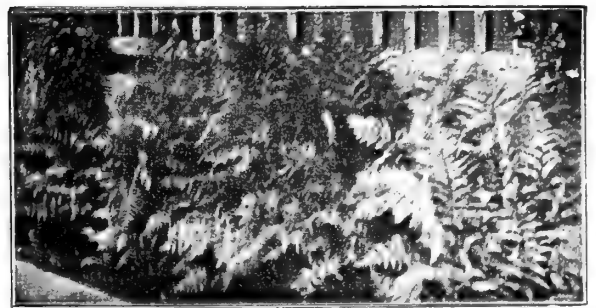

P1745—Hardy native ferns are gaining wide popularity as their value is becoming better known. They are easily grown where other plants and shrubs do not succeed. Our plants are grown here in the North and are sure to be hardy anywhere in the U. S. Full cultural instructions sent with each order. Extra large Plants. 3 for 95c; 6 for \$1.75; doz. \$3.25.

P1703-SILVER MOUND ARTEMESIA

HIBISCUS

P1745-HARDY FERNS

Heuchera or Coral Bells

P1748—Neat growing hardy perennial forming handsome tufts of dense foliage from which spring the flower stalks. The stems grow 15 to 18 in. tall and bear the dainty, graceful, bell-shaped flowers profusely over a long period. Well suited for edgings along walks, flower beds, rock gardens or planting among other perennials. Very good for cutting or bouquets. Various shades of coral-red. Select plants; Each 50c; 3 for \$1.25; 12 for \$4.00.

Martin Olson, N. D.
—Just a word to let you know that we are highly pleased with seeds and shrubs received from you this spring. Many of the shrubs have already bloomed.

P1748-HEUCHERA

DICTAMNUS OR GAS PLANT

The Old Favorite Bleeding Heart

P1704 — An improvement type of the popular old fashioned favorite. The beautiful finely cut foliage and long showy branches of graceful pink flowers are always attractive. The plants are very hardy and may be used as borders or margin of shrubs; also used quite extensively for cutting or bouquets. Does equally well in sun or shade. Each 65c; 3 for \$1.65.

Artemesia

P1703—SILVER MOUND — A very attractive and beautiful perennial for borders or edgings especially along walks or around flower beds. Grows only 4 to 6 in. tall and the dense fern-like foliage is a distinct clear silver-gray, very distinct and beautiful. Each 50c; 3 for \$1.35.

Mrs. D. L. Bullock, N. Y.
—All plants and shrubs received from you last year are doing very well.

Dictamnus or Gas Plant

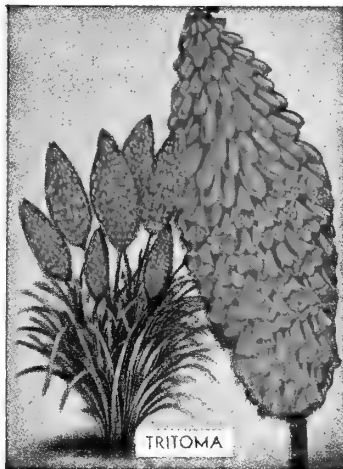

P1740—A very desirable hardy perennial that deserves a place in every flower garden. It grows to a height of 2½ ft. and is well supplied with attractive fragrant foliage. During June and July the showy spikes of heavily scented flowers are borne in great profusion. Should be planted in heavy soil and a sunny position and after once established they should not be moved. Select plants; Each 45c; 3 for \$1.25.

DOUBLE TUBEROSES

Dwarf Double Tuberose

B915—One of the most beautiful and delightfully fragrant summer flowering bulbs. Flowers are more conspicuously sweet scented than anything else in the garden. The flowers are double and are produced on stems 2 to 2½ ft. long. They make a grand showing in the garden and are unexcelled for cutting and bouquets. Bulbs planted early in May will bloom in August, may also be started in pots for early blooms. Select bulbs. 3 for 40c; 12 for \$1.50.

TRITOMA

Hibiscus

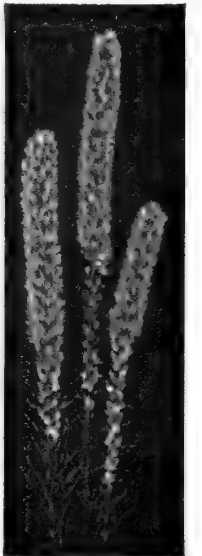

P1746—AVALON HYBRIDS—A new strain of these hardy perennials of spectacular beauty and differing from the ordinary varieties in flower form, distinctive foliage, and range and tone of colors. Plants grow 3 to 4 ft. tall and bloom from July to Oct. Flowers are 4 to 5 in. across and colors range from palest blush through varied shades of pink, rose and reds of a vividness not before known. Mixed colors; Each 45c; 3 for \$1.25; 6 for \$2.25.

Liatris or Kansas Gayfeather

P1752—Not many flowers will attract more attention on account of their unusual appearance, they are beautiful as well as odd. Blooms in mid-summer and flowers last a long time and make excellent cut flowers of deep rich purple color. Very hardy and easy to grow. Each 35c; 3 for 80c.

Tritoma

P1794—PFITZERI-RED HOT POKER—Strikingly handsome and showy plants surpassing all others in brilliancy of color which is a rich orange scarlet. They grow 2½ to 3 ft. tall and bloom from August to October. A fine plant for beds or borders and also well suited for cutting or bouquets as they last a week to ten days after cutting. Extra strong plants; 3 for 75c; 6 for \$1.35; doz. \$2.25; 100 for \$12.50.

LIATRIS

Lily of the Valley

P1750—The Lily of the Valley is well known and will thrive and produce the handsome fragrant flowers during spring and early summer. It does unusually well in shaded places on the north or east of your house. The flowers are well suited for cutting; a bouquet will sweetly perfume any room. They are perfectly hardy and will bloom in 6 to 8 weeks after planting. 6 for 40c; 12 for 75c; 50 for \$3.00.

YUCCA

P1796—A tropical looking plant with long narrow leaves which remain green almost the entire year. Grows in close clumps and throws up a flower stalk 4 to 5 feet tall from which hang beautiful creamy-white bell-shaped flowers, often 50 to 100 on a spike. It remains in bloom a long time and may be classed as one of the best hardy ornamental plants. Does well even on poor dry soil. Each 45c; 3 for \$1.25.

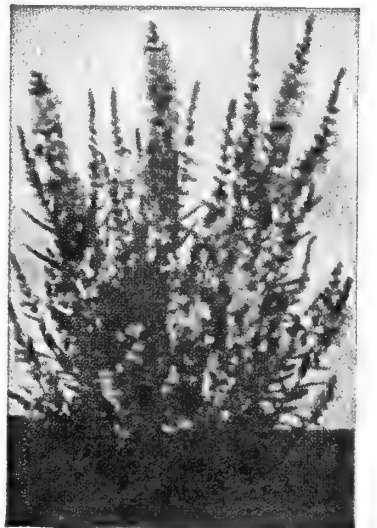

LILY OF THE VALLEY

LYTHRUM Morden Pink

Withstands Heat and Drought. Hardy as an Oak. Not Bothered by Insects or Disease. Bloom from June into September. P1754 — A grand hardy perennial producing tall spires of warm, rosy-pink flowers for a long period of time. They grow to a height of 3 ft., do well in dry sunny spots or in partial shade, will even grow in poorly drained spots. Once planted lasts for years and will not spread. Select blooming size plants; Each 50c; 3 for \$1.25.

Mrs. Edw.— F. Young, Mass.—Just to report that we had very good luck with the shrubs ordered last spring.

P1754-LYTHRUM

P1796-YUCCA

S1140—CRIMSON KING MAPLE

Crimson King Maple

S1140—(Plant Patent No. 735)—An outstanding beautiful shaped shade tree that holds its bright, red color throughout the season. A fine tree for cities as it is hardy, long lived and withstands smoke, gases and dust. This distinctive tree will be the focal point of your yard. 3-4 ft. size by parcel post: Each \$3.25; 3 for \$8.95.

S1144—SUNBURST LOCUST

The Ideal Lawn Shade Tree

Sunburst gives you a lacy, partial shade that really benefits a lawn and allows grass to grow luxuriantly under the trees. It is seedless and causes no ground litter as when the leaves drop they soon crumble and disappear into the grass.

S1057—NEW HYBRID ELM

S1143—IMPERIAL LOCUST

ARISTOCRATIC Shade and Ornamental Trees

New Imperial Locust

S1143—(Plant Patent No. 1605)—A great improvement over the popular Moraine Locust as it grows straight and upright, requires no staking and makes a better shaped tree, recognized as one of the outstanding trees of our time. It is very hardy, free of insects and disease. Branches are symmetrically arranged, forming a compact, well shaped tree with little or no pruning. Grows a straight sturdy trunk and does not require staking. A rapid growing, long lived tree having a top rating for either lawn or street plantings. Select 4-5 ft. branched trees: Each \$4.35; 3 for \$12.25 postpaid.

"Sunburst" LOCUST

The Sensational
New Hardy Shade Tree

S1144—Plant Patent No. 1313)—A grand new shade tree of beauty and distinction, a truly "aristocratic" shade tree.

Dramatic New Coloring—Sunburst is the first new tree color in years. Its bright, golden-yellow branch tips, in contrast with the deep green inner foliage, make it appear like a flowering tree bursting with bloom and Sunburst keeps this beautiful Spring appearance all Summer.

Stately Form—Experts consider Sunburst a worthy successor to the Elm as it grows with a natural eye-pleasing symmetry.

Easy to Grow—It's easy to plant and makes a rapid growth in any soil that has normal moisture and fertility. Exceptionally hardy, it withstands extremes of heat and cold, moisture and drought. One of the strongest trees known and readily survives sleet, ice and windstorms. It is practically immune to insects and disease.

Be the first in your neighborhood to have one or more of these gloriously beautiful trees on your lawn or street. Select 3 to 4 ft.: Each \$3.50; 3 for \$9.25 postpaid.

New Hybrid Elm

Rapid Grower, Hardy as an Oak.
Free from Disease.

S1057—A new tree that combines the hardiness of the American Elm with the rapid growth of the Chinese Elm and is not susceptible to Dutch Elm disease. An ideal tree for street or lawn planting, branches grow straight and strong and have great resistance to breakage from winds, ice and snow. The leaves are large and dark green, very much like the American Elm, they grow even faster than a willow, in fact, are one of the fastest growing trees known. Sturdy 3 to 4 ft. trees: Each \$1.95; 3 for \$5.50 postpaid.

SPECIAL OFFER

S1050X—one select tree of each of the four listed below, a \$5.20 value for only \$4.79 postpaid.

Hopa Flowering Crab
China Rose Tree
Bechtel's Flowering Crab
Red Leaved Plum

With each collection we will include a Hyperion Day Lily, described on page 50.

Red Leaf Plum or Ruby Tree

S1158—This may be classed as one of the best red leaved shrubs. Especially fine for planting among other shrubs as the deep red foliage shows up in contrast. If kept cut back new shoots will form on which the foliage is always the brightest, is very hardy and will grow 6 to 8 ft. tall. Strong 2-3 ft. trees: Each \$1.10; 3 for \$2.95.

The Glorious Hopa Crab

S1118—Probably the most beautiful of the flowering crabs and is very hardy. It develops into a medium sized graceful tree and is an ornament wherever planted. When in full bloom the trees are covered with the deep rose colored blossoms which remain for quite a few days. Strong 2-3 ft. trees: Each \$1.40; 3 for \$3.50.

Mrs. Ann Decker, Mich.—You would enjoy seeing my yard of beautiful flowering trees and shrubs grown from your plants.

Bechtels Flowering Crab

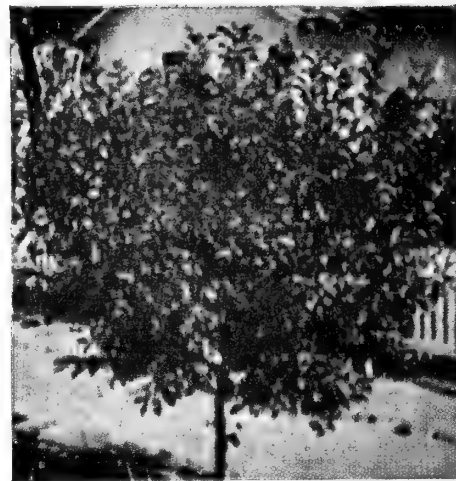

S1117—A widely grown and very hardy flowering tree growing 8 to 10 ft. tall. Double flowers of delicate pink, very much like roses, completely cover the branches in early spring. Flowers are very fragrant. An ideal tree for the small lawn or a background for shrubs. Sturdy 2 to 3 ft. trees: Each \$1.45; 3 for \$4.00.

China Rose Tree

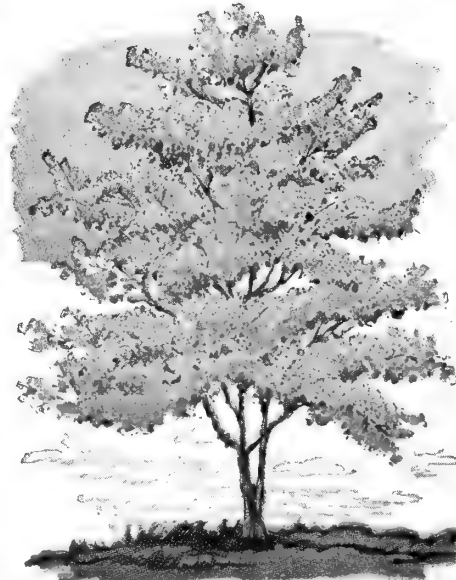

S1075—A very hardy, handsome ornamental tree that grows to a height of 6 to 8 ft. and is ideal for planting on a lawn as a specimen or in the rear of a shrub planting. It is a wealth of double delicate pink flowers very much like roses. Comes into bloom very early even before the leaves appear. Strong 2 to 3 ft. trees: Each \$1.25; 3 for \$3.25.

Shrubs and Trees Increase in Value

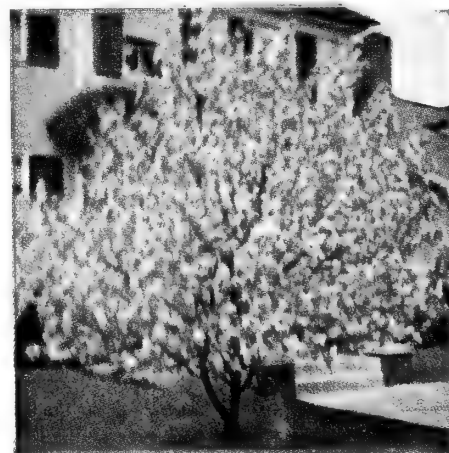

There are few things which you buy today that do not depreciate in value, however, this is not the case when you plant shrubs and trees. They not only add beauty to your home but greatly increase its value as they grow up.

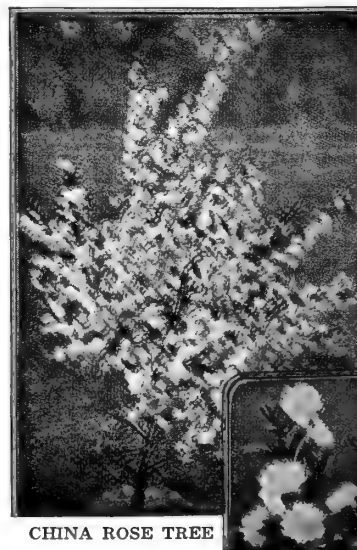

S1158—RED LEAVED PLUM

S1118—HOPA CRAB

S1117—BECHTEL'S FLOWERING CRAB

CHINA ROSE TREE

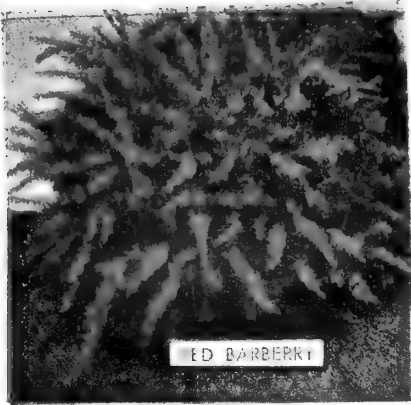

Hardy Flowering Shrubs

Unless otherwise noted our shrubs are 12 to 18 in. size, they are all 2-yr. transplanted field-grown plants, sturdy and heavily rooted. Shrubs should be cut back before setting out, for this reason we pre-prune them to 10-12 in. before shipping.

There is a great difference between these and the 1-yr. rooted cuttings which are sometimes offered at low prices. Order your shrubs early, we will send them out at the proper time.

IMPROVE YOUR HOME WITH SHRUBS

RED BARBERY

Red Leaved Barberry

S1061—A new shrub that is rapidly gaining popularity. It has all the good points of the green leaved Japanese Barberry, being hardy, free from disease and grows in all kinds of soils. Its glowing red leaves give a warm touch to the landscape planting, especially when planted singly as specimen shrubs but in all cases should have full sunlight to bring out the best color. Select 2-yr. plants: Each 75c; 3 for \$2.10; doz. \$6.50.

S1124—BUTTERFLY BUSH

Cornus or Dogwood

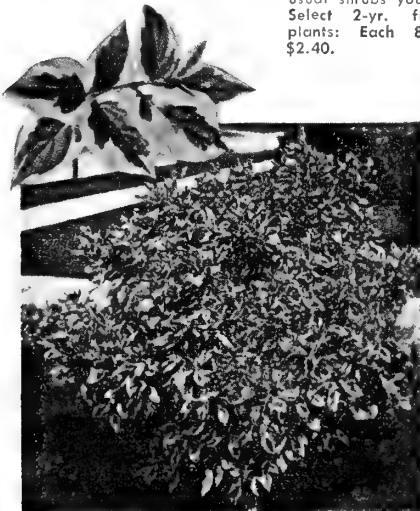

These are especially valuable for the brilliancy of the bark and berries. The beautiful coloring of the bark is especially attractive during the winter. The berries are a great attraction for birds. They are very hardy, rapid growers and succeed in sun or shade.

S1081—YELLOW BRANCHED—Grow very similar to Red Dogwood except that the branches are bright yellow.

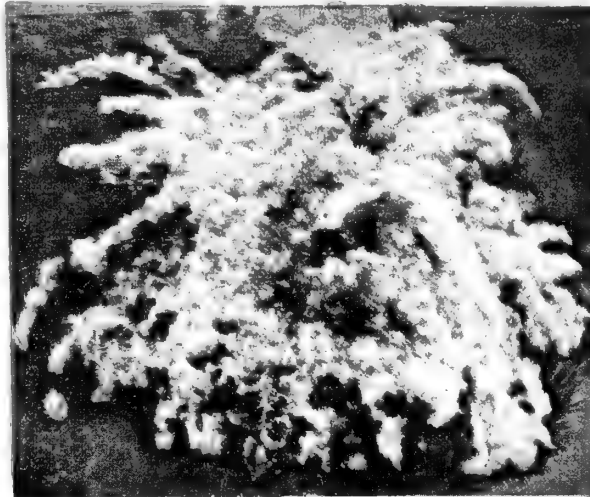

PRICE OF EITHER RED OR YELLOW DOGWOOD—2-yr. 18-24 in. plants: Each 65c; 3 for \$1.70. State color wanted.

Variegated Dogwood

S1084—A very beautiful and attractive ornamental shrub. Grows a well shaped bush 4 to 5 ft. tall and suitable for planting singly or among other shrubs. The dark red bark is a winter attraction, while the variegated green and white leaves makes it one of the most unusual shrubs you can plant. Select 2-yr. field-grown plants: Each 85c; 3 for \$2.40.

S1084—VARIEGATED DOGWOOD

S1065—BEAUTY BUSH

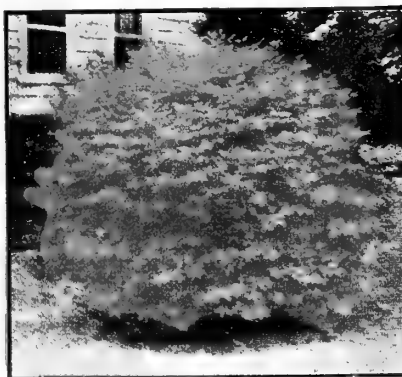

Butterfly Bush

S1124 — ISLE DE FRANCE—This wonderful new Butterfly Bush is a rare beauty with its brilliant rose-purple flower; also delightfully fragrant. Grows a beautiful bush, 3 to 4 ft. tall, every branch bearing a spike of flowers 9 to 12 inches long. Blooms from July until hard frosts. Strong plants that will bloom this year. Each 70c; 3 for \$2.00.

S1080—RED ROGWOOD

S1080—RED BRANCHED—The stems and twigs are deep blood red. Grows 6 to 8 ft. tall, with clusters of fine white flowers succeeded by a fall crop of ornamental berries.

FIREBUSH OR EUONYMUS

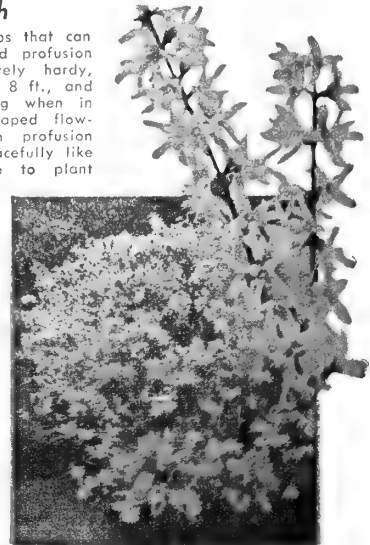

Burning Bush or Euonymus

S1083—Alatus Compacta—An unusually handsome and hardy shrub growing to a height of 3 to 4 ft. most regular in outline and well suited for a specimen or planting in front of taller shrubs. Will succeed in shady places as well as full sun. Fine for formal effects, as its compact shape, easy culture, and moderate rate of growth make it an ideal shrub for the new low type homes. In the fall the glossy green foliage turns a rosy red and the bush resembles a ball of fire. Select 2 yr. 12-18 in. plants: Each \$1.75; 3 for \$4.50.

Beauty Bush

S1065—There are few shrubs that can surpass this for beauty and profusion of flowers. It is absolutely hardy, grows to a height of 6 to 8 ft., and makes a wonderful showing when in full bloom. Its trumpet-shaped flowers are produced in such profusion that the branches droop gracefully like a Bridal Wreath. Be sure to plant one or more of these fine shrubs. Strong 2-yr. 18-24 in. field-grown plants; Each 85c; 3 for \$2.25.

Mrs. G. G. Cornell, Ala.—Especially pleased with the shrubs you sent me.

S1100—FORSYTHIA

Hardy Ovata Forsythia

S1100—This new hardy Forsythia will stand severe winters much better than our standard varieties. It is one of the first shrubs to bloom in the spring, the masses of bright yellow flowers appearing before the leaves. Plants grow 5 to 7 ft. tall—excellent for the border. Branches may be cut late in the winter, taken indoors and forced into bloom. 2-yr. 18-24 in. field-grown plants: Each 75c; 3 for \$2.10.

Scarlet Flowering Quince

S1165—A very showy and beautiful shrub and one of the first to bloom, the flowers opening before the leaves are fully developed. Grows 4 to 5 ft. tall and a bush in full bloom is a shrub of rare beauty when completely covered with its dazzling scarlet flowers. 2-yr. field grown plants. Each 70c; 3 for \$2.00; doz. \$6.75.

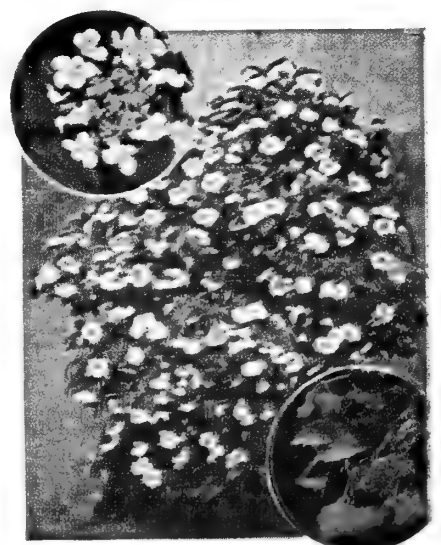

S1165—FLOWERING QUINCE

POSTPAID

Except where noted we pay postage on all items in this catalog anywhere in the U. S. except west of the Rocky Mountains. See page 58.

Am. Highbush Cranberry

S1070 — (Viburnum Americanum) — This hardy bush grows to a height of 8 to 10 ft. and bears an abundant crop of large red berries that make excellent jellies that look and taste very much like the marsh Cranberry which you purchase in the fall. It grows a fine shaped bush and is much used for landscape work. White flowers in May are followed by the large clusters of red berries. The foliage also colors up beautifully in the fall. Select 2-yr. field-grown plants: Each 75c; 3 for \$2.10; doz. \$7.25.

S1070—AM. CRANBERRY

S1120 -PANICULATA GRANDIFLORA HYDRANGEA

B. L. Schwartz, Wis.—All goods ordered from you seem to be of much better quality than has been sold to me by others. Our Garden Club members notice the great difference.

S1126-PERSIAN LILAC

HYDRANGEA

Paniculata Grandiflora

The Most Satisfactory Ornamental Shrub. Very Hardy. Easy to Grow. Sure to Bloom. Very Showy.

S1120—If you can have but one shrub let it be one of these Hydrangeas. You will never regret having planted it. These shrubs grow 4 to 6 ft. tall and each branch is tipped with one of the immense flowers. It is very hardy, enduring the severest winters. Easily transplanted and rarely fails to bloom the first year planted. The giant flowers appear in July; they open pure white, later changing to pink. We offer only 2-yr. 18-24 in. field-grown plants of the true Giant Flowered type. Each 80c; 3 for \$2.25; doz. \$7.25.

Persian Lilac

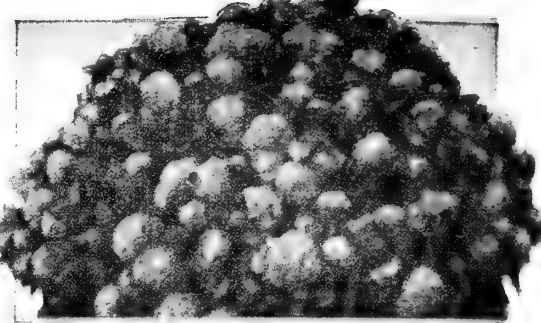

A Lilac that Combines Grace, Beauty and Elegance.

S1126—This is considered one of the best and most satisfactory of all our Lilacs and may well be ranked with the cream of the flowering shrubs. Few shrubs can match the grace and blending quality of its flower heads or the spicy fragrance of the blossoms. It is very hardy, sure to bloom and does not spread like the common lilacs. It also makes one of the grandest hedges. Strong 2-yr. field-grown plants: Each 75c; 3 for \$2.00; doz. \$6.95.

W. Raymond Gower, Maine—Ordered some of your Persian Lilacs and Honeysuckles and to my surprise Honeysuckles bloomed in 3 weeks after being set out. To say we were pleased is putting it mildly.

Blue Hydrangea

S1122—NIKKO—The large, attractive flower heads are borne from July until frost and last for many weeks. In ordinary soil flowers will be pink, in acid soil they will be blue. To make your soil acid water with one teaspoonful of aluminum of sulphate to a gallon of water once a month. Grows a rounded bush 3 to 4 ft. tall and does best in partial or full shade. Where temperature goes below zero winter protection should be given like for hybrid roses. 2 yr. field grown plants: Each \$1.35; 3 for \$3.75.

S1122—NIKKO BLUE HYDRANGEA

Snowball Hydrangea

S1121—These beautiful hardy shrubs attain a height of 4 to 5 ft. with nearly the same diameter. They are very graceful with their large trusses or heads of beautifully formed flowers of dazzling whiteness, rendering it a plant of peerless beauty. It comes into bloom right after Lilacs and remains in flower until August, doing fine in partially shaded locations. It has been planted in all parts of the country and proved very hardy. Strong 2-yr. plants: Each 75c; 3 for \$2.10.

S1121—SNOWBALL HYDRANGEA

Except Where Noted
We Pay Postage

Fireball Bush Honeysuckle

S1116—ZABELI—A very hardy shrub that may be planted as a hedge, mixed with other shrubs or planted alone as a specimen. Grows 8 to 9 ft. tall and will thrive in full sun or partial shade. Flowers during May and a bush in bloom is a mass of bright red color followed by red berries in summer and fall. Select 2-yr. plants: Each 60c; 3 for \$1.50; doz. \$5.00; 50 for \$18.50.

Jung's Shrubs and Plants

We spare no effort or expense to assure that you get goods of the highest quality. To begin with they are carefully grown in our nursery to insure good healthy plants and roots, after they are dug they are kept in the best storage to retain their vitality and in shipping they are carefully packed so they will reach you in the best possible condition. All of our shrubs, trees and plants are backed by our liberal guarantee. See page 58.

-FIREBALL HONEYSUCKLE

BEAUTIFUL FRENCH HYBRID LILACS

The French Lilacs are rapidly gaining favor as they are hardy, do not spread and start blooming very young, just a year or two after being set out. They form compact shapely bushes and bloom very profusely, they grow to 8 ft. tall but may be trimmed to any desired height or shape. These lilacs are very desirable as specimen shrubs or they may be set in groups or mixed with other shrub plantings. Set at least 5 ft. apart so they have ample room.

S1130—CHAS. JULY—One of the best "reds" and makes a striking appearance due to its showy color and the large flower heads which are held erect well over the foliage. Strong 2-yr. plants: Each \$1.20; 3 for \$3.25.

S1129—M. BUCHNER—One of the best and most popular French Lilacs. Flowers are double and a beautiful pinkish-lavender color. A good grower and profuse bloomer. Strong 2-yr. plants: Each \$1.10; 3 for \$2.95.

S1131—PRES. GREVY—Large semi-double flowers produced in large pyramidal clusters; color is clear soft delicate blue and one of the best in this color. Strong 2-yr. plants: Each \$1.10; 3 for \$2.95.

S1128—SNOW WHITE—A very showy and beautiful variety that will please you in every way, especially showy when planted with other colors. Strong 2-yr. plants: Each \$1.15; 3 for \$3.00.

SPECIAL LILAC OFFER

S1135X—One select 2-yr. field grown plant of each of the above four fine French Lilacs for \$3.95.

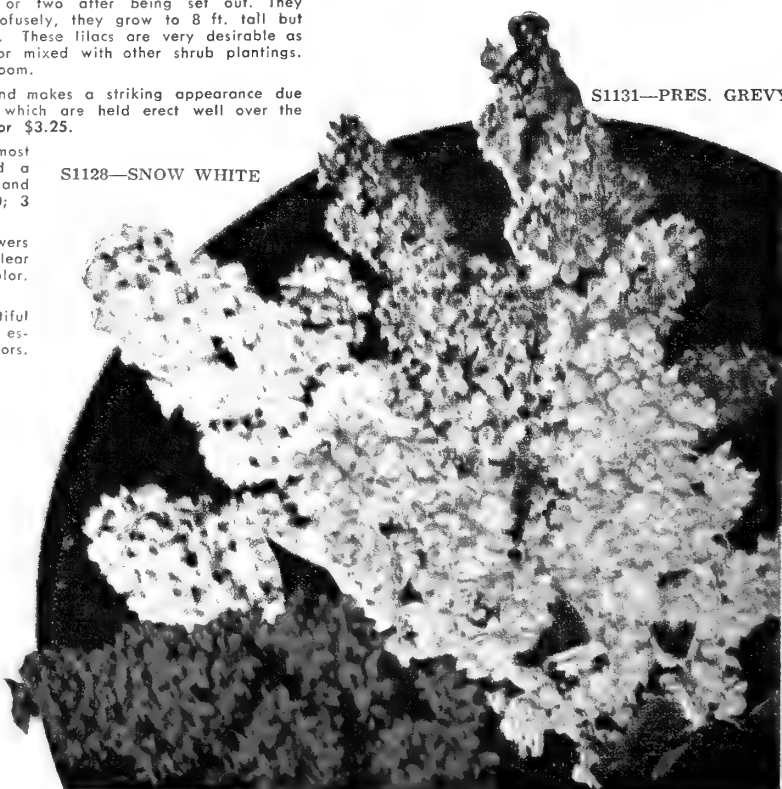

Clematis and Lilac Starter

M39—Clematis and Lilacs will grow more rapidly and produce better plants if the right conditions of alkalinity and fertility are met. To help you get better plants, especially in acid soils, we have compounded a special starter mixture, containing lime, phosphorus, and fertilizer. Unless your soil is excessively acid use about 1/4 pound per plant, and mix this starter well with the soil you pack around the roots. 1/4 lb. 25c; 1 lb. 75c.

Darwin Krentz, Wis. After receiving such quality plants I have decided to place another order.

S1128—SNOW WHITE

S1131—PRES. GREVY

S1130—CHAS. JULY

S1129—M. BUCHNER

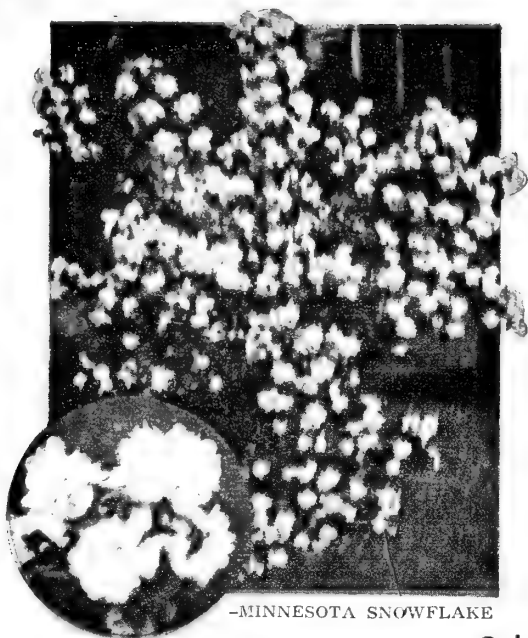

S1125—CANADA GEM LILAC

New Lilac "CANADA GEM"

S1125—A grand new lilac that is hardy as an oak and rivals the best French Hybrids for grace and beauty. It comes into bloom after our native varieties are through and remains in flower a long time. The flower heads are of immense size almost like Hydrangeas. We consider this one of the finest shrubs you can have on your lawn. Will not spread like common lilacs. Strong 2-yr. 18-24 in. plants: Each 95c; 3 for \$2.60.

ORNAMENTAL Flowering Shrubs

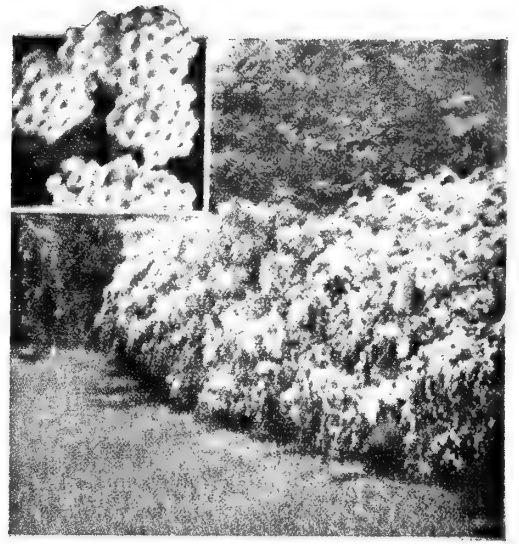

Except where noted, we pay postage.

—MINNESOTA SNOWFLAKE

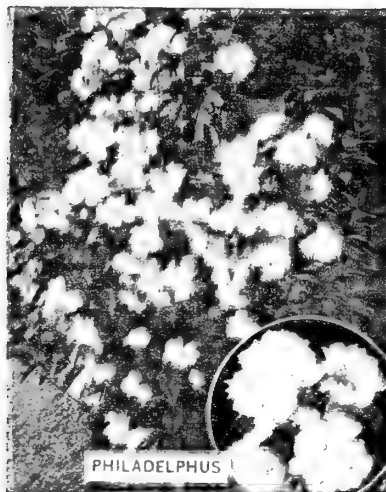

S1152—GOLDEN MOCK ORANGE

S1243—SPIREA V. H. or BRIDAL WREATH

Minn. Snowflake Mockorange

S1150—(Plant Patent 538)—An outstanding new very double mockorange that is very hardy, a profuse bloomer and grows a very graceful plant. A bush in full bloom is a mantle of white and the large double flowers are exceptionally sweet scented. Will grow to a height of 8 ft. but is easily kept to smaller proportions by trimming. Truly a lovely and outstanding hardy shrub, one of the very best. Strong 2-yr. field-grown plants: Each \$1.00; 3 for \$2.75.

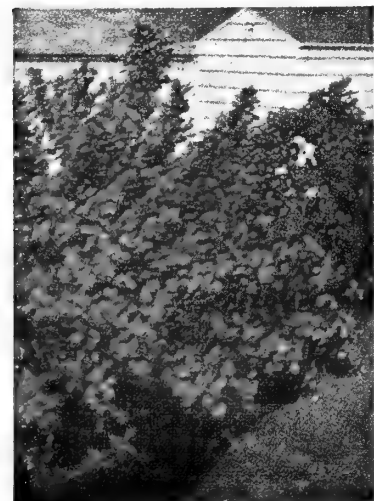

PHILADELPHUS

S1151—SNOWDRIFT

Snowdrift Philadelphus

S1151—We rate this as one of our most desirable shrubs as it is very hardy and blooms so profusely that the bushes look like a snow-drift. It grows a very shapely bush, 4 to 5 ft. tall and in June the bushes are completely covered with the white sweet scented flowers, very much like orange blossoms. A very fine shrub for planting singly, mixing with plantings or as a hedge. Strong 2-yr. field-grown plants: Each 75c; 3 for \$2.10; 12 for \$7.50.

S1257—MAGIC BERRY SHRUB

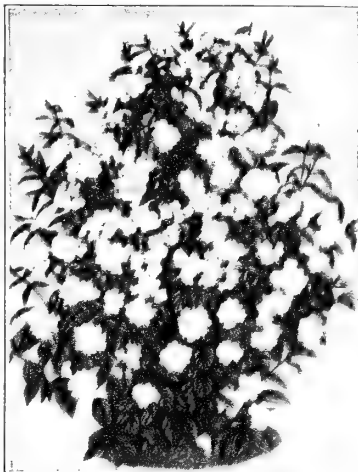

Golden Leaved Mockorange

One of the Best Golden Leaved Shrubs.

S1152—It not only has golden foliage but also produces a wealth of handsome, fragrant orange-like flowers in May and June. Well suited for planting singly, in groups, or for planting among other shrubs as the golden foliage adds life and charm to the planting. Makes a beautiful bush, perfectly hardy, and grows to a height of 4 to 5 ft. Each 95c; 3 for \$2.75.

Frosty Morn Mockorange

S1153—A new and greatly improved type of the popular "Mockorange" of dwarf compact growth, rarely over 3 ft. tall and well adapted for the new low type homes. Especially showy if planted in front of Evergreens as the snowy whiteness against the deep green makes a beautiful contrast. Very hardy and a profuse bloomer. Select 2-yr. transplants: Each 90c; 3 for \$2.60.

S1153—FROSTY MORN MOCKORANGE

Planting Shrubs

To advise you on how this should be done we have prepared a booklet of instructions telling you how to plant and care for Shrubs, Plants, Berries and Bulbs of all kinds. A copy will be included FREE, with every order for such items.

"Bush Bittersweet" or Magic Berry Shrub

S1257—(Symphoricarpos Chennaultii)—This is a new red-berried development in the snowberry family, ideal to fill in that vacant spot in your foundation planting. The Magic Berry is a small upright shrub, growing 3-4 feet tall, and will do well in the sun or shade. The foliage is dense and fine textured, and the showy red berries are not hidden by the leaves. Birds love these fruits. It is well suited for planting singly, in groups, or among other shrubs. Select 2-yr. plants: Each 95c; 3 for \$2.50.

Everblooming Spirea "PINK BOUQUET"

S1242—(Macrothyrsa)—A beautiful hardy shrub, grows 4 to 5 ft. tall, well suited for the shrub border or mass planting. Blossoms from late July until Sept. with large heads of rich pink, flower spikes often 10 in. long and stems 2 ft. long. Select 2-yr. field-grown plants: Each 75c; 3 for \$2.00; 12 for \$7.25.

Spirea V. H. or Bridal Wreath

Hardy as an Oak. Profuse Bloomer. Sure to Blossom. Easy to Grow. Free from Insects and Disease.

S1243—One of the best known and most useful shrubs as it succeeds everywhere. Fine for setting singly or among other shrubs; very largely used in all landscape work. It forms a round and graceful shrub, with drooping or arched branches which in June are completely covered with snow-white blossoms. Will fit in wherever graceful effect is desired and always gives satisfaction. Strong 2-yr. plants: Each 60c; 3 for \$1.50; 10 for \$4.25.

S1241—FERN LEAVED SPIREA

Fern Leaved Spirea

S1241—(Sorbifolia)—A handsome and vigorous shrub that should be included in every planting. It has foliage like a fern or Mountain Ash and produces large spikes of pure white flowers similar to a Hydrangea during July and August. Very fine for planting with other shrubs as the fern-like foliage shows up splendidly. Strong 18-24 in. plants: Each 70c; 3 for \$1.50; doz. \$5.50.

S1245—BLUE SPIREA

BLUE SPIREA "Blue Mist"

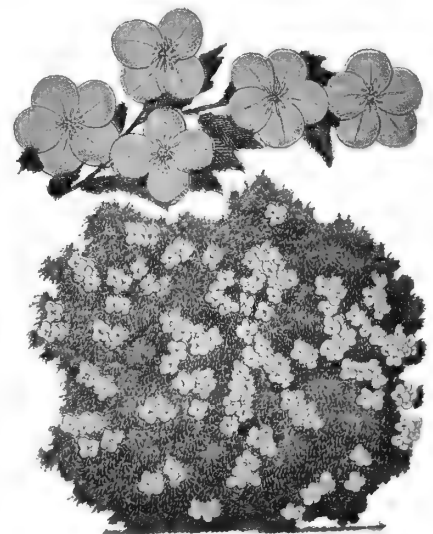

S1245—CARYOPTERIS—A rare new plant of unusual charm and beauty, a real aristocrat for your garden. This hardy plant grows 18 to 24 in. tall and from August until frost will bear an abundance of beautiful blue flowers. Strong 2-yr. field-grown plants that will bloom this year: Each 75c; 3 for \$2.10.

POTENTILLA

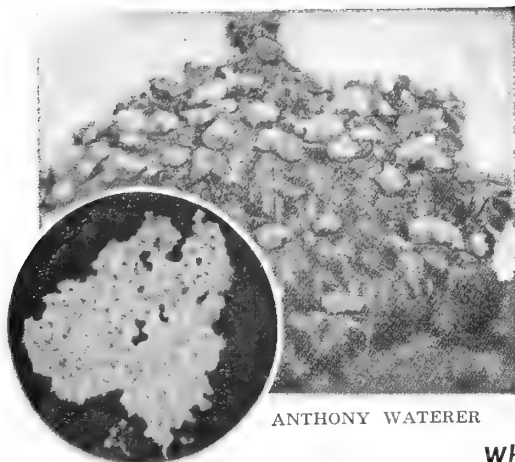

Fruticosa

"Sunshine Shrub"

S1156—A dwarf, compact ever-blooming shrub of rare beauty and charm, growing to a height of about 3 ft. Foliage is dense and fern-like, almost like evergreens, and the bright yellow flowers are produced from June to October. Well suited for planting among low evergreens, shrubs or low hedges. Select plants: Each 80c; 3 for \$2.25.

S1156—POTENTILLA

ANTHONY WATERER

DWARF SPIREA Anthony Waterer

The Best Everblooming
Red Shrub.

S1240—A popular and handsome shrub forming round bushes 2½ to 3 ft. in height and width, widely used for borders or planting in front of tall shrubs. Produces wide heads of clusters of rosy-red flowers and if flowers are picked off it will continue in bloom from early summer until late fall. 2-yr. plants: Each 75c; 3 for \$2.10; 12 for \$6.75.

Mrs. J. E. Heller, N. Y. — The shipment of Spirea arrived in excellent condition.

White Glory Spirea

A Jewel Among Shrubs.

S1244—THUNBERGI—The grace and beauty of this fine shrub are hard to show in a picture. The handsome dark green foliage is fine and feathery and makes a beautiful shrub even when not in bloom. Bushes are a mound of snowy whiteness when in full bloom. Grows 3 to 4 ft. tall. Strong bushy plants: Each 75c; 3 for \$2.10; doz. \$6.50.

Giant Flowered Pussy Willow

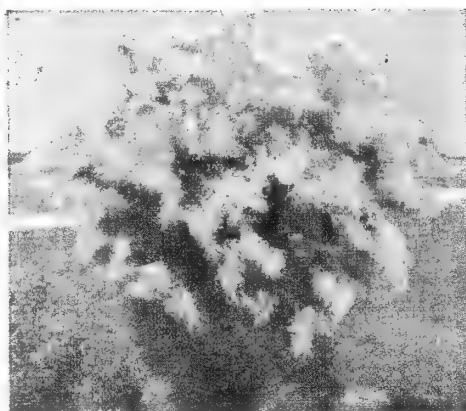

S1164—A highly improved variety that has created a sensation wherever shown. Branches of it have sold during winter months for \$1.50 per dozen. You can grow them on your lawn or back yard very easily; excellent for screens or backgrounds. Cut off the ends of the branches in February or March, place them indoors in a vase of water and soon the large silvery pink catkins, 1 to 2 in. long, will unfold. Will grow to a height of 8 to 10 ft. Very hardy and plants well supplied with attractive foliage. Select 2-3 ft. plants: Each 65c; 3 for \$1.75.

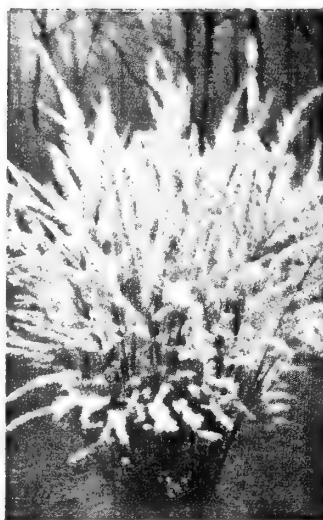

S1164—PUSSY WILLOW

New Showy Tamarix

S1260—SUMMER GLOW—This is the hardest and best variety. Will grow 8 to 10 ft. tall but can be trimmed to a lower height if desired. Foliage is dense and feathery, silvery blue in color very much like silver spruce. Bright pink flowers are borne over a long period of time. Grows in sun or shade and in wet or dry places. Strong 18-24 in. plants: Each 75c; 3 for \$2.00.

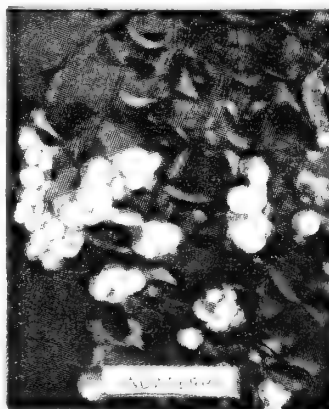

S1260—SUMMER GLOW TAMARIX

S1244—WHITE GLORY SPIREA

We Pay Postage

Unless otherwise noted we pay postage on all items listed in this catalog except west of the Rocky Mtns. If you live west of the Rocky Mtns. please add 10% to your order to cover cost of extra postage required.

Hansen Bush Cherry

A Beautiful Useful Hardy
Ornamental Shrub.

S1073—A beautiful shrub that is both useful and ornamental. Bushes grow 3 to 4 ft. tall and bear a fine crop of cherries that are especially fine for jellies and jam. Especially resistant to drought and makes a splendid ornamental shrub. Early in the spring they are a mass of white when in bloom, later they leaf out heavily with silvery green foliage which turns to red and gold in the fall. Strong 2-yr. field-grown plants: Each 65c; 3 for \$1.75; doz. \$5.75.

The Jung Policy

Our firm has been built upon a reputation for honest and fair dealing with our customers. We spare no effort or expense to insure that you receive products of the highest quality and fair and honest prices. You can send your order to Jung's with assurance that you are getting seeds, plants, bulbs, shrubs, of top quality, the best human effort and nature can produce.

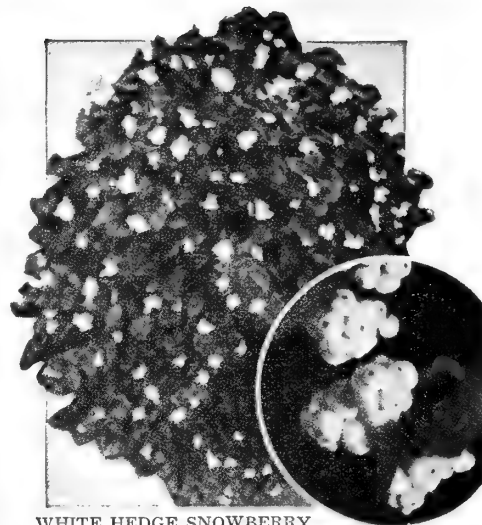

Walter Fendryk, Wis. — Shrubs and plants from you were vigorous and are growing nicely.

Hardy Wiegela

S1278—ROSALIE—This is one of the hardest and most profuse bloomers: here in our nurseries it has withstood 20 below zero. In June the bushes are completely covered with deep rose pink flowers and flowers again late in the summer. It grows 6 to 8 ft. tall, will thrive in partial shade or full sun and may be planted singly or with other shrubs. Strong select plants: Each 85c; 3 for \$2.25.

PLEASE NOTE

Due to extra cost of wrapping we cannot accept orders for plants, trees and shrubs unless they amount to \$2.00 or more. If your order for these is less than \$2.00 please add 25c to cover this charge.

WHITE HEDGE SNOWBERRY

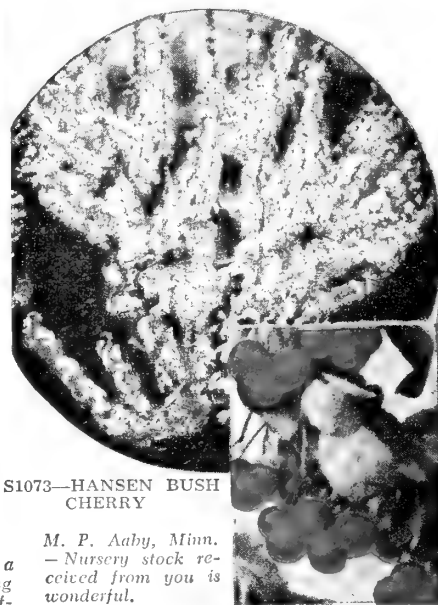

2 Fine Shrubs for Shady Places

Dwarf White Hedge Snowberry

S1258—A new and improved type which grows a dwarf upright bush that can be kept trimmed to a height of 2 to 3 ft. Grows a very compact bush and in the fall is literally covered with large snow-white berries which remain on the bush until well into the winter. Very hardy and well suited for plantings around the low modern homes. Extra Select 2-yr. plants: Each 65c; 3 for \$1.75; 12 for \$6.50.

White Snowberry

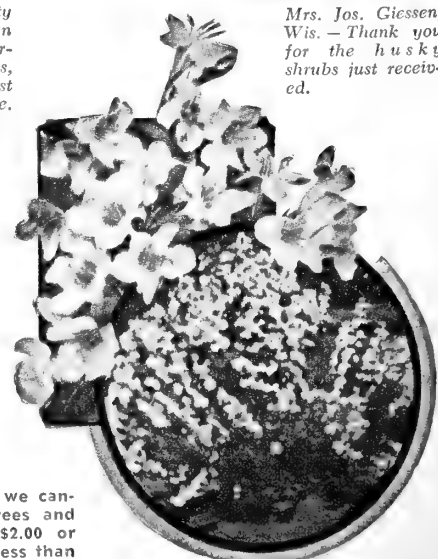

S1256—A valuable and desirable shrub with pink flowers which are followed by large white wax-like berries which hang on the plant through fall and most of the winter. Grows 2 to 3 feet high, very showy and succeeds almost anywhere. Of special value for planting in shady places where other shrubs will not grow. Strong bushy plants: Each 60c; 3 for \$1.60; 12 for \$5.75.

S1073—HANSEN BUSH CHERRY

M. P. Aaby, Minn. — Nursery stock received from you is wonderful.

Mrs. Jos. Giessen, Wis. — Thank you for the husky shrubs just received.

S1278—ROSALIE WIEGELA

Improve Your Home by Planting Shrubs and Trees

Jung's Home Beauty Shrub Collection

12 Sturdy 2-yr. Field Grown Shrubs for \$4.98

S1250X—These are all strong 2-yr. old field-grown shrubs. At catalog prices they would cost \$8.05 but as a special offer they will be sent to you, all for only \$4.98, a saving of \$3.07.

This collection planted around any home will greatly increase its beauty and value and make your house look like "home."

Hardy Climbers

Jackmanni Clematis

S1079—One of our most popular and beautiful climbers. Flowers when fully open are 4 to 5 inches in diameter, deep violet purple with rich velvety appearance. When in full bloom the entire plant is a mass of solid color; they remain in flower over a long period. **Strong 2-yr. field grown plants: Each \$1.45; 3 for \$4.25.**

← Clematis Paniculata

S1077—A hardy and fragrant Clematis that blooms from mid-summer until late in the fall. A mass of white flowers and one of these vines on your home will perfume the whole inside of your house. Will grow in either full sun or partial shade and is much harder than Silver Lace Vine. **Select 2-yr. plants: Each 80c; 3 for \$2.25.**

Everblooming Hardy Climber Scarlet Beauty Honeysuckle

Very Hardy. Blooms from June till October. Will Bloom Same Year Planted. No Insects or Disease.

S1115—We consider this to be one of our very best hardy climbers also never bothered by insects or disease. Early in June the large fragrant flowers cover the vines and are then produced until late in the fall. If you wish a hardy and beautiful vine that will not disappoint you let it be Scarlet Beauty. **Select plants that will bloom this year. Each 80c; 3 for \$2.25.**

American Bittersweet

S1064—A select strain which is sure to bloom and bear fruit even if you plant but one, however, if two or more are planted they will bear even more. Makes a rapid growth, not too particular as to soil and will do well in either sun or partial shade. Always in heavy demand for fall and winter decorations. **Select 2-yr. plants: Each 75c; 3 for \$2.10.**

Scarlet Trumpet Vine

S1262—A vigorous growing, hardy vine, well supplied and heavy fern-like foliage and remains in bloom all summer. The large trumpet-shaped flowers of orange scarlet are borne in clusters at the tips of the branches and bend the branches gently with their weight. **Strong plants. Each 75c; 3 for \$2.10.**

Geo. A. Anderson, Ill.—The Clematis purchased from you several years is most beautiful when in bloom.

Frank Pecha, Wis.—Just received my order of nursery stock, well pleased with it.

Mrs. Edgar A. Glander, Wis.—I am very well pleased with your nursery stock. Shrubs are all strong and healthy.

Boston Ivy

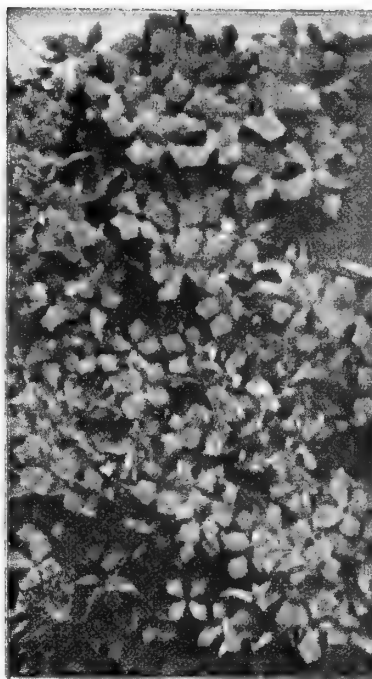

S1066—For a beautiful tightly clinging vine, we recommend this hardy ivy, especially suited for north and east sides of buildings. Its fine glossy dark green foliage resists invasions by sparrows, it makes a rapid growth and thrives even under smoky city conditions. In the autumn the foliage turns to a deep rich red color. **Select 2-yr. field grown plants: Each 70c; 3 for \$2.00.**

Hardy Engelmann Ivy

S1085—A very desirable hardy variety withstanding severe cold and drought where other climbers fail. Will cover walls completely with its abundant foliage and well supplied with tendrils that cling to walls of stone, brick or cement. Colors up beautifully in the fall. **Each 50c; 3 for \$1.35; 12 for \$4.25.**

Wisteria

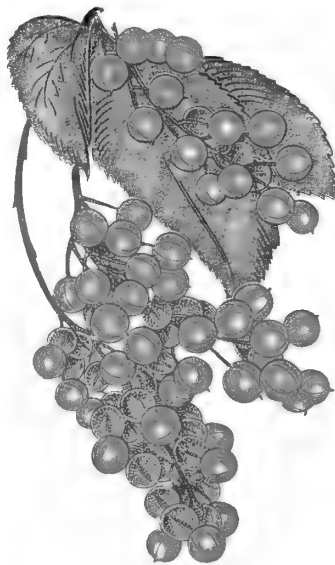

S1270—HARDY PURPLE—A rapid growing vine unsurpassed for beauty, excellent for pergolas, porches or trellises as it has a tightly clinging habit. It is very hardy and lives to a great age. They are especially ornamental in the early summer when the vines are covered with the large drooping blossoms. **Strong 2-yr. old plants. Each 75c; 3 for \$2.10.**

S1079—CLEMATHS JACKMANNI

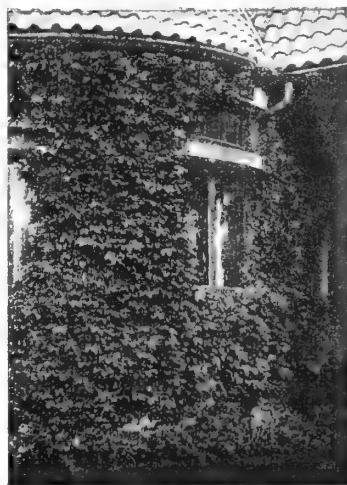

Clematis and Lilac Starter

M39—Clematis and lilacs will grow more rapidly and produce better plants if the right conditions of alkalinity and fertility are met. To help you get better plants, especially in acid soils, we have compounded a special starter mixture containing lime, phosphorous, and fertilizer. Unless your soil is excessively acid use about 1/4 pound per plant and mix this starter well with the soil you pack around the roots 1/4 lb. **25c; 1 lb. 75c.**

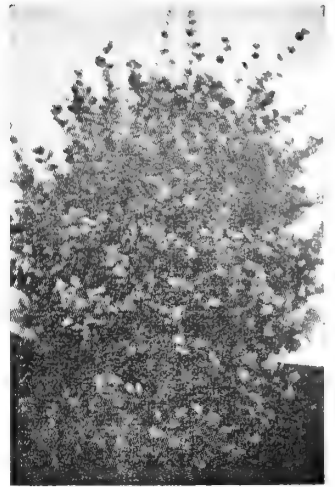

S1064—AMERICAN BITTERSWEET

Mrs. Henry A. Hall, N. D.—The Hopa Crab we ordered from you a few years ago is gorgeous when in bloom. Crimson King Maple is growing nicely.

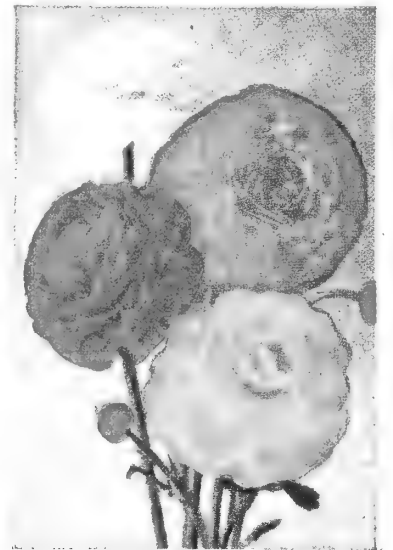

—ENGELMAN'S IVY

S1032—WINTERCREEPER

Euonymous or Winter Creeper

S1082—(Fortunei Vegetus)—This plant is useful as a ground cover, vine or low evergreen shrub. Particularly attractive climbing against a wall. It retains its deep green glossy leaves all year around except in the most severe climates and is adaptable to a wide range of soil conditions, will grow in either shade or sun. Ideal for a ground cover where grass will not grow and also for steep slopes. Produces attractive red berries in the fall. Not a rapid grower but is very hardy and permanent, this plant will be a focal point of your landscape. **2-yr. plants: Each 90c; 3 for \$2.50.**

B910—RANUNCULUS

Giant Ranunculus

B910—The largest and most gorgeous strain ever offered. Produces giant double and semi-double flowers 2 in. and more across in shades of red, yellow and pink. May be grown in the garden like gladioli. Extra select bulbs, mixed colors: **6 for 50c; 12 for 90c; 100 for \$5.50.**

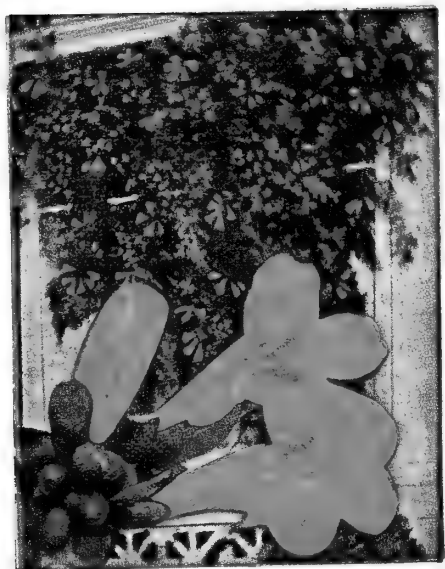

Elephant Ear Caladiums

B835—(Esculentum)—A quick growing tropical plant for your lawn or garden, especially for the center of a flower bed. The immense leaves are often 3 to 4 ft. long and 2 to 2 1/2 ft. wide and a rich deep, glossy green. Very fast growing, all they require is rich soil and plenty water. Does well even in shade. **Large Bulbs: Each 45c; 3 for \$1.25.**

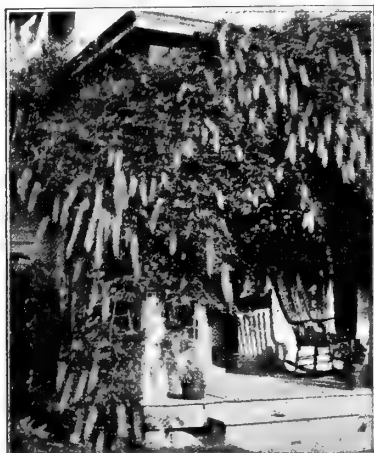

S1115—CLIMBING HONEYSUCKLE

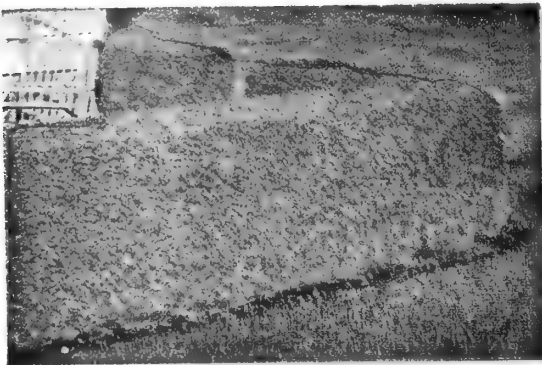

TRUMPET VINE

For Premiums See Page 2

S1270—WISTERIA

S1052—ALPINE CURRANT

HARDY HEDGES

ALPINE CURRANT

The "Boxwood" of the North

S1052—An unusually fine hedge for our northern states as it is very hardy and can be kept trimmed to any desired height from 18 in. to 4 ft. As they leaf out very heavy they form a dense hedge rivaling evergreens for color and beauty. When setting out cut them back to a height of 6 to 8 in. to encourage a dense heavily branched hedge. **Select plants: Each 50c; 5 for \$2.00; 25 for \$8.25.**

S1160—AMOR RIVER PRIVET

Hardy Amoor River Privet

S1160—This is the well known hardy Privet and is well suited for planting here in the North where the California variety freezes out. They are almost like evergreens as the foliage retains its color and remains on the plant until well into the winter; also succeeds quite well in shady places. Very largely used for hedges or foundation planting next to buildings; can be sheared to suit your fancy—the more you cut or prune it the bushier and denser it will grow. Foliage is a deep glossy green and not subject to blight. We offer strong 2-yr. transplanted plants of our own growing: **3 for 85c; 10 for \$2.25; 50 for \$8.75; 100 for \$16.75.**

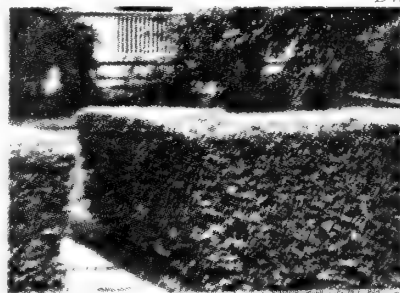

Mrs. Chas. Swader, Wis.—All shrubs ordered from you are growing very well, am well pleased with them.

Mrs. O. L. Legg, Nebr.—The shrubs you sent us are doing well. Every one grew and all are strong and healthy.

Ginnalla Maple

Very Hardy. Grows Thick and Dense. Glorious Color in Fall.

S1141—A distinct and beautiful bush maple noted for its hardiness, grows thick and dense, and ideally suited for a tall hedge or windbreak; foliage colors up wonderfully in the fall. Makes a rapid growth and in a few years will grow to a height of 8 to 10 ft. Also desirable background shrub. For a hedge set plants 3 1/2 to 4 ft. apart. 2-yr. 18-24 in. plants: **Each 50c; 3 for \$1.25; 10 for \$3.50; 50 for \$13.75 postpaid.**

DWARF NINEBARK HEDGE

Superb Hardy Hedge Dwarf Ninebark

Very Hardy. Grows Thick and Dense. Can be Sheared to any Height or Shape. Deep Green all Summer. Colors Beautifully in the Fall.

S1068 — A compact dwarf shrub that grows 3 to 4 ft. tall, but can be kept sheared to 2 ft. if desired. Covered with clusters of white flowers in May and has attractive bright green foliage which turns bright red and yellow in the fall. Very hardy and not bothered by insects. **Select 2-yr. field-grown plants: 3 for \$1.45; 10 for \$4.00; 25 for \$8.50.**

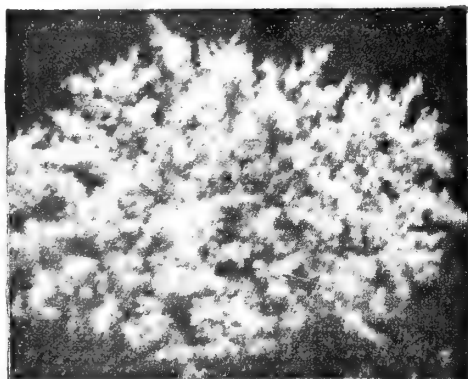

Set plants 2 1/2 to 3 ft. apart, gives you an ideal hedge for little cost.

Jacob Baenchem, Idaho—Your shrubs have always been excellent and very satisfactory.

Ross Rajotte, Mass.—This is my 3rd order this spring. The plants you sent me were in excellent condition and of superior quality.

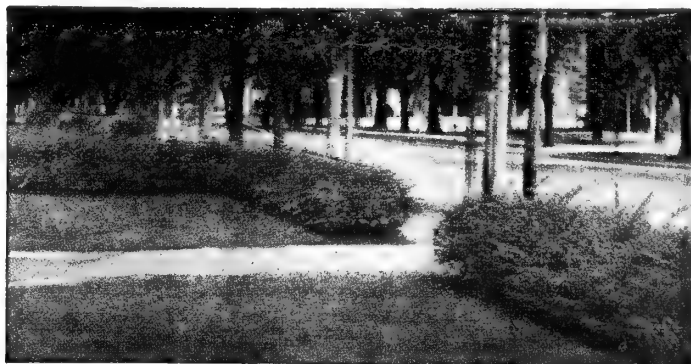

S1141—GINNALLA MAPLE

S1231—RUSSIAN OLIVE

Hardy Russian Olive

S1231—We know of no other tree or shrub that will endure as much heat, drought or severe cold as the Russian Olive. It may be grown as a tree by pruning the trunk or as a shrub and is also widely used for hedges and windbreaks. Especially attractive when mixed with other shrubs as the silvery green foliage makes a fine contrast. As a tree will grow 15 to 20 ft. tall, for hedges or windbreaks will grow 8 to 10 ft. tall but may be kept pruned to any desired height. **Select 2-yr. 18-24 in. plants: Each 60c; 3 for \$1.50; 10 for \$4.50.**

S1060—JAPANESE BARBERRY

Japanese Barberry

S1060—One of our most desirable and useful hedge plants. They are easy to grow and are absolutely hardy and can be sheared to suit any taste. They grow very dense, are attractive deep green in summer and in the fall the foliage turns to glorious shades of yellow, crimson and gold; during the winter they are covered with bright red berries. This variety does not spread rust. **Strong bushy 2-yr. plants: 3 for \$1.25; 10 for \$4.25; 25 for \$7.75.**

Blue Leaf Arctic Willow →

One of the Best Dwarf Hardy Hedges

S1275—Very desirable for a dwarf, dense, compact hedge. Foliage is an unusual blue or gray-green color somewhat like a blue spruce. It is hardy in all parts of the U. S. and thrives in either wet or dry locations, grows rapidly into a beautiful dense hedge up to 4 ft. high and can also be used for mixing with other shrubs. Plant 18 to 24 in. apart. 2-yr. field-grown plants: **3 for \$1.70; 10 for \$5.25.**

Protect Your Trees and Shrubs

Please turn to page 2-A where we list items that will protect your shrubs and plants from dogs, rabbits, insects and diseases.

DROUGHT RESISTANT Chinese Elm Hedge →

S1078—These are the same as regular Chinese Elm except that they are heavily branched from the ground up and grown especially for anyone wishing a thick hedge or an effective windbreak. For a hedge set the plants 3 to 4 ft. apart; for windbreaks 5 to 6 ft. Do not confuse our plants with seedlings that are offered at low prices, as the ones we offer will give you results at once, while seedlings require 3 to 4 years. **Strong 2-yr. 18-24 in. plants: 3 for \$1.35; doz. \$3.75.**

S1275—BLUE LEAF ARCTIC WILLOW

S1161—REGEL PRIVET

Regel or Fern Privet

S1161—A very hardy type abundantly supplied with dark green shiny foliage. Grows very dense, the branches grow horizontally, giving the shrub a very graceful appearance. One of our best shrubs for planting in front of taller shrubs, foundations, and entrances. **Strong 2-yr. plants: 3 for \$1.50; 10 for \$4.50.**

Jung's Select Evergreens

Pyramidal Arborvitae

S1091—This is the most popular and widely planted arborvitae as it grows upright and can be used in so many places, it has been selected for its rich green color and slender, erect form of growth. Will grow to a height of 15 to 20 ft. but can be kept lower and compact by trimming. **Select 12-15 in. specimens: Each \$1.75; 3 for \$4.85; 12 for \$16.95.**

Globe Arborvitae

S1092—An unusually hardy low or globe arborvitae useful for planting on each side of entrances or wherever a low growing evergreen may be required. Can be kept trimmed to any height or shape desired. The foliage is dark green, very thick and heavy. **Select 9-12 in. specimens: Each \$1.50; 3 for \$4.00; 12 for \$13.75.**

Pfitzer Juniper

S1090—A low growing dark green variety ideal for planting in front of tall evergreens or shrubs, at corners of lots, rock gardens, etc. Will grow 4 to 5 ft. spread but may be kept trimmed as desired. **Select 12-15 in. specimens: Each \$1.75; 3 for \$4.95; 12 for \$17.25.**

Black Hills Spruce

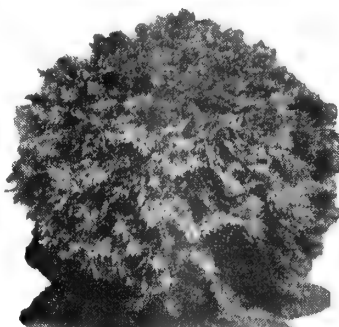

S1094—A very popular widely planted variety noted for its hardiness and drought resistance. Grows a very dense well shaped tree and is well suited for planting on the lawn, as a windbreak or wherever a large tree can be used. **Select 12-15 in. trees: Each \$1.65; 3 for \$4.50; 12 for \$15.75.**

Colorado Spruce

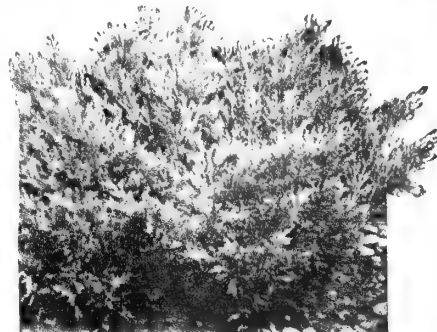

S1093—The most popular and beautiful of all evergreens, very hardy and drought resistant. These handsome silvery-green trees grow to a height of 30 to 40 ft. Growth is compact and always perfect in shape. **Select 12-15 in. specimen trees: Each \$1.75; 3 for \$4.95; 12 for \$16.25.**

Protect Your Evergreens

For dogs and rodents use "RIDZ" or "ALL PURPOSE"
For mites, red spider and insects use "All Purpose Insecticide."
See page 2-A

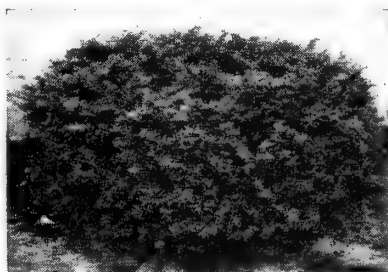

S1092—GLOBE ARBORVITAE

S1090—PFITZER JUNIPER

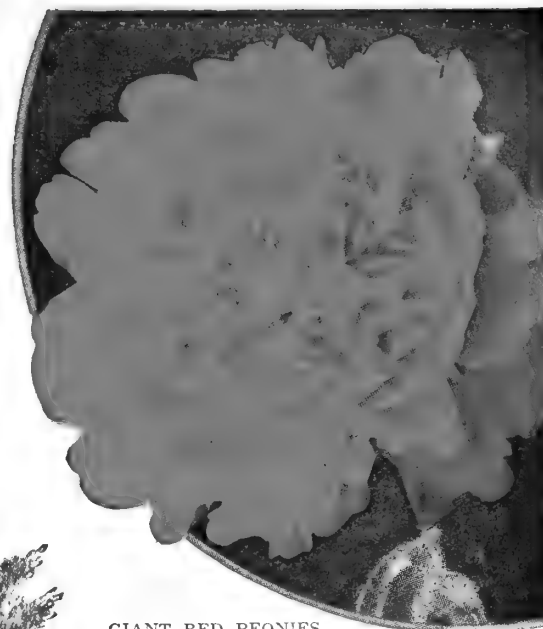

S1093—COLORADO SPRUCE

S1099—SPREADING YEW

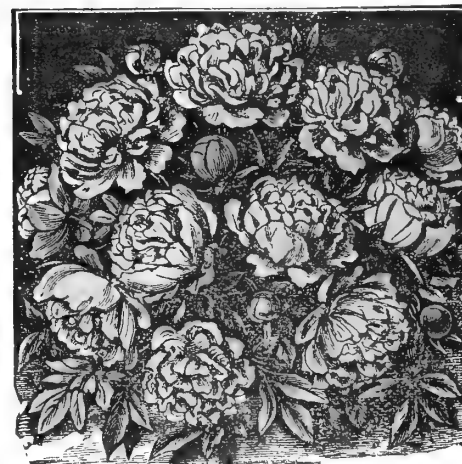

S1092—UPRIGHT YEW

GIANT RED PEONIES

Jung's Giant Red Peony

P1790—If you can have but one Peony plant, let it be this grand variety. Flowers are very large, fully double and bright live red with no trace of purple. Very free flowering and if cut when in bud will last a week or more indoors. A plant of this fine peony when in full bloom will make a grand sight on your lawn or in your garden. **Strong 3 to 5 eye plants. Each 70c; 3 for \$2.00.**

P1787—SOLANGE PEONY

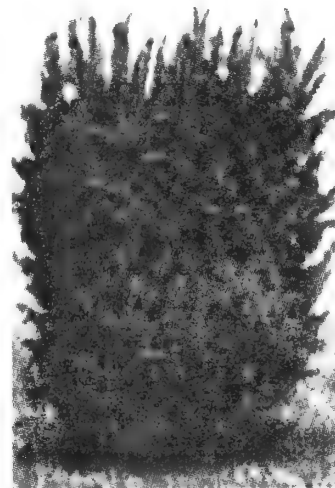

"SOLANGE" The Regal Beauty

P1787—Its high rating of 9.8 should convince every flower lover that Solange is a choice Peony. The flowers are truly giant in size, often 6 to 7 in. across, double rose type and are borne so profusely that a plant in full bloom is covered with flowers. Flowers are a delicate soft cream. A rare beauty and the nearest "yellow" Peony to be had. **Strong plants: Each 80c; 3 for \$2.25.**

PEONY OFFER NO. 3—One select plant of the above 2 Grand Peonies for \$1.40.

PLEASE NOTE

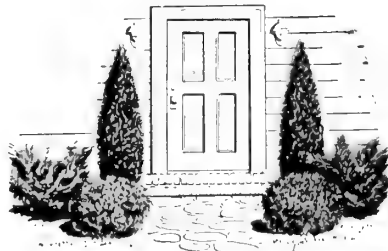

Iris and Peonies do best when set out in late summer or early fall. We do not send out these items in the spring.

S1089—HICK'S YEW

PLEASE NOTE

The Evergreens we send out are not seedlings but are select field grown plants that have been transplanted 2 and 3 times and are well supplied with an abundance of roots. We send out only young vigorous stock that will soon grow into fine specimens. We send these out at the proper time for planting, both tops and roots are especially treated and will be packed in a special moss that keeps the roots moist.

Front Entrance EVERGREEN PLANTING

2 Pyramidal Arborvitae . . . 12-15 in.
2 Pfitzer Juniper . . . 12-15 in.
2 Globe Arborvitae . . . 9-12 in.
Above Six Select Evergreens
for \$7.75.

Japanese Yews or Taxus

Yews or Taxus are becoming more popular every year as they are so well suited for the low modern homes. The beautiful dense foliage of needles are flat, waxy or glossy and are easy to trim and may be pruned to any desired shape.

Rarely bothered by insects or disease, they will thrive in either sunlight or shade.

S1099 — SPREADING YEW (*Taxus cuspidata*)—Growth very much like Pfitzer Juniper being spreading in growth but the shiny, glossy foliage is deep green. Very desirable for north side foundation plantings or in front of taller evergreens, either in sun or shade. **5 yr. 8-10 inch transplants: Each \$1.40; 3 for \$3.75.**

S1098—UPRIGHT YEW (*Taxus capitata*)—A true aristocrat as it grows very shapely and is dark, glossy green. Very popular for foundation groups, formal gardens and landscaping. Does well in sun or shade and can be kept trimmed to any desired shape and be kept pruned to any desired height. **5 yr. 8-10 inch transplants: Each \$1.45; 3 for \$3.90.**

S1098—HICKS YEW (*Taxus media*)—Grows upright or columnar and may be trimmed to either upright or pyramidal shape. Foliage is glossy dark green, usually thick and attractive. Resists heat and drought and may be planted in shade or sun. **5 yr. 8-10 inch transplants: Each \$1.45; 3 for \$4.00.**

Ornamental and Shade Trees

The Beautiful White Birch

S1280—White Birch are a very hardy tree and will grow to a height of 25 to 30 ft. and are especially attractive if 3 or 4 trees are planted in a triangle or square shape; planting the trees 10 to 12 in. apart. After they are planted a few years the bark will turn white and remain that way throughout the year. You will be delighted to have a few of these trees on your lawn. 3 to 4 ft. trees: Each 95c; 3 for \$2.50; 6 for \$4.50 postpaid.

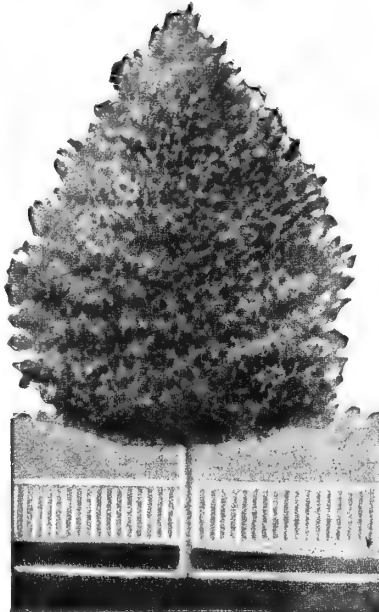

S1054—AMERICAN ASH

American or Green Ash

Fast Growing. Hardy as an Oak. No Insects or Disease.

S1054—One of the most dependable shade and windbreak trees. It is a fast grower, long lived, very rugged and drought resistant, will grow in a wide variety of soil conditions. Grows rapidly and makes a well shaped tree without any trimming. Well suited for lawn, street or windbreaks. Heavy 4 to 5 ft. trees: 3 for \$2.95; 12 for \$9.25; 50 for \$29.50 delivered prepaid to you.

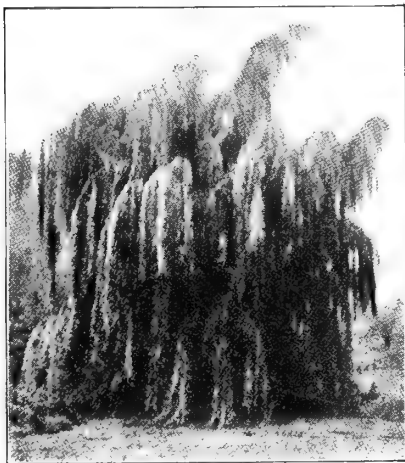

NORWAY MAPLE

Norway Maple

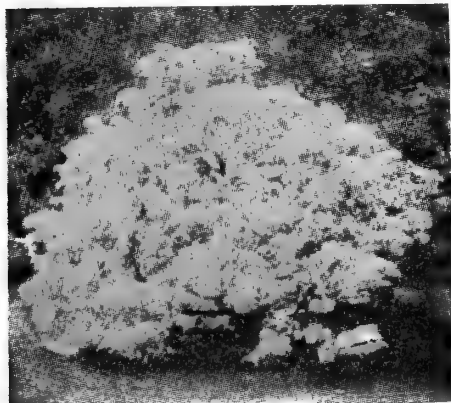

S1137—(*Acer platanoides*)—A fine and very popular Maple, medium rapid growth and one of America's most loved trees. Grows very symmetrical from the start, always shapely and requires no pruning. Densely covered with dark green leaves in the summer and turn yellow and orange in the fall. A long-lived tree well suited for street or lawn planting. 2 yr. 3-4 ft.: Each \$1.35; 3 for \$3.50 postpaid.

Weeping Willow

S1277—A graceful tree that grows to large size, is very hardy and will grow in either moist or dry ground; is also a rapid grower. The long, slender drooping branches are well supplied with narrow green leaves. The bright golden yellow bark is very effective in landscape even when not in leaf. 3-4 ft. tree: Each 85c; 3 for \$2.25 postpaid.

S1277—WEEPING WILLOW

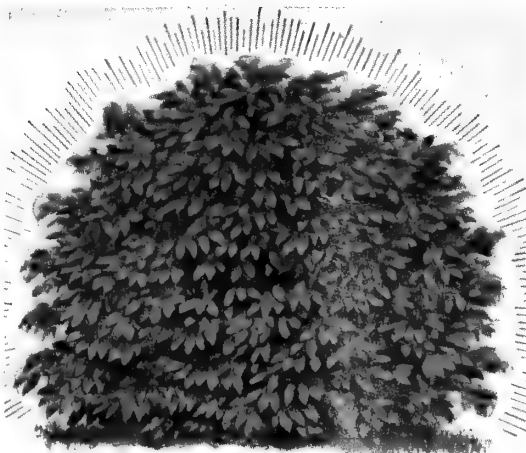

S1106—GOLDEN ELDER

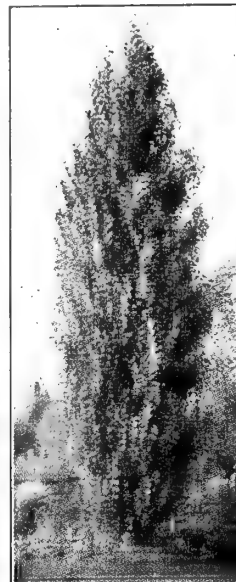

Burning Bush →

Absolutely Hardy. No Insects or Disease. Interesting the Year Around. A Traffic Stopper for Beauty.

S1083 — (*Euonymus Alatus Compacta*) — A grand hardy shrub which you will admire in spring, summer and fall. Yellow flowers in spring, rich green foliage in summer and bright rosy red in fall, the flaming copper-red of the foliage makes the shrub appear as though it were on fire. Makes a grand show planted on your lawn, at the corners of your home or mixed with other shrubs. Grows 4 to 5 ft. tall and requires little pruning. We have some extra sturdy 5-yr. heavily rooted plants, 12-18 in. plants: Each \$1.75; 3 for \$4.50.

S1083—BURNING BUSH

S1139—BOLLEANA POPLAR

Silver Leaved Bolleana Poplar

S1139—A popular and beautiful landscape tree that resembles the Lombardy Poplar in shape but is much hardier and longer lived. Has beautiful deeply lobed foliage which have a silver facing that gives them a beautiful silver-green flash in the breezes. Widely used for street as well as for screen and back-ground planting. Select 3 to 4 ft. trees: 3 for \$2.50; 10 for 7.25 postpaid.

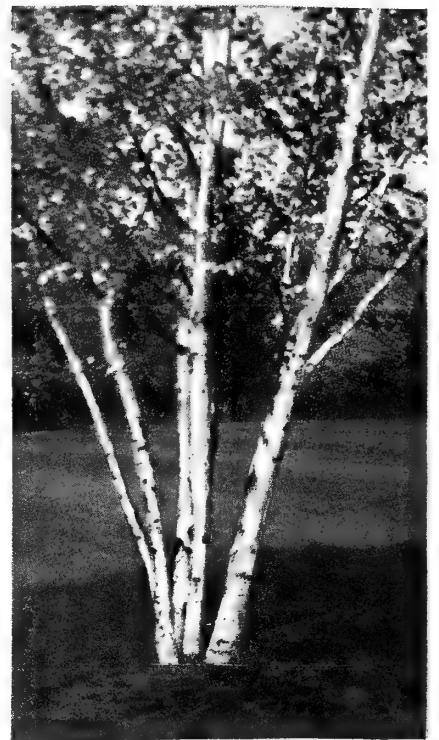

S1146—Select 5 to 6 ft. trees: 3 for \$3.50; 10 for \$9.50 postpaid.

Mountain Ash

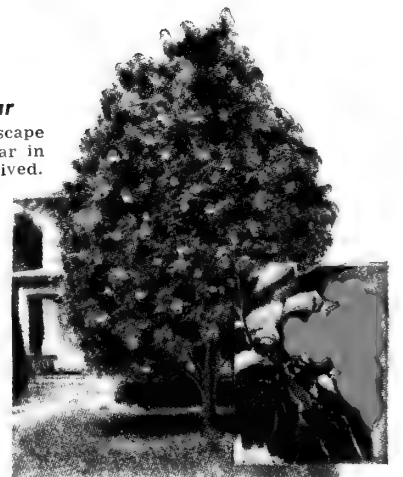

A hardy, medium-sized tree for unusual beauty with graceful fern-like foliage. The clusters of white flowers in the spring are followed by large clusters of bright showy red berries.

Foliage turns to beautiful orange and red in the fall. An unusually fine ornamental and shade tree. S1147—Select 3 to 4 ft. trees: Each \$1.00; 3 for \$2.95; postpaid.

S1148—Select 5 to 6 ft. trees: Each \$2.25; 3 for \$6.00 postpaid.

WHITE BIRCH

S1147—MOUNTAIN ASH

Colorful Decorative Shrubs

← Golden Elder

S1106—A valuable plant for producing contrast if planted with other shrubs as it has bright golden foliage but should have full sun for best effect. Grows rapidly on most any soil and can be pruned to form a neat compact bush. One of our best golden leaved shrubs. Extra strong 2-yr.: Each 75c; 3 for \$2.25.

New Pyramidal Flowering Crab

S1119 — A new and unusual flowering tree of rare beauty and which is sure to attract attention. Grows upright like a Lombardy Poplar and when in full bloom are a solid mass of color. Foliage is reddish all summer turning red and scarlet in the fall and makes a striking appearance all season. Select 2 to 3 ft. trees: Each \$1.95; 3 for \$5.25 postpaid.

Big Dividends

Trees and Shrubs increase in value as they grow up which is not true of most things you purchase. They not only add beauty to your home but increase the value of your property far more than the cost of the planting.

S1119—PYR. FLOWERING CRAB

Jung's Select Lawn Grass

Not many things add more to the value of a home than a good lawn and one of the major items in preparing a lawn is to sow the best seed obtainable for without good seed the best soil and preparation will not give you a good lawn.

You can buy Jung's Lawn Grass with the assurance that you are getting grass seed of top quality, seed that is high in purity and germination, and free from weed seeds, we use only first class seed in making up our lawn grass mixtures, no chaff or pasture grasses such as timothy.

Jung's Fairfield Special Lawn Grass

Always Grows, Always Thrives, Hardy Deep Velvety Green, Sure to Please. Made up of Top Quality Grass Seed, the Best Obtainable.

G255—Our mixture combines the very best varieties of grasses suitable for the purpose of making a lawn beautiful in appearance, durable and lasting, deep green at all seasons. The seed used is **PURE AND HEAVY**, and is especially cleaned. This mixture weighs from 25 to 27 pounds per bushel, is of strong vitality and makes a quick healthy growth. One pound of our seed weighs as much as two quarts of other seedmen's brands. It contains the right quantity of White Clover but no Timothy or other cheaper grass seed. Nothing better to be had. Lb. 95c; 5 lbs. \$4.50; 10 lbs. \$8.50. Not prepaid; 25 lbs. \$18.50; 50 lbs. \$33.75.

Merion Kentucky Bluegrass

G257—This outstanding new lawn grass, produces a thick, deep turf that feels like a rug and grows so dense that it will crowd out most weeds. As it spreads from roots and stools not so much seed is required. 1½ lbs. per 1,000 square feet is sufficient. ½ lb. \$1.50; lb. \$2.75; 5 lbs. \$13.25.

Jung's Shady Spot Lawn Grass

G256—This is a mixture carefully prepared for sowing under large trees and other heavily shaded places where ordinary grass will not thrive. Lb. \$1.00; 5 lbs. \$4.50.

Kentucky Bluegrass

G259—The most widely used grass for lawns as it makes a luxuriant deep green growth and lasts for years. One of the hardiest and long-lived grasses. We offer only top quality seed. Lb. 90c; 5 lbs. \$4.25.

Fancy Wisconsin White Clover

G258—For some lawns, especially in poor clay soil, it is advisable to use White Clover liberally. For renovating old lawns it is especially valuable as it takes hold where other grasses fail. Fancy Seed. ¼ lb. 45c; ½ lb. 65c; lb. \$1.20; 5 lbs. \$5.25.

Weedone Crabgrass & Chickweed Killer

M50—This is a new and more effective crab-grass and chickweed killer. On our own premises it proved out to be one of the best remedies for these troublesome weeds. It will also rid your lawn of all broad leaf weeds like dandelions, plantain, purslane, thistles, etc., without killing the grass or clover. Usually one or two applications will clean up your lawn, easy to apply and not dangerous. 6½ oz. can (enough for an ordinary lawn) \$1.25; 26 oz. can \$3.75.

V. Fidler, Wis.—Am more than satisfied with your Lawn Grass, so many people ask me where I purchased my seed.

Mrs. Alfred Palmer, Wis.—Have always had wonderful luck with Jung's plants and seeds.

CHRISTMAS KOCHIA The Annual Hedge

A Beautiful Hedge in 60 Days from Seed. Very Symmetrical and Uniform No Insects or Disease. Grow a Beautiful Hedge 3 ft. Tall from Seed Sown in the Spring.

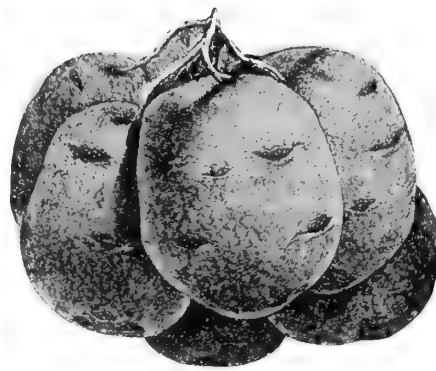

F605—Sow the seed thinly early in the spring and in 6 to 8 weeks you will have a beautiful hedge. Will grow to a height of 3 to 4 ft. and will be very dense and symmetrical from the start. Plants are a rich green until frost, after which they turn to a rosy claret red. Easy to grow and not bothered by insects Pkt. 10c; ¼ oz. 25c.

CHRISTMAS KOCHIA

Mrs. Alb. Reichley, Ohio—Your seeds are wonderful, had a grand garden and such beautiful flowers.

Mrs. A. Jurecki, Wis.—We never have to do any re-planting when we plant Jung's seeds.

G357—RED LA SODA

G357—RED LA SODA—An excellent mid-season potato that makes a heavy yield of high quality tubers. Tubers are almost round with shallow eyes and attractive red in color. Flesh is pure white and cooks up dry and mealy. One of the best main-crop potatoes for size, yield and quality. 100 for \$1.70; 200 for \$3.25 postpaid.

Russet Sebago

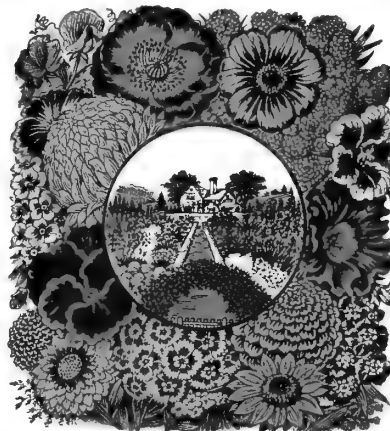

G356—This superb main-crop Potato is highly resistant to both scab and blight and will produce a fine crop where other varieties would be a failure. Size and shape of tubers is very much like Chippewa being white, thin skinned, and having a few shallow eyes.

It is a very vigorous grower and as the plants set many tubers should be planted quite early and also on good rich soil. These can be grown from hand cut eyes just as well as whole potatoes, full instructions on how they should be planted will be sent with each order. 100 for \$1.65; 200 for \$2.95, postpaid

G356—RUSSET SEBAGO

Ted E. Hamilton, Wash.—Your potato eyes produced potatoes weighing 1 lb. which we think very good.

F792—RAINBOW FLOWER GARDEN

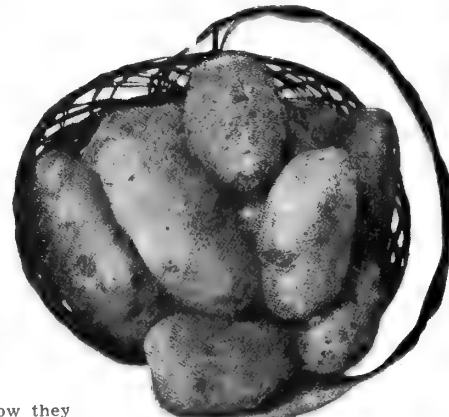

Rainbow Flower Garden

A Whole Flower Garden in a Packet.
A Mass of Flowers from Early Summer till Frost.

F792—Much time and care was taken in preparing the formula of this gorgeous flower mixture. It is made up of flowers suitable for bedding and bouquets, something that will be in flower from early summer until frosts. A bed or row of these flowers will be a bright spot in your garden all summer and also supply many beautiful bouquets. The grand flowers it will produce will please and delight you beyond your fondest hopes. A pkt. contains sufficient seed to sow a row 30 to 40 ft. long. Pkt. 10c; ¼ oz. 20c; oz. 60c.

Jung's Northern Grown POTATO EYES

Many of our customers who wish to get some of our pure bred seed potatoes but do not feel like paying the express or freight charges on a small quantity can now try them out at small expense by planting our select Potato eyes. These eyes are cut from selected potatoes, and we guarantee them to reach you in good condition. In this way you can try our potatoes at very small expense as we pay all postage charges. We can supply our select hand cut eyes of the varieties listed below. No less than 100 eyes of any one variety. State when you wish same shipped.

G358—RUSHMORE

G358 — Rushmore — A new, very early, long white potato which in many ways resembles the popular Russet Burbank but matures early. Well suited for either boiling or baking. If you wish to grow a crop of large potatoes we know you will like Rushmore. Very scarce so order early. 100 for \$1.75; 200 for \$3.25 postpaid.

NOTE — No orders for potato eyes can be accepted from states west of the Rocky Mountains.

GLADIOLI BULBLETS

A Grand Assortment of Gladioli at Small Cost.

B1500—Anyone wishing to have a large assortment of Gladioli at little expense can do so by planting bulblets. Usually it takes two years to produce a blooming size bulb but by planting the bulblets early many will bloom the first year. The bulblets we offer are a select mixture and you will be delighted with the fine flowers and different colors you will have from them. Full instructions on every packet. Pkt. (150 bulblets) 15c; 2 pkts. 25c.

C129—CONTENDER BUSH BEANS

Jung's Garden Specialties

On this page we list vegetables especially suited for the small gardens where space is limited. They are dwarf and compact in growth and do not require as much space as many other varieties. While they are smaller in growth they will produce remarkable crops of high quality vegetables and are highly recommended for the large as well as small gardens.

Baby or Canning Beet "BEST OF ALL"

Unexcelled for Home or Market Gardens. Deep Red Throughout. No Light Zones.

G105—A new beet that will please the most critical planter. Ready to use in 50 to 55 days. Beets are deep red in color with no white rings, or zones, globe-shaped and very tender and sweet. A splendid variety for pickling, bunching or canning as they are always smooth and uniform. We consider this one of the finest Beets for either the home or market garden. Pkt. 12c; oz. 35c; ¼ lb. 75c; lb. \$1.95.

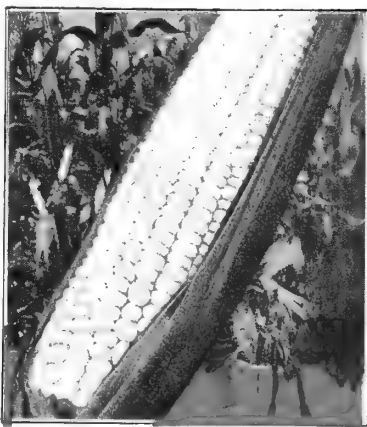

G105—BEST OF ALL BEETS

Contender Bush Bean

G129—A new extra early green pod bush bean that will give you a crop of top quality beans even under adverse conditions. The vigorous plants bear a heavy crop of pods, 6 to 7 in. long, round, deep green, free from strings and fibre and of superb flavor. Top quality for canning, freezing and table use. Pkt. 12c; ½ pt. 40c; pt. 65c; qt. \$1.25.

You will get pleasure and profit from a well tended garden and there is no comparison between "garden fresh" vegetables and those purchased on the market. Detailed information on gardening will be found in our booklet "How to grow the Finest Vegetables and Most Beautiful Flowers." A copy will be sent free, when requested, with every order of \$1.00 or more.

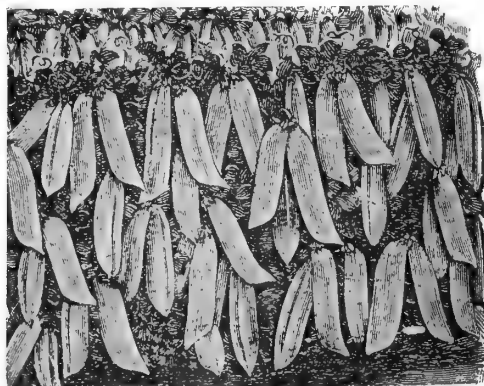

G434—JUNG'S HONEY CREAM

—TENDERCORE CARROT

Tendercore Carrot

Handsome Appearance. Superb Quality. G185—A superb new Carrot combining the fine qualities of its parents Nantes and Chantenay. They grow 5 to 6 in. long, about 2 in. in diameter at the shoulder and taper slightly to a blunt point. A highly attractive carrot and of excellent quality with practically no core; intense orange-red flesh, very crisp, tender and of Superb flavor. Pkt. 15c; ½ oz. 30c; oz. 50c; ¼ lb. \$1.25.

G332—EARLY BIRD PEAS

Jung's Extra Early Honey Cream Sweet Corn

Dwarf in Growth, Requires Little Space, Deliciously Sweet and Tender.

G434—(60 Day)—Until you grow some of this superb Sweet corn you have not tasted really delicious sweet corn. It is by far the most tender and delicious variety and does not become tough and "mealy" like most varieties. It is very early, (60 days) the stalks are dwarf and can be planted closer than larger varieties so is well suited for small gardens. The ears are 6 to 7 in. long and have 10 to 12 rows of silvery white kernels that have practically no skin or hull. The quality is superb, very tender, unusually sweet and of delicious flavor. One of the best varieties for canning, freezing or fresh table use. Pkt. 15c; ½ pt. 40c; pt. 75c; qt. \$1.25.

Mrs. Martha Hinstead, Pa.—Planted some of your Honey Cream Sweet Corn last year, proved the sweetest and best we have ever grown.

Extra Early Dwarf Peas

G332—EARLY BIRD or SUPERB—(61 Day)—A very fine extra early Pea as early as Alaska with pods one-fourth larger and of much better quality. Vines dwarf in growth, very robust and productive. Pods contain 9 to 10 peas of fine quality. As the seed is semi-wrinkled it can be sown as early in the spring as the soil can be worked. Pkt. 12c; ½ pt. 40c; pt. 70c; qt. \$1.10.

Dwarf or Bush Muskmelon

The Melon for Small Gardens. Requires Little Space.

G267—The vineless character of growth or "bush habit" of this fine melon is a distinct advantage as it can be grown even in small gardens where room is limited. The plants are very sturdy and vigorous, growing 18 to 24 inches long. The fruits average 4 to 5 inches in diameter and are produced in abundance. The flesh is very deep, edible to the rind, light green in color, lusciously sweet and juicy and of most gratifying flavor. Pkt. 15c; 2 pkts. 25c.

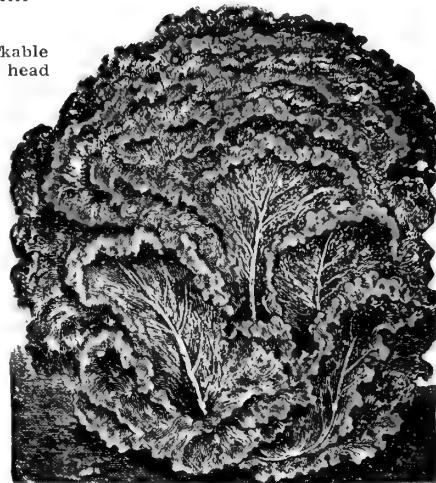

New "WISCONSIN CHIEF" Tomato

Compact Plant, Requires Little Space. Large Smooth Red Fruit. Heavy Yields.

G471—This fine new tomato is outstanding for its ability to produce a uniformly heavy first set of fruit, with heavy later clusters over a long period. The large bright red tomatoes are also noted for their smoothness, and they are selected for firmness, meatiness and freedom from fiber. The fruit shape is a slightly flattened globe, and they resist scarring and cracking. The vines are semi-dwarf to allow closer planting, and the abundant foliage protects the fruit from sun scald. This tomato was developed by Dr. Gabelman of the University of Wisconsin, and we think it will prove to be one of our leading home garden varieties. Pkt. 15c; ½ oz. 60c; oz. \$1.00.

Jung's All Cream Lettuce

G246—This remarkable Lettuce does not make a large loose bunch of leaves of superlative fine quality. The leaves grow upright, the upper part of the outer leaves turning outward very gracefully and are handsomely wrinkled. The inside leaves are almost white and wonderfully crisp and tender. It grows quickly, is ready for use early and remains for weeks. It is the cream of all sorts and should be grown in every garden. Pkt. 12c; ½ oz. 30c; oz. 50c; ¼ lb. 95c.

G246—JUNG'S ALL CREAM LETTUCE

L. J. Rogers, Ill.—We like your All Cream Lettuce and Rapid Red Radish very much. We're surprised how soon the radishes are ready to eat and the lettuce does not become bitter.

Jung's Rapid Red Radish

G380—(22 Day)—Our special strain of high quality maturing Radishes having been grown in the short period of 20 days. Its attractive color and small tops make it especially desirable for forcing, very uniform in size, shape and appearance. The flesh is pure white, mild, crisp and tender. If you wish to be first on the market with Radishes that will command fancy prices then plant "Rapid Reds." Pkt. 12c; oz. 30c; ¼ lb. 60c; lb. \$1.50; 5 lbs. \$6.00.

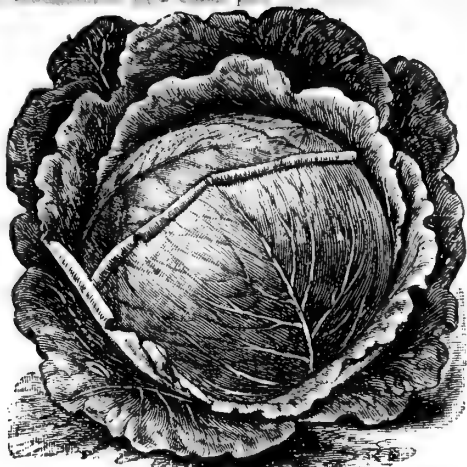

G380—RAPID RED

G267—BUSH MUSKMELON

G471—WISCONSIN CHIEF

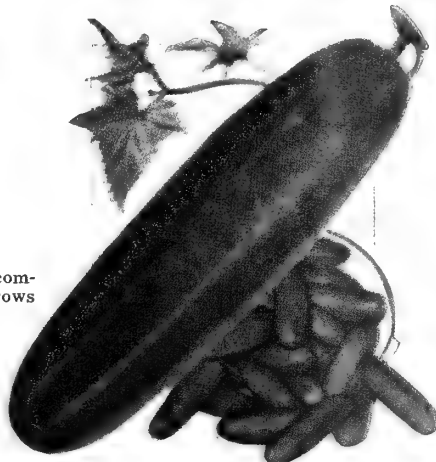

G172—WISCONSIN BALLHEAD

Markateer Cucumber

All America Medal. Long Deep Green Fruits.
Heavy Yields, Strong Vigorous Vines.

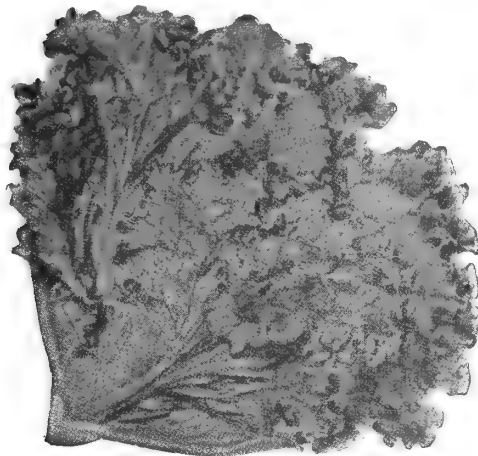

G219—(65 Day)—A recent introduction and rapidly becoming one of the most widely grown slicing varieties. Grows a very vigorous vine which bears a heavy crop of the long deep green fruits. Fruits are 8 to 10 in. long and 2½ in. in diameter, very uniform in shape. Flesh white, crisp and very small seed cavity. Its heavy yield of long, slim, deep green fruits make it one of the very best cucumbers for either market or home garden. Pkt. 15c; oz. 35c; ¼ lb. 75c; lb. \$2.40.

G219—MARKATEER CUCUMBER

Mrs. Frank Shaw, Ill.—Have planted your Way-ahead Tomato for years, it is so wonderfully early.

C. W. Josephs, Wis.—From six plants of your Wayahead Tomato I picked over 100 lbs. of fruit.

G251—NEW RUBY LETTUCE

New Ruby Lettuce

G251—An "All America" Medal Winner. Similar in many ways to our famous "All Cream" except that the entire leaf is the attractive pink-red color. Leaves are finely frilled and savoyed, deliciously crisp and tender and will stand for a long time before bolting to seed. By cutting the young leaves as soon as ready they keep on producing from the same plant for 3 to 4 weeks. Pkt. 15c; ½ oz. 35c; oz. 60c.

Harvest Queen Muskmelon

G277—(88 Day)—A new variety which can well be placed at the top of the list for quality. Compared to Iroquois they mature a few days later but are fully 25 per cent larger. The rind has a coarse heavy netting which turns a light lemon yellow when the melons ripen. Flesh is very thick, deep salmon in color, fine grained and of the highest quality for flavor and sweetness. An ideal melon for fruit stands, your customers will prefer it to all others. Pkt. 15c; oz. 40c; ¼ lb. \$1.10; lb. \$2.75.

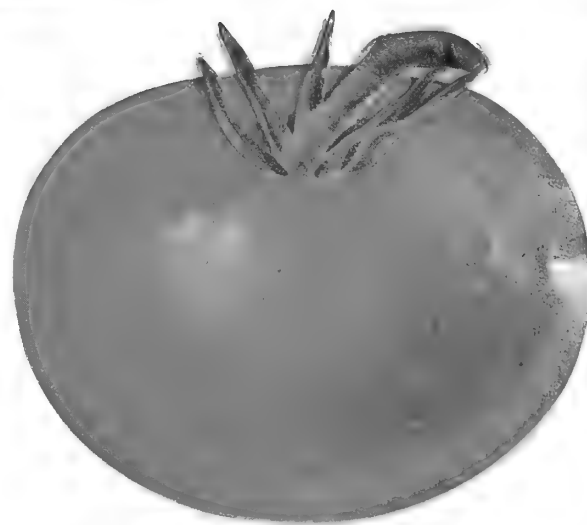

Extra Early Watermelon "Rhode Island Red"

Extra Early. Superb Quality. Attractive Appearance.

G491—(88 Day)—Delicious sweetness, delightful flavor, earliness and ideal size are combined in this outstanding melon developed by Dr. Dolan of Rhode Island. It is the result of a cross between Dixie Queen and Honey Cream, very early and highly productive. Melons are striped, medium size (8 to 12 lbs.) and have a firm rind. Flesh bright red, free from stringiness with few seeds. Probably the sweetest and best extra early watermelon. Pkt. 15c; oz. 40c; ¼ lb. 85c; lb. \$2.25.

Butternut Squash

G408—Rapidly becoming one of the most popular fall and winter squash as the vigorous vines produce a heavy crop of fruits well suited for boiling, baking or pies. The fruits are creamy white, 10 to 12 in. long, pear shaped and 4 to 5 in. in diameter. Seed cavity is at blossom end and very small so most of the fruit is solid flesh. Flesh is a deep yellow, with sweet nutty flavor and of excellent quality. A good keeper. Pkt. 15c; oz. 35c; ¼ lb. 80c; lb. \$2.50.

G466—JUNG'S IMPROVED WAYAHEAD

JUNG'S
IMPROVED

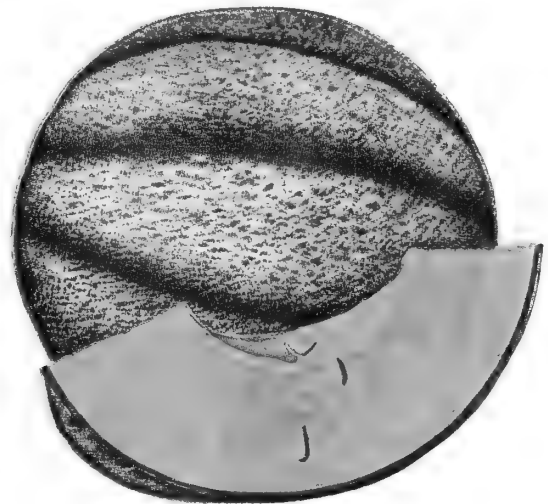

Wayahead OUR EARLIEST OF
ALL TOMATOES

First to Produce Ripe Tomatoes. Good Sized Fruit. Smooth and Solid. Bright Red Color. Fine Quality.

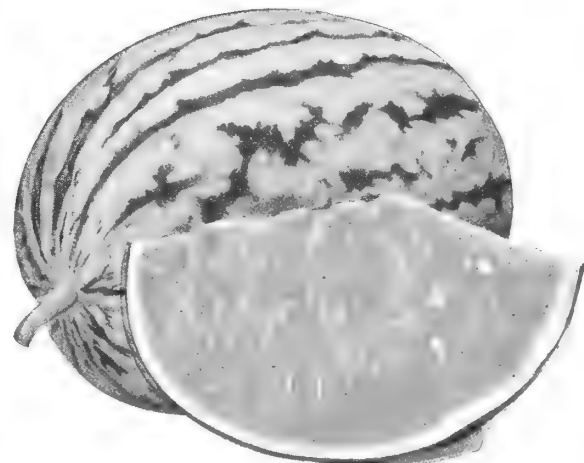

G466—(63 day)—As its name indicates it is way ahead when it comes to early ripening of fruit, even ahead of our famous John Baer and Earliana. We know this is a strong claim to make but it is an actual fact and we know that after you give it a trial you will be more than satisfied. The fruits are of good size, bright scarlet color, almost round, very smooth and remarkably handsome in appearance. The flesh is solid and of the finest flavor. Although it is the first to ripen, vines continue bearing for a very long time. Every tomato grower knows that the first tomatoes always bring a big price and we are confident that this variety will more than please everyone who plants it. Our strain of this tomato has all been grown from single plant selections and is highly improved. Pkt. 15c; 2 pkts 25c; ½ oz. 60c; oz. \$1.00.

JUNG'S SUPER SELECT WAYAHEAD TOMATO

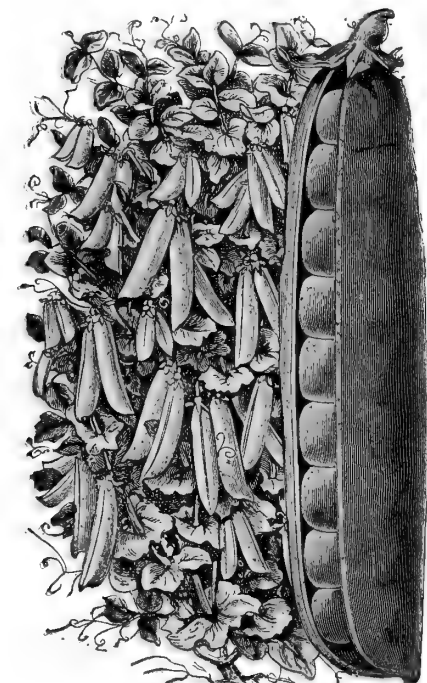

G467—Many planters want Super Select or stock seed tomato even though the price is high. To supply this demand we offer you seed saved from the most select plants and first or crown-set fruits. Price of this super-select seed: Pkt. 25c; ¼ oz. \$1.00; ½ oz. \$1.75; oz. \$3.25.

G277—HARVEST QUEEN

G491—RHODE ISLAND RED

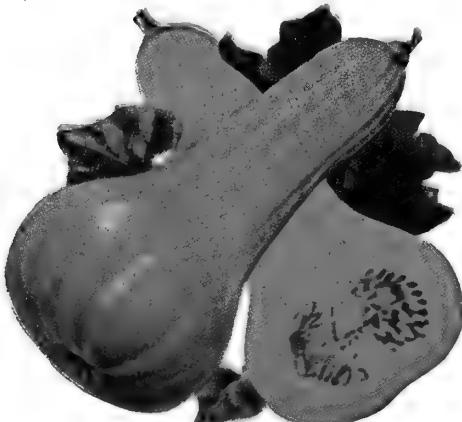

G337—WANDO PEAS

NEW WANDO PEAS

Resistant to Heat and Drought

G337—(70 Day)—Will succeed under heat and drought conditions where other varieties fail. Well suited for late planting. If conditions are favorable it will do exceedingly well while if it is hot and dry it will give you excellent peas. Vines grow to a medium height and bear an abundant crop of pods 3½ to 4 in. long which contain 7 to 9 peas. Very sweet and tender and well suited for freezing. Pkt. 12c; ½ pt. 45c; pt. 75c; qt. \$1.25.

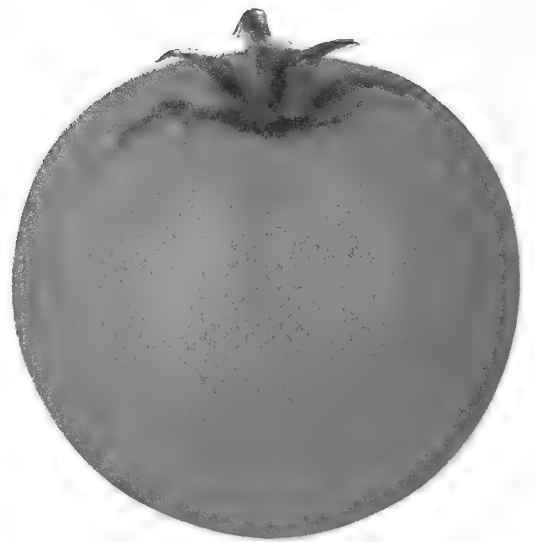

G408—BUTTERNUT SQUASH

Jung's Garden Specialties

The New Vitamin-Rich Tomato "CARO-RED"

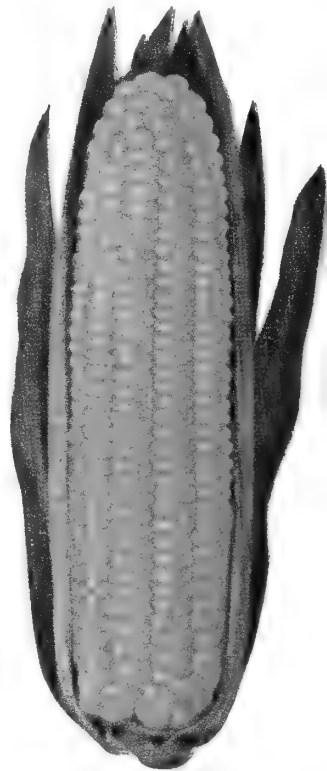

G451—A new tomato from the Ind. Agr. Seed Improvement Assn. which produces fruit containing almost ten times as much provitamin A as standard varieties. Fruits are large in size, very smooth, globe shaped and a rich orange-red color. Flesh is solid, a pleasing red color, with a distinct flavor, very pleasing and different. Grows a very vigorous vine, ripens medium early and bears a tremendous crop. Pkt. 20c; ¼ oz. 35c; ½ oz. 65c.

G451—CARO-RED TOMATO

Wisconsin "909" Hybrid Sweet Corn

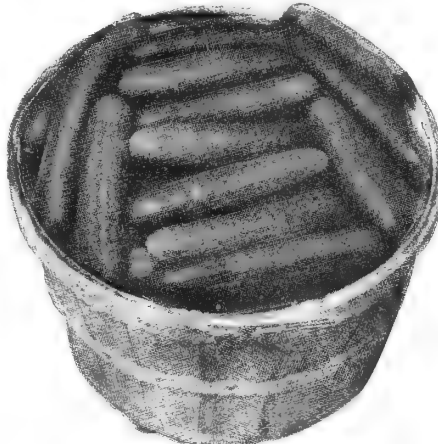

G438—(80 Day)—A new and better Hybrid Sweet Corn developed by Prof. Andrew of the Wis. College of Agriculture. We consider it one of the very best as it excels in vigor, yield and quality. Grows a vigorous stalk 5 to 6 ft. tall which often bears 2 ears to a stalk. Ears 7 to 8 in. long, 12 to 14 rows of bright golden kernels which are remarkably sweet and tender. A superb Sweet Corn for either the home or market garden and unsurpassed for using fresh, canning or freezing. Pkt. 15c; ½ pt. 45c; pt. 75c; qt. \$1.30.

WIS. 909 SWEET CORN

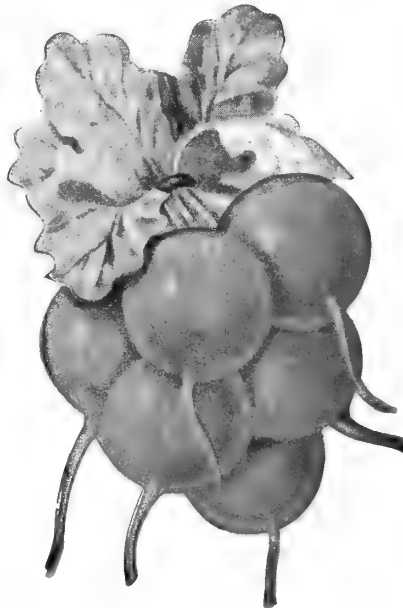

Straight Eight Cucumber Unexcelled for Shipping, Slicing or Pickling.

G220 — (68 Day) — All America Gold Medal Winner as an outstanding vegetable of the year. One of the finest shipping cucumbers as the fruit is deep green, free from objectionable light striping and is very uniform in size, usually about 8 in. long 1½ in. in diameter, well rounded but not tapered ends. Fine for either home or market garden, as it yields heavily and can be used for shipping, pickling or slicing. Pkt. 10c; oz. 35c; ¼ lb. 80c; lb. \$2.50.

G220—STRAIGHT EIGHT

Barbara Bourgeois, Mich.—All seeds you sent me turned out very satisfactory, Straight Eight Cucumber especially as they are so dark green.

G369—CHAMPION RADISH

New "CHAMPION"

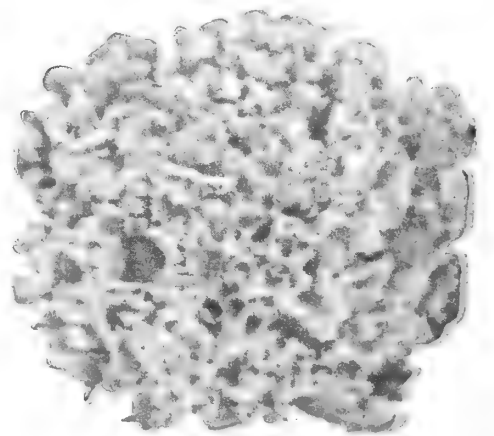

Radish

1957 "All America" Medal Winner. Brilliant Color. Super Quality. Does not Become Pithy.

G369 — A new Radish of high quality and attractive appearance. Under normal conditions they can be pulled in 25 to 28 days but will stand a longer time without becoming pithy or spongy, than any other radish as they will be crisp, juicy and tender even when they have reached a diameter of a silver dollar. The radishes are perfectly round with a small tap root and a brilliant scarlet color which does not become dull after being pulled. Pkt. 15c; oz. 35c; ¼ lb. 90c.

Mrs. Ed L. Roglinske Wis.—We like your Champion Radish as they are so crisp, tender and juicy, the best we have ever grown.

Wm. E. Johnson, Jr., Wis.—The Hybrid Sweet Corn you sent me was perfect. Every ear was well filled and fine for freezing.

G250—SALAD BOWL LETTUCE

Salad Bowl Lettuce

G250—All America Gold Medal for 1952 as one of the outstanding vegetables. A lettuce of superb quality that will give you a superb salad over a longer period of time than any other lettuce. Will not become bitter even in hot weather. Leaves are beautifully curled and very tender. If leaves are cut so as not to injure the crown it will keep on growing for many weeks. Thin out so plants will stand 8 to 10 in. apart to get best results. Pkt. 15c; ½ oz. 35c; oz. 60c.

Bush Buttercup Squash

G409—"Buttercup" is probably one of our top-quality fall and winter squash but due to its long vines is not suitable for the small garden. We now have a "bush" type of this fine squash and you can grow the finest fall and winter squash in your small gardens. Fruits are the same size and same high quality as the popular "Buttercup." Pkt. 15c; oz. 50c; ¼ lb. \$1.20.

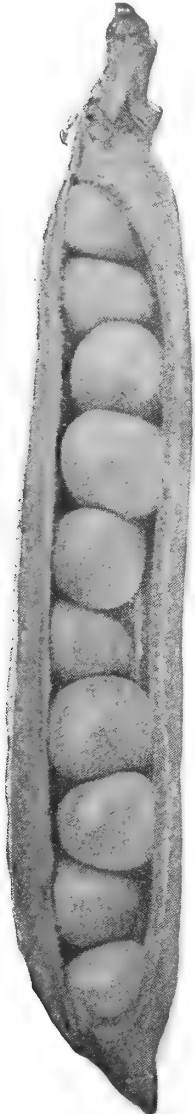

C. L. Harroun, Mich.—In spite of hot, dry weather we had lettuce all summer and fall from two sowings of your Salad Bowl Lettuce.

G132—TOPCROP BUSH BEANS

TOPCROP Green Pod Bush Beans

All America Gold Medal Winner. Superb Quality. Heavy Yields.

G132—(50 Day)—A new bush bean developed by the U. S. Dept. of Agriculture, that combines high disease resistance, excellent quality and large yields. Bushes are vigorous, 15 to 18 in. high and set a heavy crop of pods. Pods 6 to 7 inches long, round, straight meaty and free from string and fibre. Considered one of the best beans for canning, freezing or table use. Pkt. 15c; ½ pt. 45c; pt. 75c; qt. \$1.25.

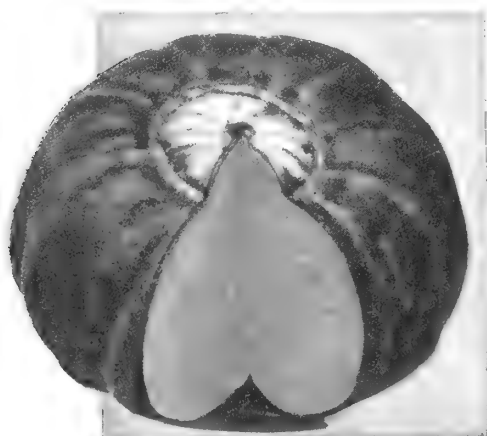

G333—TENDERSWEET

Giant Tendersweet Peas Immense Pods, Heavy Yields, Superb Quality.

G333—(74 Day)—A new main-crop Pea that is in a class by itself. Vines are strong and thrifty, 24 to 30 in. tall, require no brush and bear the giant size pods in profusion. Pods are 5 to 5½ in. in length and contain 8 to 12 large bright green peas that are very tender and of the very highest quality. We are confident you will be more than pleased with the new size, yield and quality of this splendid new Pea. Pkt. 15c; ½ pt. 40c; pt. 70c; qt. \$1.20.

Gardens Pay Dividends

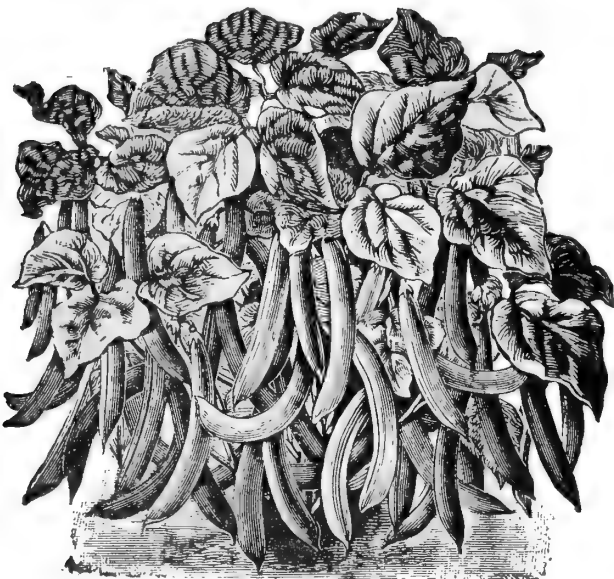

Few things give you greater returns for the time and money expended than a well tended garden. "Garden fresh" vegetables are far superior to those offered in markets as they are crisp and tender, retain all the vitamins and are not tough and stringy nor have they lost their fine flavor. How to make a garden is fully detailed in our booklet "How to Grow the Finest Vegetables and Most Beautiful Flowers;" price of this is 25c but a copy will be sent free, if requested, with every order of \$1.00 or more.

G409—BUSH BUTTERCUP

THE PRODUCTS OF JUNG'S SEEDS ARE UNEXCELLED

Jung's Quality Garden Seeds

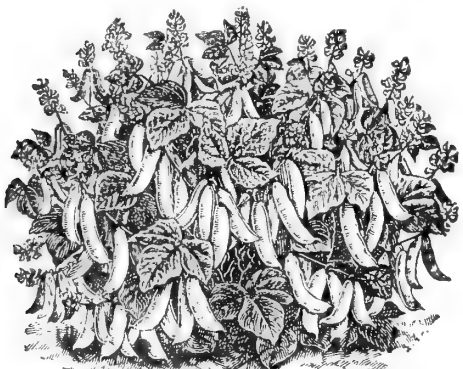

G131—GIANT TENDERGREEN

Giant Tendergreen Bush Bean

G131—(52 Day)—A new green podded bush bean, very productive. Absolutely stringless and bears heavy crops of the long handsome pods that are more tender and brittle than any other variety. The pods are 5 to 6 in. long, round and thick, very meaty, stringless, and of finest flavor. Bushes are unusually strong and vigorous. This variety easily ranks as the most desirable green bush bean. Pkt. 12c; ½ pt. 45c; pt. 75c; qt. \$1.25.

NOTE—You can grow more and better beans by treating the seed with Nod-O-Gen. See page 2-A.

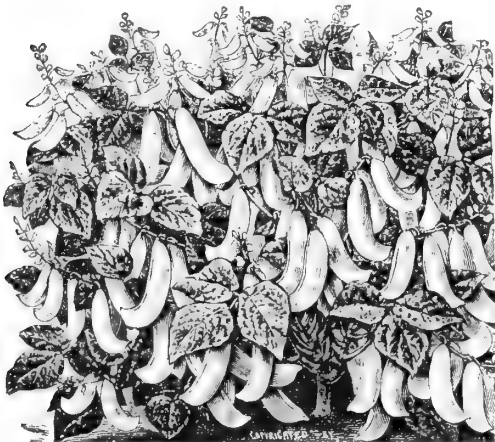

Mrs. J. W. Tramel, Tex.—All seeds you sent us grew very good, beans were the best we have ever grown. To our surprise the Lettuce produced a 2nd crop.

G140—EVERGREEN BUSH LIMA

BUSH LIMA BEANS

G140—(72 Day)—EVERGREEN BUSH LIMA—The earliest of all Lima Beans. By planting this variety gardeners in the northern states can enjoy Limas from their own gardens. It is at least two weeks earlier than any of the climbing Limas and can be had ready for use by July 20, from then until frost they will yield enormous crops of pods. Bushes grow about 18 inches high and require no stakes; so productive that a small patch will keep a family supplied throughout the season. Pkt. 10c; ½ pt. 40c; pt. 70c; qt. \$1.10.

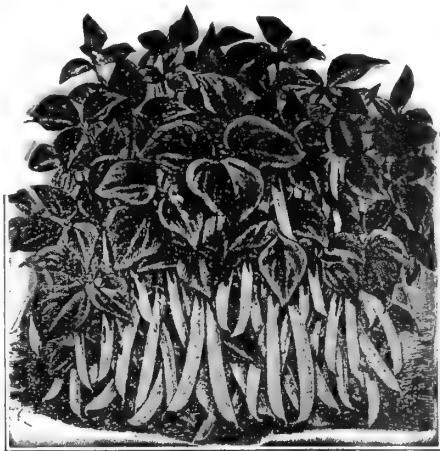

G141—FORDHOOK LIMA NO. 242

In the following pages you will find a complete but select list of both new and standard garden seeds, varieties that have been carefully tried out and which we can fully recommend. All of these seeds have been grown from carefully selected stocks and every care used to see that they are pure and of high germination. With us "QUALITY" is always the first consideration and when you compare our prices with other firms you will find them very reasonable. Always remember that from good seeds only can good crops be grown.

NOTICE

Due to unfavorable weather this past season seed beans are a critically short item. We advise ordering early and give first and second choice.

G122—PENCIL POD WAX

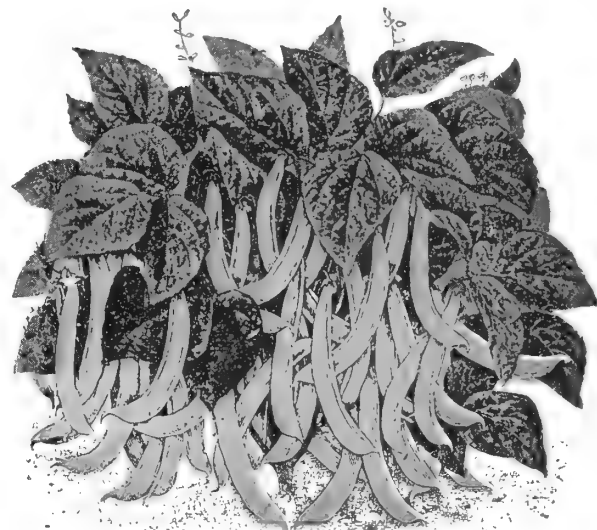

Mrs. Robert Carter, Ore.—We were more than pleased with your seeds, they all grow.

G142—WONDER BUSH LIMA

G142—(75 Day)—WONDER BUSH LIMA—A great improvement on Burpee's Bush Lima as it is earlier and more productive; the pods are borne much to the center of the plant. This is a great advantage as the pods are held up from the ground. The bushes grow 18 to 24 in. tall and require no stakes or poles. Pods are truly mammoth in size and are borne in clusters of from 5 to 8 pods and contain from 4 to 6 of the large luscious beans. There is nothing quite so delicious in the vegetable line as nice fresh Lima Beans. Pkt. 12c; ½ pt. 45c; pt. 75c; qt. \$1.20.

G141—FORDHOOK BUSH LIMA No. 242—(75 Day)—This new strain has all of the good qualities of the old variety and in addition is much more productive. Each pod contains 3 to 5 closely packed beans of superb quality. Of true bush type, the plants grow 16 to 20 in. tall, very sturdy and bear an abundant crop of the well filled pods. Pkt. 12c; ½ pt. 40c; pt. 70c; qt. \$1.20.

G120—BRITTLE WAX

Wax or Butter Bush Beans

Brittle Wax

The Earliest of ALL BUSH BEANS. Of such excellent quality that it might be termed "Best of All."

G120—(50 Day)—The plants are very hardy and vigorous, of true bush growth, about 15 inches high and heavily laden with the long straight, round and very solid pods from 5 to 7 inches long. The pods are of rich golden color, very tender and entirely free from strings at all stages of growth. It will stand longer than any other bean without becoming hard. Pkt. 15c; ½ pt. 40c; pt. 70c; qt. \$1.30.

Pencil Pod Wax Bean

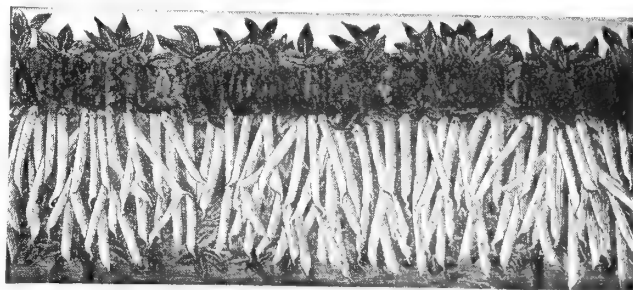

G122—(52 Day)—We consider this one of the best Wax Beans yet introduced. It is very productive and of most excellent flavor. The pods are long, straight and round like a pencil, fleshy and of a bright yellow color; tender, brittle and absolutely stringless. The plants are of true bush growth, 16 in. high with abundant foliage. The magnificent pods are from 5 to 7 inches long. Pkt. 10c; ½ pt. 40c; pt. 70c; qt. \$1.20.

G123—PUREGOLD WAX BEANS

Puregold Wax Bush Bean

Heavy Yields. Top Quality. Unsurpassed for Freezing or Canning. **G123**—A bush bean that combines vigor, yield and quality. The bushes grow 18 to 24 in. tall, are covered with heavy foliage and bear a tremendous crop of round meaty pods. Pods are 5½ to 6 in. long, a deep golden color, tender, stringless and of excellent flavor. In season it comes on when the earliest varieties are through bearing. A superb variety for freezing as the pods are fleshy, stringless and free from fibre. Pkt. 15c; ½ pt. 50c; pt. 80c; qt. \$1.40.

G138—SANILAC FIELD BEANS

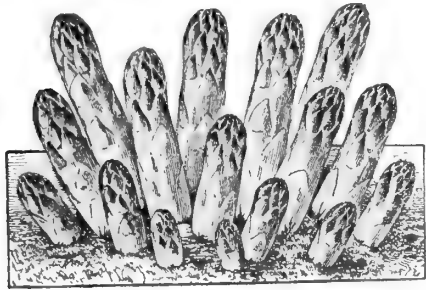

New Sanilac Field Bean

Ripens Early. Immense Yields. Handsome Appearance. Unequaled for Soups or Baking

G138—(95 Day)—A highly improved strain of white navy developed by the Mich. Agricultural Station. It is a true bush type with no runners, pods are borne high so are easy to harvest and do not discolor from pods lying on the ground. Produces heavy yields of glossy white beans that command top prices on all markets. Resistant to mosaic and bacterial wilt. Pkt. 12c; ½ pt. 40c; pt. 60c; qt. \$1.00. Not prepaid: Pk.\$2.75; bu. \$9.50; 5 bu. \$45.25.

Giant Washington Asparagus

This new Asparagus has taken the country by storm as it is rust-proof and produces bigger stalks and larger crops than any other variety.

G100—WASHINGTON ASPARAGUS

G100—This variety is the result of many years work by the U. S. Department of Agriculture and fortunate indeed is the gardener who will get started with it as it will surely displace all other varieties. The stalks grow to a very large size yet they remain so crisp and tender and they may be eaten raw. Pkt. 15c; oz. 35c; 1/4 lb. 85c; lb. \$2.75. Extra select roots: 25 for \$1.10; 50 for \$2.00; 100 for \$3.75.

BRUSSELS SPROUTS

G116—JADE CROSS—(88 Day)—A new F1 hybrid brussels sprouts which was awarded a silver medal in the All-America trials. Shows its hybrid vigor by producing earlier and more uniform crops than standard varieties. Grows 18 to 24 in. tall and stems are packed with deep green, medium sized sprouts of excellent quality and delicate flavor. Especially suited for areas where seasons are short and standard varieties do not mature. Pkt. (200 seeds) 20c; 1/4 oz. \$1.50; oz. \$4.50.

G115—LONG ISLAND IMPROVED—(105 Day)—The sprouts resemble miniature cabbages growing closely on the stalk of the plant. They are more tender and delicious than any cabbage; hard frosts do not injure them and they are left in the garden until desired for cooking. Strip off the outer covering of the sprouts and cook them whole. They are a delicacy not surpassed by the finest cauliflower. Pkt. 15c; 1/2 oz. 40c; oz. 75c.

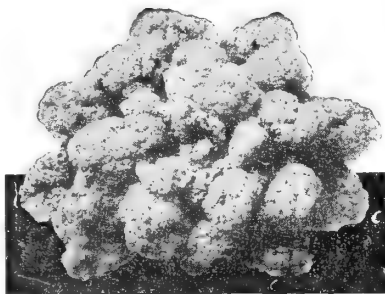

Mrs. Lawrence Bloomquist, Iowa—We have a marvelous garden from your seeds.

G116—JADE CROSS

BORECOLE or KALE

G110—DWARF CURLED—Useful for furnishing greens for boiling during the early fall, winter and spring months. The leaves are very curly, bright green, tender and delicate in flavor. The plants are hardy and the flavor is improved by freezing. Pkt. 10c; 1/2 oz. 25c; oz. 45c.

G110—BORECOLE OR KALE

G230—GROUND CHERRY

GROUND CHERRY

G230—TRUE YELLOW—These plants are low and spreading and produce their luscious fruit in great abundance. Excellent for pies and make delicious preserves as the fruit has a strawberry flavor. Of easy culture and will succeed in most any garden. Pkt. 12c; 2 pkts. 25c.

CRESS

G202—An annual, making a good salad. Leaves are finely cut and feathery, like a good parsley. It is dwarf and compact in growth, crisp and refreshing. Pkt. 10c; oz. 35c.

For Fall Glory Plant
CHRYSANTHEMUMS
See Page 50

G108—FIREBALL BEET

POLE BEANS

G145—(70 Day)—HENDERSON'S EARLY LEVIA THAN LIMA—This is the very earliest. It will not only give pods earlier than any other strain but it is also much more

productive, both early and throughout the season. It is a strong grower, clinging well to the poles and is a sure cropper. The pods hang out from the foliage in large clusters and contain 3 to 5 large beans to a pod. It bears until frost. Pkt. 12c; 1/2 pt. 40c; pt. 70c; qt. \$1.20.

KY. WONDER WAX

G149—(65 Day)—KEN-

TUCKY WONDER WAX—The merits of the old Kentucky Wonder Pole Bean are well known. This variety has all its superb qualities with the addition of a beautiful transparent yellow pod. It is a rampant grower, one plant filling a pole with vines densely loaded with a solid mass of pods, being from 6 to 8 inches in length, exceedingly tender and very fleshy. The pods are so plump and fleshy that frequently they are of greater thickness than width. Deliciously rich and buttery when cooked. Pkt. 15c; 1/2 pt. 50c; pt. 85c; qt. \$1.40.

G148—BLUE LAKES—(59 Day)—

A great improvement over the old Kentucky Wonder as it is stringless, ready to use earlier and bears a tremendous crop. Pods 6 to 7 in. long, round, stringless, bright dark green and very fleshy. Until you have tasted some of these superb beans you do not know how truly delicious beans can be. A superb bean for freezing or canning. Pkt. 15c; 1/2 pt. 45c; pt. 75c; qt. \$1.25.

G107—EARLY WONDER

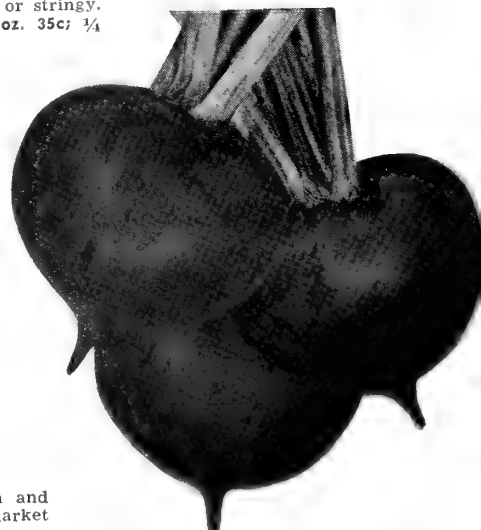

SELECT GARDEN BEETS

G107—EARLY WONDER—This splendid variety is extremely early, of perfect globe-shape and of finest quality. It is a fine selection of blood red beet, extremely smooth and of symmetrical growth, fine rich color and desirable shape. In quality and color it is peerless, very fine grained, tender and sweet, never woody or stringy. The tops are small, making it a good strong forcing variety. Pkt. 10c; oz. 35c; 1/4 lb. 75c.

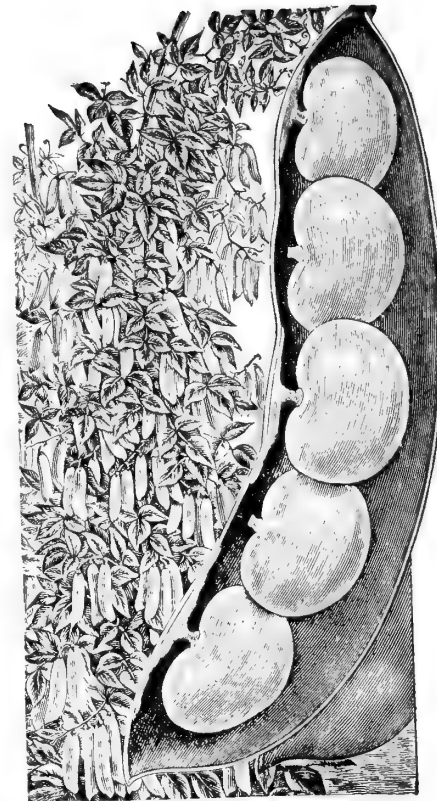

G108—FIREBALL—This early globe-shaped beet of excellent quality is especially esteemed on account of its dark red color, which extends entirely through the beet and without the light colored ring seen in some varieties. The medium sized beets are smooth and handsome and are now being largely used for canning as well as for home garden or market. It retains its good quality even after it gets large. Matures in about 50 days. Pkt. 10c; oz. 30c; 1/4 lb. 65c; lb. \$1.75.

G106—SELECT DETROIT DARK

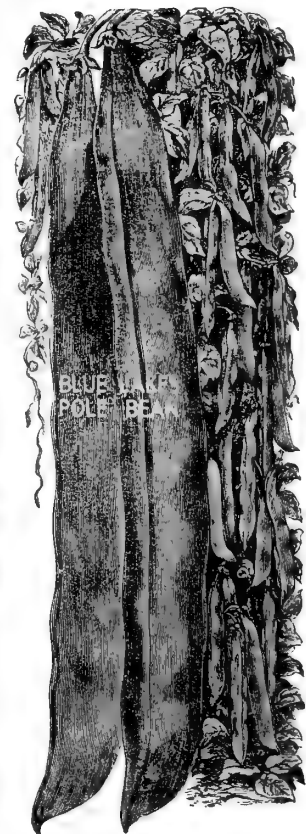

RED—This Beet is regarded as the standard of excellence and you will find Jung's Select Strain to be as fine a Beet as it is possible to grow. Many years of time have been spent in breeding and selecting this strain. The color is rich dark red, globe shaped and free from side roots and always smooth and uniform. Whether you grow for the home garden or market you will make no mistake in sowing this Beet. Pkt. 10c; oz. 35c; 1/4 lb. 75c; lb. \$2.00.

G145—HENDERSON'S LEVIATHAN

BLUE LAKES
POLE BEAN

ALLHEAD EARLY

G170—SELECT FLAT DUTCH

Jung's Select Cabbage

The cabbage seed we are offering was grown from selected stock and the heads were carefully inspected before being set out. Our packets of Cabbage each contain enough seed to produce 500 plants.

G160—ALLHEAD EARLY—(78 Day)—This is the earliest of all large cabbage and considerably larger than any other early summer cabbage. The deep flat heads are remarkably solid and the most uniform in color, shape and size of any variety. Good quality and tenderness are marked features. It is suitable for growth in spring and early summer or for use as a winter sort. The heads grow so compact that fully 1000 more than is usual with large cabbage, can be grown to an acre. Pkt. 10c; ½ oz. 30c; oz. 50c.

Select Danish Ballhead

A Grand Hard Headed Cabbage.

G161—(100 Day)—This type of winter cabbage has become very popular of late years on account of its **UNEQUALLED KEEPING QUALITIES** as well as for the great **SOLIDITY** and **WEIGHT** of the heads. It is strong and vigorous in growth and produces large, round compact heads exceedingly hard and solid, weighing when trimmed fully one-fourth more than any other cabbage of equal size. For boiling, slaw, sauer kraut, etc., it is unequalled, being crisp, tender and sweet. It seems to grow well withstanding hot, dry weather and does not rot from the effects of wet seasons. Pkt. 12c; ½ oz. 30c; oz. 50c; ¼ lb. \$1.20; lb. \$3.95.

G170—SELECT FLAT DUTCH—(95 Day)—It makes a large, round, firm head, uniform in shape and color which seldom rots or bursts. Sureness in heading and regularity in growth has made this one of the most popular standard sorts for winter keeping. The quality, either for slicing or kraut or for general table use is superb. It is a very fine strain of late cabbage and can be profitably grown anywhere in this country. It is a splendid sort for giving unbounded satisfaction. Pkt. 10c; ½ oz. 25c; oz. 45c; ¼ lb. 95c.

G167—(100 Day)—PERFECTION SAVOY—This is the hardest heading and best all-around SAVOY—Plants are of strong growth; having only a moderate amount of outer foliage growing closely around the solid head. It is very sweet, crisp and always tender. The heads are beautifully blanched and of the finest flavor. Pkt. 10c; ½ oz. 30c; oz. 50c.

Disease Resistant Cabbage

The select strain of cabbage offered below are especially suited for sections infested with cabbage "yellows" where the regular strains will rot. You will find these varieties of superb quality.

G163 — EXTRA EARLY JERSEY QUEEN—(58 Day) A selection of the popular parent and in addition is resistant to "yellows," grows a compact plant and is sure to head. You will find this to be the best "resistant" pointed variety. Pkt. 12c; ½ oz. 35c; oz. 60c; ¼ lb. \$1.25.

G172 — "WISCONSIN BALLHEAD"—(100 Day)—Excellent for shipping because the heads are very solid, and it is an unusually good keeper. See Page 20 for illustration and description. Pkt. 15c; ½ oz. 35c; oz. 55c; ¼ lb. \$1.35; lb. \$4.50.

G162—RESISTANT GOLDEN ACRE—(60 Day)—An extra fine, extra-early Cabbage that has the good qualities of Golden Acre and in addition is resistant to "yellows" and for this reason can be successfully grown in sections where this disease will destroy other varieties. Plants grow very compact and can be set close together. The heads grow to good size, are round, very solid and uniform in size and shape. Extra Select Seed: Pkt. 15c; ½ oz. 35c; oz. 55c; ¼ lb. \$1.35.

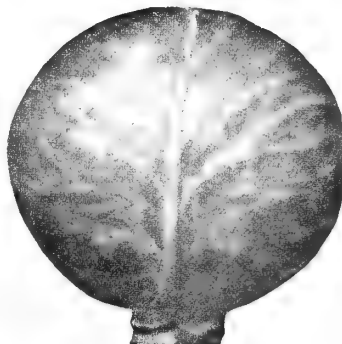

Protect your Cabbage from worms, bugs and plant lice by using "RED ARROW" Spray. See page 2-A.

G163—JERSEY QUEEN

GOLDEN ACRE

G172—WIS. BALLHEAD

JUNG'S SELECT CARROTS

G181—CORELESS OR EARLY MARKET—(70 Day)—A handsome half-long variety, the shape of which is well shown in the illustration. They average 6 in. in length by 1½ in. in diameter and are ready for use quite early. The skin is very smooth and clean and of rich orange color. The flesh is of fine texture, free from all stringiness while the core is very small, having no pithy or woody fibre. Our sales of this grand Carrot are increasing every year. Pkt. 12c; ½ oz. 30c; oz. 50c; ¼ lb. \$1.00; lb. \$2.95.

JUNG'S FIRST OF ALL

CORELESS or EARLY MARKET

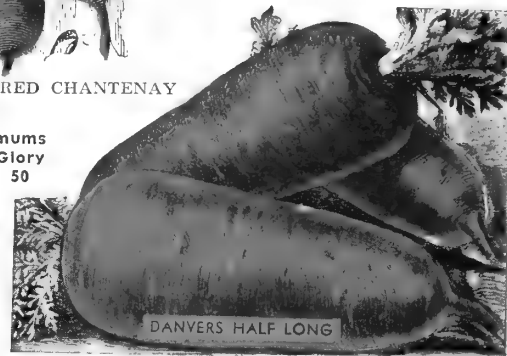

G183—JUNG'S FIRST OF ALL—(65 Day)—A remarkably handsome Carrot that is ready to use before any other variety. Roots grow 3 to 4 inches long and present a fine appearance when bunched for market. Flesh is deep orange colored, tender and sweet, fine grained and never coarse and woody. Does well in almost any kind of soil. Pkt. 12c; ½ oz. 25c; oz. 45c; ¼ lb. 90c; lb. \$1.95.

Forest B. Powell, Iowa—We like your seeds, they grow and produce wonderful crops. Your Red Cored Chantenay Carrots are so sweet and tender.

G180—RED CORED CHANTENAY

Chrysanthemums
For Fall Glory
See Page 50

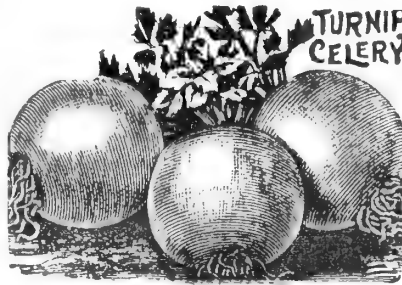

DANVERS HALF LONG

G182—SELECT DANVERS HALF LONG—(72 Day)—A magnificent carrot for general culture; indeed by many considered the best of all. It is very thick through, about 5 inches long, stump rooted, often attaining a weight of 5 pounds. Flesh is a rich orange in color, very tender and sweet. We recommend this variety for both home and market gardens, especially for hard stiff soils where longer varieties will not thrive. Pkt. 10c; ½ oz. 25c; oz. 40c; ¼ lb. 85c; lb. \$2.25.

Growing Vegetables and Flowers

Detailed information on growing flowers and vegetables are given in our booklet "How to Grow the Finest Vegetables and Most Beautiful Flowers." Price of this is 25c but a copy will be sent free, if requested, with every order of \$1.00 or more.

TURNIP
CELERY

TURNIP CELERY

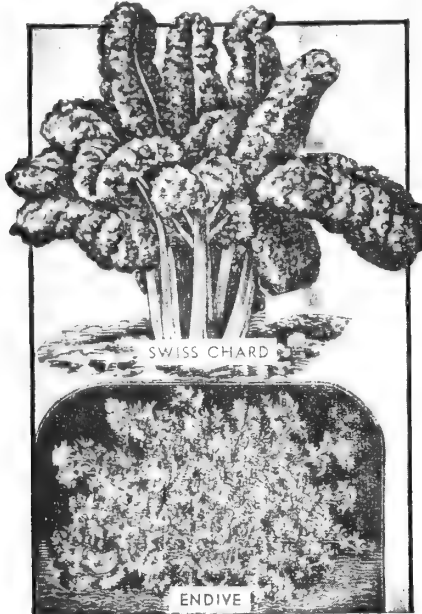

G195—This is an excellent Vegetable. It produces large, turnip-shaped roots which keep well for winter use. Highly esteemed either cooked in the same manner as other vegetables for flavoring soups, or sliced and used as a salad. Pkt. 12c; ½ oz. 35c; oz. 60c.

BROCCOLI

G112—ITALIAN GREEN SPROUTING—One of the new vegetables that is rapidly gaining in popularity. It is grown the same as cabbage or cauliflower and is ready for use in about 90 days after sowing. When the main head is cut numerous sprouts develop along the main stalk which later form into smaller heads thus producing throughout the season. The heads should be cut before the flowers open and may be cooked like cauliflower or asparagus. The heads should have 3 to 5 inches of the branch or stem attached as this is fully as good as the head itself. Pkt. 10c; ½ oz. 25c; oz. 45c.

SWISS CHARD

G448—LUCULLUS—Plants grow 2 feet high and consist when fully developed of about a dozen creamy white, attractive curled leaves. The leaves are carried on broad thick stalks about 12 inches long. The leaves may be cooked in the same manner as Spinach. Pkt. 10c; oz. 25c; ¼ lb. 60c.

SWISS CHARD

ENDIVE

HERBS

G492—ANISE—Used for cordials, garnishing and flavoring. The seeds have an aromatic taste. Pkt. 10c.

G225—DILL—Used in large quantities in making Dill Pickles; also for flavoring vinegar. Pkt. 10c; oz. 40c.

G493—SAGE—Sow in rich soil and thin plants to 15 in. apart. Used for flavoring and dressing. Pkt. 10c.

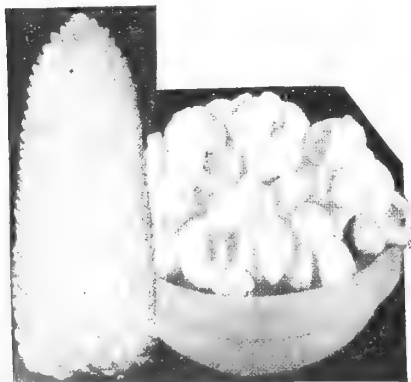

G495—SWEET MARJORAM—The leaves and end shoots are esteemed for seasoning in summer and also dried for winter use. Pkt. 10c.

G494—SUMMER SAVORY—The leaves and flowers, are used extensively for flavoring, particularly in soups and dressings. Pkt. 10c.

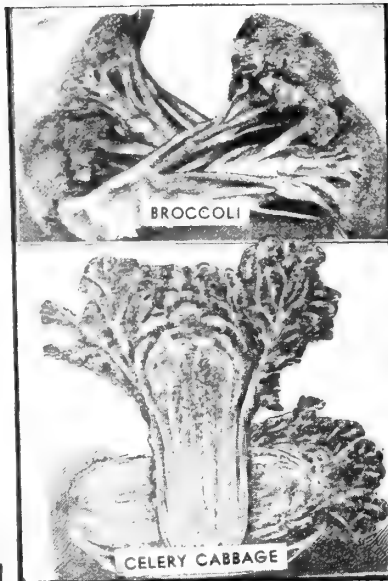

G496—THYME—The leaves are used for seasoning. Pkt. 10c.

MINHYBRID 250 POPCORN

G355—Just like other hybrid corn this fine pop corn has unusual qualities such as strong stalks, heavy roots, uniform ears and yields heavily. It surpasses all other varieties in yield, quality and popping expansion. A quart of this corn will make 20 quarts after it is popped and for flavor, tenderness and freedom of unpopped kernels it is unexcelled. Nothing better to be had. Pkt. 15c; ½ pt. 45c; pt. 75c; qt. \$1.25; 5 qts. \$5.50.

G355—MINHYBRID POPCORN

BROCCOLI

CELERY CABBAGE

Micheli Celery Cabbage

G175—Until recently this new vegetable was unknown but as its good quality became known it is rapidly gaining popular favor. For best results the seed should be sown the latter part of July in rows 2 feet apart and thinned to stand 15 inches apart in rows; then a most excellent vegetable can be grown. Develops quickly and as the weather gets colder it heads up nicely producing crisp celery-like stalks beautifully blanched. It can be eaten raw, made into salads or cooked as cabbage or greens. Pkt. 10c; ½ oz. 25c; oz. 40c.

ENDIVE

G229—GREEN CURLED—Mostly sown in June or July for fall use. Plant in rows about 1 foot apart, thin out to 8 inches apart and when well along bunch by tying the tops together. Green Curled is a hardy variety, the most desirable for home use or market garden. Deep green leaves beautifully cut and curled, easily blanched and becomes crisp, tender and very fine flavored. Pkt. 10c; oz. 25c; ¼ lb. 60c.

G227—EGG PLANT

EGG PLANT

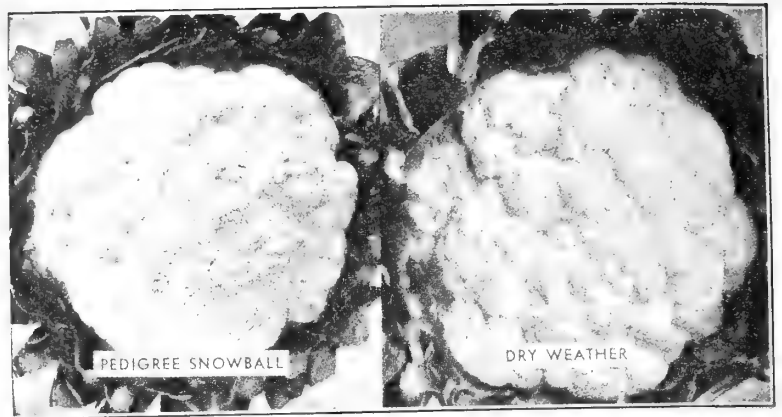

G227—(80 day)—BLACK BEAUTY—The earliest and best of all large fruited Egg Plants. It is an extra early variety with fruits of a beautiful jet color. The fruits set freely and develop quickly so the crop can be gathered before there is any danger from frost. It is of dwarf growth and bears its fruits, which weigh from 1 to 3 pounds each, close to the stem. The calyx is entirely free from spines and thorns. The intensely brilliant coloring is uniform over the whole fruit. The plants usually bear 8 to 10 immense fruits before being killed by frost. Pkt. 15c; ½ oz. 45c; oz. 75c.

G325—PEANUTS

EARLY VIRGINIA PEANUTS

G325—This splendid variety is very desirable because it is so early and prolific. It grows perfectly erect and seed planted early in May will ripen a crop in September and for this reason can be grown in the north. Let the boys and girls try them, it will give them lots of fun and provide peanuts for the winter. Full culture instructions on every package. Pkt. 10c; pt. 40c; qt. 75c.

PEDIGREE SNOWBALL

DRY WEATHER

JUNG'S SELECT CAULIFLOWER

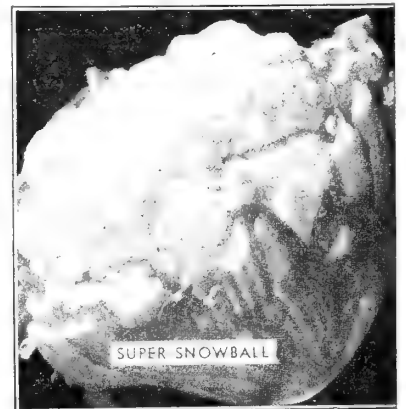

G191—PEDIGREE EARLY SNOWBALL—For earliness and reliability to produce a head of good size and rich white curly appearance it is unexcelled. It forms snow white heads, 6 to 10 inches in diameter, of good quality. While originally recommended and used as an early variety, it has not only supplanted all other sorts for spring planting but it has largely driven out the large sorts for all use, being more certain to head when conditions are ordinarily favorable. The heads are so solid, compact and deep they will outweigh those of any other strain. There is a great difference in the strain of this variety but our stock is the very best. Pkt. 10c; ¼ oz. 45c; ½ oz. 85c; oz. \$1.60.

G190—DRY WEATHER—Especially adapted to resist drought. Reaches perfection when ordinary sorts fail. Preeminently the best early variety for market gardeners in sections which are not especially adapted for cauliflower. Plants are of vigorous growth, producing heads of snowy whiteness and fine quality. It has heavy foliage and is not likely to rot in hot weather. It is in all respects a first class cauliflower but is particularly adapted to dry situations and to resisting the effect of drought. It also does well in wet or moist situations, producing heads equal to the best. Pkt. 15c; ¼ oz. 60c; ½ oz. \$1.00; oz. \$1.75.

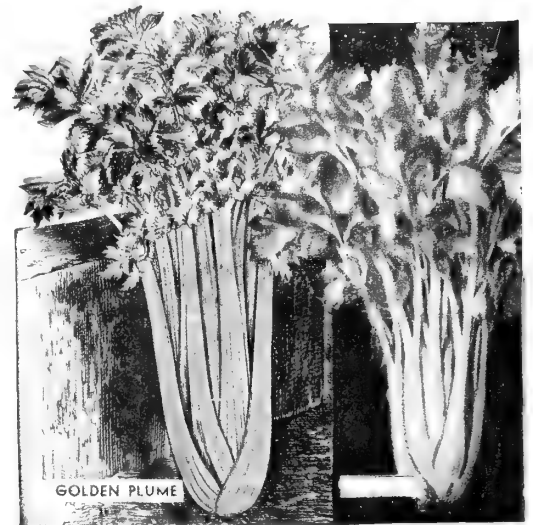

Super Snowball Cauliflower

The Leading Early Cauliflower. Very Early. Sure to Head.

G192—Growers wishing a Cauliflower that is early and sure to produce large, white, solid heads will find this variety to be all that can be desired. It is very early, plants make a compact growth with ample foliage, the inner leaves curve over the head and serve as a protection to the snowy-white heads. Pkt. 20c; ¼ oz. 75c; ½ oz. \$1.10; oz. \$2.00.

SUPER SNOWBALL

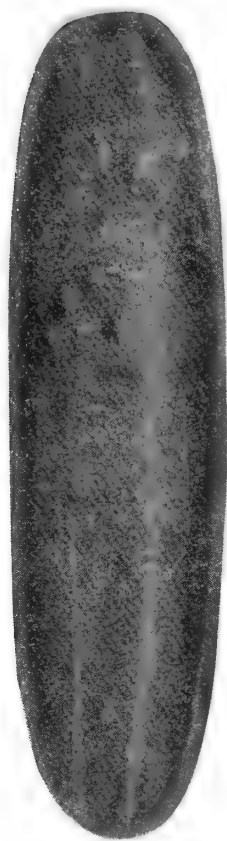

GOLDEN PLUME

UTAH 52-70

CELERY

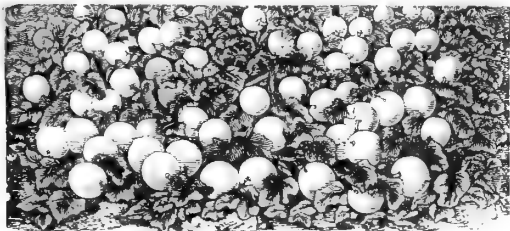

G197—GOLDEN PLUME—This is a fine new celery that we can recommend without reserve. It is fully a week earlier than Golden Self-Blanching, is similar in color and flavor but is superior to it as this variety blanches more easily, is more blight-resistant. It has been especially selected for large, solid hearts. Specimen stalks have been grown 2 ft. tall and 4 ½ inches thick. Has been blanching in the remarkable short period of 5 days. Pkt. 10c; ½ oz. 35c; oz. 60c; ¼ lb. \$1.95.

G196—UTAH 52-70—(125 days)—This is a new Utah celery that has already proved its superiority in most celery growing areas. Wisconsin commercial growers use it almost exclusively. It is a fine quality, dark green celery with a delicious nutty flavor. The stalks are extra long, 10 to 11 inches to the first joint, and the overall height of 30 inches adapts it well to the muck. The stalks have a high rib count and better rib length than other Utah varieties. It is well adapted for home garden or commercial use. Pkt. 20c; ½ oz. \$1.00; oz. \$1.75.

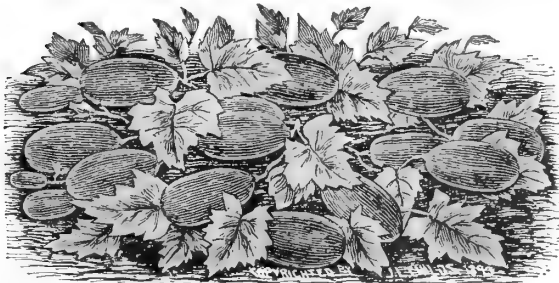

G212—COLORADO

G212—NEW COLORADO—(68 Day)—An excellent new cucumber which for dark green color, uniformity of size and handsome appearance should be placed at the head of the cucumber list. The vines are strong rampant growers and bear bountifully. Fruits are 10 to 12 in. long, straight and symmetrical and retain their deep green color for a long time. Will prove to be a money maker for either the home or market grower. Pkt. 10c; oz. 30c; ¼ lb. 85c; lb. \$2.50.

G214—CRYSTAL APPLE

G214—CRYSTAL APPLE—(70 Day)—A vigorous growing and very productive cucumber which is rarely bothered by bugs. Fruits are almost round, the mildest flavored of all cucumbers being very sweet and for this reason one of the best varieties for salads, also well suited for making pickles. Pkt. 10c; oz. 35c; ¼ lb. 85c; lb. \$2.50.

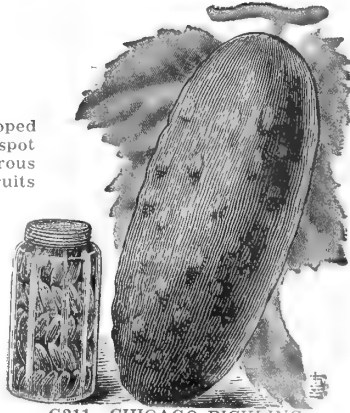

G222—WISCONSIN SMR-12 PICKLING

PICKLING CUCUMBERS

G222—WIS. SMR-12—(58 Day)—A new pickling Cucumber developed by Dr. Walker of the Univ. of Wis. It is resistant to scab and spot rot which often destroys other varieties. Grows a very vigorous vine which bear a heavy crop over a long period of time. Fruits are deep green, uniform in size and shape, and one of the best pickling varieties for high quality. Pkt. 10c; oz. 35c; ¼ lb. 85c; lb. \$2.25; 5 lbs. \$11.25.

Chicago Pickling

Most Popular and Widely Grown Pickling Variety.
G211—(58 Day)—The fact that it is used by most large pickle factories is the best proof of leadership in its class. The vines are very vigorous growers and will produce a large number of fruit if kept gathered before they become too large. Skin is extremely thin, tender and free from toughness. Pkt. 10c; oz. 30c; ¼ lb. 75c; lb. \$2.10.

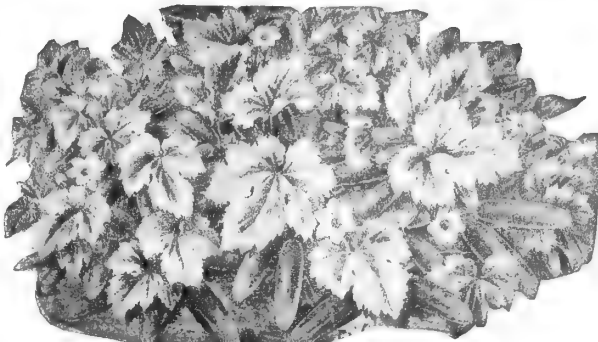

G211—CHICAGO PICKLING

G216—FAIRFIELD GIANT

JUNG'S SELECT CUCUMBERS

G215—EARLIEST OF ALL

G215—EARLIEST OF ALL—(58 Day)—By planting this variety you can have cucumbers ready to use when others are only in bloom. Not only is it extra early but it also produces fruits of the finest quality and is very productive. Excellent for slicing or pickling and will continue in bearing a long time if fruits are kept picked. Pkt. 12c; oz. 40c; ¼ lb. 90c.

G210—AMERICAN CLIMBING

G210—AMERICAN CLIMBING—(68 Day)—A fine cucumber for small gardens as you can grow them on a trellis or fence, also an excellent variety to grow like other varieties. Comes into bearing quickly and is very prolific; as many as 40 fruits have been grown on a single vine. Full grown fruits will measure 12 to 16 in. long. Flesh is pure white, tender and of delicate flavor. When young the fruits make very attractive pickles. Pkt. 10c; oz. 35c; ¼ lb. 85c.

**FIGHT CUCUMBER BUGS
WITH "RED ARROW"**
See Page 2-A

Improved Long Green

G218 — (67 Day) — Deep Green Color Fine for Pickling or Slicing—This is one of the best and most popular standard varieties and you will find our stock to be a very fine strain. The cucumbers are a rich dark green, grow 12 to 16 inches in length and are of the highest table quality. Flesh is very firm and crisp. The young fruits are largely used for pickling and full sized cucumbers are especially fine for slicing and making sweet pickles when the fruits are ripe. Pkt. 12c; oz. 35c; ¼ lb. 80c; lb. \$2.50.

G218—IMP. LONG GREEN

PREMIUMS See Page 2

MANGELS

G261—MAMMOTH LONG RED—The heaviest cropper. This mangel is enormously, wonderfully productive. The flesh is red, of very fine texture and quality, containing less water and more sugar than any other variety except it be the Half Long Sugar, making it the most nutritious and milk producing. Sheep and other stock thrive better when fed on it picking out pieces of it in preference to all others. Oz. 15c; 2 ozs. 25c; ¼ lb. 40c; lb. \$1.35.

DILL G225—This herb is used in large quantities in the making of Dill Pickles also for flavoring vinegar. Pkt. 10c; oz. 40c.

G233—WHITE VIENNA

KOHL RABI

G232—EARLY PURPLE VIENNA—This vegetable is grown for its turnip-shaped bulb which grows above the ground. Excellent for soups or cooking in the same manner as turnips. Grows to a large size and of juicy quality. Very early and of fine shape and delicate flavor. Pkt. 15c; ½ oz. 35c; oz. 60c.

G233—WHITE VIENNA—This variety is very early with distinct small tops. The bulbs are of medium size and very light green or almost white in color and are of the finest quality if used when about 2 in. in diameter. Pkt. 12c; ½ oz. 35c; oz. 60c.

LEEK

G235—LARGE AMERICAN—Most highly esteemed for flavoring soups, stews, etc. The plants are of vigorous growth and have extra long stems which branch to a snowy whiteness. Cultivate the same as for onions. Pkt. 15c; ½ oz. 25c; oz. 40c.

Jung's Special Sweet Corn Offer

G442X—If you wish a continuous supply of tender, delicious sweet corn all season plant the following:

Jung's Honey Cream
Hybrid Wisconsin "800"
Cheddar Cross Hybrid
Giant Golden Bantam

1 pkt. of each for 45c
½ pt. of each for \$1.45
1 pt. of each for \$2.45
1 qt. of each for \$4.25

JUNG'S GIANT GOLDEN BANTAM

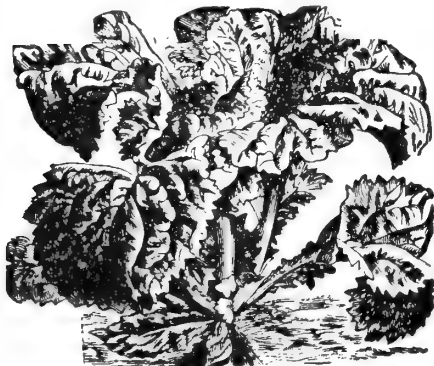

G431—(95 Day)—Of the same excellent quality as our famous Extra Early Golden Bantam except that it is larger in size and later in maturity. It grows a strong stalk 7 to 8 ft. tall which often bear 2 ears each. Ears are 8 to 10 in. long and are well filled with 8 to 10 rows of deep golden kernels. When picked at the right stage it is unsurpassed for quality and is well suited for using fresh, canning or freezing. Plant it at the same time as our regular Golden Bantam and it will come on when the former is gone. Pkt. 12c; ½ pt. 37c; pt. 65c; qt. \$1.10.

G282—OKRA

MUSTARD

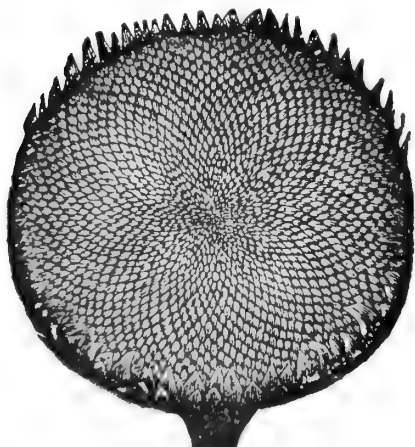

G280—GIANT CURLED—The leaves are large, light green with a tint of yellow much crimped and frilled at edges. The plant is upright, or slightly spreading in growth. This variety is highly esteemed in the South for the market as well as the home garden on account of its vigorous growth, hardiness and good quality. Pkt. 10c; oz. 25c.

G280—MUSTARD

GROWING VEGETABLES and FLOWERS

Detailed information on growing flowers will be found in our new issue of "How to Grow the Finest Vegetables and Most Beautiful Flowers." Price of this is 25c but a copy will be sent free with orders of \$1.00 or more when requested.

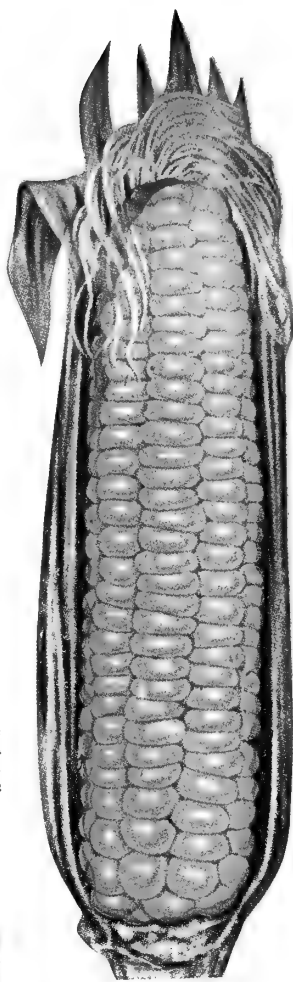

G428—SUNFLOWER

Mrs. R. H. Capen, Vt.—Your Honey Cream Sweet Corn is the best we've ever grown. So sweet and tender.

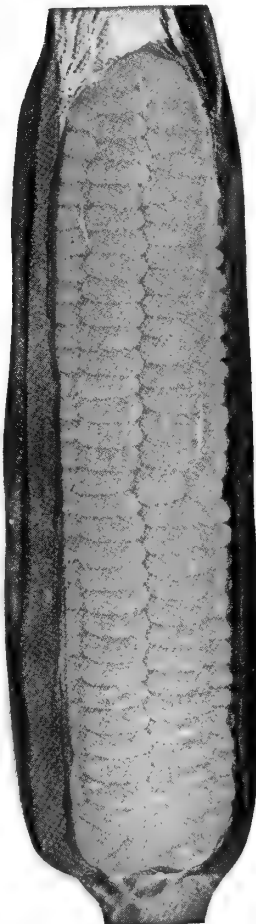

Premiums
See Page 2

SUNFLOWER

G428—EARLY ADVANCE—This variety matures earlier than the old Mammoth Russian, grows a shorter stalk and makes a better quality feed. Sunflower seed is an excellent and cheap feed for poultry and fowl of all kinds. They eat it greedily, fatten well and attain a bright lustrous plumage and strong healthy condition better than on almost any other food. It is the best egg producing food known. Also an excellent food for birds and parrots. Plant the same as you would corn any time from early spring up to the first part of June. Oz. 15c; ½ lb. 40c; lb. 75c; 5 lbs. \$2.75.

G437—WIS. "800"

G432—GOLDEN BANTAM

Luscious Tender SWEET CORN

Our stocks of Sweet Corn are mostly of our own growing and are of extra fancy quality and high germination. You will find that for earliness and sweetness our northern grown seed is way ahead of western grown seed. If you want to be the first on the market with Sweet Corn of quality, plant some of this seed. Our Sweet Corn is grown on our seed farms where Stewart's Disease or wilt is unknown.

Extra Early Dwarf Sweet Corn

JUNG'S HONEY CREAM

G434—(60 Day)—Until you grow some of this superb Sweet Corn you have not tasted really delicious sweet corn. It is by far the most tender and delicious variety and does not become tough and mealy like most varieties. It is very early (60-63 days); the stalks are dwarf can be planted closer than larger varieties so is well suited for small gardens. The ears are 6 to 7 in. long and have 10 to 12 rows of silvery white kernels that have practically no skin or hull. The quality is superb, very tender, unusually sweet and of delicious flavor. One of the best varieties for canning, freezing or fresh table use. Pkt. 15c; ½ pt. 40c; pt. 75c; qt. \$1.25.

G434—HONEY CREAM

Hybrid Wisconsin "800"

Extra Early. Heavy Yielder. Sweet and Luscious

G437—(70 Day)—A new extra early hybrid sweet corn, developed at the University of Wis. It is one of the earliest varieties. Under normal conditions is ready to pick in 70 to 72 days. Ears are 6 to 8½ in. long, usually 8 rowed, and are well filled with tender, delicious, deep golden kernels; flavor and quality are superb. A very profitable variety for the market grower as it comes on when prices for the first corn are always high. As the stalks are dwarf it does not require much space, making it well suited for the small garden. Pkt. 12c; ½ pt. 45c; pt. 75c; qt. \$1.25.

Extra Early Golden Bantam

G432—(59 Day)—This variety is pronounced the favorite because of its extreme early character, vigorous growth and has the richest flavor of all. Besides being early, it is very hardy and permits the earliest planting. The stalks are dwarf in growth averaging 5 ft. in height. The ears are from 5 to 7 in. long and the grain is a bright golden yellow color. In flavor it is exceptionally rich and sugary and by everyone admitted to be the richest flavored Sweet Corn. The small stalks can be planted close together. For productiveness and quality it leads all varieties. The seed we offer is a special stock of our own growing and for earliness and sweetness is unexcelled. Pkt. 10c; ½ pt. 35c; pt. 60c; qt. \$1.00.

New Cheddar Cross Hybrid

Superb Quality. Large Handsome Ears. Unexcelled for Freezing and Canning.

G430—(88-90 Day)—A new, large eared, main-crop hybrid combining quality and yield. Ears are 8 to 9 in. long, and well filled with 12 to 14 rows of very tender kernels of deep golden yellow. Vigorous 6 to 7 ft. stalks, often bear 2 ears. A top rated hybrid in our trials. Pkt. 12c; ½ pt. 45c; pt. 75c; qt. \$1.25.

**NOW! CUT ENOUGH FRESH CORN
IN ONE HOUR TO DO YOU ALL YEAR**

**Lee's
CORN
CUTTER
and Creamer**

It's the world's fastest, easiest way to remove tender, fresh, young, green corn from the cob. Cuts 5 times as fast as ¼ the labor. Five easy strokes finish an ear in less than 10 seconds. Saves hours of tedious, hard work. No mess, no splatter, no old-fashioned knife to cut fingers. This amazing invention cuts, shreds and scrapes in one operation. Adjustable for world's finest cream style or uniform whole kernel. Saves garden-fresh flavor. Fits all size ears. Easily cleaned. Thousands used coast to coast. Guaranteed. Beat high prices—can or freeze your own corn. Save up to 60%!

Postpaid

Mrs. Herman Ritchie, Va.—Your Cheddar Cross is the best sweet corn we have ever grown. It is delicious either fresh, canned or frozen.

G241—BEST OF ALL

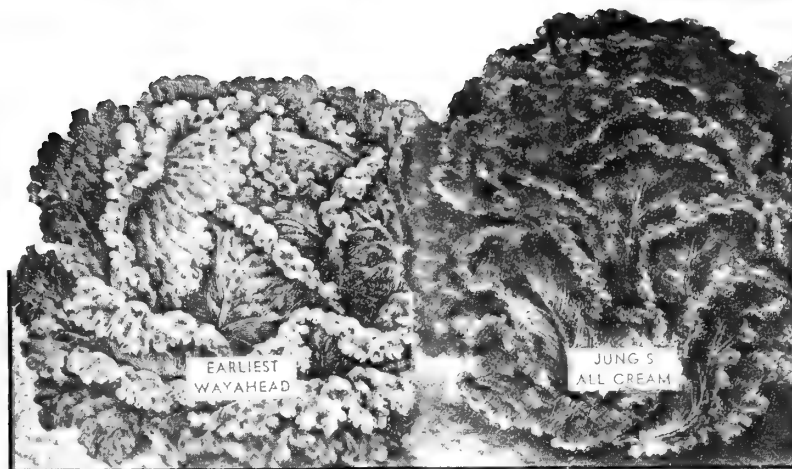

G241—BEST OF ALL OR TENDER-LEAF—A fitting companion to our famous "All Cream" Lettuce which it resembles very much except that it does not have the pink or brown edges on the leaves. It can be relied upon whether sown early in the spring or during the summer as it is unsurpassed as a heat resister. The leaves are of a handsome green, beautifully crumpled and are crisp, tender and sweet at all times. Pkt. 10c; oz. 30c; ¼ lb. 75c.

Cree Carroll, Ind.—I have always been more than pleased with the seeds ordered from you.

Mrs. H. N. Darrow, Nebr.—We consider your All Cream the best of all lettuces.

SELECT GRAND RAPIDS

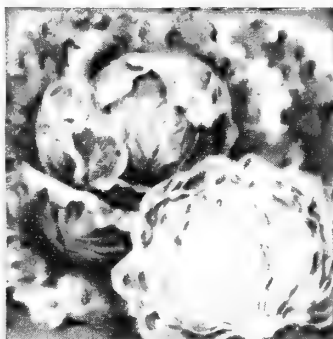

Crisp Tender Lettuce

G244—EARLIEST WAYAHEAD—This is our quickest growing and most handsome extreme-early Lettuce. Its quality is unsurpassed; the heads are very solid, have weighed 6 oz. when trimmed. The interior of the head is blanched to a beautiful creamy color while the leaves are tender, juicy and sweet flavored. Pkt. 10c; oz. 25c; ¼ lb. 75c.

G246—JUNG'S ALL CREAM—This remarkable Lettuce does not head but makes a large loose bunch of leaves of superlative quality. The leaves grow upright, the upper part of the outer leaves turning outward very gracefully and are handsomely wrinkled. The inside leaves are almost white and wonderfully crisp and tender. Pkt. 12c; ½ oz. 30c; oz. 50c; ¼ lb. 95c; lb. \$2.50.

G247—SELECT GRAND RAPIDS

A well known forcing variety. It makes large bunches of light green leaves with fringed edges. Its upright habit of growth permits close planting. It will make a quick growth under adverse conditions and is not subject to rot. Quality excellent. Pkt. 10c; oz. 35c; ¼ lb. 75c; lb. \$2.25.

G243—MIDAS HEAD LETTUCE

G243—MIDAS HEAD LETTUCE—A large long standing butter head Lettuce especially suited for the home garden as it is of superb quality and very slow to bolt or send up seed stalks. Heads are of good size, light green, and interior bleaches creamy white. Sow the seed thinly in good rich soil as early as the soil can be worked and when well started thin out so plants stand 4 to 6 inches apart. Pkt. 10c; ½ oz. 20c; oz. 35c.

Mrs. Wm. Patscheck, N. M.—We have been planting your seeds for many years as they are so reliable and dependable.

PREMIUMS

See Page 2

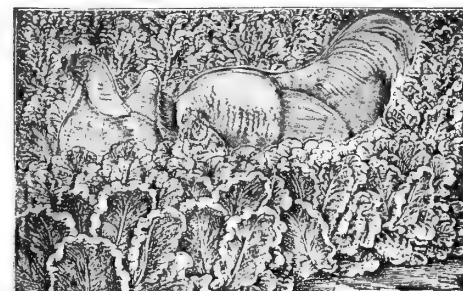

G245—SUREHEAD LETTUCE

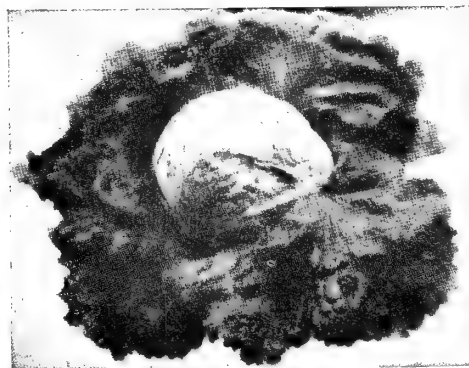

G245—EARLY SUREHEAD—A specially select strain of lettuce that is ready to use early and sure to form heads. Outer leaves are medium green while the center or heart blanches a rich creamy yellow. By planting this variety you can grow head lettuce as easily as radishes. Sow the seed early and as soon as well started thin out plants to stand 4 to 5 in. apart in the rows. Pkt. 15c; ½ oz. 35c; oz. 60c.

Chicken or Rabbit Lettuce

G242—Makes the best green feed for chickens or rabbits and you can grow immense quantities on a small piece of ground. When cut it immediately starts a new growth or the leaves can be pulled off the stalks and new ones will grow in a short time. Does not make a head but grows stalks 2 to 3 feet high which are loaded with leaves. Pkt. 10c; oz. 35c; ¼ lb. 80c; lb. \$2.50.

CHICKEN OR RABBIT LETTUCE

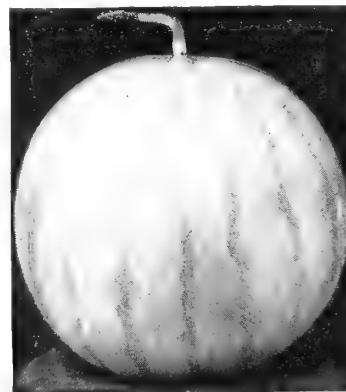

GREAT LAKES LETTUCE

Great Lakes Head Lettuce

Crisp and Tender. Sure to Head. High Quality.

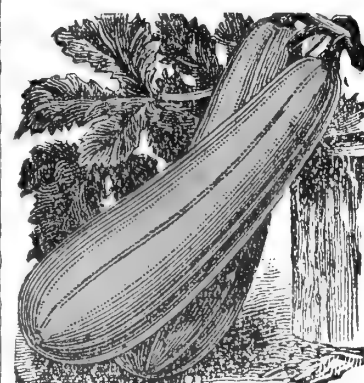

G248—A remarkably fine new Head Lettuce that will stand up and produce nice solid heads even during hot weather. The heads are of good size, attractive deep green in color, with crisp tender leaves, interior of head bleaches to a creamy white color. Remains in fine condition long after the heads are formed as it is slow to run to seed. Why pay high prices for head lettuce when you can grow even better ones in your own garden? Plant thin as the plants need room to head. Pkt. 15c; ½ oz. 35c; oz. 60c; ¼ lb. \$1.45.

CITRON

CITRON

G200—COLORADO PRESERVING—A large fruited variety producing the handsome fruits in abundance. The flesh is white, very solid and is used for pickles and preserves. Pkt. 10c; oz. 30c; ¼ lb. 60c; lb. \$1.30.

G265—BANANA MUSKMELON

Banana Muskmelon

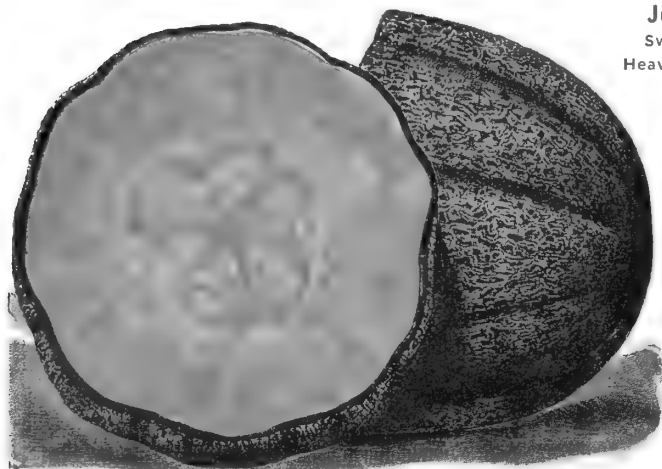

G265—(85 day)—A remarkably fine melon that looks and tastes like a banana. The fruits grow 14 to 18 in. long, flesh is deep orange colored, solid and sweet, and spicy in flavor. Try a few of these melons in your garden this year, any which you don't eat can be sold at a good price. Pkt. 12c; oz. 35c; ¼ lb. 80c.

An Extra Early Watermelon for Small Gardens "SUGAR BABY"

Extra Early. Can be Grown on a Trellis. The Watermelon for the North where Seasons are Short.

G487—(80 Day)—An extra early watermelon of superb quality well suited for the small garden as the vines can be grown on a trellis. Mature melons are 6 to 7 in. in diameter, just the right size for storing in your refrigerator, perfectly round and a deep green color when ripe. Flesh is crisp and solid, a deep red and of excellent quality, relatively few seeds. As the rind is thin and tough it is well suited for market as well as the home garden. Pkt. 15c; oz. 45c; ¼ lb. \$1.25; lb. \$2.75.

JUNG'S SELECT MUSKMELONS

G270—GIANT EARLY WONDER

Giant Early Wonder

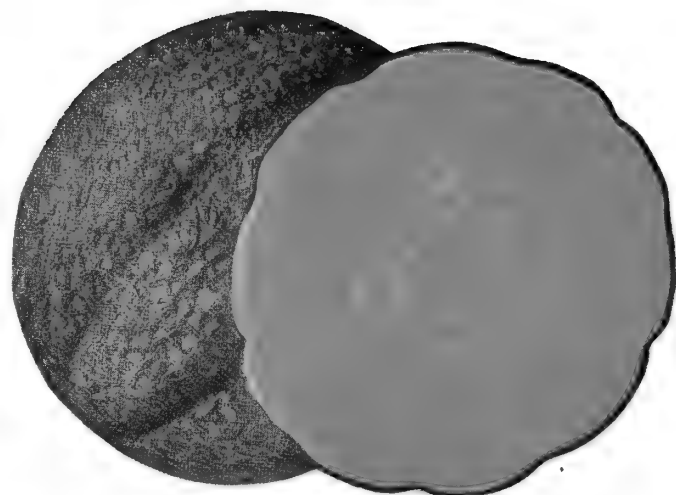

Mammoth Size. Superb Quality. Beautiful Appearance. An Excellent Melon for the Home or Market Garden.

G270—(90 Day)—A new Muskmelon combining extra large size, fine appearance and superb quality. Although of the largest size it ripens early (85 to 90 days). Melons are slightly oval in shape, 8 to 10 in. long and 6 to 7 in. in diameter, rind heavily netted, a sure indication of quality. Flesh is very thick, deep orange in color, fine grained and very sweet and delicious. Extra Select Seed: Pkt. 15c; oz. 35c; ¼ lb. 75c; lb. \$2.50.

Jung's Select Honey Rock

Sweet as Sugar. Solid as a Rock.
Heavy Yields. Handsome Appearance.

G275—(85 Day). Melon growers will find Honey Rock an ideal melon as it combines quality, productiveness, high quality and handsome appearance. It is main-crop variety, maturing in about 85 days; the vines are vigorous growers, free from disease and produce 5 to 7 large melons. Flesh is very thick, deep orange in color and remarkably sweet. You will make no mistake in planting this fine melon. Extra select seed saved only from hand selected melons. Pkt. 12c; oz. 35c; ¼ lb. 75c; lb. \$2.50.

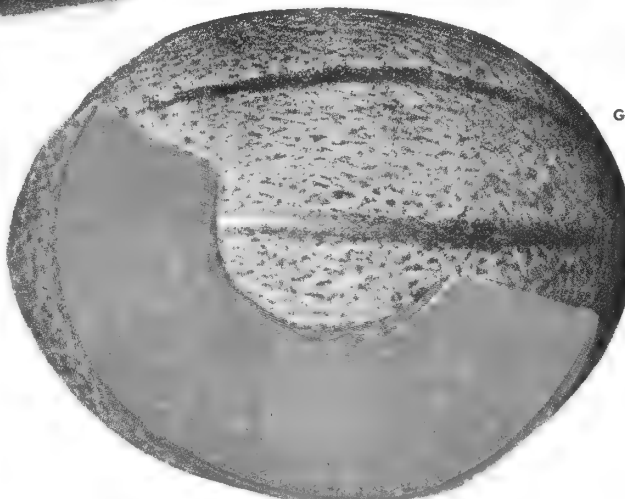

G275—SELECT HONEY ROCK

New Extra Early Muskmelon

"GREEN NUTMEG"

First to Ripen. Lusciously Sweet, Spicy, Green Flesh. The Ideal Muskmelon for Short Seasons.

G268—(63 Day)—Has produced ripe melons in 61 days, we know of no earlier variety. The heavily netted, ribbed fruits are slightly oval in shape and weigh 2 to 3 lbs. Flesh is a light green with a salmon center, sweet and luscious with a spiciness not found in any other variety. An excellent muskmelon for the home garden and nearby markets. Pkt. 15c; oz. 50c; ¼ lb. \$1.25.

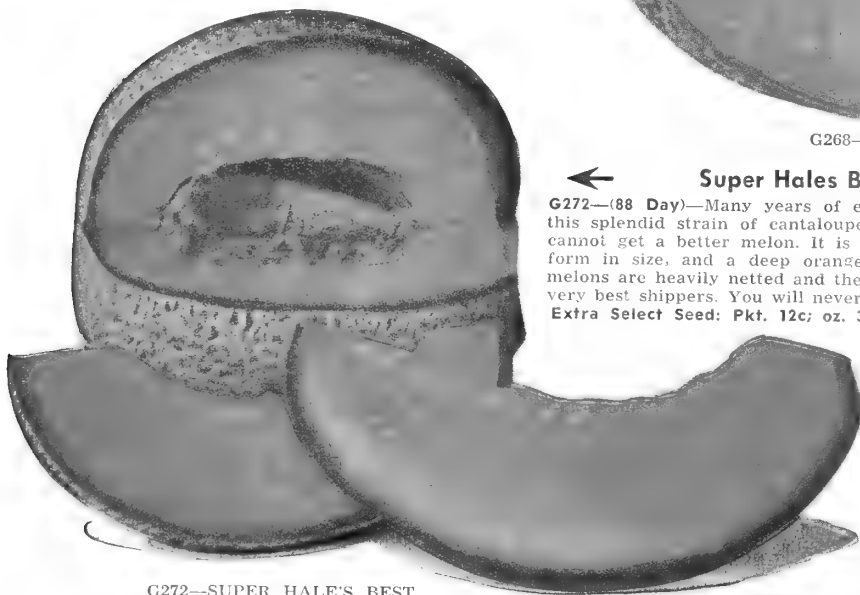

G268—GREEN NUTMEG

JUNG'S BIG PROFIT—We recommend Giant Early Wonder instead which we consider the better variety.

Sidney Dolph, Mich.—We were very well pleased with your seeds last year. It was the first time we got muskmelons and watermelons to ripen.

Rid your melons of insects by using Red Arrow Spray. See page 2-A.

G272—SUPER HALE'S BEST

Super Hales Best Cantaloupe

G272—(88 Day)—Many years of extreme care were spent in producing this splendid strain of cantaloupe. No matter what price you pay you cannot get a better melon. It is extremely early, very productive, uniform in size, and a deep orange flesh is of the highest quality. The melons are heavily netted and the flesh very solid, making it one of the very best shippers. You will never regret having planted this fine melon. Extra Select Seed: Pkt. 12c; oz. 35c; ¼ lb. 75c; lb. \$2.25.

PUMPKINS

Jack O'Lantern →

G363—Years of selection have produced a pumpkin just the right size for Jack O'Lanterns reaching an average size of about 10 by 12 inches and a rich, deep, orange color. Also useful for pies and canning as the flesh is fine grained and good quality. Pkt. 10c; oz. 30c; ¼ lb. 80c; lb. \$2.40.

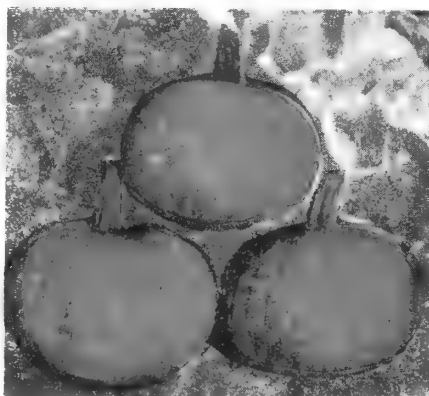

G363—JACK O'LANTERN

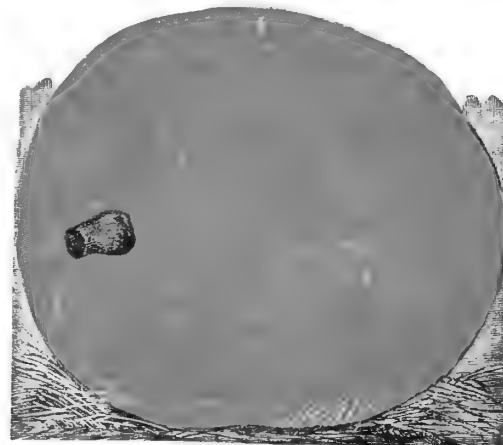

LUXURY PIE
PUMPKIN

G364—LUXURY PIE—This is the very best Pumpkin that has ever come to our attention. It is enormously productive, medium in size, being about 10 inches in diameter, almost globe-shaped and ripens early. The skin is finely netted and in color a beautiful golden russet which is a sign of finest quality. The flesh is very thick, sweet and sugary and deep golden in color. An excellent keeper for winter use. If you want some delicious pies for Thanksgiving Day plant LUXURY PIE. Pkt. 10c; oz. 35c; ½ lb. 75c; lb. \$2.25.

G361—BUSH PIE PUMPKIN—A new type of Pumpkin that grows in a compact bush instead of long vines, so delicious pie pumpkins may now be grown where space is limited. The plants form compact bushes that may be planted in hills 4 ft. apart. The fruits set freely, are of good size and of excellent quality for pies: Pkt. 15c; oz. 40c; ¼ lb. 85c; lb. \$2.75.

G361—BUSH PIE PUMPKIN

G362—HUNDREDWEIGHT

G362—HUNDREDWEIGHT—You will be greatly surprised at the size to which pumpkins can be grown when you plant this variety. Specimens have been grown weighing over 100 lbs. It is also of remarkable fine quality as the flesh is fine grained, sweet and tender and of excellent quality for pies. Pkt. 10c; oz. 35c; ¼ lb. 75c; lb. \$2.25.

JUNG'S SELECT WATERMELONS

Giant Watermelon

G479—BLACK DIAMOND—(90 day)—A superb watermelon that has size, quality and handsome appearance. The deep green melons are almost round and grow to a large size, often 40 to 50 lbs. Flesh is bright red and of surprisingly good quality. A superb melon for home gardens, nearby markets or shipping as it has a tough rind. **Select Northern grown Seed; Pkt. 10c; oz. 30c; ¼ lb. 75c; lb. \$2.25; 5 lbs. \$10.25.**

Antone Gonsalves Jr., Mass.—Have planted your seeds a good many years and find them to be the very best.

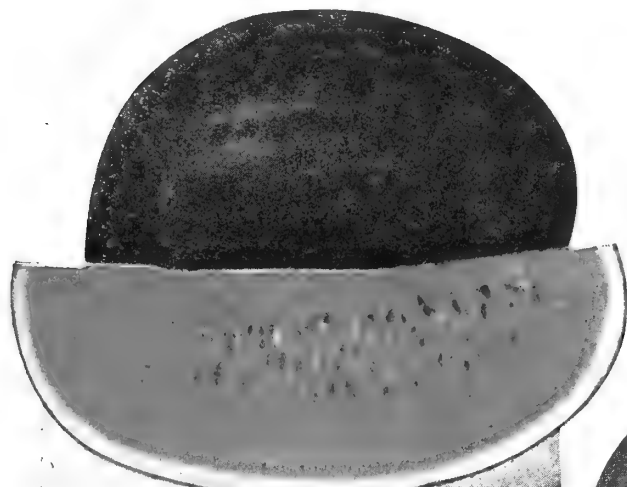

G483—DIXIE QUEEN

Wilt Resistant Dixie Queen

Large in Size. Superb in Quality. Handsome in Appearance.

G483—A superb new watermelon that will delight the cost critical grower. It has all the good qualities of Dixie Queen and in addition is resistant to wilt. The melons are almost round in shape, of good size (30 to 40 lbs.) rind is tough making it a good shipper. Flesh is richly colored, very sweet and juicy and melons seem to be all heart. You will find this excellent melon uniformly good in size, shape and quality either for market or the home garden. **Pkt. 10c; oz. 30c; ¼ lb. 60c; lb. \$1.95; 5 lbs. \$9.00.**

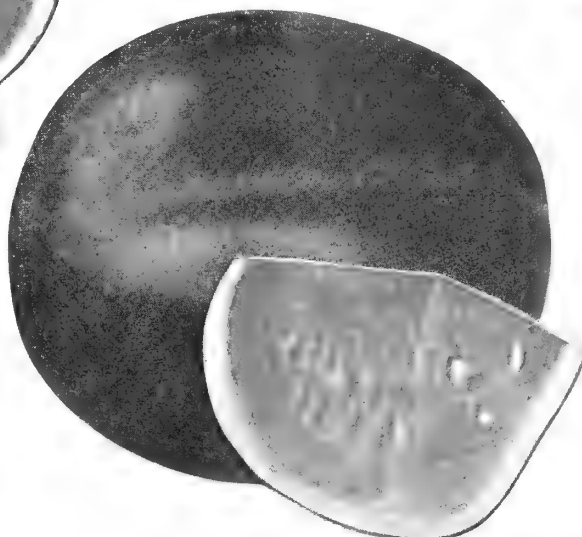

Our melon seed is all grown from the most carefully selected planting stock and no effort nor expense is spared in growing in our seed field. You will find Jung's Melon seed to be of unusually fine quality.

G489—EXTRA EARLY NORTHERN SWEET

G489—EXTRA EARLY NORTHERN SWEET—A new extra early watermelon introduced by the Minn. Exp. Station. It has been ripened as far north as Winnipeg, Canada, has been grown to maturity in 75 days. Not only is it the earliest but is also a very good quality, flesh is bright red, crisp, sweet and sugary. Melons weigh 10 to 12 lbs., rind dark green with a lighter stripe. **Pkt. 10c; oz. 35c; ¼ lb. 75c; lb. \$1.95; 5 lbs. \$8.75.**

Keep your Melons vigorous and free from insects by using a good dust or spray. See page 2.

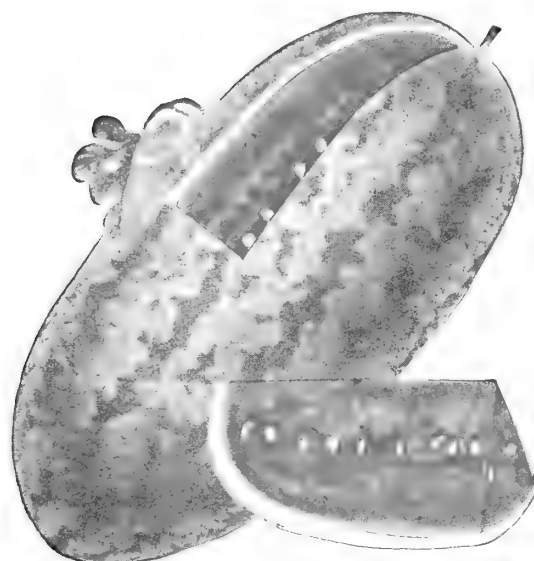

G479—BLACK DIAMOND

CONGO

Anthracnose Resistant

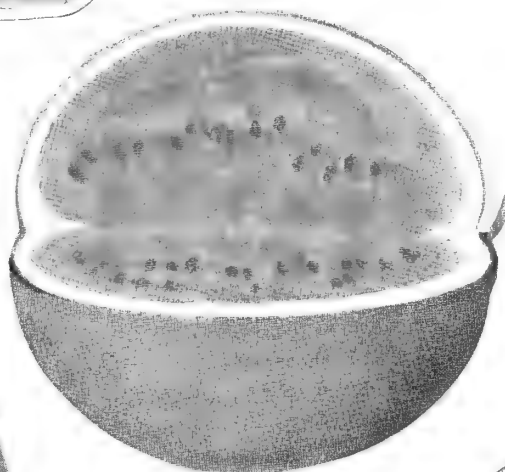

G481—An excellent new Watermelon resistant to anthracnose that was developed by the U. S. Dept. of Agriculture and which is rapidly gaining in favor as a shipper. Fruits are oblong, of large size, with faint light green firm rind, dark green striping. The flesh is bright red, fine grained and high in sugar content. **Certified Seed: Pkt. 10c; oz. 30c; ¼ lb. 70c; lb. \$2.00; 5 lbs. \$9.65.**

G481—CONGO

King Winter Melon

G490—By planting this variety you can have watermelon for your Christmas dinner as they are remarkable keepers. The melons are round, have a thin hard rind and are very solid; they are from 8 to 12 in. in diameter and sell well at all seasons. Flesh is bright red and very sweet. **Pkt. 10c; oz. 35c; ¼ lb. 75c.**

G490—KING WINTER

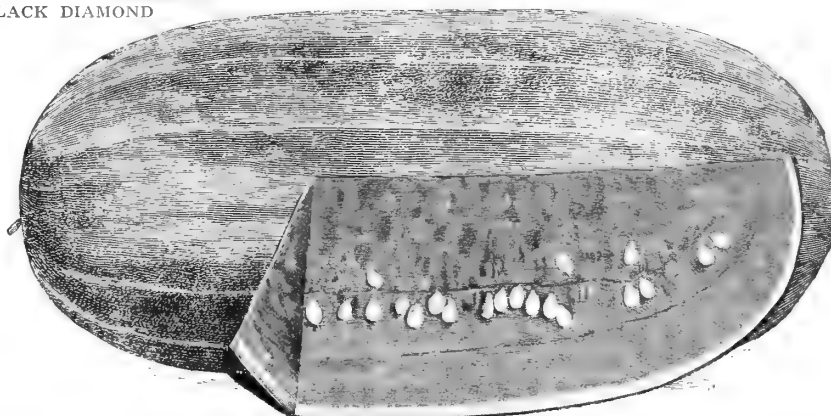

Golden Honey Sweet

A Delicious Yellow-Fleshed Watermelon. Ripens Very early.

G485—A highly desirable yellow fleshed watermelon. The flesh is golden-yellow in color, firm, crisp and of luscious sweetness. The melons are oblong in shape, light green, with mottled stripes of deep green rind is thin but hard so will keep for a considerable time. It not only possesses high quality but is also one of the first to ripen. We highly recommend this fine new melon. **Pkt. 12c; oz. 35c; ¼ lb. 75c.**

G485—GOLDEN HONEY SWEET

G486—KLECKLEY SWEETS

Kleckley Sweets or Wondermelon

Superb in Quality. Matures Early. Large, Handsome MELONS.

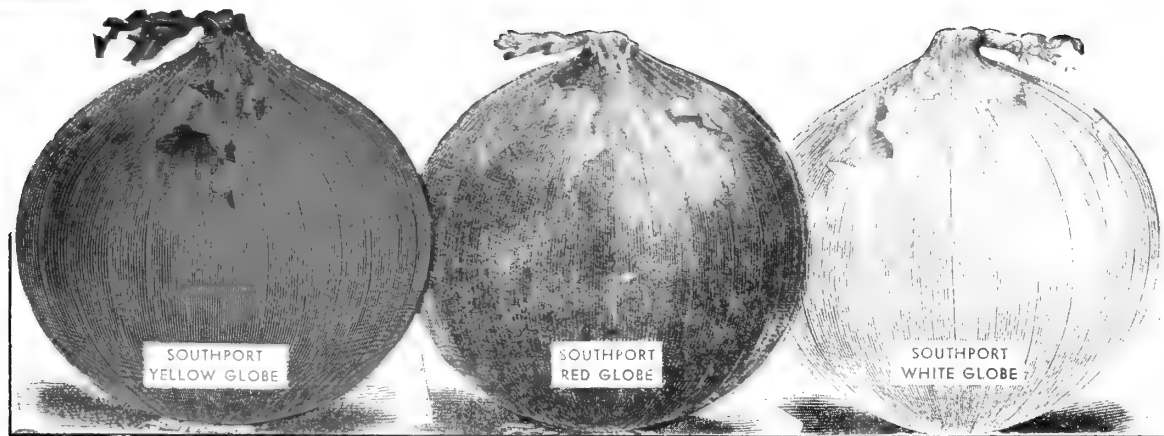

G486—One of the most popular and widely grown watermelons for home garden and nearby markets. It is early, usually ripe in 85 days. Melons normally 24 in. long and 10 to 12 in. in diameter, well shaped and of deep rich green color. Flesh bright red, very sweet and delicious; the flesh melts away in your mouth like honey. Our seed has been selected for a thin hard rind, earliness, high quality and has less seed than most strains. **Pkt. 10c; oz. 30c; ¼ lb. 70c; 1 lb. \$1.90; 5 lbs. \$9.00.**

Wilt Resistant "BLACKLEE" Watermelon

G480—In many sections of our country ordinary strains of Watermelons often fail due to fusarium wilt. This destructive disease cannot be controlled except to plant varieties that are resistant to this ailment. Blacklee is a vigorous grower and highly resistant to wilt, it bears a heavy crop of melons weighing as much as 40 lbs. Rind is dark green, thin but tough; flesh deep red in color, fine grained, very sweet, firm and of excellent quality. The black seeds present a striking contrast of colors. **Pkt. 10c; oz. 30c; ¼ lb. 70c; lb. \$2.00; 5 lbs. \$9.25.**

G480—BLACKLEE

JUNG'S SELECT ONIONS

G296—SELECT SOUTHPORT RED GLOBE—(108 Day)—A handsome onion of immense size, averaging from 9 to 10 inches in circumference, solid, heavy and of perfect globe shape. The skin is a glossy deep purplish red color; it is hardy, a splendid keeper and a big yielder. Our strain of this seed is unsurpassed. Pkt. 12c; ½ oz. 35c; oz. 60c; ¼ lb. \$1.35; lb. \$4.00.

G297—SELECT SOUTHPORT YELLOW GLOBE—(108 Day)—This is one of the most satisfactory and popular varieties raised for family use or market. It is an enormous yielder, hardy and reliable, making under normal conditions often up to 700 bushels per acre. The onions are models of perfection, growing uniformly deep and extra large, averaging 9 to 10 inches in circumference. The color of the skin is an attractive golden yellow, the flesh snow white, firm and juicy. Pkt. 12c; ½ oz. 35c; oz. 60c; ¼ lb. \$1.35; lb. \$4.00; 5 lbs. \$16.95.

G298—SELECT SOUTHPORT WHITE GLOBE—(108 Day)—The most beautiful onion grown, being of symmetrical globe shape with a smooth satin-like skin forming a perfect silver ball. It grows to a large size averaging 7 to 9 inches in circumference, and is solid and heavy. The flesh is purest white, close grained, mild and of delicate flavor. As soon as ripe the bulbs should be stored in a cool, dark dry cellar. It is a heavy cropper and for the family garden as well as for market it is a valuable onion. Pkt. 15c; ½ oz. 35c; oz. 60c; ¼ lb. \$1.40; lb. \$4.60.

EARLY YELLOW GLOBE

Early Yellow Globe

G290—(98 Day)—This variety will mature 10 days to two weeks earlier than Southport Yellow Globe and is especially suited to sections where seasons are short. It is a good yielder and a much better keeper than most other early varieties. Bulbs grow 2½ in. in diameter, globe-shaped, skin is deep yellow, flesh pure white, solid and of excellent quality. Where quick maturing early onions are wanted this variety should be used. Pkt. 15c; ½ oz. 35c; oz. 60c; ¼ lb. \$1.35; lb. \$4.00; 5 lbs. \$18.75.

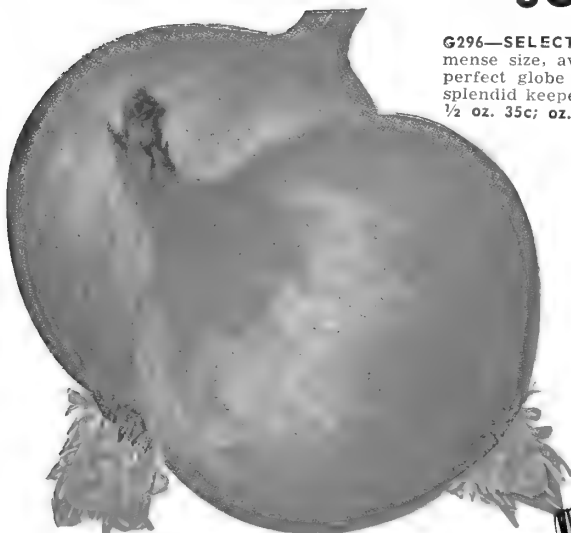

SILVERSKIN

White Portugal or Silverskin

G295—(100 Day)—A leading white, flat onion. The bulbs attain a good size, ripen evenly and the color is a beautiful silvery white when cured. Its shape is flat but symmetrical. It is largely grown for pickling, being sown three or four times as thick as usual and is also extensively sown for sets. Pkt. 10c; ½ oz. 35c; oz. 55c; ¼ lb. \$1.25; lb. \$4.75.

Bunching Onions

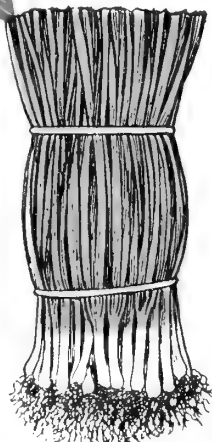

G301—Does not form bulbs but grows into long silvery white stalks which are used for bunching the same as green onions. They grow in clusters and when sown early will be ready for use after onions grown from sets are gone. Where winters are not too severe seed may be sown in the late summer and then start early in the spring. Pkt. 12c; ½ oz. 35c; oz. 60c; ¼ lb. \$1.35.

G300—HYBRID SWEET SPANISH ONION

Giant Hybrid Sweet Spanish Onion

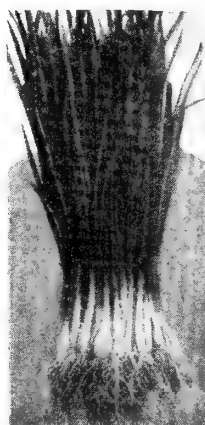

Giant in Size. Heavy Yielder. Sweet Mild Flavor.
G300—(110 Day)—Why buy the large sweet onions at fruit stores when you can grow them in your own garden? This new variety was developed especially for this country and anyone having reasonably good garden soil can grow these fine large onions. Seed sown early in the spring will produce magnificent large globe shaped onions often weighing a pound or more. It has a beautiful straw colored skin, flesh pure white, tender and of mild sweet flavor. A good keeper for such a large onion. We offer our special strain of seed which was grown from only carefully selected bulbs. Pkt. 15c; ½ oz. 45c; oz. 85c; ¼ lb. \$2.50; lb. \$8.50.

ONION PLANTS

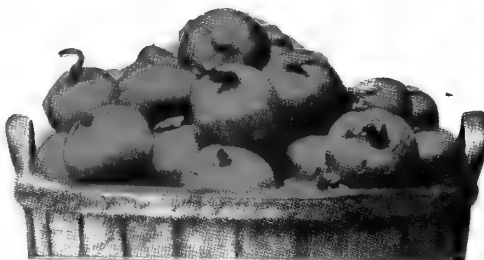

Hybrid Onion Plants

G310—By using these early started plants you can easily grow onions weighing 1 lb. each and they are ready to harvest much sooner than from spring sown seed. They are sold by the bunch—count may vary from 60 to 110 or more depending on the size of the plants. Plants available from Mar. 15th to May 1st, 2 bunches for \$1.35; 5 for \$2.50; 10 for \$4.35 postpaid. Not prepaid: Crate (60) bunches \$9.75.

BUNCHING ONIONS

Fight Onion Maggots with Chlordane Dust.
See Page 2-A

G307—VICTOR ONION SETS

VICTOR ONION SETS

G307—These famous sets are very popular and widely used for both green onions and winter use. The ordinary often run to seed but very few of these sets will produce seed heads but instead will mature into a handsome bulb of deep yellow color, very solid and excellent keepers. We guarantee them to give satisfaction. Qt. 50c; 3 qts. \$1.25.

NOTICE—Due to the high cost of postage and packing no orders for onion sets can be filled unless other items are ordered at the same time.

Mrs. J. Squier, Iowa—We prefer Jung's seeds above all others, especially your Onion Sets. They just can't be beat.

G350—WISCONSIN LAKES

Wisconsin Lakes Pepper

G350—(68 Day)—A new early, heavy yielding pepper developed by Prof. Combs at the Wis. Exp. Station. Grows a very sturdy bush or plant 18 to 24 in. tall which are well supplied with ample foliage to prevent sun scald. Compared to California Wonder it ripens about one week earlier, fruits are fully as large but it sets more fruits so has always outyielded that popular variety. It has quality, uniformity, appearance and yield; equally desirable for the home or market garden. Pkt. 15c; ½ oz. 75c; oz. \$1.25.

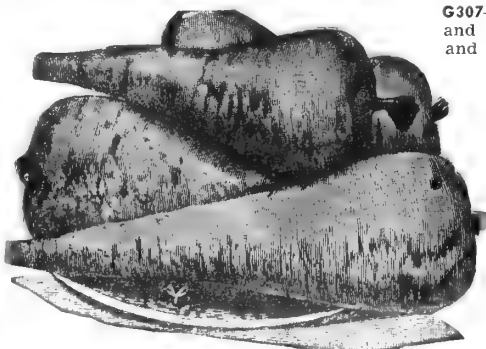

G321—STUMP ROOTED

PARSNIP

G321 — IMPROVED STUMP ROOTED—A very fine new Parsnip that is short and thick being easy to dig especially in heavy soils. Roots grow 6 to 8 in. long, and 3 in. thick at the shoulder. They are smooth and of attractive appearance. Flesh is very fine grained, sweet and tender. The earliest of all Parsnips. Pkt. 10c; oz. 35c; ¼ lb. 75c; lb. \$2.00.

G320—WHITE SUGAR or PRIVATE STOCK—This is a highly improved type of the Half Long, producing uniformly large and handsome roots of stocky form, heavy at the shoulders, well rounded, gradually tapering to the base so that they can be easily dug and if grown in properly pulverized soil the roots will be smooth and free from side-roots and wrinkles. The flesh is white, of fine texture, free from core and stringiness and especially fine flavored cooking tender, sweet and rich. Pkt. 10c; oz. 30c; ¼ lb. 65c; lb. \$1.50.

G320—WHITE SUGAR

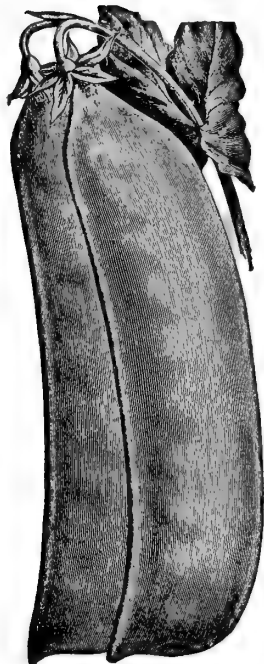

G330—BLUE BANTAM

Blue Bantam Peas

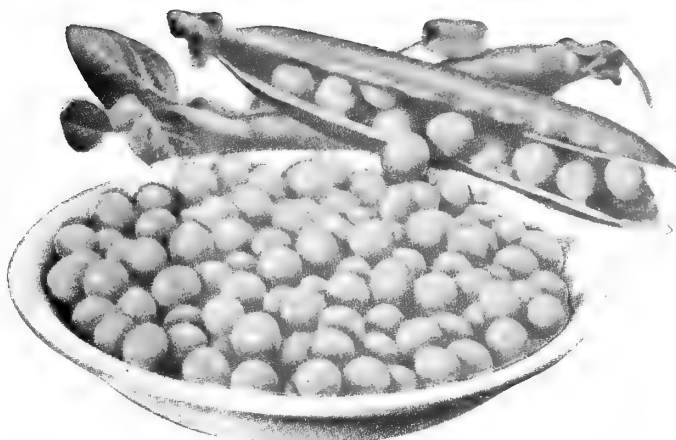

G330—(63 Day)—A splendid new pea of sturdy, dwarf growth, one of the large podded early dwarf peas. The vines grow 14 to 16 in. tall, are dark green in color and wonderfully productive, bearing a profusion of handsome, dark green pods which measure 4 to 4½ in. long and contains from 8 to 10 very large dark green peas of superb quality. They mature a little earlier than Gradus with pods fully as large they require no brush or support. You will plant this variety every year after once trying it out. Pkt. 10c; ½ pt. 40c; pt. 75c; qt. \$1.20.

EDIBLE PODDED PEAS

G339—MAMMOTH MELTING SUGAR—(74 Day)—This variety is far superior to all others of the edible class of garden peas, not only in size but also in delicious quality. The large pods are sweet, brittle and tender and have none of the tough lining found in so many of the edible kinds. The pods are used the same as snap or string beans and will also make excellent pickles. Full grown pods measure 5 in. long, are so tender and brittle that they snap like glass; they have no strings. Pkt. 10c; ½ pt. 40c; pt. 75c; qt. \$1.25.

MAM. MELTING SUGAR

G337—WANDO DROUGHT RESISTANT PEAS

Luscious Garden Peas

New Wando Peas - Resistant to Heat and Drought

G337—(70 Day)—Will succeed under heat and drought conditions where other varieties fail. Well suited for late planting, if conditions are favorable it will do exceedingly well, while if it is hot and dry it will also give you excellent peas. Very sweet and tender and well suited for freezing. Pkt. 12c; ½ pt. 45c; pt. 75c; qt. \$1.25.

G338—EXTRA EARLY LITTLE MARVEL—(63 Day)—The vines are dark green even growth averaging 15 in. in height and are heavily set with fine pods, frequently borne in pairs. The pods average about 4 inches in length, are square at the bottom and well filled with six or seven large deep green peas.

EXTRA EARLY LITTLE MARVEL

The pods are ready for the table as early as the American Wonder while the peas are larger and the vines produce a heavier crop. The peas retain their attractive dark green color and superb flavor when served at the table. You will be delighted with the choice flavor of Little Marvel. Pkt. 10c; ½ pt. 40c; pt. 75c; qt. \$1.25.

Jung's Honey Sweet

G335—(73 Day)—one of the best main-crop Peas to be had as they are truly of the most delicious flavor actually "sweet as honey." They grow a very healthy stocky vine about 18 in. high, and require no support. The pods are produced in great profusion; they are 4 to 4½ in. long and contain from 8 to 10 peas of most luscious flavor. A very heavy bearer never failing to produce a crop of giant pods. Pkt. 10c; ½ pt. 40c; pt. 75c; qt. \$1.20.

G335—HONEY SWEET

G346—EARLY GIANT

GROW MORE AND BETTER PEAS BY
USING NOD-O-GEN.
See Page 2-A

PEPPER

G346—EARLY GIANT—(60 Day)—By far the largest early Pepper grown. The fruits will average as large as Ruby Giant but are ready to pick much sooner than that variety; the shape is very much like Chinese Giant. Plants grow rather dwarf and compact and are much more productive than most of the large fruited peppers, many plants bearing 12 of the immense peppers at one time. Its ripened fruit average 5 in. long by 3 in. in diameter, of deep glossy color turning to a bright crimson when matured. The flesh is thick, sweet and of pleasant flavor. Probably one of the most profitable varieties to grow for market. Pkt. 15c; ½ oz. 60c; oz. \$1.00; ¼ lb. \$3.00.

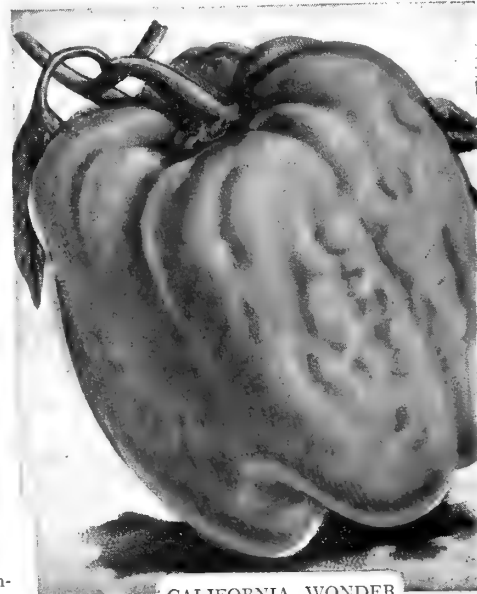

G345—CALIFORNIA WONDER—A magnificent Pepper resembling Chinese Giant in its large size and "blocky" form of fruits. Full grown peppers will measure 4½ in. in length and 4 in. in diameter. Flesh is unusually thick, very mild and sweet. A highly profitable variety for market garden. Pkt. 15c; ½ oz. 60c; oz. \$1.00; ¼ lb. \$2.90.

G349—WORLD BEATER—(72 Day)—The very best extra large Pepper, being a cross of Chinese Giant and Ruby King, having the longer form and earliness of the latter with the size of the former. Fruits are of immense size, 4 to 5 in. long by 3½ to 4 in. in diameter, flesh is very thick and so mild and sweet that they sell readily on all markets. Exceedingly productive and a good shipper. Pkt. 12c; ½ oz. 50c; oz. 90c; ¼ lb. \$2.75.

The Best Yellow Pepper.

G347—OSHKOSH—(68 Day)—A very distinct and desirable large fruited Pepper. The fruits are bright canary yellow at maturity but during growth they are a deep glossy green making an attractive sort to market as "green peppers." The flavor is mild and exceptionally sweet. Fruits average 4 and one-half in. in length by 3 and one-half in. in diameter, broad at base and taper slightly to a blunt point. Plants grow compact and are very productive. Pkt. 15c; ½ oz. 60c; oz. \$1.00.

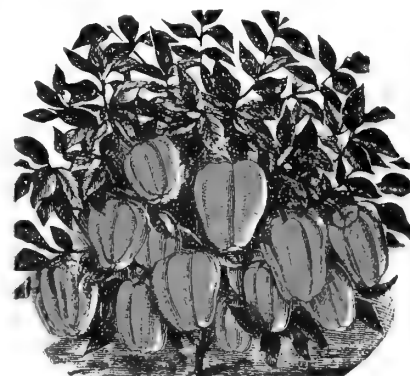

G348—(70 Day)—LONG RED CAYENNE—This is the pepper so popular for seasoning and pickling. The peppers are long and slim, bright red when ripe and have a hot pungent flavor. Pkt. 10c; ½ oz. 50c; oz. 90c.

CALIFORNIA WONDER

G349—WORLD BEATER

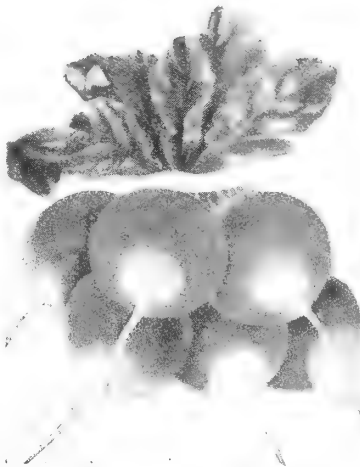

G347—OSHKOSH

G331—EARLY WHITE ICICLE

Crisp Tender Radishes

G331—SELECT EARLY WHITE ICICLE—(27 day)— Long, slender, crisp, tender, mild and of purest white. Unexcelled as a money maker. It produces slender, pure white Radishes very early in the season, much earlier and finer quality than any other long white variety. The shape is well shown in the illustration. The leaves are short and few, making it an excellent variety for forcing. It is of the best flavor and very brittle and crisp. The roots grow about 4 in. long and are ready for use in 27 days after sowing. Pkt. 12c; oz. 35c; ¼ lb. 60c; lb. \$1.40.

G378—PERFECTION EXTRA EARLY

G378 — PERFECTION EXTRA EARLY—(25 Day)—The most attractive white-tipped Radish. This variety is bound to become the most popular of the white-tipped varieties as it combines handsome appearance, quality and extreme earliness. The white tips extend nearly half way up the roots and the brilliant color of the tops shows up in strong contrast. For quality it is unexcelled as it is very crisp, tender and sweet. One of the best varieties to grow for market as well as for the home garden. Pkt. 12c; oz. 35c; ¼ lb. 60c; lb. \$1.30.

—WOOD'S EARLY FRAME

G373 — EARLY HAILSTONE — (25 Day — The earliest and Quickest growing WHITE RADISH in Cultivation. It is ready for use from 22 to 24 days after sowing. The Radishes are regular shaped, measuring 1 in. in diameter and about ½ in. in depth. Flesh is solid, crisp and of mild flavor. The foliage is unusually small. Pkt. 20c; oz. 50c; ¼ lb. \$1.25.

G375 — FRENCH BREAKFAST — (25 Day)—An early medium sized radish, olive shaped, very crisp and tender; of a beautiful bright, scarlet color tipped with white. It grows about 2 in. long and is decidedly stump rooted. A splendid variety for the table for its excellent quality and the beautiful color are unexcelled. It is a quick growing and exceedingly popular variety. Pkt. 10c; oz. 30c; ¼ lb. 60c; lb. \$1.40.

EARLY HAILSTONE

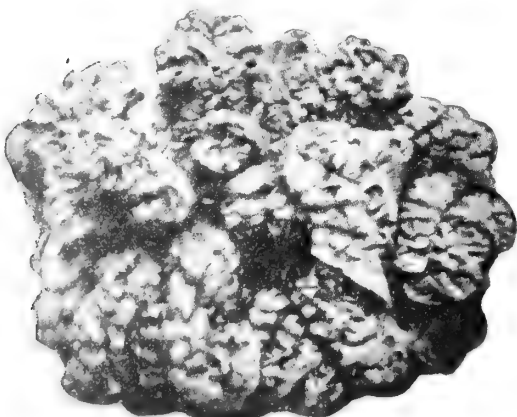

Prevent wormy radishes by using Chlordane dust—M65, 1 lb. 85c. See page 2-A.

G375—FRENCH BREAKFAST

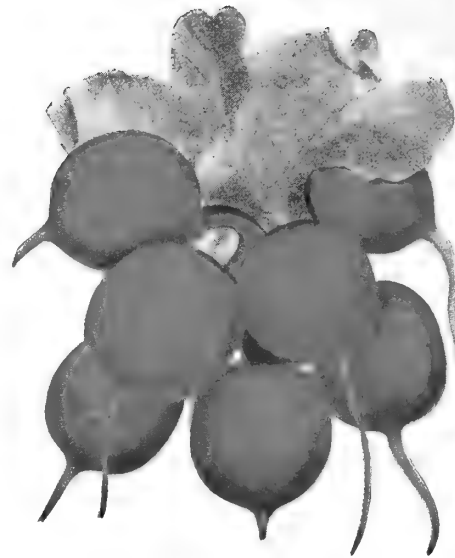

Gardening Instructions

Growing instructions are on all of our packets and we also have a booklet on growing vegetables and flowers. Price of this is 25c; but a copy will be sent free, if requested, with every order of \$1.00 or more.

G405—AMERICA SPINACH

G370 — "CHERRY BELLE"—(22 Day)—An "All America" prize winner, an outstanding radish for earliness, quality and appearance. Round and red as a cherry and often ready for use in 22 days, very uniform in size and shape. Flesh is crisp, firm and mild in flavor, slow to become pithy. Tops are small making it an ideal variety for bunching. Pkt. 15c; oz. 35c; ¼ lb. 65c; lb. \$1.40.

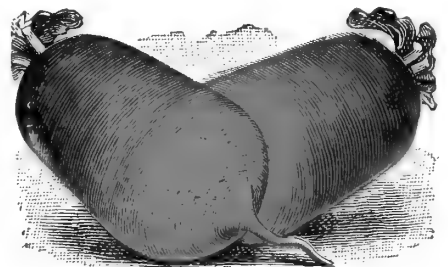

G370—CHERRY BELLE RADISH

Laura Barton, Okla.—We are well pleased with your seeds, never before have we had radish grow so fast.

Mrs. John Schaper, Iowa—We like your Hailstone Radish, the best we have ever grown.

G371—CHINA ROSE—(50 Day)—This is a large and fine shaped Radish, growing partly above the ground. It is a half long shape with a blunt point; rose colored skin, flesh pure white, solid as an apple. It has not the strong flavor of the Black Spanish and keeps equally as well. Pkt. 10c; oz. 30c; ¼ lb. 60c; lb. \$1.40.

CHINA ROSE WINTER

Mrs. John Ackerman, N. Dak.—I always have a beautiful garden from your seeds, order radish seed for the whole neighborhood, we sure are pleased with them.

G382—WOOD'S EARLY FRAME—(29 Day)—This is one of the earliest long varieties. It is of a beautiful scarlet color, shading to white towards the tip. It is always juicy, tender, delicious and free from pith and sharpness so often found in long Radishes. Very much used for growing under glass. You will be delighted with this variety. Pkt. 10c; oz. 30c; ¼ lb. 60c.

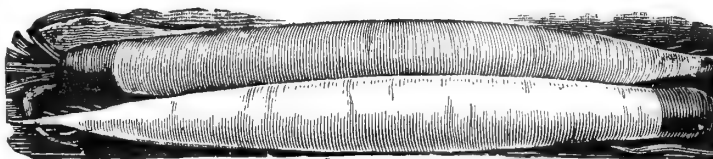

G315—MOSS CURLED PARSLEY

PARSLEY

G315—MOSS CURLED—The leaves are of an extra dark color. It is very productive, and on account of its densely curled character of leaves a large quantity can be gathered in a short time. It is much used for flavoring and garnishing. Pkt. 10c; oz. 35c.

G316 — TURNIP ROOTED —This variety, the roots of which resemble a small parsnip, is used in flavoring soups, stews, etc. For winter use store the roots same as turnips; as easy to grow as carrots. Pkt. 10c; oz. 35c.

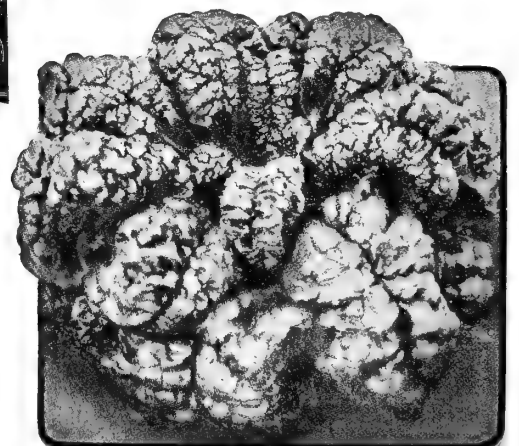

G400—SALSIFY

SALSIFY

G400 MAMMOTH SANDWICH ISLAND—One of the most delicious vegetables and also one of the most nutritious. The flavor is very sweet and highly esteemed whether boiled with butter or other suitable sauces, or sliced and fried, or used in soup. The new variety is superseding the old type, as it produces roots nearly double the size and weight and of equally good quality. Seed sown in the spring produces large, fine roots that may remain in the ground or may be dug and stored in sand or earth in November thus keeping plump and sweet to be used as desired during the winter. Mild and delicious in flavor. Pkt. 12c; oz. 45c; ¼ lb. \$1.10; lb. \$3.50.

SPINACH

G405—AMERICA—All-America Silver Medal Winner. A new, improved strain noted for its long standing, high quality and high yields. The leaves are glossy dark green, thick and tender, heavily crumpled. Grows a vigorous plant, 6 to 8 in. tall, 10 to 12 in. across and are very slow to bolt to seed. Splendid for either home or market gardens. Pkt. 12c; oz. 35c; ¼ lb. 60c; lb. \$1.35.

G407—LONG STANDING BLOOMSDALE

G407—LONG STANDING BLOOMSDALE—Remarkable new Spinach that is far superior to all of the other kinds. Its great advantage is that it will stand 2 weeks longer before running to seed than any other kind. For productiveness and quality it is unexcelled. Pkt. 10c; oz. 25c; ¼ lb. 40c; lb. \$1.10.

G414—GT. STRAIGHTNECK

Keep your Squash free from insects and disease by using Red Arrow and Garden Dust. See Page 2-A.

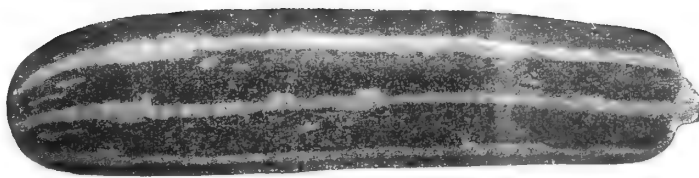

G410—BANANA SQUASH

The Great Banana Squash

Resistant to Bugs. Good Keepers. Superb Quality.

G410—This squash keeps equal to Hubbard, is fully as good in quality, more prolific and ripens earlier. The color is grayish green, shell soft so that it can be cut with a knife. It grows 18 to 30 in. long and 6 to 8 in. in diameter, many weighing 25 to 30 lbs. The flesh is very thick, deep orange in color and entirely free from fibre and stringiness. Cooks up perfectly smooth and of the most delicious flavor. Vines are very vigorous growers and more resistant to squash bugs than any other variety. Pkt. 12c; oz. 35c; ¼ lb. 80c; lb. \$2.00; 5 lbs. \$9.25.

G412—CASERTA

SELECT SUMMER SQUASH

Caserta

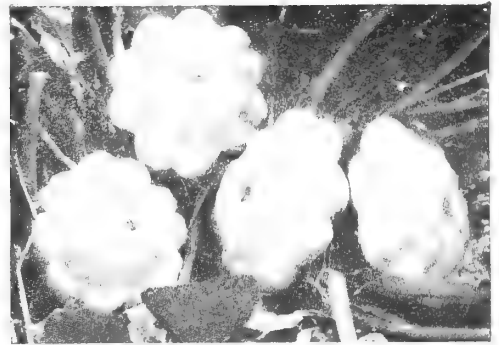

The Most Delicious and Finest Flavored Summer Squash

G412—(50 Day)—Of compact bush growth the vines yield a heavy crop of fruit averaging 14 in. long and 4 to 5 in. thick, deep green with lighter markings, top quality. Pkt. 10c; oz. 35c; ¼ lb. 75c; lb. \$1.95.

G414—GIANT STRAIGHTNECK—A new highly desirable summer squash that is replacing the older crookneck type. It

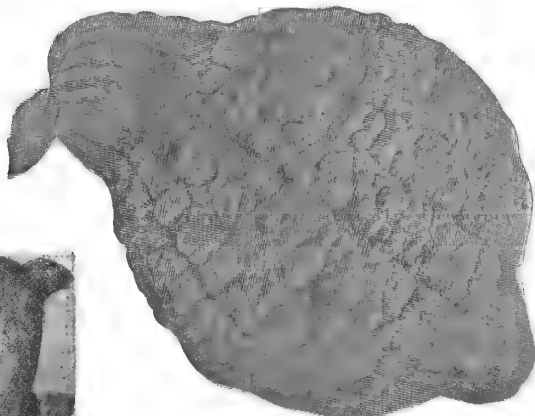

is easier to pick, will yield just as heavily and is of the same appearance as Giant Crookneck, the neck is heavier and gives more edible squash and is easier to prepare for the table. Pkt. 10c; oz. 35c; ¼ lb. 70c.

G418 — MAMMOTH WHITE BUSH — An early maturing bush summer squash which will bear throughout the season if kept picked. Squashes are pure white and of large size. Flesh is thick and of very fine quality. Pkt. 10c; oz. 35c; ¼ lb. 80c.

G413—MAMMOTH WHITE BUSH

SUPERB WINTER SQUASH

G415—GOLDEN HUBBARD

G415—GOLDEN HUBBARD

—An elegant Winter Squash. Flesh a deep golden yellow, much richer in color than Hubbard; fine grained, cooks very dry and is of excellent flavor. In keeping quality it has no superior. Its productiveness, combined with its sweet rich flavor, attractive color and shape are bound to make it a popular fall and winter variety. Golden Hubbard is a sport from a well known Hubbard which it closely resembles in every respect except in color, which is a bright golden yellow. Pkt. 10c; oz. 35c; ¼ lb. 75c; lb. \$1.85; 5 lbs. \$9.00.

G419 — TABLE QUEEN—A squash that will suit the most exacting taste. If you want something in extra fine 'eats' cut one of the squash in half, put in a lump of butter and bake; this serves one amply. It ripens early, will keep all winter and is so productive that a few hills produce enough for the average family. Pkt. 10c; oz. 35c; ¼ lb. 80c; lb. \$1.75.

"BUTTERCUP"

The Quality Squash

Superb Quality. Excellent Keeper. G411—A splendid winter squash developed by Prof. Yaeger of the No. Dak. Exp. Station. The squashes weigh 3 to 5 lbs., are dark green in color, mature early, and are excellent keepers. The flesh is very thick,

G419—TABLE QUEEN

deep orange in color, very sweet, and entirely free from fibre of any kind. The highest Quality Winter Squash. Pkt. 12c; oz. 40c; ¼ lb. \$1.00; lb. \$2.90; 5 lbs. \$12.75.

G411—BUTTERCUP

Alfred Batten, Mich.—From your seed I grew Banana Squash weighing 35 lbs. and 31 in. long and we had a dry season.

Jung's Northern Grown Tomato Seed

We take pride in our tomato seed and are sure that it is unexcelled for quality. It is northern grown and will produce a crop that will ripen earlier, produce more solid fruit and healthier plants than seed grown farther south. It is folly to use cheap tomato seed for it takes only a few ounces to plant an acre.

The Famous "Wisconsin 55" Tomato

Vigorous Grower. Handsome Appearance. Large, Smooth, Deep Red Fruits.

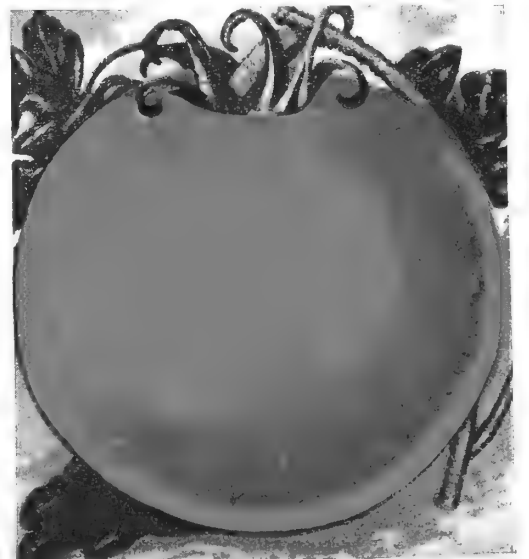

G470—This superb new tomato was developed by Dr. John C. Walker and Dr. James Kuntz of the University of Wisconsin. It ripens as early as John Baer and has all the good qualities of Stokesdale and Rutgers. Compared to these it has larger fruit, no shoulder cracks, no blossom end rot, ripens evenly, is uniform in size, has strong skin and solid walls so makes an excellent shipper. It is also resistant to defoliation diseases, early blight and leaf spot. Thus far it has out-yielded other varieties 30 per cent. You will find this to be the top ranking tomato. Jung's Certified Seed: Pkt. 15c; ¼ oz. 30c; ½ oz. 50c; oz. \$1.00; ¼ lb. \$2.50.

Jung's "Master" John Baer Tomato

G465—(70 Day)—An improvement over our original John Baer due to more vigor which shows up in the healthy, deep rooted, heavy yielding plants. The large, smooth, deep red fruits are borne in abundance. First fruits ripen early and the vigorous vines keep on producing for many weeks. Flesh is deep red in color, very firm and of superb quality and flavor. We highly recommend it either for home or market gardens. Select seed of our own growing: Pkt. 15c; ½ oz. 50c; oz. 85c; ¼ lb. \$2.60.

G465—MASTER JOHN BAER

G470—WIS. "55" TOMATO

Jung's Northern Grown TOMATO SEED

Giant Oxheart

G462—(90 Day)—THE LARGEST OF ALL TOMATOES—
Superb in Quality, Firm, Solid Flesh—If you wish to sur-
prise your friends with truly large tomatoes plant Oxheart.
Single fruits have been grown weighing 2 lbs. each. The
fruits are Oxheart shaped, deep pink in color and are
almost all solid meat as they contain but few seeds. The
size and quality of this new tomato will delight and please
you. Pkt. 15c; ½ oz. 75c; oz. \$1.25.

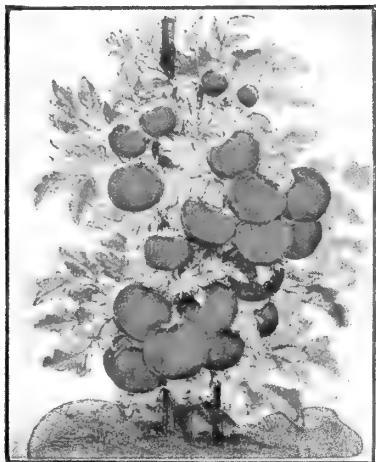

Urbana or Giant Everbearing

A Top Rated Tomato. Excels in Giant Sized Smooth and
Attractive Fruits of Excellent Quality. Equal
Hybrids in Size, Yield and Quality.

G454—(75 Day)—A wonderful tomato that commences to
ripen early and continues to bear throughout the season;
the later fruit is just as perfect as the first. It has been
tried out in all parts of the U. S. and on different soils and
always proved successful. The plants make strong vines
that produce large numbers of fine tomatoes from each
plant. The fruits are large, solid and smooth, free from
cracks and ripen up evenly to the stem. Fruits are a bright
glossy red, flesh is solid, contains few seeds and is ex-
ceptionally fine flavor. Choice seed of our own growing.
Pkt. 15c; ½ oz. 50c; oz. 90c; ¼ lb. \$2.60.

G462—GIANT OXHEART

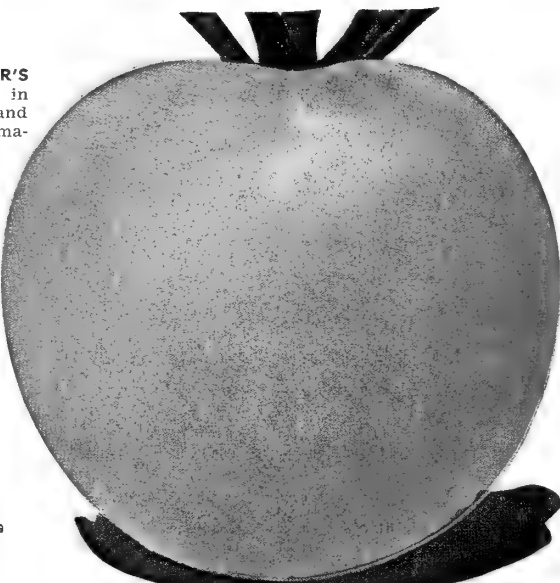

EARLIEST TREE TOMATO

Jung's Earliest Tree Tomato

G450—(80 Day)—A splendid variety for
the home garden. It is the largest fruit-
ed dwarf tree tomato. The plants grow
to a height of about 2 ft. and are stiffly
erect until they become over-loaded
with fruit. The fruit is produced in
clusters of 3 to 5 and as the growth is
close-jointed each plant produces a
large number. The tomatoes are of
large size, and are smooth and solid.
Fruit have a solid meaty center and no
hard core and produce but very little
seed. We consider the Earliest Tree in-
valuable for the home garden or ship-
ping purposes. Pkt 12c; ¼ oz. 60c;
oz. \$1.00.

G464 — (75 Day) — TRUCKER'S
FAVORITE — Very uniform in
shape and size; thick, heavy and
solid; one of the largest toma-
toes grown. The fruits are
of a purplish red or pink
color; always smooth and
fleshy. They hold their size
to the very last picking
and ripen well to the stem.
The vines are not subject
to blight or rust and pro-
duce enormous crops until
killed by frost. Delightful
in quality and flavor and
unexcelled for slicing or
cooking. As a dependable
main-crop Tomato, Truck-
er's Favorite cannot be
beaten. Pkt. 10c; ½ oz. 50c;
oz. 85c; ¼ lb. \$2.75.

G464—TRUCKER'S FAVORITE

"Blossom Set"

You can grow earlier,
larger and more tomatoes
on each plant by using
"blossom set." Fully de-
scribed on page 2-A.

Garden Dust

M24—We can highly recommend
this preparation as it may be
used as a spray or dust. It will
not only protect your plants
from insects of all kinds but will
also prevent disease such as
blight, rust and wilts. Especially
good on Potatoes and Tomatoes
as it will keep the vines green
and healthy, also for flowers
such as roses, phlox and others
that are subject to blight, rust
or mildew. This combination is
all that is needed, not necessary
to use several different sprays
or dusts. Full instructions on
every can. 8 oz. (filled) Squeeze
can \$1.19; lb. can \$1.35; 3 lbs.
\$2.75.

Mrs. Adolph Smith, Wis.—Tell the boss your Ur-
bana or Giant Everbearing is the best of all to-
matos I have ever grown.

G455—GOLDEN DWARF CHAMPION

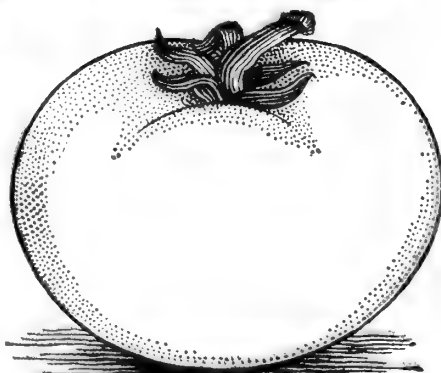

G453—JUNG'S GIANT CLIMBING

G453—(85 Day)—JUNG'S GIANT
CLIMBING—Enough tomatoes for
an average family can be grown
from a small space by planting
this vigorous tomato and support-
ing the plants on a trellis or
stakes. Vines will grow 6 to 8 ft.
tall and bear tremendously. Fruit
are very large in size, smooth,
solid, deep red in color and ripen
up evenly to the stem. May also
be grown like ordinary varieties
but be sure to give plants plenty
of room. Select seed of our own
growing. Pkt. 15c; ½ oz. 65c; oz.
\$1.10.

FANCY PRESERVING TOMATOES

G452—(75 Day)—FANCY MIXED
PRESERVING—In a packet of this
seed you will receive a fine assort-
ment of the different small fruit-
ed varieties such as Red and 'Yel-
low Pear, Plum, Cherry and Peach.
These tomatoes are all of unusu-
ally sweet, rich flavor and excellent
for making preserves. As they are
such prolific yielders a few plants
will supply an average family.
Pkt. 12c; 3 pkts. 30c.

G469—WHITE WONDER

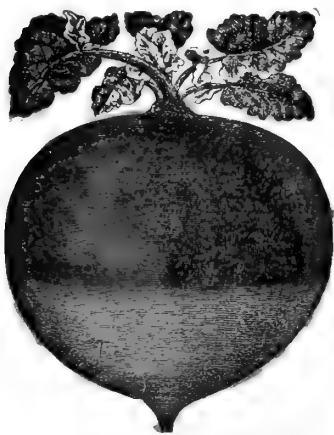

G469—(85 Day)—WHITE WONDER—A wonderful
tomato which has creamy white skin and flesh.
The fruit is free of the usual acids and can
therefore be enjoyed by persons who cannot eat
red tomatoes on account of the acids they con-
tain. The fruits are very firm and when cut open
show a firm flesh. As a tomato for slicing or
salads, it is unsurpassed. Be the first one to
grow this new tomato and surprise your neigh-
bors. We offer you choice seeds of our own
growing. Pkt. 15c; 2 pkts. 25c.

G455 — (80 Day) — GOLDEN
DWARF CHAMPION — The
Dwarf Champion owes its wide
popularity to its stiff vigorous
growth, smooth fruit and fine
color. Plants are bushy and
compact with heavy dark green
foliage. The tomatoes are always
smooth, round and solid and of a
beautiful lemon color. Nothing makes
a more tempting dish than red and
yellow tomatoes sliced together. This
variety has an unusual flavor, especially
fine for preserves as it does not require
as much sugar as other varieties. Pkt.
15c; ½ oz. 60c; oz. \$1.00.

G463—(70 Day)—JUNG'S SUGAR LUMP
—A remarkably fine tomato that ripens
very early, bears a heavy crop of smooth
deep red fruits from early summer un-
til frost. Fruits are 1½ to 2 inches in
diameter, always smooth, deep red
and very sweet, unexcelled for can-
ning whole, salads and making to-
mato juice. Fruits are borne in clus-
ters, often 12 to 15 in a bunch and are
so productive that 12 to 15 plants will
supply enough fruit for an average
family. Select seed of our own grow-
ing. Pkt. 12c; ½ oz. 50c; oz. 80c.

G463—SUGAR LUMP TOMATO

G391—LAURENTIAN

G391—PERFECT MODEL or LAURENTIAN—A highly improved rutabaga that is giving satisfaction wherever grown. A heavy yielder, flesh deep orange colored, sweet and fine grained excellent for table use. It is globe-shaped, yellow skin with purple top and very short neck. An excellent variety to grow for market as they present such a handsome appearance that they sell readily. Pkt. 12c; oz. 30c; ¼ lb. 60c; lb. \$1.50; 5 lbs. \$6.25.

RUTABAGAS

G390—IMPROVED PURPLE TOP YELLOW—A hardy and productive variety, widely grown for market and stock feeding. It is of fine quality and keeps perfectly all winter and even into the following summer. Bulbs are large, smooth, round, and solid with a small tap root. Flesh richly colored, fine grained and very sweet. Pkt. 10c; oz. 25c; ¼ lb. 45c; lb. \$1.25; 5 lbs. \$5.85.

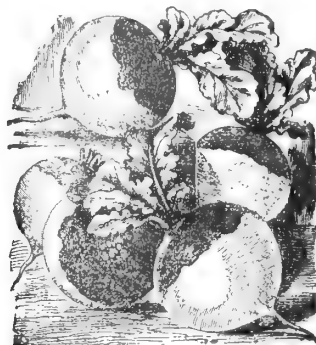

G390—IMP. PURPLE TOP YELLOW

TURNIPS

G478—EXTRA EARLY WHITE MILAN—A very valuable sort largely used by market gardeners for first or extra early use. The quickest growing variety and under favorable conditions is fit for use in a few weeks after sowing. The roots are of medium size, of pure white color and very handsome appearance. Flesh is fine grained, sweet and of mild flavor. A splendid variety for both the home and market garden. Pkt. 10c; oz. 25c; ¼ lb. 45c; lb. \$1.20; 5 lbs. \$5.25.

G476—GOLDEN BALL—Of the yellow or golden fleshed turnips this is the best variety. Roots grow quickly to good size, are smooth and very fine in appearance. Flesh is a rich yellow color, tender and mild in flavor; in fact we consider it the best turnip for table use. Pkt. 10c; oz. 25c; ¼ lb. 45c; lb. \$1.20; 5 lbs. \$5.50.

G477—PURPLE TOP WHITE GLOBE

G476—GOLDEN BALL

G477—PURPLE TOP WHITE GLOBE—This grows very quickly to large size; roots even and regular in form and of most handsome appearance. The bulbs will measure 6 inches and more in diameter, being of perfect globe form. The plants being of such large, strong growth should be thinned more severely than with small early sorts. This variety is very extensively used for market growing. Pkt. 10c; oz. 25c; ¼ lb. 45c; lb. \$1.25; 5 lbs. \$5.25.

Mrs. Gilbert Matz, Wis.—We have been well pleased with your quick service and the fine results from planting your seeds.

JUNG'S SUPERB FLOWER SEEDS

You can rely upon the quality of Jung's Flower Seeds. They are grown from select stocks and all mixtures are made up of a well balanced selection of colors. We know you will be delighted with the gorgeous flowers you can grow by planting Jung's Select Flower Seed.

Jung's Superb Asters

F515 — JUNG'S RUFFLED GIANTS—Everyone is sure to admire these beautiful giant flowered Asters. The immense flowers are 5 to 6 in. across and rival Chrysanthemums for bouquets as they are borne on long stems and will last 10 days to 3 weeks if given fresh water. White, Rosy Red, Shell Pink, Violet, and mixed. Pkt. 10c; 1 pkt. of each color for 35c;

Mrs. Dan Burkhalter, Gre.—Seeds and bulbs I had from you produced gorgeous flowers, especially the Asters and Snapdragons.

F520 — JUNG'S SCARLET GEM—The most attractive of all Asters, being a brilliant red. The flowers are large and full and are borne on a tall robust plant. Most effective for either beds or bouquets as their bright color makes them showy no matter where they may be placed. We know all of our customers will be delighted with it. Pkt. 10c; ¼ oz. 30c.

F522—YELLOW CHRYSANTHEMUMS—The rarest and newest Aster, being a delicate canary yellow, a new color that will be welcomed by every Aster lover. The flowers are of good size, remarkably full and double with centers well covered. Flowers are produced so numerous that a plant looks like a golden dome. Pkt. 10c; ¼ oz. 30c.

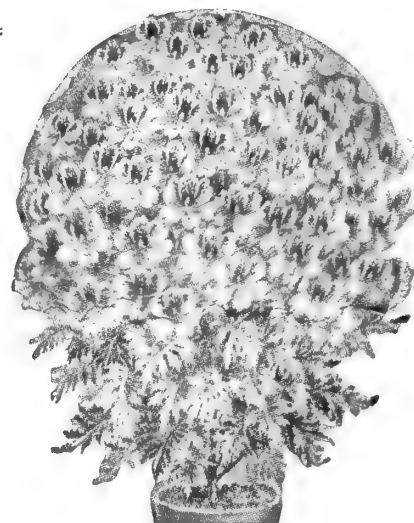

F524—WHITE CHRYSANTHEMUM

New Giant White Chrysanthemum

F524—A new mammoth flowered Aster the blooms of which rival Chrysanthemums for size and beauty. The flowers are 5 to 6 in. across, very double and the long lacy petals make it unusually beautiful. The large flowers are borne on long stems and often 5 and 6 flowers on a plant. The size and beauty of these Asters are truly amazing. Pkt. 15c; 2 pkts 25c.

YELLOW CHRYSANTHEMUM

F537—BUTTERFLY PLANT

BUTTERFLY PLANT

F537 — GIANT FLOWERED MIXED—Wonderfully showy plants having leaves like fern and blossoms like an orchid. The plants grow 1½ to 2 ft. tall and are literally covered with the exquisite butterfly-like blossoms of almost every known shade and color. These are of lasting substance and a plant in bloom makes a truly beautiful sight. They are easy to grow in the garden and will also make beautiful pot plants for winter flowering. Pkt. 15c; 2 pkts. 25c.

F533—BALSAM

BALSAM

F533 — DEFIANCE MIXED—A favorite quick growing annual. The plants form symmetrical well branched erect bushes about 2 feet high. The branches are well covered with beautiful double flowers. The colors include white, rose scarlet, crimson, purple, lilac and violet. Our strain of these is unsurpassed for size of blooms, doubleness and beauty of flowers. Pkt 10c; ¼ oz. 25c.

BABY'S BREATH

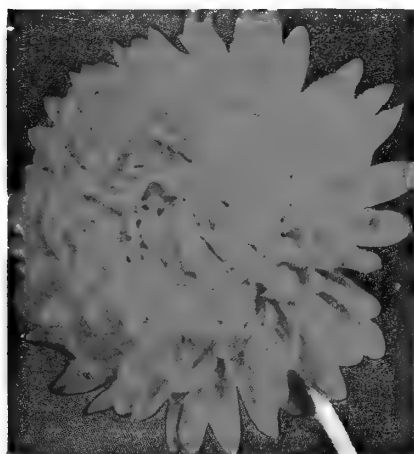

F598 — GIANT PARIS MARKET—These hardy annuals produce feathery sprays of tiny, pure white star-like flowers that are highly esteemed for cut flowers as they lend a most graceful effect when combined in bouquets. Successive plantings should be made if you wish a supply throughout the season. Pkt. 10c; ¼ oz. 20c.

F598—BABY'S BREATH

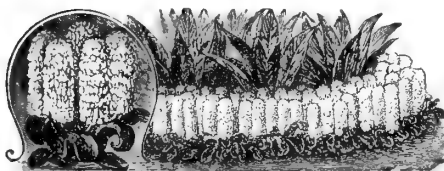

F515—RUFFLED GIANT ASTERS

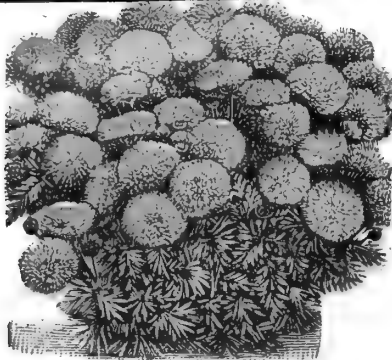

F520—JUNG'S SCARLET GEM

Candytuft

F544—LITTLE PRINCE—This is a dainty and distinct Candytuft, the plant growing only about 6 in. high and bears immense spikes of snow-white flowers, in great abundance. Pkt. 10c; ¼ oz. 25c.

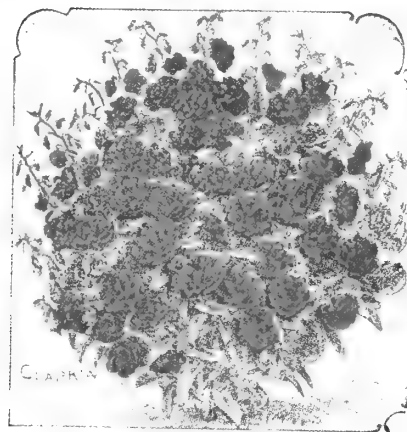

LITTLE PRINCE

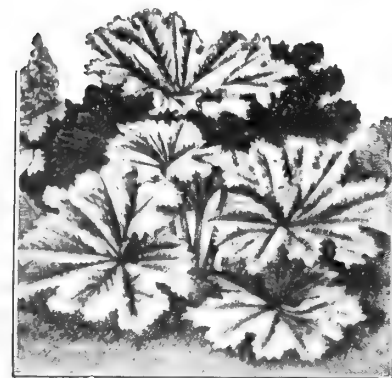

F530—BABY GOLDEN GLOW

Chrysanthemums for Fall Glory

See Inside Back Cover

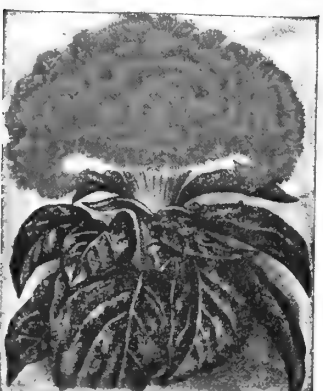

F562—CLARKIA

F550—CASTOR OIL BEAN

FANCY MIXED CANDYTUFT

COCKSCOMB

Baby Golden Glow

F530—A most charming annual growing about 15 to 18 in. high bearing scores of bright yellow flowers. Seeds should be started indoors; the plants will begin to bloom almost as soon as set in the open ground affording an unlimited supply of cut flowers. One of the best bedders. Likened to Golden Glow on account of color, shape and profusion. Pkt. 10c; 1/8 oz. 25c.

Clarkia

F562 — GIANT FANCY MIXED

— For rare gracefulness and beauty, few annuals will surpass Clarkias. Suitable for either the border or bouquets. They grow erect to a height of 2 ft. and the branches for their entire length are covered with double flowers resembling carnations or rosettes. Pkt. 10c; 1/8 oz. 35c.

Castor Oil BEANS

F550—Our fastest growing ornamental plant, very useful for backgrounds or the center of a large flower bed. They are very ornamental as the large broad leaves are glossy green or bronze in color, palm shaped and give a tropical appearance. Large pkt. 15c; oz. 35c.

PREMIUMS See Page 2

Candytuft

F545—FANCY MIXED — These Candytufts are very profuse bloomers and come into bloom soon after sowing and remain in flower for a long time. May be sown in solid beds or used for edging or borders. Pkt. 10c; 1/8 oz. 25c.

Cockscomb

F564—GIANT PRIZED MIXED — Wonderfully showy annuals producing crimson and yellow flowers or combs of immense size. Very easy to grow. Cut when partially open and dry in shady place and they make excellent winter bouquets. Pkt. 15c; 1/8 oz. 45c.

Annual Hollyhocks

F600—INDIAN SPRING—Semi-double fringed flowers from delicate pink to rosy carmine are freely produced on 4 to 5 ft. stalks the first season. Seed sown in March will bloom in August. Plants will live over winter and flower again the following year. Pkt. 12c; 3 pkts. 35c.

K. C. Wonch, Mich.—I always grow beautiful flowers from your seeds.

F755—CHINESE WOOLFLOWER

Cardinal Climber

F755 — The plants average 2 feet in height branching freely, each shoot bearing a beautiful ball of wool in pink, yellow and scarlet. It flowers early and profusely and the heads of bloom mixed with fresh green foliage makes the plant look like an immense bouquet set in the ground. They continue to grow with a richness of color all summer and fall. Very much used for winter decorations. Pkt. 12c; 3 pkts. 35c.

F547—CARDINAL CLIMBER

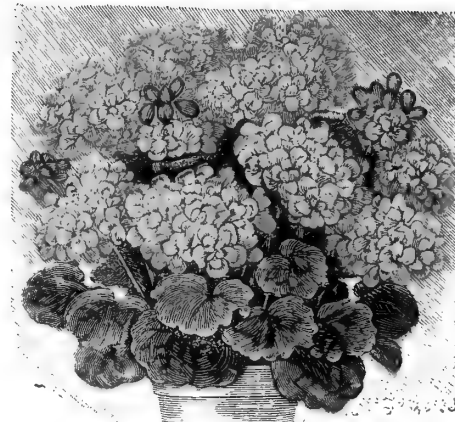

F574—ANGELS TRUMPET

HOLLYHOCKS

GERANIUMS

F593 — GIANT ZON-ALE — HYBRID — It is not generally known that geraniums can be easily grown from seed, in fact some of the finest new varieties are started from seed. Seed sown early will produce flowering plants the first year. Our seed contains a great variety of colors and there is much pleasure in watching them develop from seed to blooming plants. Pkt. 20c; 3 pkts. 50c.

F593—GERANIUMS

Mrs. Elmer Broeren, Wis.—Have dozens of Geraniums grown from a packet of your seed.

Scarlet Runner BEANS

F685 — One of our faster growing annual vines. Bears large clusters of showy bright scarlet flowers. Pods are tender when young and may be used like any pole bean. Both useful and ornamental. Large. Pkt. 12c; oz. 35c.

SCARLET RUNNER BEAN

Cardinal Climber

F547 — One of the most beautiful annuals we know of and should be grown by every lover of vines or climbers. The foliage is like a palm leaf, rich, glossy green with fringed edges against which the brilliant scarlet flowers about one inch across. In a warm sun-show off beautiful. In location and rich soil it grows about 20 feet in height. It is of rapid growth, free from insects and a beautiful vine for porches or trellises. Pkt. 15c; 2 pkts. 25c.

CELOSIA Fireflame

F554—An easily grown and highly attractive annual that may be grown in the flower garden or in pots. plants grow 12 to 15 in. tall and the center stalk and each branch terminates in a fiery red flower head. Even more attractive than Geraniums or Salvia and remain in flower for weeks. Pkt. 15c; 2 pkts. 25c.

FIREFLAME CELOSIA

Mrs. D. Petersen, Wis.—Your seeds are wonderful, always have an abundance of flowers and vegetables from them.

Mrs. Raymond Hookstead, Wis.—The best garden and flowers I have had was grown from your seeds.

Angel's Trumpet or Datura

F574—Annual growing to a height of 2 to 3 ft. and producing large lily-like trumpet shaped flowers that are very fragrant. A plant in bloom is a beautiful sight and perfumes the whole garden. Our seed will produce both single and double flowers. For best results they should be started indoors and later transplanted into the open. Pkt. 10c; 3 pkts. 25c.

COSMOS

F568 — JUNG'S SUPERB MIXED—Probably one of the finest Cosmos mixtures to be had. Made up of such grand varieties as Sensation, Early Flowering, Golden Flare, etc. will supply you with grand flowers from early summer until frost. Many of the flowers will be 4 to 5 in. across and are borne on long stems; grand for bouquets. Pkt. 10c; 1/8 oz. 35c.

F608—LAVATERA

CHRISTMAS KOCHIA

CHRISTMAS KOCHIA The Annual Hedge

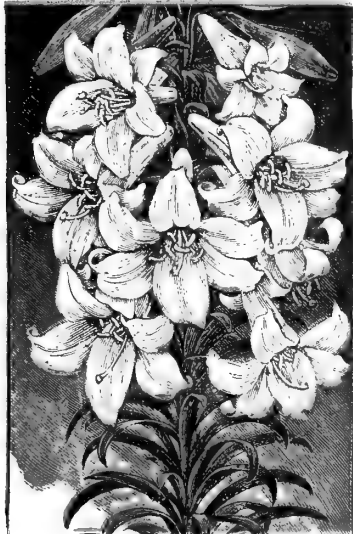

A Beautiful Hedge in 60 Days from Seed. Very Symmetrical and Uniform. No insects or Disease. Grow a Beautiful Hedge 3 ft. Tall from Seed Sown in Spring. F605—Sow the seed thinly early in the spring and in 6 to 8 weeks you will have a beautiful hedge. Will grow to a height of 3 to 4 ft. and will be very dense and symmetrical from the start. Plants are rich green until frost after which they turn to a rosy claret red. Easy to grow and not bothered by insects. Pkt. 10c; 1/4 oz. 25c.

LAVATERA

F608—ROSY MORN—These handsome flowers should be grown by every flower lover. Plants grow 2 feet in height and produce a mass of charming rosepink flowers. Very useful for showy beds or borders and as the flowers are borne on long stems, they are very useful for vases and bouquets. It is easy to grow and sure to please. Pkt. 10c; 1/4 oz. 35c.

LILY BULBS

See Page 51

EVERBLOOMING LILY

Everblooming Wonder Lily

F610—A wonderful new hardy Lily that will bloom from seed the first year if started early. Flowers very much resemble Easter Lilies, being pure white inside, slightly tinged deep rose on the outside. They grow 3 to 4 ft. tall and often produce 10 to 15 flowers on a stem. Will increase in size and beauty from year to year. Pkt. 15c; 2 pkts. 25c.

Hazel White, Ohio—Planted some of your Everblooming Lilies a year ago and they are now in bloom, over 5 ft. tall and are the envy of the neighborhood.

F645—NICOTIANA

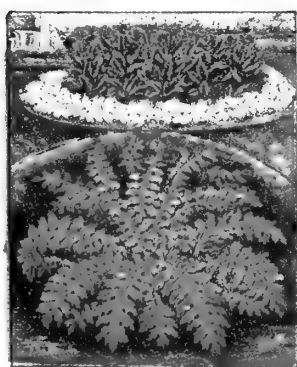

NICOTIANA

F645—CRIMSON BEDDER—A splendid bedding plant being bright in color and remaining in bloom for a long time. Flowers are a deep rich red and very fragrant. Free flowering bushes grow to a height of 12 to 15 in. Pkt. 10c; 3 pkts 25c.

Mrs. R. J. Bryant, Okla. — It is a dream of every gardener to grow flowers like the pictures in the catalogs. The flowers I grew from your seeds are lovelier than your illustrations.

PYRETHRUM

F678—AUREUM—One of our most attractive and useful plants for borders and edgings. Grows 8 to 10 in. tall, foliage is an attractive golden color contrasting well with other green foliage plants. Pkt. 10c; 1/4 oz. 35c.

F678—PYRETHRUM

F651—SUPERB PANSIES

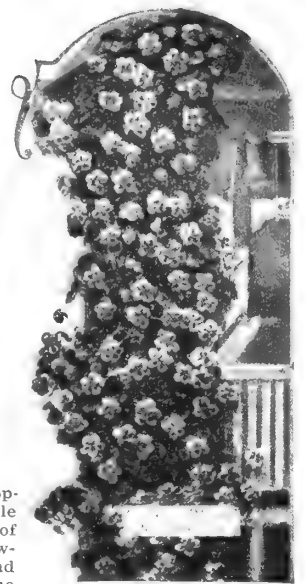

NASTURTIUMS

F642—GOLDEN GLEAM—The most popular flower ever introduced, a double flowering, sweet scented Nasturtium of rare beauty. Plants make a strong growth, they commence to bloom early and remain in flower until hard frosts. The large, double golden flowers, 2 1/2 to 3 in. across, are borne on long stems and have a delightful odor. Pkt. 10c; 1/2 oz. 25c; oz. 40c.

F640—JUNG'S GIANT CLIMBING—This mixture is absolutely unsurpassed. Nothing can excel the wealth, richness and variety of these Nasturtiums for trellis, window boxes or bush planting, nor surpass them in freedom and profusion of bloom. On good soil they grow 8 feet tall. Our mixture includes a wonderful diversity of colors, some are solid while others are beautifully mottled and striped. Pkt. 10c; 1/2 oz. 25c; oz. 40c.

PANSIES

F651—SUPERB MIXED—This is a popular large flowering type just what you want for a pretty bed. The plants make a strong growth and flower freely. This mixture comprises many beautiful varieties and we know you will be delighted with it. Pkt. 12c; 1/4 oz. 60c.

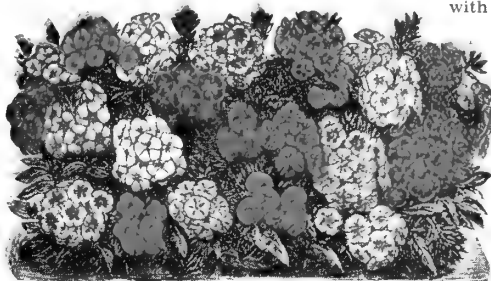

F623—BISMARCK MIGNONETTE

MIGNONETTE

F623—BISMARCK—Remarkable for size, color, fragrance and profusion of blooms. Flower spikes are of giant size measuring 6 to 8 in. long and frey red in color. Very showy as the bright flowers contrast effectively against the deep green foliage. Pkt. 10c; 3 pkts. 25c.

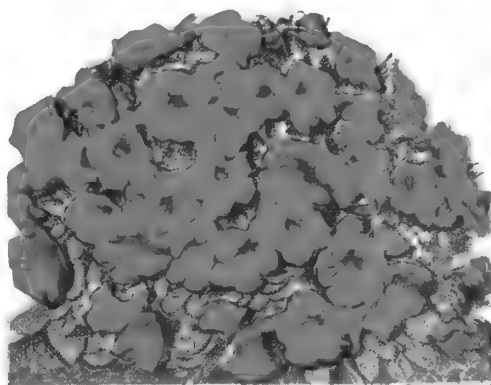

F624—FINEST MIXED—A fine mixture, grows rapidly and produces fine spikes of blossoms during the cool weather of spring and fall. Make a second sowing in August to furnish fall flowers. Pkt. 10c; 1/4 oz. 25c.

F666—DWARF PHLOX

BRIGHT DWARF PHLOX

F666—NANA COMPACTA MIXED—This splendid race of dwarf annual Phlox cannot be overpraised for brightness and beauty. The plants are always lavishly covered with large flowers of the most brilliant hues. Nothing better for bedding purposes is listed in this catalog. Bushes are dwarf and compact, 6 to 8 inches high, forming dense masses of bloom all summer. The colors include pure white deep and showy red with white eye and many other shades. Pkt. 12c; 1/4 oz. 50c.

F660—FIRE CHIEF PETUNIA

"All America" PETUNIA

F660—FIRE CHIEF—All America Gold Medal Winner for 1950. The reddest of all Petunias. Plants are dwarf and compact and attractive in either beds, borders, boxes or pots. Commence to bloom early and remain in full flower until hard frosts. A bed of these brilliant scarlet red Petunias is something grand to behold. Pkt. 15c; 2 pkts. 25c; 1/4 oz. \$1.75.

PHLOX

DRUMMONDI

F665—GRANDI-FLORA MIXED—This superb strain is notable not only for variety and brilliancy of colors but also for the perfection and size of the flowers. Many of the single flowers are so large they will nearly cover a 50-cent piece. The colors range from pure white to deepest red or crimson while the clear eye of some of the flowers is peculiarly marked. Pkt. 10c; 1/4 oz. 45c.

SATIN FLOWER or GODETIA

F695—An easy growing annual that rivals the Azalea for beauty of its fine rose-like blossoms. Seed may be sown in the garden and by July they are a complete mass of blossoms completely hiding the foliage. Flowers, shiny like satin, deep rose colored and remain in blossom a long time. Pkt. 10c; 2 pkts. 18c.

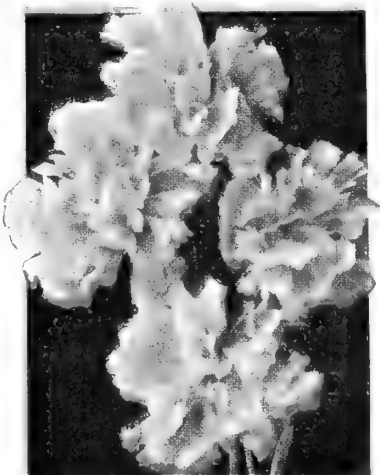

Quality First

A great many items which you purchase today are either much higher in price or inferior in quality. This is not the case with Jung's Seed. Plants and Shrubs.

We have spared no effort or expense to maintain "quality"

F665—PHLOX DRUMMONDI

F695—SATIN FLOWER

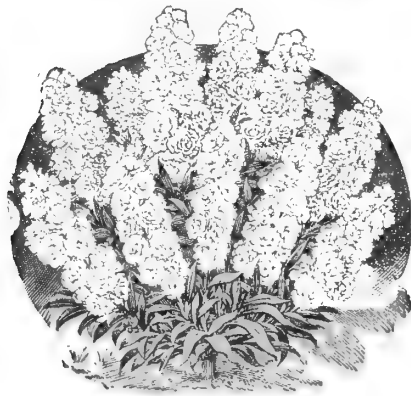

F680—AMERICA SALVIA

F680—AMERICA—grows to a height of 14 to 16 in., very uniform in growth and well suited for beds or borders. Comes into bloom early and produces the flower spikes all summer and fall. Pkt. 15c; 1/8 oz. 80c.

F681—BLAZE OF FIRE—Grows to a height of 12 to 14 in. and is one of the finest to come into bloom and then continues all summer and fall. Very uniform in growth and a blaze of color as the spikes are solid with flowers. Pkt. 20c; 1/8 oz. \$1.25.

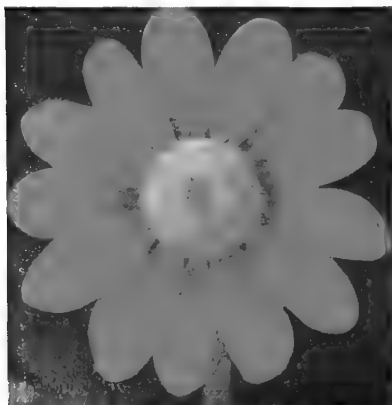

F735—ANNUAL SWEET WILLIAM

F693—SNOWDRIFT STOCKS

Snowdrift Stocks

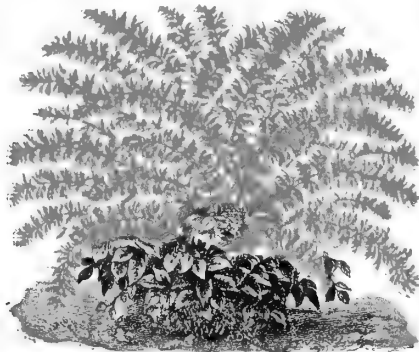

F693—An extra early strain of these popular annuals coming into flower 3 to 4 weeks before the other strains. Plants are covered with flowers from summer until hard frosts and as the flowers are produced on long spikes, they are splendid for cutting or bouquets; very fragrant. Pkt. 12c; 3 pkts 35c.

F740—TITHONIA

SALVIA

The Showiest and Most Brilliant Annual.
A Blaze of Color From Early Summer Until Frost.
We know of no other flower that will equal the gorgeous effect of a row or bed of Salvias when in full bloom. Seeds started in March will start blooming in July and will be a continuous blaze of color until frost.

F681—BLAZE OF FIRE

F700—SUMMER POINSETTIA

Summer Poinsettia

F700—An easily grown annual, growing 18 to 24 in. tall. About the middle of the summer the top center leaves turn to a rich orange scarlet resembling a Poinsettia. Also useful for bouquets. Pkt. 12c; 3 pkts. 35c.

Sweet William

F735—HARDY ANNUAL MIXED—The old favorite Sweet William as all know does not flower until the second year but this new strain will begin to bloom in 50 to 60 days from seed sown in the spring and will continue to blossom all summer. The flowers or heads are of large size, very fragrant and of various colors, white, crimson rosepink, etc. Pkt. 10c; 1/8 oz. 25c.

SNOW-ON-THE-MOUNTAIN

Snow-on-the-Mountain

F679—Euphorbia Variegata—An unusual and distinct hardy annual growing to a height of 2 ft.; very showy with its foliage veined and margined with white. Useful for borders and may also be very attractively used in bouquets with other flowers. Pkt. 10c; 1/4 oz. 35c.

Dwarf Double Sunflower

F702—SUN GOLD—Grows 4 to 5 feet tall. Perfectly double. Color is the brightest golden yellow. The plants branch and afford fine stout stems for cutting. This gigantic Sunflower will be of great value for the hardy garden and herbaceous border. The flowers are so perfect in form that they resemble Chrysanthemums. Pkt. 10c; 1/4 oz. 25c.

F702—SUNGOLD

TITHONIA

F740—The top "All America" winner in 1951 and well deserves that honor. Grows 3 to 4 ft. tall and well adapted for background or even a hedge. Blooms from early summer until frost, blooms very profusely. Flowers resemble single dahlias and are well suited for cutting. For best results give the plants plenty room to develop. Will do best if planted in full sun and should have very little fertilizer and not too much moisture. Pkt. 10c; 3 pkts. 25c.

—SWEET ALYSSUM

SWEET ALYSSUM

F704—LITTLE GEM—Free flowering, handsome annuals for beds, edging, etc. This variety is very dwarf and blooms profusely, forming a mass of solid pure whiteness throughout the summer. Excellent for either beds, borders, or edging. Try it once and you will always want it. Pkt. 10c; 1/8 oz. 35c.

Biennials & Perennials

Below we offer an assortment of popular and easily grown biennials and perennials. Many of these will increase in size and beauty over a period of years.
See Prices Below.

F808—HOLLYHOCKS

HOLLYHOCKS

F808—Double Rose Flowered Mixed—These are old time garden favorites. They are the most majestic of the hardy flowers. They grow 6 to 8 ft tall, for planting among shrubbery or backgrounds they are unequalled. We offer superb mixture of the best double flowering varieties.

ICELAND POPPIES

HARDY POPPIES

F809—ICELAND MIXED—Hardy perennials that bloom the first season. The elegant satin-like flowers are produced abundantly from June until October. Excellent for bouquets as flowers last fully a week.

F672—GIANT ORIENTAL—The gorgeous hardy Poppies make a grand show when in bloom in May or June. Many blooms are 6 in. across, once started will last for many years.

PRICE OF ABOVE PERENNIALS:
Pkt. 15c; 3 for 40c; 6 pkts 75c.

F670—ANNUAL POPPIES

ANNUAL POPPIES

F670—JUNG'S SUPERB MIXED—A grand mixture of the best single and double Poppies in a wide variety of types and colors. Their brilliant colors will make a bright spot in your garden. They are easy to grow and will succeed under the most trying conditions. Pkt. 10c; 1/4 oz. 25c.

CLOVE PINKS

HARDY CLOVE PINKS

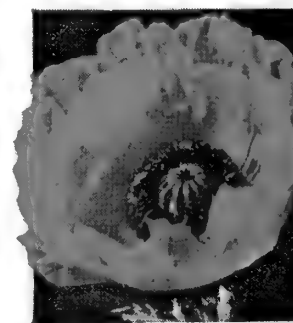

F803—Fancy Double Mixed—A grand new strain that rival carnations for beauty, free flowering and very fragrant. Flowers 1 1/2 to 2 in. and in a wide range of colors.

F814—SWEET WILLIAM

Perennial Sweet William

F814—Giant Perfection Mixed—Popular hardy perennials that are splendid for beds or borders. They produce flowers in great profusion, produce masses of brilliant color and remain in flower a long time.

F672—ORIENTAL POPPIES

F652—RED SATIN HYBRID PETUNIA

F-1 Hybrid Petunias

These grand Petunias are noted for their uniform growth, superb colors and profusion of bloom. The plants grow very bushy and are a solid mound of flowers from early summer until hard frosts. Our seed is pelleted so by careful sowing you should get practically every seed to grow. Seed of these is expensive but the results they produce are well worth the extra price.

F652—RED SATIN—All America 1957—The brilliant non-fading red, and sturdy compact plants of this new multi-flora petunia make it the best in its class. The 2½ inch flowers cover the 10-12 inch globe shaped plants, and they stay neat and compact throughout the season.

F653—PINK SATIN—This petunia is distinguished by a solid mass of satiny, lustrous, solid rosy-pink flowers. It has the same dwarf, globe shaped habit of Red Satin, is about an inch taller, and makes a perfect companion.

F654—BLUE LUSTRE—This is a new blue petunia with big, gracefully waved grandiflora-type flowers. The flowers are a rich, deep purple-blue in cool weather and become a silvery lustrous mid-blue in hot weather. Plants grow about 12 inches tall and 18 inches wide.

F659—F-1 Hybrid Petunia Mixture—A well balanced blend.

PRICE OF ABOVE PETUNIAS: Pkt. (90-110 seeds) 50c.

Jung's Select Flower Seeds

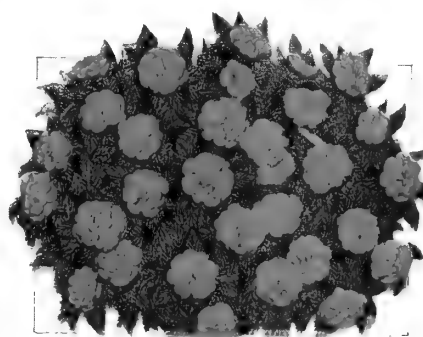

Dwarf Border Queen Asters

Well Suited for Beds or Borders. Profuse Bloomers.
Ideal for Pot Plants.

A new type of Asters that grow to a height of about 10 in. that make excellent plants for beds or borders as the plants bloom profusely over a long period of time. Flowers are double, of good size and come in beautiful shades of blue, rose and white. They make beautiful pot plants set 3 or 4 plants in a pot and in 70 to 80 days you will have a blooming pot of flowers that will give you a grand surprise.

F523—Rose F526—Blue F527—Red F528—White
F521—Mixed Pkt. 15c; ½ oz. 50c.

SPECIAL OFFER—(529X)—1 pkt. of each of these four fine Asters for 50c.

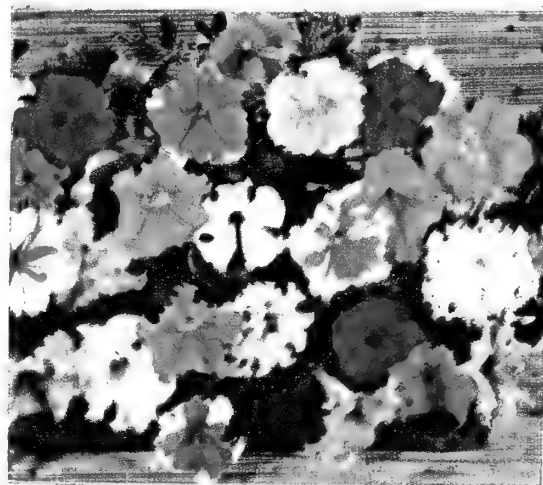

Double Bush Balsam

Rival Roses in Beauty, Bloom from July
'til Frost. Not bothered by Insects or
Disease. Sure to Bloom.

F532—GARDENIA FLOWERED—A very beautiful new strain of Balsam. The flowers, very much like double roses, are produced in clusters on the tips of the stems and a bush in full bloom is a solid mass of color. You will be highly pleased with these grand Balsams. Our seed is a grand mixture of white, rose and red shades. Pkt. 15c; 2 pkts. 25c.

DWARF BORDER QUEEN ASTERS

F657—CARNIVAL PETUNIAS

Mammoth Pansies

F650—JUNG'S GIANT FANCY MIXED—This "Fancy" Mixture contains seeds of the largest, richest and handsome pansies known to the horticulture world. The well formed expanded flowers are uniformly of the largest size and of fine substance; they are borne on long stiff stems well above the heavy deep green foliage. The colors are rich and varied such as white, yellow, deep orange, mahogany, claret, reddish bronze rose; all are distinctly blotched. Pkt. 25c; ½ oz. \$1.25.

"MARDI GRAS" Snapdragons

More Varied and Richer Colors. Long, Closely Set Flower Spikes. Vigorous Plants. Come into Flower Very Early.

F686—An F-2 hybrid strain of Snapdragons very vigorous and uniform in plant habit and containing the richest and most varied colors—about every color except blue. The florets are closely set on long stems especially fine for cutting. Fully ten days to two weeks earlier than others in blooming and continues for a long time. Pkt. 15c; 2 pkts 25c.

Giant Flowered Dwarf Marigold →

F618—DWARF CUPID—The ideal Marigold for dwarf beds, borders or edgings. Compact plants, rarely grow over 10 to 12 in. tall which bloom so profusely that the plants appear as mounds of gold. Flowers are surprisingly large, very double and a rich golden color. They come into bloom early and continue until frost. Pkt. 15c; ½ oz. 50c.

← Early Cascade Stocks

Early to Bloom. Long Spikes. Vigorous Plants.
Large Double Flowers. Very Fragrant.

F694—An extra early flowering Stock coming into flower 2 to 3 weeks earlier than other strains and ideal for areas where seasons are short. The sturdy plants branch from the base and grow 18 to 20 in. tall. Flowering spikes are long, densely packed with huge double flowers. Delightfully fragrant. The seed we offer is a superb, well balanced mixture of desirable colors. Pkt. 20c; 3 pkts. 50c.

Growing Flowers to Perfection

Detailed information on growing flowers will be found in our booklet "How to Grow the Finest Vegetables and Most Beautiful Flowers." A copy will be sent free, when requested, with every order of \$1.00 or more.

F686—MARDI GRAS SNAPDRAGONS

The Famous Carnival PETUNIA

Gorgeous Colors. Ruffled Flowers. Free Flowering. Rare Beauty from Early Summer until Frost.

F657—Probably one of the best and most popular of the new annual flowers. The vigorous plants grow to a height of 12 to 15 in. and are a mass of gorgeous color and beauty from early summer until frost. Flowers cover a wide range, no trouble to count over 20 colors at one time such as blue, white, rose, scarlet, salmon, cream pink as well as starred and edged combinations. The large showy flowers are mostly all waved or ruffled with fringed petal edges. Pkt. 35c; 3 pkts. \$1.00.

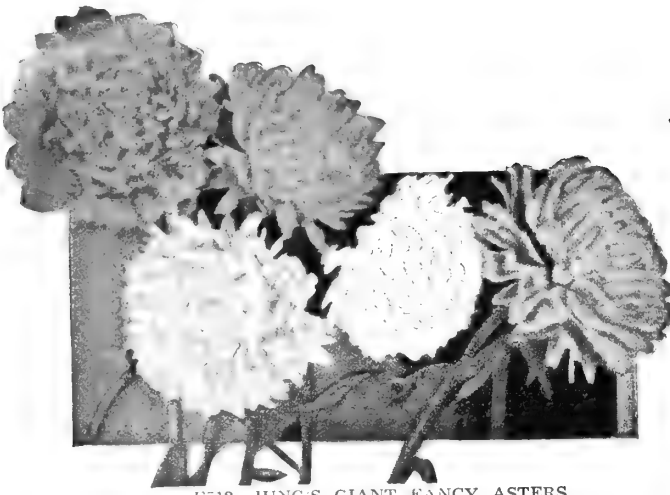

F618—DWARF CUPID MARIGOLDS

F650—GIANT FANCY PANSIES

F694—EARLY CASCADE STOCKS

F512—JUNG'S GIANT FANCY ASTERS

Jung's Glorious Flowers

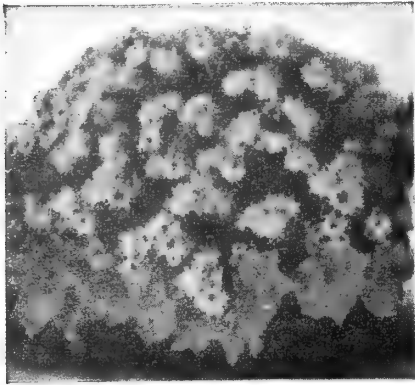

Jung's Giant Fancy Asters

F512—EXTRA SELECT WILT-RESISTANT STRAINS
—We make a specialty of Asters and you will find the quality of this mixture to be outstanding for size and beauty of flowers. This is made up entirely from wilt-resistant strains of the different types and is well balanced for colors and will bloom over a long period. It contains all colors and many of the flowers will be 4 to 5 in. across and borne on stems 2 to 3 ft. long. Pkt. 12c; 1/8 oz. 35c.

Mrs. J. E. Fontaine, Wis. From your seeds I grew the finest Asters I have ever grown. They were admired by all my neighbors and visitors.

F537—BACHELOR BUTTON

F500—AGERATUM

Ageratum

F500 — BLUE MINK—
A new tetraploid Ageratum with huge trusses of true blue flowers. Plants are dwarf and compact, a mound of color when in full bloom. Even in hot summer weather the beautiful bright blue flowers are produced in abundance. Especially valuable for beds, borders, window boxes and pot plants. Pkt. 15c; 1/8 oz. 60c.

F525—PAINTED DAISY ASTERS

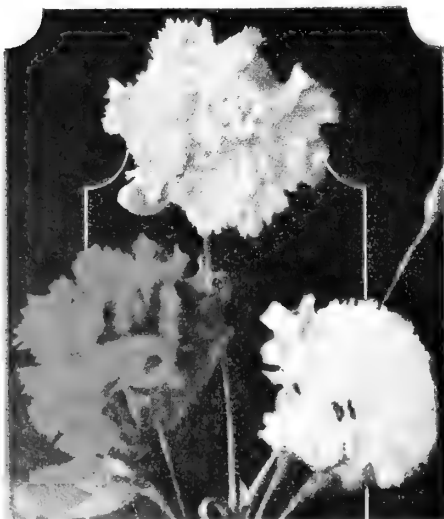

Giant Plumed Celosia

F555—A new select strain of plumed Celosia producing huge plumes on long stems, well suited for bedding, cut flowers, or may be used for winter bouquets. It contains beautiful shades of bronze, copper, gold and sunset colors. Easy to grow as it thrives in hot weather and will be a riot of color from summer until frost. All they require are good soil and moisture. Pkt. 15c; 2 pkts. 25c.

F555—GIANT PLUMED CELOSIA

Annie M. Carriker, N. Y.—Must tell you that your Everblooming Pinks are beautiful, so large and so many flowers. Thank you for a lovely garden, your seeds are still the best.

F577—EVERBLOOMING GARDEN PINKS

Everblooming Garden Pinks

F577 —Few flowers can equal the annual dianthus for beauty, profusion and long season of bloom. When sown in early spring they bloom in July and if the plants are cut back when the blooms fade they will flower again in the fall. Plants grow 12 to 15 in. tall and our strain will produce flowers very much like carnations. Pkt. 12c; 1/8 oz. 40c.

Annual Daisy

F570 — FANCY MIXED—One of our best and showiest free flowering hardy annuals. Of the easiest culture, producing a fine show in beds as they continue in flower from early summer until killed by frost. The immense double flowers are produced on long stems and last for a long time when cut for bouquets. Pkt. 10c; 1/8 oz. 35c.

Mrs. Lillie Plumer, Ind.—All flower seeds from you turned out just fine.

"Painted Daisy" Asters

F525—The grace and beauty of these grand Asters is hard to describe. The large flowers and bright snappy colors are not found in other Asters and for beds or bouquets they are unsurpassed. Bushes grow 18 to 24 in. tall and produce an abundant supply of long stemmed flowers. We know you will be more than pleased with their rare beauty. Pkt. 10c; 1/8 oz. 35c.

BLUE LACE FLOWER

Blue Lace Flower

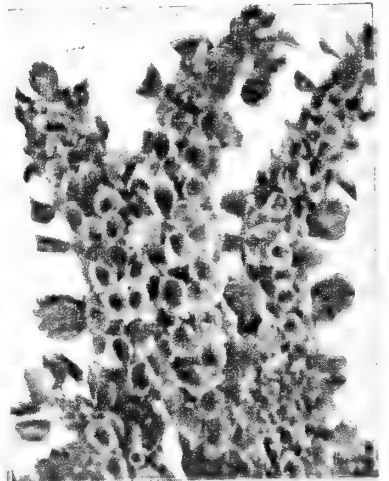

F535—A beautiful and interesting annual which seems to have been lost sight of in the last few years, it blooms most profusely from July 'til November, plants grow about 18 in. high and have as many as 50 flowers open at one time, color an exquisite pale lavender. Pkt. 10c; 3 pkts. 25c.

ANNUAL DAISIES

Bachelor Button

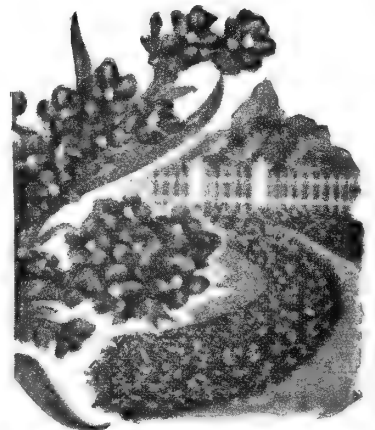

F557—JUNG'S FANCY MIXED—This is perhaps one of the most popular and indispensable annuals. Grows to a height of 2 ft. and produces its large, long stemmed flowers for a very long time. May be sown early in the spring, in a few weeks they come into flower continuing until hard frosts. We offer a very select strain containing many beautiful colors. Pkt. 10c; 1/8 oz. 35c.

F538—BELLS OF IRELAND

Bells of Ireland

F538 —An unusual flower widely used in floral bouquets and becoming popular in flower gardens. Graceful, 2 ft. flower stems are covered with 2 in. flowers leaving little room for foliage. Beautiful when used with bouquets of Gladioli, also can be cut and used in winter bouquets, dry the same as Everlasting flowers. Easily grown from seed. Pkt. 15c; 2 pkts 25c.

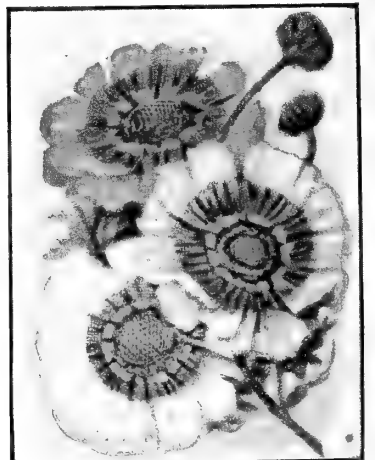

BLUE BIRD FLOWER

ANCHUSA or Blue Bird Flower

F534—An "All America" winner and one of our really good blue annuals suitable for beds, borders and bouquets. The bushy plants, 15 to 18 in. tall are profuse bloomers, each branch topped with a cluster of blue forget-me-not blooms. Blooms from early summer until frost. Pkt. 10c; 3 pkts. 25c.

Ray N. Brasser, N. Y.—Your Painted Daisy Asters grew beautiful flowers.

Annual Chrysanthemums

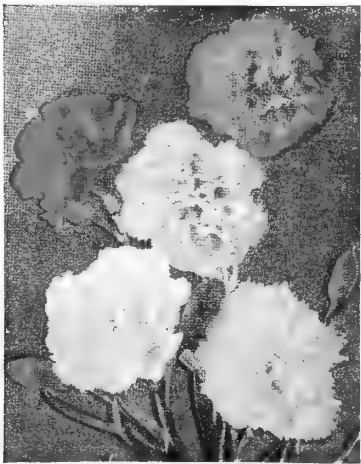

F560—Easily grown annuals that produce some of the best color combinations known in flowers. They are as easily grown as poppies and remain in bloom for a long time. As the flowers are produced on long stems they make splendid bouquets and will last a long time. Do not sow the seed too thick as the plants require room to give best results; they should be 12 to 15 inches apart each way. Pkt. 10c; 1/8 oz. 25c.

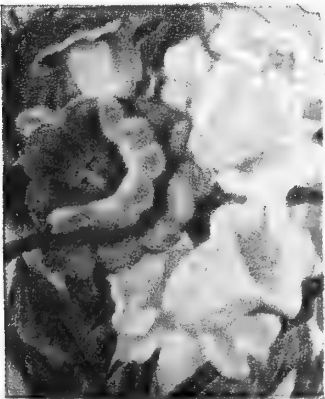

F690—CLEOME OR SPIDER PLANT

F571—GLORIOSA DAISY

F548—CARNATIONS

ANNUAL CANTEBURY BELLS

Coleus

F565 — FANCY RAINBOW MIXED—These plants have the brightest foliage of any plant that can be grown from seed, may be grown as pot plants as well as out in the garden. They are readily grown from seed and grow to a height of 12 to 18 in. The seed we offer has large leaves of remarkable colors. Pkt. 20c; 3 pkts. 50c.

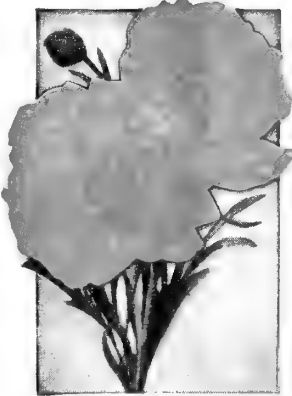

Fanny Vanderheide, Ohio—We always have beautiful flowers from your seeds.

F565—COLEUS

Cleome or Spider Plant

F690—ROSE QUEEN—Plants grow to a height of 3½ ft., well branched, each branch tipped by a head of bright rosy-crimson flowers. Very useful for large beds, backgrounds or planting among other shrubs. Remains in full flower from early summer until killed by hard frosts. Seed should be sown in the open ground as soon as the soil can be worked and plants should be given plenty of room. Pkt. 12c; 3 pkts. 35c.

F742—TULIP POPPY

New Giant "Gloriosa" Daisy

F571—A new easily grown annual that will grow and bloom under adverse conditions. Grows to a height of 3 ft. and blooms from early summer until fall. The gorgeous blooms, 5 to 7 in. across are borne on long stems. Flowers are bright yellow, rich mahogany and bi-colors of orange, gold and bronze. Pkt. 15c; 2 pkts 25c.

Carnations

F548 — GIANT EVER-BLOOMING MIXED—A select strain of Carnations that will bloom the first summer and produce large double flowers of rare beauty. Plants may be taken up in the fall and potted and they will continue to bloom during the winter. Pkt. 15c; 3 pkts. 35c.

Canterbury Bells

F542 — ANNUAL FANCY MIXED—You can now have these beautiful flowers in bloom in one season. By starting the seed in March they will bloom from August until October. The plants grow 2 ft. tall, each plant having 6 to 8 spikes of large, cup-shaped blossoms. Our seed contains the following colors: White, rose, pink, dark and light blue. We consider this one of the finest new flowers. Pkt. 12c; 3 pkts. 35c.

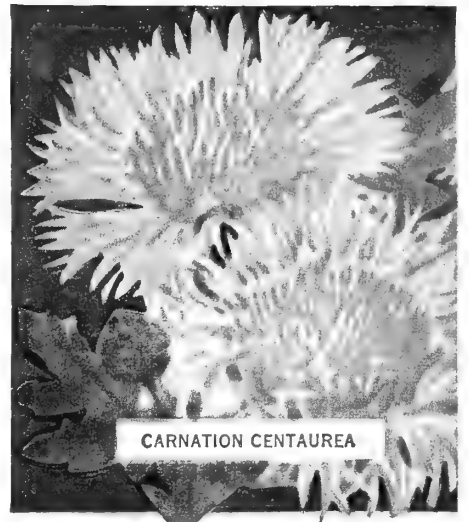

F572—JUNG'S FANCY DAHLIAS

Carnation

Centaurea

F558 — GIANT FLOWERED MIXED—The beautiful flowers produce long stemmed, handsomely fringed blossoms 3 to 4 in. across and are delightfully fragrant. They rival carnations for beauty, in fact you will like them better as the colors are very dainty. Easy to grow and especially fine for cutting as they last a longer time in water. Pkt. 10c; 3 pkts. 25c.

CARNATION CENTAUREA

California Poppies

F671—GIANT HYBRID MIXED—You will be highly delighted with the profusion, size and wonderful colors of these flowers. Unlike the old variety these form upright bushes with fine cut foliage and bloom from June to October. Colors include orange, rose, crimson, lavender, and many other new shades. Very easy to grow. Pkt. 10c; ½ oz. 35c.

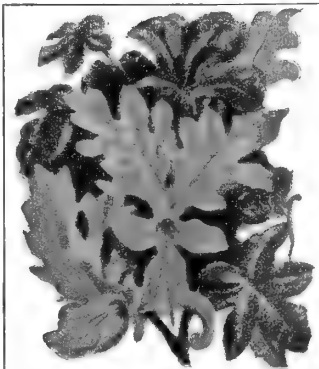

Mrs. Joe McCartan, Wis.—Jung's seeds are always first choice with us.

F671—CALIFORNIA POPPIES

Canary Bird Vine

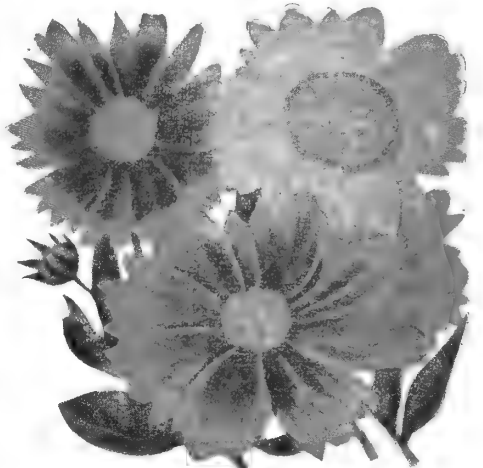

F541—This dainty vine has fern-like foliage and blossoms freely throughout summer and fall. It grows well on poor soils and even in partial shade. The flowers are clear, canary yellow, with fringed petals that resemble a canary with open wings. Pkt. 10c; 3 pkts 25c.

F541—CANARY BIRD VINE

Calendula

F540—FANCY MIXED—Plants of very neat branching habit grow about 12 to 15 inches high and are exceedingly profuse in flowering. A bed in full bloom is a magnificent sight. New colors in all shades from pure white to deep orange. Many are beautifully rayed or zoned, certainly a great acquisition and a magnificent new garden favorite. Pkt. 10c; ½ oz. 35c.

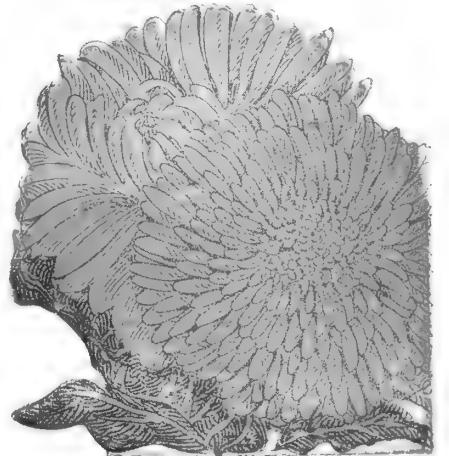

Calliopsis

F546—DWARF BRILLIANT MIXED—Quick growing and profuse blooming annuals of dwarf compact growth, 9 to 12 in. tall and ideal for borders, edgings or beds. Easy to grow, not bothered by insects and bloom freely even in hot, dry weather. Pkt. 10c; ½ oz. 25c.

Dahlias

F572—JUNG'S FANCY MIXED—The Dahlia still holds its place as king of all outdoor "autumn flowers" and they may be grown to great perfection from seed, blooming the first summer. As easy to grow from seed as the most common plant. Continue to bloom profusely until severe frosts when the bulbs can be taken up and stored until spring. A superb mixture of the finest varieties. Pkt. 15c; 2 pkts. 25c.

F540—CALENDULA

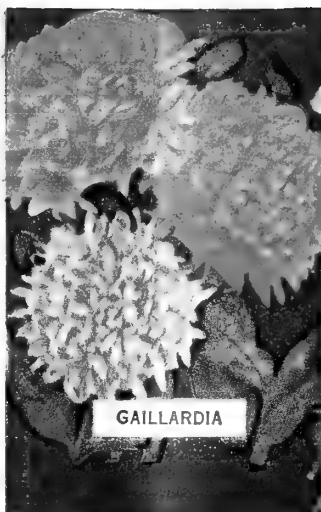

F535—FOUR O'CLOCK

Mrs. Melvin Meyers, Minn.—We like Jung's seeds and plants very much. Get many compliments on my flowers. My grandfather, mother and now I am planting Jung's Seeds

Four O'Clock

F535—FINEST MIXED—No flower makes a prettier border than the old-fashioned Four O'Clock. Plant grows to height of two feet and blooms in early morning and evening and rivals the choicest garden flowers in color. It is one of the most brilliant and showy plants that can be sown with little or no trouble. Pkt. 10c; ¼ oz. 25c.

GAILLARDIA

Annual Gaillardia

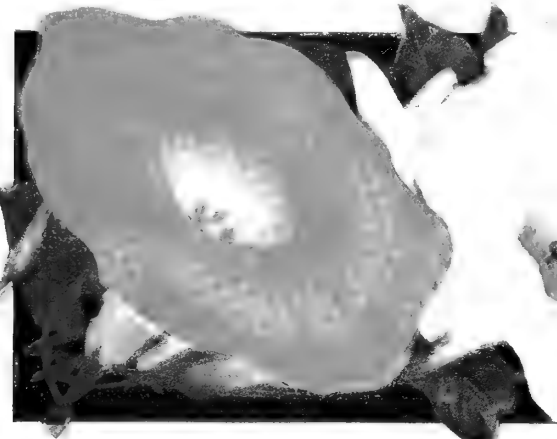

F591—FINEST MIXED—One of the most showy annuals and greatly admired for their fine form and rich blending of colors in orange, brown, bronze, maroon and crimson. Many of the flowers are 4 in. across and being produced on long stems are excellent for bouquets. They blossom from July until frost. Easy to grow. Pkt. 10c; 3 pkts. 25c.

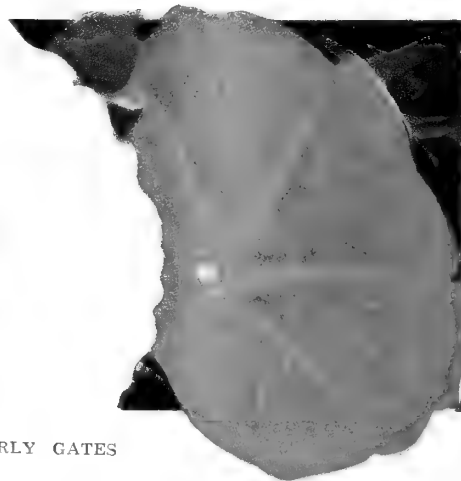

EVERLASTING FLOWERS

Everlasting Flowers

F580—GIANT MIXED—These everlasting flowers should be in every flower garden and for this reason we have placed them in this list. The plants grow 2 feet high and produce the beautiful flowers like a half-open rose in great profusion. They make a very pretty bed and if picked while partly open will last all winter; excellent for Christmas and New Year decorations. Our seed includes all colors. Easy to grow. Pkt. 10c; ¼ oz. 35c.

F631—HEAVENLY BLUE

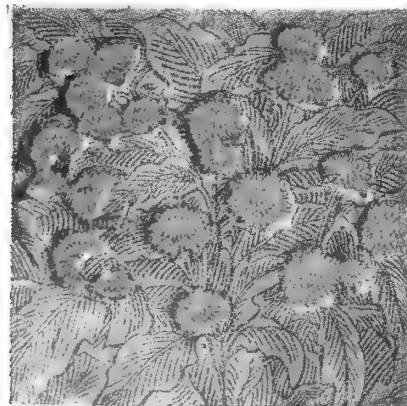

F632—PEARLY GATES

F635—BUSH MORNING GLORY

Midget Bush Morning Glory

F635—ROYAL ENSIGN—One of the deepest bright-blue annuals and excellent for edging or borders as the plants are dwarf and bloom for a long period. Flowers are deep ultramarine blue with a white halo and gold throat. Profuse bloomer. Pkt. 12c; ¼ oz. 35c.

F589—GOMPHRENA

Dwarf Gomphrena "BUDDY"

F589 The ideal annual for dwarf borders, edgings or pot plants. Plants grow but 6 in. tall and form a mound of purple-red, clover-like, flowers. Bloom all thru season and as the flowers are everlasting also be used for winter bouquets. Pkt. 15c; 2 pkts 25c.

Morning Glories

F631—HEAVENLY BLUE—A plant of these beautiful Morning Glories in bloom is a truly grand sight. The flowers measure 3½ to 4 inches across and in color are dark sky-blue with a white throat. Very profuse bloomers and remain in flower for a long time. Pkt. 10c; ¼ oz. 35c.

F632—PEARLY GATES—A fitting mate for Heavenly Blue except for color. Flowers are of giant size, abundantly produced and a rich satiny white color. Comes into flower early and for a long time. Pkt. 15c; 2 pkts 25c.

F630—SCARLET O'HARA—A remarkably fine showy climber as first flowers open in July and from then until frost they are borne in profusion. Flowers are 3 to 3½ in. across and of a soft velvety scarlet. Pkt. 12c; ¼ oz. 35c.

F633—GIANT FANCY MIXED—A superb mixture of the above varieties and also some of the ruffled strains, truly a superb mixture. Pkt. 10c; ¼ oz. 35c.

F630—SCARLET O'HARA

Jung's Special Giant Fancy Marigolds

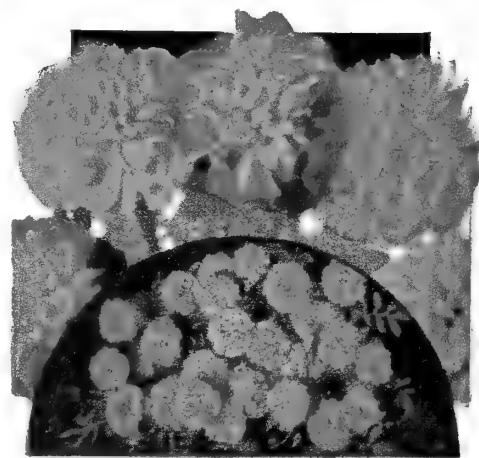

F621—By planting this seed you can have all the beautiful new marigolds at small expense. This mixture contains seeds of the carnation and chrysanthemum types, also the Crown of Gold. You will be delighted with the giant size of the flowers and wide range of colors. Will bloom from early summer until frost. Pkt. 10c; ¼ oz. 35c.

F621—GIANT FANCY MARIGOLDS

New Dwarf Petite Marigolds

F619—An "All America" medal winner. A dwarf Marigold that is outstanding, it being extra dwarf, uniformly even, very early, profuse bloomer and admirably suited for borders or solid beds. Petite has been bred to stay dwarf and not grow long or "leggy" later in the season. Start to bloom when only a few inches tall and remain in full flower until frost. Pkt. 15c; ¼ oz. 35c.

F619—DWARF PETITE MARIGOLDS

Mrs. A. M. Limpus, Mont.—Have been planting your garden and flower seeds for over 30 years and will plant them as long as I live.

Dwarf Dbl. Hybrid Nasturtiums

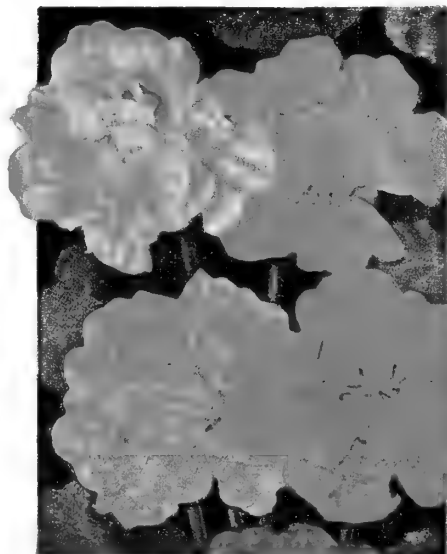

F641—Now you may have these wonderful scented double Nasturtiums in a wide range of color in true bush form. The plants will grow 12 to 15 in. tall and when in full bloom are a mass of color. The flowers are double, large, well formed and delightfully sweet scented. Colors range from lemon through orange to flaming scarlet. Pkt. 10c; ½ oz. 20c; oz. 35c.

Love-in-a-Mist

F615—NIGELLA—A lovely free flowering annual suitable for either beds, borders or bouquets. The dainty blue flowers are borne on long stems, splendid for either beds or cutting. An unusually fine bed for flowers may be had by sowing these and California Poppies in the same bed. Pkt. 10c; ¼ oz. 25c.

Nigella—Love-in-a-Mist

F641—DOUBLE HYBRID NASTURTIUMS

F607—MAJESTIC LARKSPUR

← **Super Majestic Double Larkspur**
F607—A new and improved strain of Larkspur which for size and doubleness of flowers, long stems and wide range of colors is unexcelled. Plants will grow 3 to 4 ft. tall and produce long spikes of the beautiful double flowers. Remain in flower for a long time if kept picked. Pkt. 10c; 1/8 oz. 35c.

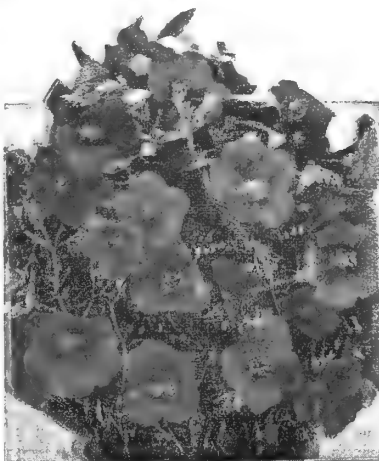

Mrs. E. M. Bennett, Iowa—I like your seeds very much, especially the flowers, can recommend them to every one. From a pkt. of your House Plant Flowers I had over 200 plants.

F649—BALCONY PETUNIAS

Balcony or Pendula Petunias

F649—The ideal Petunia for balconies, window boxes and hanging pots as they will hang over and keep right on blooming all season. Our mixture is a select strain of well balanced colors that will make a grand show of color from early summer until hard frosts. Pkt. 15c; 1/8 oz. \$1.35.

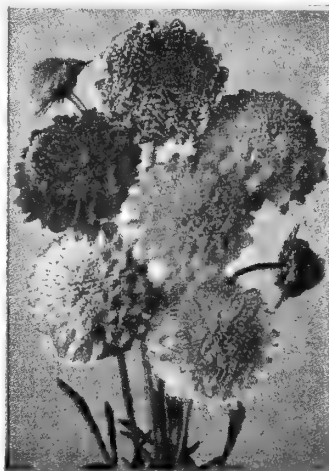

F662—FLAMING VELVET

Brilliant Petunia

F662—FLAMING VELVET—One of the most showy Bedding Petunias. Plants are a mass of striking color from early summer until late fall. The large flowers are a beautiful shade of deep velvety maroon-red, very rich and showy. Pkt. 10c; 3 pkts 25c; 1/8 oz. 85c.

Sarah Baumgartner, Ind.—I like your Brilliant Beauties Petunias, so many different colors.

Mrs. Elmer B. Tuck, Mo.—Have been gardening 28 years and planted your seeds last year and for the first time had a perfect garden.

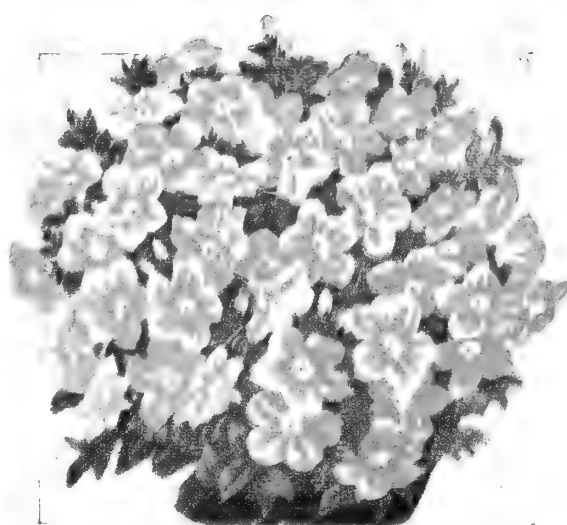

GIANT FANCY SCABIOSA

Scabiosa

F682—BLUE MOON—One of our most showy blue garden annuals. Plants grow 18 to 24 in. tall and produce an abundance of bloom for a long period of time. Flowers are of large size, a beautiful blue, and being borne on long stems are ideal for bouquets. Pkt. 12c; 1/8 oz. 40c.

F683—GIANT FANCY MIXED—A hardy and easily grown annual well suited for beds or bouquets. Bushes grow 2 1/2 ft. tall and are in flower from early summer until frost. The flowers are borne on long, wiry stems and are of large size and exquisite colors. Our seed is a highly improved strain selected for large flowers and wonderful colors. Pkt. 10c; 1/8 oz. 35c.

Brilliant Rose Bedding Petunias

F656—If you wish a flower bed that is bright and cheery through out the summer and fall plant some of these brilliant Petunias. Plants grow compact 8 to 12 in. tall. They commence to bloom when only a few inches tall, are a blaze of color from early summer until hard frosts. Flowers are of good size and a live, rose red color. Pkt. 10c; 3 pkts. 25c; 1/8 oz. 75c.

Bedding Petunias

F655—BRILLIANT BEAUTIES—A very select strain of dwarf compact Petunias especially suited for beds, borders or window boxes. The plants grow very compact, 8 to 12 in. high, and commence to bloom when only a few in. high. They are a solid mass of bloom from early summer until killed by hard frosts. Our mixture is made up of a well balanced selection of live bright colors. If you wish a bed of flowers that will last all summer and survive heat and dry weather plant some of these grand Petunias. Pkt. 10c; 1/8 oz. 65c.

F660—FIRE CHIEF—All America Gold Medal Winner for 1950. Plants are dwarf and compact and attractive in either beds, borders, boxes or pots. A bed of these brilliant scarlet red Petunias is something grand to behold. Pkt. 15c; 2 pkts. 25c; 1/8 oz. \$1.75. See page 39.

F663—SNOW CARPET—Dwarf compact plants, uniform in type and growth. Large, snow-white flowers cover the plants. Ideal for beds or borders. Pkt. 15c; 1/8 oz. 75c.

F664—DWARF PURPLE—Compact plants, uniform in type and growth. Deep violet blue flowers freely produced. Pkt. 15c; 1/8 oz. 75c.

Ruffled Snapdragons

F687—GIANT TETRA MIXED—Tetra is probably the best Snap for outdoor growing as the big husky plants resist rust and produce an abundance of mammoth flowers on stems 12 to 18 in. long. Florets are huge in size, mostly ruffled and stay on the stems for a long time. You will be delighted with the size and beauty of these grand new Snaps. Pkt. 12c; 2 pkts. 20c.

Growing Flowers

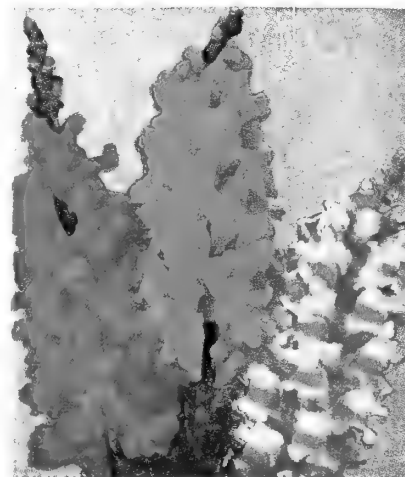

We not only want to sell you the best flower seeds but we also want to tell you how to grow them to perfection. We have prepared a book of instructions which is free, if requested, with every order of \$1.00 or more.

Stocks

F692—JUNG'S FANCY MIXED—One of the best known and most popular annuals, of easy culture and suitable for pot plants as well as the garden. The plants grow to a height of 2 ft. and produce long spikes of double flowers, many of them 2 in. across. Colors include white, rose, blue, crimson, and yellow. Our seed is a superb select strain. Pkt. 12c; 1/8 oz. 45c.

BRILLIANT BEAUTIES

RUFFLED SNAPDRAGONS

F692—STOCKS

F647—SENSATION NICOTIANA

Everblooming Sensation Nicotiana

F647—This new strain remains open during the day much longer than the older types and also has a much wider range of colors such as white, wine, deep red and chocolate. Grows 18 to 24 in. tall and bloom profusely for a long time. Sow thinly, like poppies, after danger of freezing is over. Delightfully fragrant. Pkt. 10c; 3 pkts. 25c.

Chas. J. Rowley, Mass.—The Zinnias and Sweet Peas from you were the best I have ever grown, greatly admired by all who saw them in bloom.

F677—PINK SUNDÆ SALVIA

Pink Sundæ Salvia

F677—Here is something new and different and from our trials we can recommend it very highly. Useful for edges, borders and beds, also makes beautiful bouquets. Grows a compact bush 12 to 15 in. tall and when in full bloom the rose-pink spikes completely cover the plant. Remains in bloom from early summer until frost. Pkt. 15c; 1/8 oz. 60c.

Moss Roses or Portulaca

F676—GIANT DOUBLE MIXED—A very choice strain of the popular bedding annuals that will delight you with their profusion of double flowers and will produce a high percentage of double flowers in a wide range of colors. Unsurpassed for beauty and brilliance. Pkt. 15c; 2 pkts 25c.

DOUBLE PORTULACA

Velvet Flower or Salpiglossis

F745—GIANT FLOWERED MIXED—Undoubtedly one of the most attractive annuals. For richness of colors they are unsurpassed. Splendid for either beds or bouquets. They are easy to grow as petunias and should be in every garden. The colors are very rich and velvety, each flower showing tints of gold. Continually in flower from early summer until frost. Pkt. 12c; 1/8 oz. 50c.

F745—VELVET FLOWER

CUTHBERTSON SWEET PEAS—DROUGHT RESISTANT

"CUTHBERTSON" Drought Resistant Sweet Peas

Resistant to Heat and Drought. Tall Vigorous Vines. Five to Eight Flowers on a Stem. Bloom from Early Summer until Frost.

A highly improved strain of the popular Cuthbertson Sweet peas developed under the direction of Frank G. Cuthbertson. Retains the vigor of the original stock and in addition it has longer stems and often as many as six or more large flowers on a stem. They are remarkably resistant to heat and drought and will bloom over a long period.

F900—DAISY—Pure, glistening white. Hard to beat.

F901—EVELYN—Salmon cream pink, a real beauty.

F902—FLORA—Rose carmine. A real winner for color and size.

F903—FRANK G—Rosy lavender. A color you will like.

F904—KENNETH—Rich oxblood crimson. Large Flowers and rich

F905—ROBERT—Bright medium blue. A blue sure to please.

PRICE OF THE ABOVE SWEET PEAS: Pkt. 12c; 1/2 oz. 25c; oz. 45c.

SPECIAL CUTHBERTSON SWEET PEA OFFER

F910X—One pkt. of each of the above six Floribunda Sweet Peas; 72c value, for only 50c.

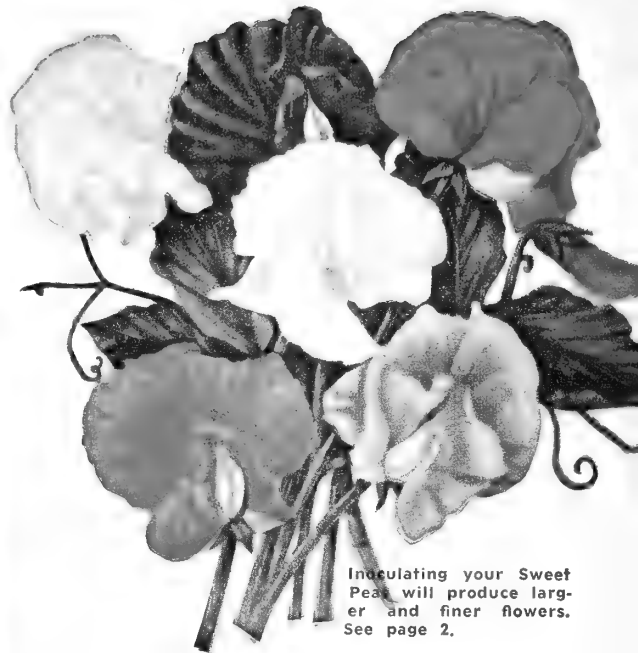

Little Sweetheart Dwarf or Bush Sweet Peas

Require no Trellis or Support. Mounds of Bloom.

Bloom for Weeks. Bright and Showy Colors.

F707—A new strain of Sweet Peas growing only 8 to 10 in. tall and require no support or trellis. When in full bloom plants are a mound of color, they come into bloom early and continue flowering for several weeks. Although dwarf in growth they produce large flowers on long stems. Useful for beds, borders and bouquets. Our mixture contains a wide range of colors. Pkt. 15c; 1/2 oz. 65c; oz. \$1.00.

F722—EVERBLOOMING SWEET PEAS

Jung's Giant Everblooming Sweet Peas

F722—A superb mixture of Cuthbertson, Multiflora and Spencer Sweet Peas which will bloom over a long period. We use only the very best varieties and a well balanced color range in this mixture. The size of flowers, long stems, profusion of flowers and exquisite color range will surpass your fondest hopes. Pkt. 10c; 1/2 oz. 25c; oz. 35c; 1/4 lb. 95c.

F750—DWARF COMPACT VERBENAS

Brilliant Dwarf Verbenas

F750—DWARF COMPACTA—An entirely new class of Verbena that grows dwarf and compact eliminating the bare and open spots so common in the older types. Ideal for beds, borders or edgings as the plants commence to bloom when small and continue all summer. Our seed is a superb mixture of bright, showy colors. Pkt. 15c; 1/8 oz. 50c.

You can Rely on the Quality of Jung Seeds

You can rely upon the Quality of Jung's Flower Seeds. They are grown from select stocks and all mixtures are made up of a well balanced selection of colors. We know you will be delighted with the gorgeous flowers you can grow by planting Jung's Select Flower Seeds.

Mrs. Henry Guenther, Mich.—You have the best seeds and shrubs that I have ever planted.

Mrs. R. R. Berndt, W's.—Have been planting Jung's seeds for several years and find them the best on the market. My flowers are something wonderful to see in bloom.

Vinca Rosea

F752—SUPERB MIXED—Splendid for bedding and may also be used for borders growing to a height of 12 to 15 inches. Remain in bloom all summer until frost, also well suited for cut flowers. Will do well in either sun or partial shade. Many gardeners prefer them to Geraniums. Pkt. 12c; 3 pkts. 35c.

F752—VINCA ROSEA

For Premiums
See Page 2

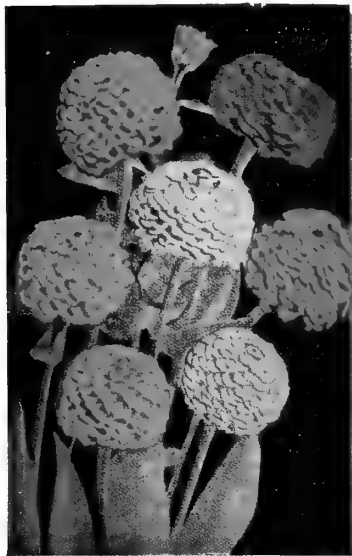

F792—RAINBOW FLOWER GARDEN

Jung's Rainbow Flower Garden

A Whole Flower garden in a Packet. Easy to Grow. A mass of Flowers from Early Summer till Frost.

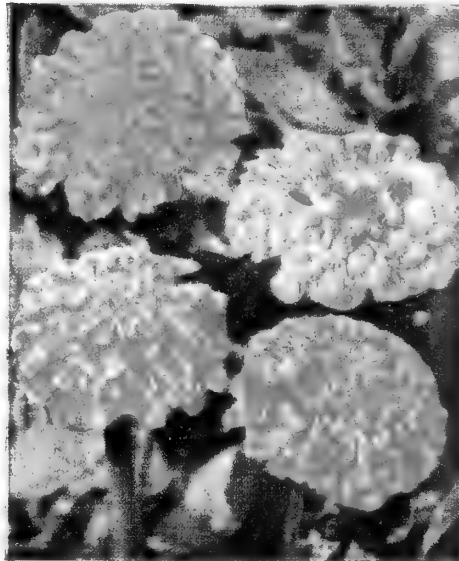

F792—Much time and care was taken in preparing the formula of this gorgeous flower mixture. It is made up of flowers suitable for bedding and bouquets, something that will be in flower from early summer until frosts. A bed or row of these flowers will be a bright spot in your garden all summer and also supply many beautiful bouquets. The grand flowers it will produce will please and delight you beyond your fondest hopes. A pkt. contains sufficient seed to sow a row 30 to 40 ft. long. Pkt. 10c; 1/4 oz. 20c; oz. 60c.

F770—POMPOM ZINNIAS

Fancy Pampom Zinnias

F770—**SUPERB MIXED**—These elegant Zinnias are suitable for beds, edgings or cut flowers. The plants grow very neat, compact and bushy and are loaded with the beautiful perfectly double flowers. The flowers are double as a rose and come in a variety of beautiful colors. This type of Zinnia has been greatly improved and is becoming very popular. Pkt. 10c; 1/8 oz. 35c.

F774—ORTHO POLKA ZINNIAS

Giant Peppermint Stick or Ortho Polka

Vigorous Plants. Profuse Bloomer. Large Flowers. Showy for Beds. Exquisite Bouquets.

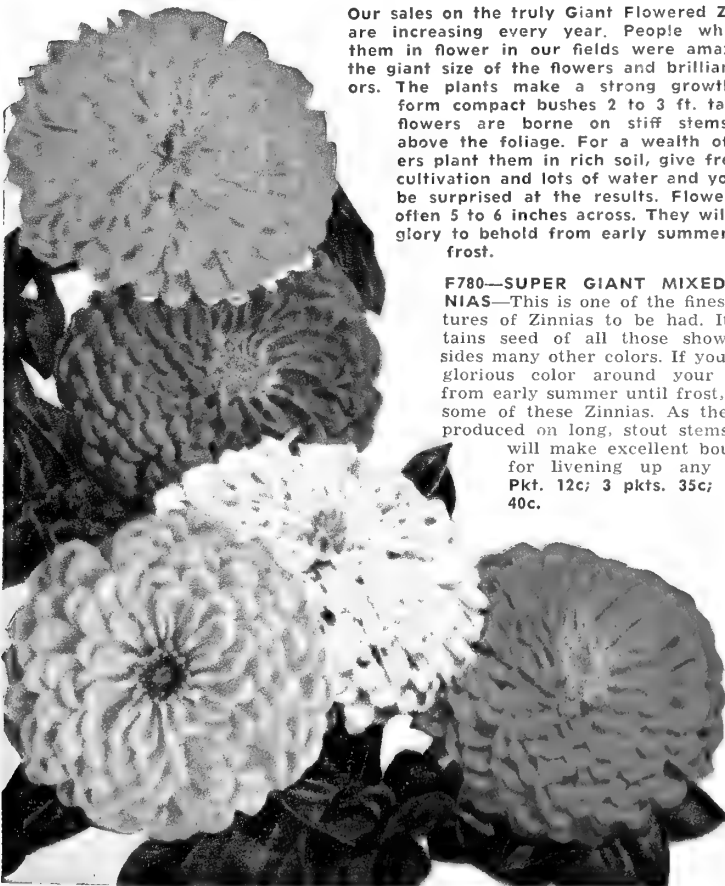

F774—A new strain of multicolored Zinnias similar to Peppermint Stick but with much larger flowers, sturdier plants and richer colors. Color combinations of pink and white, red and white, purple, scarlet and orange, as well as solid colors of each hue, sometimes different colored flowers on the same plant. Plants grow 3 ft. tall and bloom profusely from early summer until frost, resistant to heat, drought and insects. Pkt. 15c; 1/8 oz. 40c.

JUNG'S SUPER GIANT ZINNIAS

Our sales on the truly Giant Flowered Zinnias are increasing every year. People who saw them in flower in our fields were amazed at the giant size of the flowers and brilliant colors. The plants make a strong growth and form compact bushes 2 to 3 ft. tall; the flowers are borne on stiff stems well above the foliage. For a wealth of flowers plant them in rich soil, give frequent cultivation and lots of water and you will be surprised at the results. Flowers are often 5 to 6 inches across. They will be a glory to behold from early summer until frost.

F780—SUPER GIANT MIXED ZINNIAS

This is one of the finest mixtures of Zinnias to be had. It contains seed of all those shown besides many other colors. If you want glorious color around your home from early summer until frost, plant some of these Zinnias. As they are produced on long, stout stems they will make excellent bouquets for livening up any room. Pkt. 12c; 3 pkts. 35c; 1/8 oz. 40c.

F780—JUNG'S SUPER GIANT ZINNIAS

F595—FANCY GOURDS

Fancy Mixed Gourds

F595—An interesting and valuable vine, grows very rapidly and quickly covers old walls, fences or outbuildings and trellises. They bear an abundance of curious shaped fruits and we have included a very choice selection in the seed we offer. Pkt. 10c; 1/4 oz. 25c.

Rainbow Corn

F551—This is the corn so widely used for fall decorations, especially when used with Gourds it makes a grand display. Both seeds and ears are of different colors. Grows 6 to 8 ft. tall and matures in about 100 days. A profitable item to grow as the ears of various colors are in great demand for fall decorations. Pkt. 10c; oz. 25c.

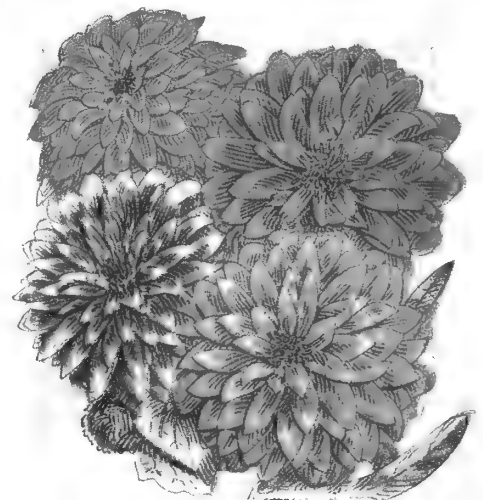

F551—INDIAN CORN

Double English Daisy

F539—**GIANT FANCY MIXED**—A giant flowered strain of this popular biennial. Grows a dwarf compact plant and comes into bloom in 6 to 7 weeks after sowing. Blooms very profusely and desirable for beds, borders and rock gardens. Does well in moist, well drained soil and partial shade. If given a little winter protection will last 2 to 3 years. Pkt. 15c; 2 pkts. 25c.

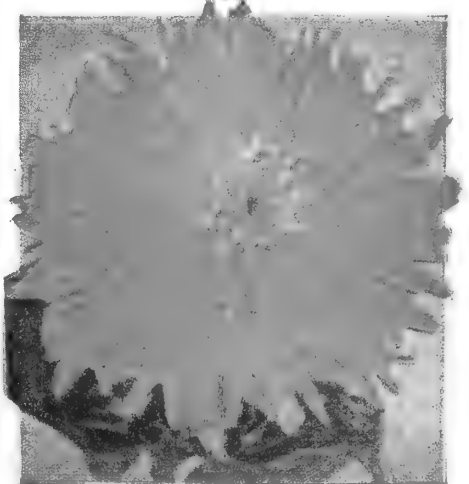

F539—ENGLISH DAISY

F775—PERSIAN CARPET ZINNIAS

Brilliant Everblooming Zinnia

F775—**PERSIAN CARPET**—A 1952 Award Winner. An entirely new type of Zinnias, admirably suited for beds, borders or bouquets. They grow a compact bushy plant, 12 to 18 in. tall and bloom from early summer until frost. A wealth of deep, rich colors like a Persian Carpet. Will delight you with the beauty and abundance of its flowers. Pkt. 12c; 1/8 oz. 25c.

F787—NEW BLAZE ZINNIA

F781—**CANARY BIRD**—Graceful flowers of rich canary yellow. Pkt. 12c.

F782—**DREAM**—Large attractive flowers. Lavender changing to purple. Pkt. 12c.

F783—**EXQUISITE**—One of the most pleasing as regards to form and size; light rose with deep rose center. Pkt. 12c.

F784—**METEOR**—A rich, deep glowing red and the darkest of all red shades. Flowers very large and produced in abundance. Pkt. 12c.

F785—**ORIOLE**—Well worthy of the beautiful bird for which it was named. Immense orange and gold color flowers which change color as the flowers grow older. Pkt. 12c.

F786—**POLAR BEAR**—Decidedly the best pure white Zinnia. For size, color and free blooming it stands supreme. Pkt. 12c.

SPECIAL ZINNIA OFFER

F788X—1 pkt. of each of above 6 grand Zinnias 50c.

The Famous "BLAZE" Zinnia

Easy to Grow. No Insects or Disease.

A Blaze of Color all Summer and Fall.

F787—The 1934 "All America" winner and it well deserves that honor. Grows a uniform, vigorous bush, blooms profusely for many weeks and will make a bright spot in your garden or around your home. Flowers are 4 to 5 in. across, they open a bright mandarin red and later change to a fiery orange-scarlet, a color sure to attract attention. A row or bed of these Zinnias will provide joy and pleasure all summer long. Pkt. 15c; 2 pkts. 25c; 1/8 oz. 50c.

Aquilegia

Coreopsis

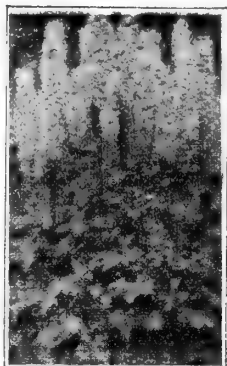

Gaillardia

Canterbury Bells

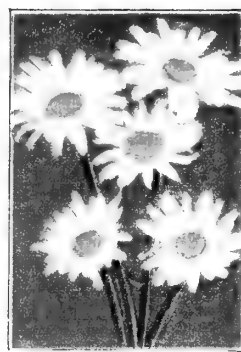

F801—CANTERBURY BELLS—Giant Flowered Mixed—These hardy biennials are old time favorites but are becoming more popular every year. They grow stately bushes 2 to 3 ft. tall and produce a profusion of the handsome bell-shaped flowers. They make a brilliant show and are well suited for either gardens, borders or mixed among shrubs.

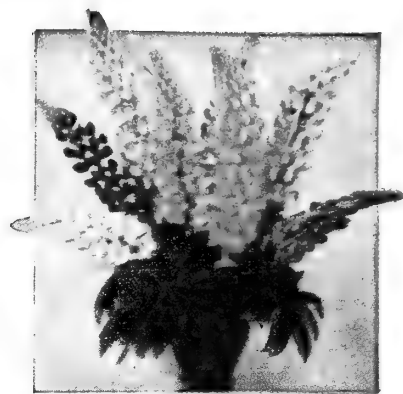

F803—DELPHINIUMS

F806—FOX GLOVE

F813—SHASTA DAISY

F810—LUPINE

Biennials & Perennials

F800—AQUILEGIA or HONEYSUCKLE—Giant Fancy Hybrids.—By all means plant a few of these wonderful perennials, they are perfectly hardy and easy to grow. They grow strong, thrifty bushes and produce flowers of the largest size. We offer a select strain containing beautiful tints and color combinations.

F805—DELPHINIUMS—Fancy Blue Hybrids—These graceful flowers rank among the fairest gems of our perennial flower gardens. In color they may be compared to a clear blue sky, in fact they are the finest shade of blue to be had in flowers. They are grand for cutting and very graceful for bouquets.

F804—COREOPSIS—Grandiflora Mixed—These fine hardy perennials are sometimes called yellow daisies. The beautiful rich golden flowers are borne on long graceful stems. They flower for a long period of time and will blossom the first year if started early.

Special Offer

Any Biennials or Perennials on this page: Pkt 15c; 3 pkts. 40c; 6 for 75c.

More Perennials are listed on Page 47.

EXTRA SPECIALS
See Inside Back Cover

F807—GAILLARDIAS—Giant Fancy Hardy—A very desirable and showy hardy perennial that should have a place in every border or garden. They thrive in almost any place and will produce giant crimson and gold flowers that make unusually striking bouquets.

F811—PLATYCODON—Grandiflora Mixed—An extra good very hardy and free flowering perennial. They form branching plants 1½ to 2 ft. tall and produce large blue and white bell-shaped flowers. They remain in flower from June to October and will thrive in sunny or shady places.

Stokesia

F806—FOX GLOVE—Mammoth Flowered Mixed—For stately beauty in the garden, tall border or among shrubs the Fox Glove stands supreme. Produces enormous spikes 4 to 6 ft. in height and flower heads are often 3 ft. long. Colors range from pure white and shell pink to deep rose and many are beautifully spotted.

F813—SHASTA DAISY—Giant White—You will be delighted with the size and beauty of these Giant Daisies. A great improvement over the common Shasta Daisy as many of the flowers are 4 to 5 in. across and produced on long stiff stems. Flowers are pure white and continue in flower throughout the season.

F802—CHINESE LANTERN—This is a highly ornamental and interesting plant grown for its bright colored balloon-like fruits or husks that cover the bush in late summer or autumn. The fruits are bright orange red when ripe called "Chinese Lantern." Branches with the fruits may be dried and make splendid material for winter bouquets.

CHINESE LANTERN

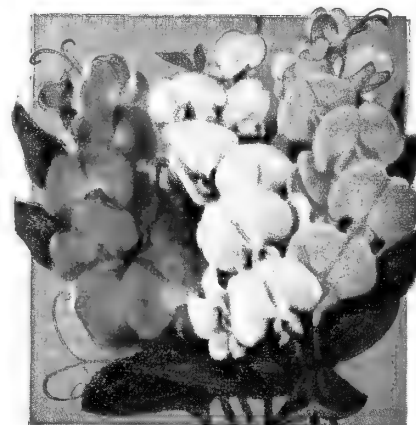

F812—HARDY BLUE STOKESIA

—A beautiful hardy plant that will do well in any sunny position. Bushes grow 2 to 3 ft. tall and blossom freely from June until September. Flowers measure 4 to 5 in. across, bright lavender-blue in color and being borne on long stems are invaluable for cutting.

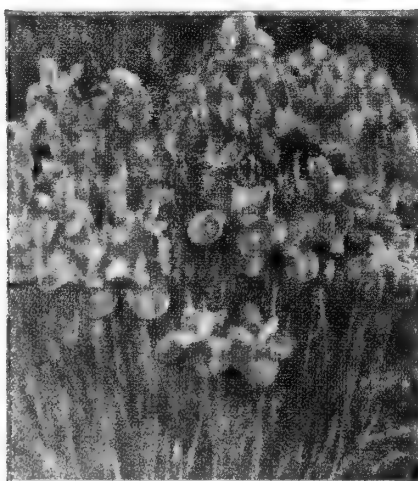

Hardy Sweet Peas

(Lathyrus Latifolius)

F732—JUNG'S FANCY MIXED—the plants are hardy and increase in size and beauty from year to year. Vines may be trained on a trellis or allowed to cover rocks or other objects. Produces a mass of sweetpea-like flowers in clusters of 8 to 10 and come in shades of white, pink and deep rose.

F732—HARDY SWEET PEAS

P1468—ROYAL EMPEROR

A listing of select German or Bearded Iris will be found on pages 54 and 55. As Iris do best when planted in late summer or early fall we do not ship Iris plants during spring.

Patrick R. McDonald, Iowa—The Iris bought from you bloomed beautifully.

HARDY SIBERIAN IRIS

Hardy as an Oak. No Insects or Disease. Profuse Bloomers. Long Lasting. Fine for Cutting.

These grand beardless Iris deserve to be more widely planted as they are unusually hardy, easy to grow and sure to bloom. The husky plants grow to a height of 3 ft. and in a few years form a clump of rare beauty, single clumps will often produce 25 or more flower stalks. They are ideal for cutting as the stems are very long and the flowers last much longer than the bearded Iris.

P1458—ROYAL EMPEROR—Rich dark blue. Vigorous plants and heavy bloomer.

P1466—SUNNY BOY—Bright yellow and tall grower. Sure to attract attention.

P1467—SNOW QUEEN—Waxy white, especially attractive when planted with darker colors.

Select plants of above: Each 50c; 5 for \$1.85.

SPECIAL OFFER

P1469X—One select plant of each of the above three fine Siberian Iris for \$1.25; 3 of each for \$3.35.

Paniculata Grandiflora Hydrangea

The Most Satisfactory Ornamental Shrub. Very Hardy. Easy to Grow. Sure to Bloom. Very Showy.

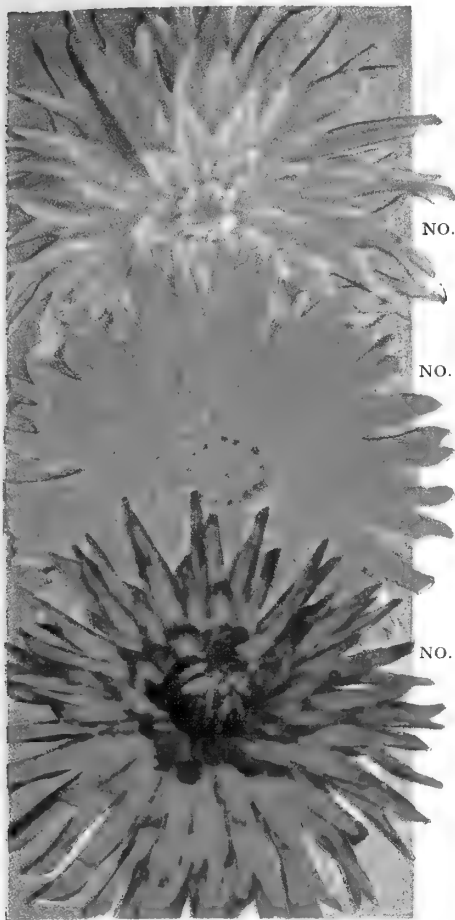

S1120—If you can have but one shrub let it be one of these Hydrangeas. You will never regret having planted it. These shrubs grow 4 to 6 ft. tall and each branch is tipped

with one of the immense flowers. It is very hardy, enduring the severest winters. Easily transplanted and rarely fails to bloom the first year planted. The giant flowers appear in July; they open pure white, later changing to pink. We offer only 2-yr. 18-24 in. field-grown plants of the true Giant Flowered type. Each 79c; 3 for \$2.20; doz. \$7.25.

—HYDRANGEA PAN. GRANDIFLORA

Mrs. C. Rawlings, Ohio—Am more than pleased with the nursery stock just received so am ordering more.

CACTUS DAHLIAS

The cutflower cactus type Dahlias offered here represent years of research work by some of the world's leading Dahlia hybridizers. All are early blooming, free flowering, strong stemmed, and last for days when cut. In line with Jung's policy of bringing you the newest and the best, we are offering these Dahlias for the first time. But here's the best part—they cost no more than you might expect to pay for ordinary varieties.

B871—BALLEGGRO'S SURPRISE—Ivory white flowers of large size are borne in abundance on long stems. Very good for cutting. Each 65c; 3 for \$1.75.

B872—INDEPENDENCE—One of the better bronze or golden tan varieties. The large shaggy blooms of copper and gold are very attractive. Each 65c; 3 for \$1.75.

B869—HER GRACE—(No. 1)—Large flowers of sparkling pink and borne in abundance on strong sturdy plants. One of the best for cut flowers and unsurpassed for floral arrangements. A sure medal winner. Each 75c; 3 for \$2.00.

B868—THE CARDINAL—(No. 3)—Bright, gay and new, really outstanding for beauty and profusion of bloom. The 4 to 5 in. flowers are borne on long stems and are long lasting when cut for bouquets. Each 87c; 3 for \$2.25.

B870—FLOWER SONG—(No. 2)—You'll have a real show in your garden with this beauty. Masses of golden yellow flowers with long stems for cutting or bouquets. You will love this one. Each 65c; 3 for \$1.75.

Earl Richards, Wis. All of our plants from you are doing nicely, especially the Dahlias.

DWARF BEDDING DAHLIAS

Cactus Dahlia Offer

B873X—One select tuber of each of the above five Superb Cactus Dahlias for only \$2.79.

Dwarf or Bedding DAHLIAS

B874—These grand dwarf Dahlias are very desirable for either beds or borders. They will start blooming in 6 to 8 weeks after planting and will then be a mass of flowers until frost; a bed or row of these Dahlias are a grand sight when in flower. They grow 18 to 24 inches tall and branch very freely, bearing flowers on each branch. Also excellent for bouquets. Flowers will be single, semi-double and double but all very beautiful. Select bulbs: 3 for 70c; 6 for \$1.35; 12 for \$2.50; 25 for \$5.00.

Jung's DeLuxe Dahlias

It is a source of deep satisfaction to grow truly giant flowered dahlias in your garden. It is not difficult to do this if you plant some of the excellent varieties below and follow the simple instructions sent with each order. The dahlias listed below are outstanding kinds, of giant size and fine colors, vigorous growers and free flowering.

B863—ADOLF MAYER—(Cut M)—Deep velvety red. Giant flowers often 8 to 10 in. in diameter. Vigorous grower and profuse bloomer. Each 45c; 3 for \$1.25.

B865—JANINE SAWYER—An outstanding pure white. Huge flowers on a sturdy robust bush. Each 45c; 3 for \$1.25.

B866—LAVENDER PERFECTION—(Cut K)—A superb lavender, large flowers on vigorous plants. A prize winner. Each 45c; 3 for \$1.25.

B860—MRS. HESTER PAPE—(Cut P)—A grand and striking Dahlia, giant attractive flowers of deep royal purple. Will make a show in any garden. Each 50c; 3 for \$1.35.

B864—NAGEL'S SENSATION—(Cut I)—A new Dahlia in a color almost everyone likes, being a pleasing rich salmon-pink. Large flowers, vigorous grower, free flowering. Each 50c; 3 for \$1.35.

B867—PINK GIANT—The most beautiful among the pure pink Dahlias. Huge flowers of elegant form and rare beauty. Each 50c; 3 for \$1.35.

B861—XANTINE—(Cut N)—One of our finest yellow Dahlias. The giant sized flowers are produced on strong heavy stems. Each 45c; 3 for \$1.25.

SPECIAL DAHLIA OFFER

B870X—One select root of each of the above seven grand Dahlias for \$2.25.

JUNG'S GIANT FANCY DAHLIAS

Jung's Giant Fancy Dahlias

B874—Here is a grand assortment of the large flowered double Dahlias at a bargain price. Now you can have a row or bed of Dahlias that will delight you with their size and beauty. A grand assortment of colors and whether you order six or a dozen no two will be alike. Extra Select Tubers: 3 for 85c; 6 for \$1.45; 12 for \$2.65.

Mrs. Melvin Meyers, Wis.—We like Jung's plants and seeds very much. Everything is of such high quality and I get many compliments on my flowers, especially Dahlias and Gladioli. My Grandfather, mother and now myself have all been planting Jung's seeds.

CANNAS

For mass color and real beauty a Canna bed is hard to beat. They stand lots of heat and bloom profusely from July until frost. Whether planted in beds, as borders or background Cannas are always satisfactory and they are easy to grow and not bothered by insects. For a real show plant a dozen Cannas in the center of the bed, then a row of Salvia and either Dwarf Marigolds, Royal Carpet or White Alyssum, this will give you a bed of flowers of exotic beauty all summer.

P1712—CITY OF PORTLAND—The finest large flowered bright pink Canna, especially showy when planted with other Cannas. Grows 4 to 5 ft. tall, green foliage, large flowers for many weeks.

P1711—PRESIDENT—Huge, glowing scarlet flowers vigorous plants 4 ft. tall. Profuse bloomer and the most popular and showy variety. Green foliage.

P1710—YELLOW KING HUMBERT—Beautiful deep yellow flowers spotted with red. Grows 4 ft. tall and blooms profusely over a long time.

PRICE OF CANNAS: Each 30c; 3 for 75c; 12 for \$2.25.

CANNAS

Frank Bierman, Ill.—Your Cannas are wonderful and still in bloom. Really like your bulbs.

FANCY OUT-DOOR CHRYSANTHEMUM

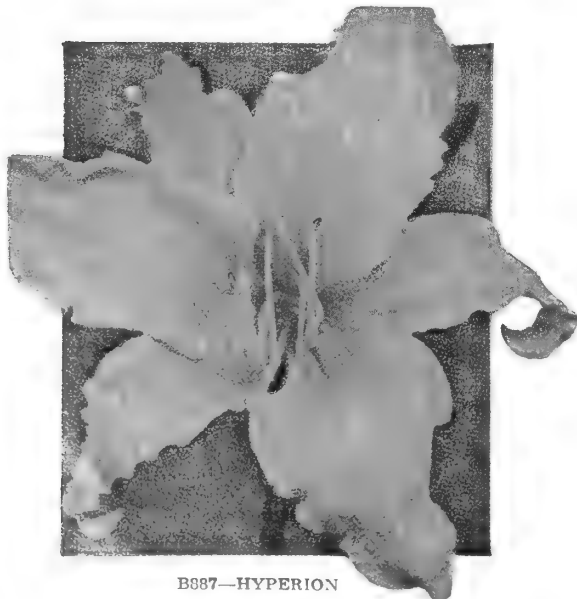

Chrysanthemums for Fall Glory

No other flowers will give you such a profusion of glorious color as these Chrysanthemums. They are easy to grow and blooming when few other flowers bloom makes them all the more desirable. Each plant makes a solid mound of flowers, also superb for cuttings as they last a long time.

B840—BAGGETTE

Rufus Faulks, Ill.—We certainly are highly pleased with your seeds and bulbs. For quality and price the best.

B887—HYPERION

Jung's Fancy Outdoor Chrysanthemums

Easy to Grow. Sure to Bloom. A Mass of Color and Beauty when all other Flowers are Gone.

The varieties listed below have been selected for size of flowers, beauty of color and profusion of bloom. We send out strong field-grown plants which will bloom from August until heavy frosts. These will provide you with an abundance of beautiful flowers at a time of the year when most other flowers are scarce. Our select plants will produce an abundance of flowers for either beds or bouquets.

Special Chrysanthemum Collection

P1730X—One select plant of each of the below six fancy Chrysanthemums for \$2.50.

P1720—ALGONQUIN—One of the best yellow "Mums," producing pure, bright yellow flowers 3 in. across. Tall and vigorous.

P1725—CHRIS. COLUMBUS—A vigorous grower and profuse bloomer. The large double flowers are ivory white and excellent for cutting.

P1722—HARBINGER—A grand and glorious bronze with the rich coloring of fall Maples. The large flowers make beautiful bouquets.

P1723—SEPT. DAWN—Full double flowers of rich rose or pink with a dazzling sheen. Good grower and profuse bloomer.

P1721—RED VELVET—Very hardy, a vigorous grower and profuse bloomer. Flowers double and rich vermilion red.

P1724—OLIVE LONGLAND—Large double blooms combining apricot and pink shade. Vigorous plants are a mass of bloom over a long period of time.

PRICE OF ABOVE CHRYSANTHEMUMS

Select Field-grown Plants, not Rooted Cuttings:
Each 50c; 3 for \$1.40; 12 for \$4.95.

Dwarf or "Cushion Mums"

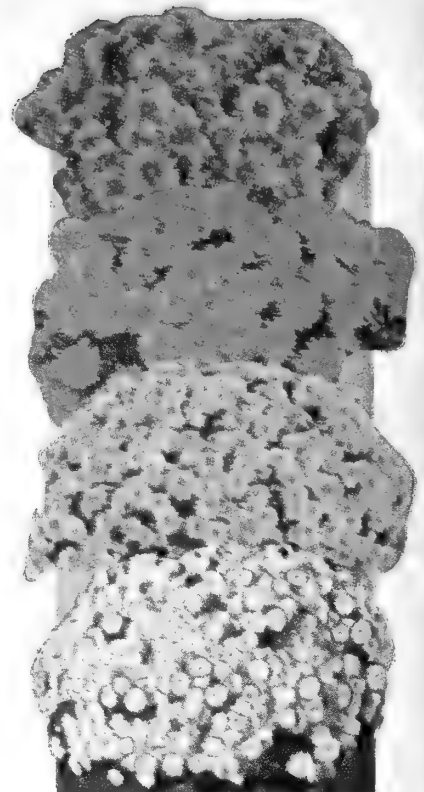

Glorious Fall Colors. Colorful Beds or Borders.
Bloom When Other Flowers are Gone.

The spectacular beauty of these "mums" will amaze you for a grand display of color in late summer and fall. Literally "bushels of bloom" are produced on plants 18 to 24 in. tall, a mound of solid color. They start blooming in Sept. and continue until hard frost. Plants are perfectly shaped and can be used in front of other plantings or anywhere in your borders. We offer select plants as follows:

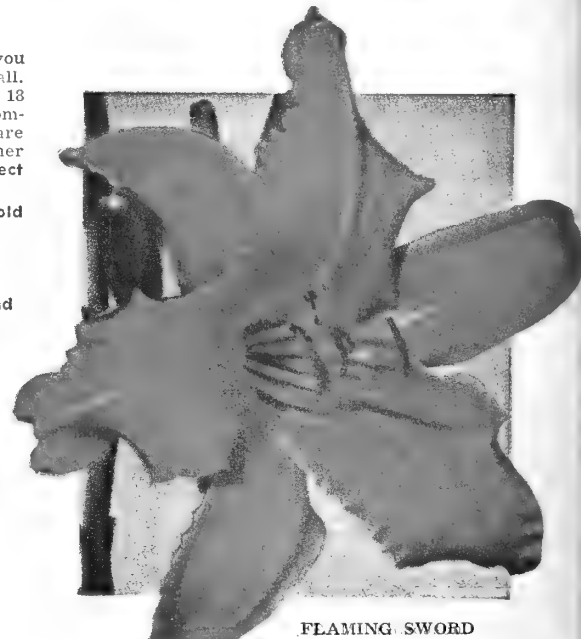

P1733—Brilliant Red; P1734—Bright Yellow; P1735—Gold Bronze; P1736—Rosy Pink; P1737—Snow White:
Each 45c; 3 for \$1.25; 12 for \$4.65.

SPECIAL DWARF MUM COLLECTION

P1739X—One select plant of each of the above 5 grand Dwarf or Cushion "Mums" for only \$2.00.

DWARF OR CUSHION "MUMS"

FLAMING SWORD

Daylilies or Hemerocallis

Daylilies or Hemerocallis are one of the most reliable perennials for midsummer color. The profusion of bloom will last nearly a month. They will readily adapt themselves to almost any climate in the U. S., and in practically all soils. Although they like the sun, they are tolerant of shade, and are seldom bothered by insects. Vigorous enough to resist invasion by weeds, they grow stronger and more beautiful each year. After having observed a number of varieties in our trials for several years we believe this plant is unsurpassed for its cheerful dependability. Try some of these daylilies in your own garden. Plant them in your flower border or garden, as a ground cover around a tree, silhouetted against a fence, or in a movable plant tub. Plant several varieties for color variation and to extend the bloom period. Their uses are many because of their easy adaptability.

The daylilies listed below have been selected for their color range and hardiness. We guarantee to ship you healthy, thrifty plants, true to name. For your best buy, try our special collection listed below.

B840—BAGGETTE—Delicately colored bi-color of pale yellow with old rose shading on outer half of the petals. Wide petals durable flowers, 30 in. Early midseason.

B841—RED TOP—Outstanding for brilliance and profusion of bloom. The large flowers, of heavy substance, are a bright red except for an ivory-white midrib on both petals and sepals.

B887—HYPERION—One of the most vigorous and profuse bloomers. Huge blooms are a rich canary yellow of most artistic form, exquisitely fragrant, and borne on stems 3½ to 4 ft. tall. Excellent for cutting and blooms for a long time.

B842—NINA WINEGAR—Very large flowers of rich golden yellow on tall stems. The petals are waved and ruffled, and have extremely heavy substance, Midseason, 36."

B834—PURPLE HAZE—Wine-purple, with darker veins in the wide ruffled petals. Yellow throat shading to green, with an almost white midrib running through each petal. Midseason, 24."

B844—RAJAH—Large gaily colored English red, with pale orange throat. It has one of the longest seasons of bloom, and is also good in the evening. Late Midseason 40."

PRICE OF ABOVE DAYLILIES

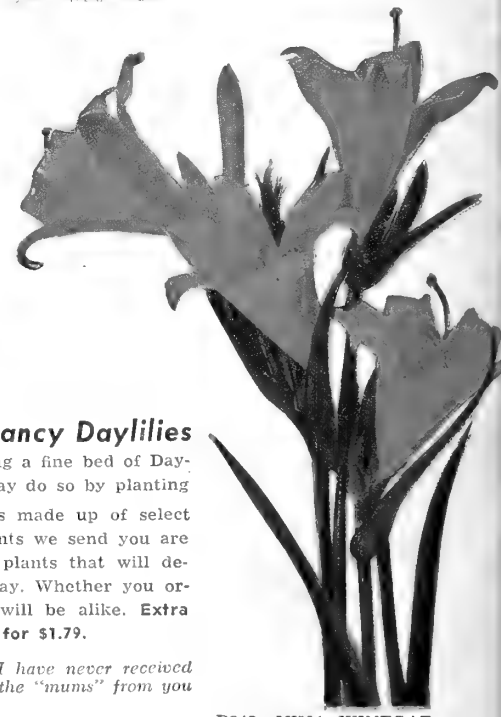

Each 50c; 3 for \$1.35; 6 for \$2.50.

B848X—One select plant of each of the above six Grand Daylilies for \$2.25.

Jung's Giant Fancy Daylilies

B845—Anyone wanting a fine bed of Daylilies at little cost may do so by planting this assortment. It is made up of select varieties and the plants we send you are strong and vigorous plants that will delight you in every way. Whether you order 3 or 6 no two will be alike. Extra Special: 3 for 98c; 6 for \$1.79.

Georgie Rider, Wis.—I have never received such lovely plants as the "mums" from you which just arrived.

B842—NINA WINEGAR

B893—GOLD BAND LILIES

Two Grand New Lilies Gold Band Lily

B893—One of the loveliest of our outdoor Lilies, a clump of these Lilies in full bloom is a marvelous sight. The flowers are large, huge trumpets often 5 to 6 in. across and borne in clusters of 6 to 12 on 3 ft. stems. They are ivory white with small crimson spots with gold bands on each petal. Bloom from July to Sept. Plant 6 to 7 in. deep. Select Bulbs; Each 70c; 3 for \$2.00.

Red Champion Lily

B899—Many flower lovers consider this the most beautiful of all outdoor Lilies. The flowers are bright pink and each petal tipped white, with small deep red specks. Blooms in Aug. and Sept., on strong stalks 3 to 4 ft. tall. The lovely, waxy flowers make a fine showing in the garden and also when cut for bouquets. Large Select Bulbs: Each 60c; 3 for \$1.75.

DON'T MISS IT !

The North American Lily Society Show at Madison, Wis. July 8th, 9th and 10th, 1960. First time in the mid-west. A Grand Show of the Newest Lilies.

B899—RED CHAMPION

B897—OLYMPIC HYBRID

Hardy Outdoor Lilies

The Lilies offered below are except where noted, all hardy varieties which do not require digging and storing but after once being planted will increase in size and beauty year after year. All the Lilies we offer are large, select 2-yr. bulbs which will bloom profusely this summer. Do not confuse these with planting size bulbs often offered at low prices but which often do not bloom until the 2nd and 3rd year after planting.

Superb Olympic Hybrid Lily

B897—A magnificent new hardy Lily noted for its great vigor, size and beauty. Clusters of bloom are produced on stalks 5 to 6 ft. tall and bloom for several weeks. As these bulbs are grown from seed there will be a pleasing variation in color, some icy green, some creamy yellow and some in shades of pink. Plant in well drained location and cover 5 to 6 in. deep. Select Bulbs; Each 40c; 3 for \$1.10; 12 for \$3.75.

A Grand de Graaff Hybrid "ENCHANTMENT"

B903—Another famous de Graff lily outstanding for hardiness, profusion of bloom and bright showy color, one of the most vigorous, prolific and healthy lilies. Flowers are large, a vivid Nasturtium red, a color that blazes in sunlight. Grows to a height of 2 1/2 to 3 ft. with 10 to 12 flowers to a head. Select bulbs which will bloom this year: Each 50c; 3 for \$1.35.

Jung's Special Lily Collection

One select 2-yr. blooming size bulb of each of these fine Lilies for \$1.85; 3 of each for \$5.25.

Enchantment
Olympic Hybrid
Maxwill
Regal
Golden Chalice

A select bulb of a new and unusual Gladioli will be included with each collection.

B878—FAIRY LILIES

Fairy Lilies or "Summer Crocus"

B878—(Zephyranthes) These easily grown bulbs produce an abundance of very dainty and pretty flowers and are suitable for either pot or outdoor planting. For best display plant 3 to 4 bulbs in a pot. Outdoors plant in clumps of 3 to 6 bulbs. They grow to a height of 6 to 8 in. and bloom over a long period. Dig in fall and store like Gladioli. Fancy Mixed Bulbs: 6 for 75c; 12 for \$1.35.

B895—MEXICAN LILIES

Tigridia or Mexican Lily

B895—The rare beauty of these grand flowers is hard to describe. They grow 18 to 20 in. tall and produce their large showy flowers 3 to 4 in. across in a wide range of color from yellow and orange to brilliant crimson. They are easy to grow and sure to bloom. Dig in fall and store like Gladioli. 3 for 35c; 6 for 60c; doz. \$1.10.

The Fragrant Angel or Magic Lily

B877—A grand summer flowering bulb, producing with great freedom large Amoryllis-like pure white fragrant blossoms. A most wonderful plant as the flowers are so large and handsome. Bulbs send up tall stems, which bear several of the large flowers. Bulbs may be taken up in October and after a few weeks rest, potted and flowered in the house in winter. We know you will be highly pleased with this fine Lily. Dig in fall and store like Gladioli. Each 35c; 3 for \$1.00; doz. \$3.25.

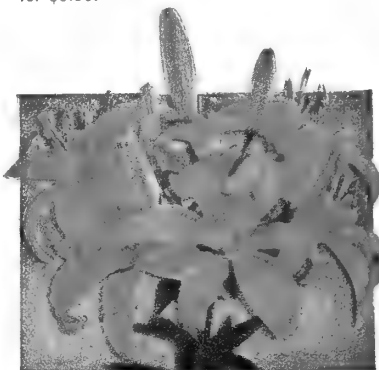

B877—ANGEL or MAGIC LILY

B889—MAXWILL

The Showy Maxwell Lily

B889—A grand hardy Lily that combines hardiness, vigor and rare beauty, sure to attract attention with its bright orange-red flowers. Grows wiry stalks four to five ft. tall and will have as many as 15 to 20 blooms on a stalk. Especially showy when planted among Olympic or Regal Lilies. Each 40c; 3 for \$1.10; 12 for \$3.50.

B903—ENCHANTMENT

B901—GOLDEN CHALICE

Golden Chalice Lily

B901—A magnificent Hybrid Lily originated by Jan de Graaf. A healthy, hardy, vigorous grower that will do well anywhere in the U. S. Large clusters of the bright orange-gold flowers are borne on 2 ft. stalks and usually bloom in June. The brilliant flowers are 4 to 5 in. across and 6 to 8 on a stalk. Sure to Bloom Bulbs: Each 40c; 3 for \$1.10; doz. \$3.75.

B900—REGAL LILY

B894—MYSTERY LILY

New Hardy Mystrey Lily

B894—(Lycoris Squamigera)—This is sometimes referred to as the Hardy Amaryllis and is one of the most unusual and beautiful hardy flowers. The attractive green foliage starts early in the spring and grows until July, then it matures and dries up. Suddenly in a few weeks a stalk appears, grows rapidly to a height of 2 to 3 ft. and bursts open in a lovely head of rosy-pink flowers. Grows well either in full sun or partial shade. They are perfectly hardy and increase in size and beauty from year to year. To make a proper showing plant at least 3 bulbs in a clump 6 to 8 in. apart each way. Large select bulbs: 3 for \$1.10; 6 for \$2.00; 12 for \$3.85

B919X—JUNG'S HARBINGERS OF SPRING COLLECTION

Jung's Harbingers of Spring Collection

Easy to Grow. Sure to Bloom. First Flowers of Spring. CROCUS GRAPE HYACINTH SCILLA SNOWDROPS.

B919X—Year after year these hardy bulbs will give you more and more blooms, and delight you with beauty almost as soon as the snow is gone. Will thrive in any garden and survive the coldest weather. Plant early so they will root before the ground freezes.

10 bulbs of each (40 in all) for \$2.25

25 bulbs of each (100 in all) for \$4.00

V. H. Gledhill, N. Y.—Have been ordering from you for several years and never had seed- or plants that did not do well, your prices are far below others.

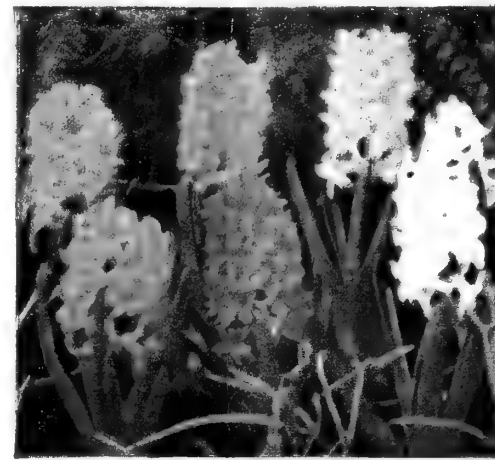

B970—RED EMPEROR

Grape Hyacinth

B922—The dainty and delightful dwarf growing plants (6 to 8 in.) are well suited low borders, along walks and edges for beds, especially showy around or in front of tulips. Easy to grow, sure to bloom and for many years will delight you with their dazzling blue color. 10 for 85c; 25 for \$1.65; 100 for \$4.95.

Giant Flowered Tulip "RED EMPEROR"

B970—One of the largest flowered and most showy tulips. The enormous flowers are borne on stiff stems and come into bloom ahead of most other varieties. Unequalled in size and brilliance of color, a bed or row of these Tulips around your home will be a "traffic stopper" when in bloom. Extra large bulbs: 10 for \$1.10; 25 for \$2.25; 100 for \$7.95.

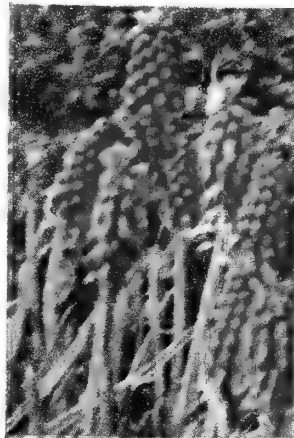

B936—HYACINTHS

Jung's Select

HYACINTHS

B936—One of the most popular and widely planted fall bulbs being suited for beds and borders outside but especially for blooming indoors. The large showy flower spikes last for many days and have a delightful fragrance. We offer select bulbs that are sure to bloom. 5 bulbs (all different colors) for \$1.20; 10 bulbs for \$2.00; 25 for \$4.50.

B922—GRAPE HYACINTH

Save This Catalog for Your Fall Order

Extra Special

JUNG'S

Fancy Rainbow Tulips

B950—By planting these Tulips you can have a row or bed of beauty and splendor for very little cost. This mixture is made up from named varieties and well balanced for color and height. They bloom early in the spring before hot weather and remain in bloom for several weeks. Few things will give you more pleasure for what it costs than a bed of these fine Tulips. Extra Select Bulbs: 10 for 85c; 25 for \$1.90; 100 for \$6.90.

Spring Flowering Bulbs

NOTE—Bulbs on this and following page are planted in the fall, orders for these may be sent in any time and the bulbs will be sent at proper time for planting, usually in Sept. or Oct. The bulbs listed below and on following page are planted in the fall, from Oct. until the ground freezes, and will bloom the following spring. The bulbs we send out are top-size first quality bulbs which are sure to grow and bloom. These bulbs will be sent out as soon as they arrive from our grower in Holland, usually the latter part of Sept.

B920—CROCUS

Jung's Giant Flowered Crocus

B920—These beautiful flowers are in bloom almost before all the snow is gone and are one of the first harbingers of spring. For best effect plant them in groups or masses of 6 to 8 bulbs. The bulbs we offer are top-size and will produce several blooms from each bulb the first year. Very fine for borders or edges as they grow only 4 to 6 in. tall 10 for 70c; 25 for \$1.50; 100 for \$4.40.

KING ALFRED

CHEERFULNESS

Daffodils or Narcissus

B925—KING ALFRED—The largest and most popular of all Daffodils. Blooms rich golden-yellow often 4 in. across with 2 in. trumpets. Large Select Bulbs: 3 for 60c; 6 for \$1.00; 12 for \$1.75.

B926—CHEERFULNESS—Double creamy-white flowers borne 3 to 4 on tall stems. Vigorous grower, profuse bloomer and very fragrant. Large Select bulbs: 3 for 60c; 6 for \$1.00 12 for \$1.75.

Mixed Daffodils or Narcissus

B927—An assortment of many different types and colors offered at a price that you can have a grand collection of these popular flowers at little cost. Well suited for planting indoors or making a showy bed outdoors early in the spring. Select, Sure to Bloom Bulbs: 6 for 85c; 12 for \$1.60; 25 for \$3.00.

Snowdrops

B923—One of the first to bloom in the spring. They require little attention and will remain for many years. Lovely white flowers followed by tufts of bright green foliage. 10 for 75c; 25 for \$1.65; 100 for \$4.95.

B924—SCILLA

SCILLA

B924—SPRING BEAUTY—A select strain of these brilliant blue flowers. Grows 5 to 6 in. tall and comes into flower very early. Makes its best show when planted in masses or clumps but also used for edges and borders. Seem to do well in any good well-drained soil. 10 for 85c; 25 for \$1.65; 100 for \$4.95.

B924—SCILLA

Snowdrops

B923—One of the first to bloom in the spring. They require little attention and will remain for many years. Lovely white flowers followed by tufts of bright green foliage. 10 for 75c; 25 for \$1.65; 100 for \$4.95.

FANCY RAINBOW TULIPS

JUNG'S SELECT TULIPS

Tulips probably make the finest showing of color and splendor of all spring flowers. They are easy to grow, sure to bloom and require very little care. Once planted they last for several years after which they can be taken up and replanted. To make the best showing they should be planted in beds or clusters rather than in rows spacing the bulbs about 6 in. apart each way. You will find our bulbs to be top quality in every way, you will be delighted with the fine flowers you can grow from our Tulip bulbs.

Jung's Giant Fancy Tulips

B945—This is an extra select mixture of tulips for those who want the very best, especially selected for tall stems, extra large flowers and a wide range of well balanced colors. They may cost a little more but will repay you many times over in larger flowers and brilliant color. A bed of these tulips around your house will be a grand array of color and beauty. To make the best showing plant your bulbs in clumps of 3 to 6 or if planted in a bed do not space them over 8 inches apart. **Extra Select Bulbs. 10 for \$1.00; 25 for \$2.25; 100 for \$7.95 postpaid.**

Branching Tulips

B947—(Praestans Fusilier)—A unique and different type of tulip as each stalk will produce from 2 to 4 blooms, especially good for a brilliant bed. Flowers are a brilliant orange-scarlet, the brightest and most spectacular of all tulips. Ideal for beds or mass planting as you get four to five times as many flowers as from any other tulip you can plant. They grow 10 to 12 in. tall and bloom the same time as early Daffodils. **Select bulbs: 3 for 65c; 12 for \$2.25.**

PLEASE NOTICE

Owing to the higher postage on catalogs now in effect we no longer issue a summer or fall catalog. A full line of fall bulbs and plants are included in this catalog, therefore, please save this catalog for your summer and fall orders.

Giant Double Peony Flowered Tulips

B946—We offer a fine selection of these grand double Tulips. They grow tall stems, flowers are large and double and come into bloom right after Darwins. As they produce such large blooms plant them where they have protection from strong winds or provide light stakes. We offer only select top size bulbs. **5 (all different colors) 75c; 10 for \$1.40; 25 for \$3.25.**

B946—DOUBLE OR PEONY TULIPS

"Tu-Tone or Water Lily" Peonies

Profuse Bloomers. Hardy and Vigorous. No Disease or Insects. Exquisite for Bouquets.

The rare beauty of these Peonies rivals the finest water lilies, they will add interest and beauty to your early flowering garden. They will give you a longer and more varied blooming period than the double varieties as their flowering period has three distinct stages. 1st—In the opening or bud stage they resemble double varieties. 2nd—Partly open they are distinctly cup shaped with the center a contrasting color. 3rd—In full bloom the petals open wide with center remaining upright. Because of their upright habit and stiff stems you will rarely see their flowerings in the mud after heavy rains. Excellent for cut flowers at any stage and outstanding for landscaping because of their bright contrasting colors. We can supply them. **1775—Brilliant Red; 1776—Rosy Pink; 1777—White: Each 75c; 3 for \$2.00; 6 for \$3.85.**

PEONY OFFER NO. 2—One select plant of each of the above 3 Tu-Tone Peonies for \$2.00.

Mrs. C. Czyszak, Wis.—Iris and Tulips from you were the largest and most beautiful we have ever seen.

TU-TONE OR WATER LILY PEONIES

B947—BRANCHING TULIPS

B956—PARROT TULIPS

Fringed or Parrot Tulips

B956—These grand Tulips are out of the ordinary for size and rare beauty. Flowers are of immense size, borne on tall stems and are attractively fringed and waved and of color combinations not found in any other varieties. To make the finest showing they should be planted in clumps of 3 to 6 bulbs spacing the bulbs about 8 inches apart. **Extra Select Bulbs: 5 for 65c; 10 for \$1.25; 25 for \$2.85; postpaid.**

P1778—MAY DAY PEONY

May Day Peonies

P1778—(Officialis Rubra Plena)—This grand Peony comes into bloom much earlier than the standard varieties and in normal seasons is in bloom by Decoration Day. Strong vigorous bushes bloom profusely and bear their large, double, deep red blooms on strong stiff stems. Very hardy and will increase in size and beauty year after year. **Each \$1.10; 3 for \$2.95.**

Jung's Select Peonies

"The Lifetime Flower"

No other perennial is hardier or produces more flowers with such attractive foliage. Peonies are easy to grow, once planted they remain for many years with little care except for fertilization.

They are available in a wide range of color and form and will grow more beautiful each year. The flowers are excellent for cutting and will last for a long period. Plant them also as a hedge, in perennial beds or borders and as a landscape planting. Peonies are comparatively free from insects and diseases and are adaptable to most soils and locations although they prefer a rich deep loam and sunny location.

NOTE—We ship only strong three to five eye divisions of our own careful growing. Plants are sent in Aug. and Sept. which has been proven the best time for starting new plantings.

GIANT FANCY PEONIES

Jung's Giant Fancy Peonies

P1789—For people who wish a nice collection of Peonies at a reasonable price our mixture will please. The colors are well balanced and the plants are all strong select divisions. At our low prices you can afford to plant them liberally. 3 for \$1.45; 6 for \$2.75; 12 for \$5.25.

"The Lifetime Flower"

Not many hardy flowers will give you greater value in beauty and pleasure than Peonies. They are not hard to grow, rarely bothered by insects and disease, and will survive the most severe winters. Once started they will increase in size and beauty year after year and they do not require much care.

EDULIS SUPERBA FESTIVA MAXIMA KARL ROSENFELD

P1781—EDULIS SUPERBA—Comes into flower early, often open for Decoration Day. Very large, deep rose-pink flowers that are unusually fine for cutting. Grows sturdy and blooms profusely. Each 70c; 3 for \$1.95.

P1782—FESTIVA MAXIMA—This fine Peony combines enormous size with wonderful beauty. Color pure white with trace of carmine specks on center petals. The most popular white variety comes into flower very early. Each 85c; 3 for \$2.10.

P1783—KARL ROSENFELD—Large flowers of semi-rose type almost a perfect globe when fully open; deep velvety red in color and borne on long straight stems. The plant grows strong and tall and each stem bears one of the brilliant flowers. An ideal variety for either landscape planting or cut flowers. Each 85c; 3 for \$2.10.

P1784—MONS. JULES ELIE—An exquisitely beautiful Peony. Giant sized flowers that are flesh-pink shading deeper pink toward the center. One of our largest and most beautiful varieties resembling a giant pink chrysanthemum. Each 85c; 3 for \$2.10.

P1788—SARAH BERNHARDT—This can be classed as one of the best Peonies. Flowers of enormous size live glistening shell-pink in color, with a delightful fragrance. Equally fine for landscape or show, a royal beauty in every way. Each 85c; 3 for \$2.10.

SPECIAL PEONY OFFER NO. 1
One select vigorous plant of each of the above
Five Grand Peonies for \$3.65

P1788—SARAH BERNHARDT

NOTE—Peonies and Iris are best when set out in late summer or early fall. We send out Iris in early August and Peonies first part of Sept.

The Iris "Iristocrats"

P1460—RANGER

Iris undoubtedly are one of the most popular, hardy perennials and they well deserve their popularity. They are hardy and may be grown under various conditions with little care. They are easy to grow, not bothered by insects and come in a wide variety of colors. You will be pleased with our vigorous, healthy plants.

Red Toned Iris "RANGER"

P1460—One of the newest Iris being a dark but very brilliant, almost true crimson red. A wonderful bloomer bearing the large flowers on strong stems, will make a grand showing in any planting. Each 85c; 3 for \$2.25.

P1402—BLUE VALLEY

P1402—BLUE VALLEY

—A true blue Iris you will like. Large ruffled flowers of clear, medium blue with no hint of lavender. Well placed flowers on sturdy stalks.

P1431—BUFFAWN—An Iris of unusual coloring being a soft pinkish buff with brilliant tangerine beard. Very attractive and a profuse bloomer.

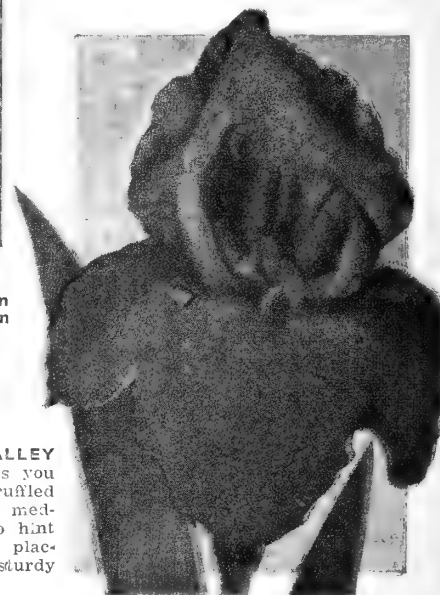

P1409—FIRE DANCE—A rich, deep, burgundy red plicata with both standards and falls with dark red wine on buff ground color. An outstanding Iris sure to attract attention.

P1433—MULBERRY ROSE—Deep radiant mulberry-rose self. Tall stemmed, well branched and profuse bloomer.

P1439—WHITE SUPREME—A superb pure white Iris that combines hardiness, beauty and profusion of flowers. The large glistening white flowers are borne on stems 3 ft. tall are well formed and of heavy substance.

PRICE OF ABOVE IRIS—Except where noted; Each 50c; 3 for \$1.40; 6 for \$2.55.

Special Iris Offer No. 2
One select plant of each of the above 10 "Iristocrats" for \$4.25.

P1437—SABLE

P1437—SABLE—This wonderful Iris possesses large strong stalks, flowers of heavy substance and is a profuse bloomer. The large blooms are almost black with a wonderfully lustrous sheen.

P1440—PINK LADY—An Iris of rare beauty being a beautiful blend of cameo-pink with falls of deeper rose and a blazing shrimp-red beard. A vigorous grower and profuse bloomer. Each 65c; 3 for \$1.65

P1440—PINK LADY

P1452—ROCKET

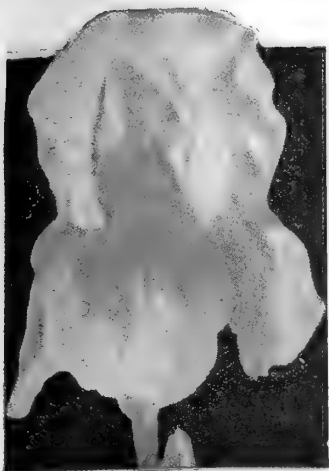

Gold Standard Iris "ROCKET"

P1452—Outstanding and different. Domed standards and flaring falls are deep chrome yellow, almost orange. It has color, size and beauty.

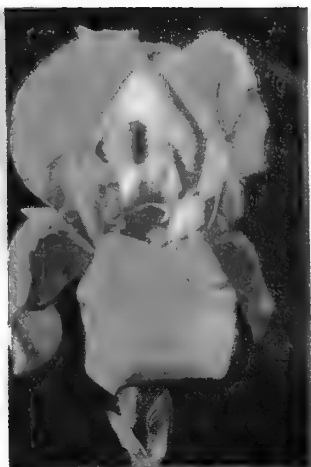

P1422—CASCADE SPLENDOR—Large beautifully ruffled flowers, well placed on heavy tall stalks. Color is a rich blending of copper-pink, apricot and tan, a real beauty. (Shown in color on page 55.)

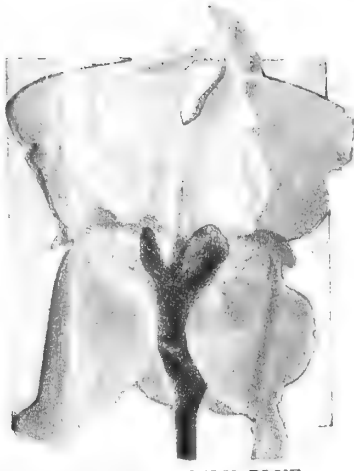

—MULBERRY ROSE

P1457—PINK CAMEO

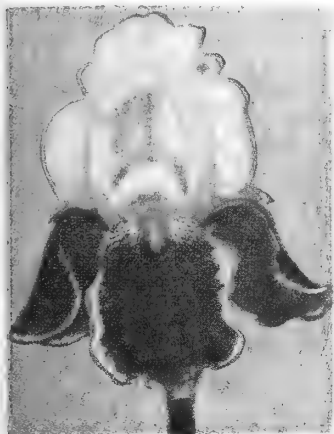

P1422—CASCADE SPLENDOR
Described on Page 54

P1403—HEAVENLY BLUE

P1406—CHERIE

P1407—WABASH

P1410—RED RADIANCE

NOTE—Iris do best when set out in late summer or early fall. For this reason we do not send out these until they are dormant which is usually the end of July or early August.

Jung's Superb Iris

Below we are listing Iris which have been chosen for their unusual hardiness and which we can supply at a reasonable price. They will bloom profusely, give you a wide range of color and flower over a long period. You can now have a grand assortment of superb Iris at very little cost.

P1420—DESERT SONG—A bright lemon-yellow self. The large flowers are ruffled and of heavy substance. A very dependable Iris.

P1403—HEAVENLY BLUE—An Iris of true beauty and rare charms. The gigantic flowers of solid delphinium blue are borne on tall vigorous stalks with three and four blossoms

P1405—JEAN CAYEUX—A Medal Winner and one of the most distinct and beautiful Iris. A marvelous blending of buff and Havana brown.

P1454—ORCHID BEAUTY—Huge flowers of fine form and a pleasing orchid pink. Tall stalks, profuse bloomer and vigorous grower.

P1457—PINK CAMEO—One of the new series of 'flamingo' pinks, a pure true pink without any of the violet undertones. It combines purity of color, excellent branching, good substance and a vivid tangerine beard. Each 65c; 3 for \$1.65.

P1435—PRAIRIE SUNSET—Apricot, copper, gold, rose and pink are fused like the glorious sunset. Huge flowers are produced on strong sturdy stems like a gladioli. A Dykes Medal Winner.

"RED RADIANCE"

A Magnificent Red Iris

P1410—If you wish a really showy Iris you should plant Red Radiance. A strong vigorous grower and profuse bloomer. The large flowers are a rich mahogany red, especially effective if planted among white or yellow varieties. Each 65c; 3 for \$1.75.

P1421—SPANISH PEAKS—A large flowered pure white Iris—the throat, beard and petals—all white. Extra large flowers of fine form and excellent substance.

P1436—VATICAN PURPLE—Very rich blue-purple with a silky finish and no haft markings. The attractive flowers are large, well shaped and borne in abundance.

P1407—WABASH—A prize winning Iris of regal beauty. Giant flowers of glistening white standards with bright purple falls margined with white. The large flowers are borne on well branched stalks 3 ft. tall.

PRICE OF ABOVE IRIS—Except where noted: Each 45c; 3 for \$1.25; 12 for \$4.35.

Special Iris Offer No. 1

P1415—One select plant of each of above Grand Iris for only \$3.49.

Iris at Bargain Prices

RED TONED IRIS

Beautiful Red Toned Iris

P1465—Not many people are aware of the wonderful progress that has been made with Iris in recent years, especially in red shades. So that you may have a fine assortment of red-toned varieties we will send you a collection of

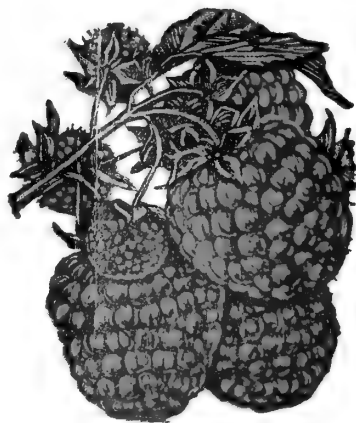

5 RED IRIS for \$1.75

These are large, select plants; many of them sold for \$2.00 each only a few years ago. Each plant labeled.

EVERBLOOMING
BOUQUET FLOWERS

Mrs. A. R. Fowler,
Tex. —Your
Aster seed bloom-
ed beautifully.
Hope to have
more this year.

A1310—JUNE RASPBERRY

Thornless Red Raspberry "JUNE"

Ripens Early. Thornless Canes. Does Not Spread. Large Berries.

A1310—A new Red Raspberry originated at the University of Wis., which ripens fully 10 days earlier than Latham and is a remarkably good yielder of large, fine quality berries. However its great merits are that the canes are practically thornless and it will not spread like other varieties. It excels in earliness, yield, quality and hardiness. We have only a limited quantity of these plants to offer this year. Strong Select plants of our growing: 5 for \$1.25; 10 for \$2.35; 25 for \$4.25.

JUNG'S EVERBLOOMING Bouquet Flowers

Flowers in Abundance from Early Summer
until Frost.

F790—This is a superb mixture of flowers that are especially suited for cutting of bouquets. It is made up of the very best strains of seeds and will provide you with beautiful bouquets from early summer until frost. This select mixture has been made up for people who wish a large variety of flowers, yet do not care to purchase a packet of so many separate varieties. Do not sow the seed too thick as you will get more and better flowers when each plant has enough room to grow to full size. Pkt. (enough for a row 50 ft. long), 15c; 2 pkts. 25c; 1/2 oz. 35c.

Albert Grohall, Wis.
—Planted some of
your June Raspber-
ries and had good
results.

Everblooming Hybrid Rose Charlotte Armstrong

S1218—One of America's finest roses and now available at a moderate price. Grows a strong vigorous bush, well supplied with healthy foliage and blooms all season. Long carmine buds open into enchanting flowers of the loveliest cerise. The long lasting flowers are splendid for cutting. Strong 2-yr. No. 1 plants: Each \$1.50; 3 for \$4.25.

Giant American Beauty ASTERS

—Wilt Resistant—

F505—This is a superb strain of truly giant flowered Asters that will produce flowers rivaling Chrysanthemums in size and beauty. The vigorous plants produce flowers 4 to 5 in. across and are borne on stems 2 to 3 ft. tall. Will last for 10 days when cut and bloom until hard frosts. White, Rose, Lavender, Shell-Pink, Purple, Yellow, and Mixed Colors. Pkt. 12c; 1/2 oz. 50c; 1 pkt. of each color for 60c.

F505—AMERICAN BEAUTY ASTERS

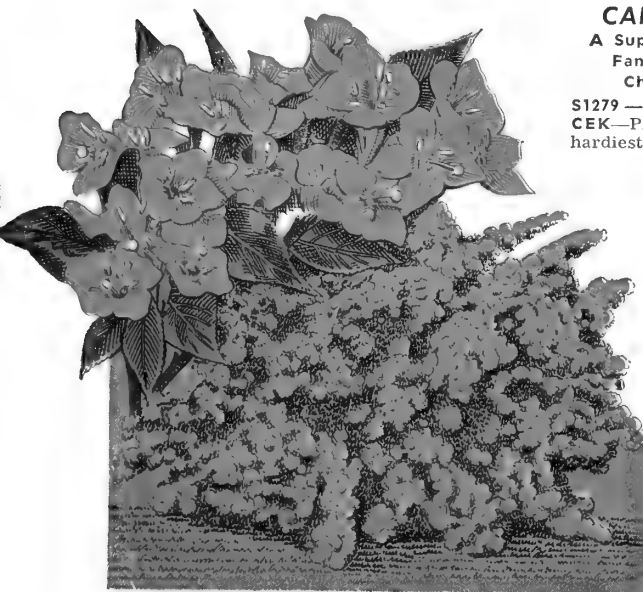

"The Brilliant"

CARDINAL SHRUB

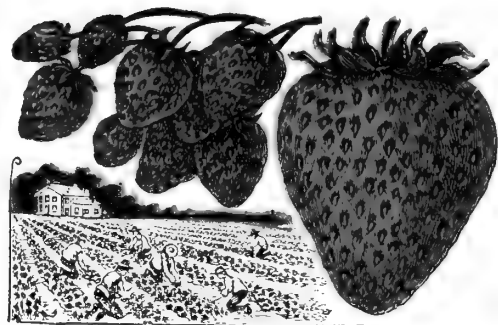

A Superb Flowering Shrub
Famous for Brilliance
Charm and Beauty.

S1279—NEWPORT or VANI-CEK—Probably the best and hardiest red Wiegela. Bushes are vigorous and grow to a height of 5 to 6 ft. and when in full bloom are literally covered with the rosy red flowers from top to bottom, truly a grand sight. You will be more than pleased with the showing that one of these shrubs will make around your home or lawn. Select bushes, will bloom this year. Each \$1.10; 3 for \$3.00.

Mrs. Jos. T. Puls-ter, Wis. — Every-
body loves my
Cuthbertson Sweet
Peas. They bloom-
ed until the second
week in Nov.

S1279—CARDINAL SHRUB

New "EARLIDAWN" Strawberry

First to Ripen. Resistant to Frost.

A1341—A new introduction from the U. S. D. A., and the earliest of all to produce ripe berries. Makes a very vigorous plant, bears a good crop and withstands frost better than any others. Berries are a good size, deep red in color and of very fine quality. A fine variety for fresh use, canning or freezing. A profitable strawberry for home or market gardens and a good shipper. 25 for \$1.65; 50 for \$2.75; 100 for \$4.50; 500 for \$14.25.

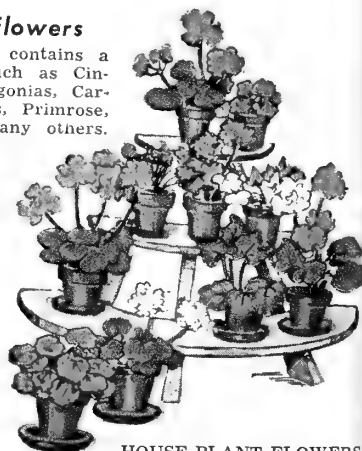

Dwarf Sungold Sunflower

F703—A very select strain of Sungold but plants grow only 18 to 24 in. tall. Flowers are fully as large as the tall Sungold, 100% double, are borne very profusely and will make a grand sight in your flower garden. We know you will be delighted with this grand showy dwarf sunflower. Pkt. 15c; 2 pkts. 25c; 1/4 oz. 35c.

House Plant Flowers

F601—This packet contains a superb mixture such as Cineraria, Coleus, Begonias, Carnations, Geraniums, Primrose, also Lilies and many others. From a packet of this seed you can grow a fine assortment of superb house plants at very little cost. If you were to buy a pkt. of each separately it would cost several dollars, here you get an entire assortment for only 35c. Growing instructions on every packet. Pkt. (250 seeds) 35c; 3 pkts. \$1.00.

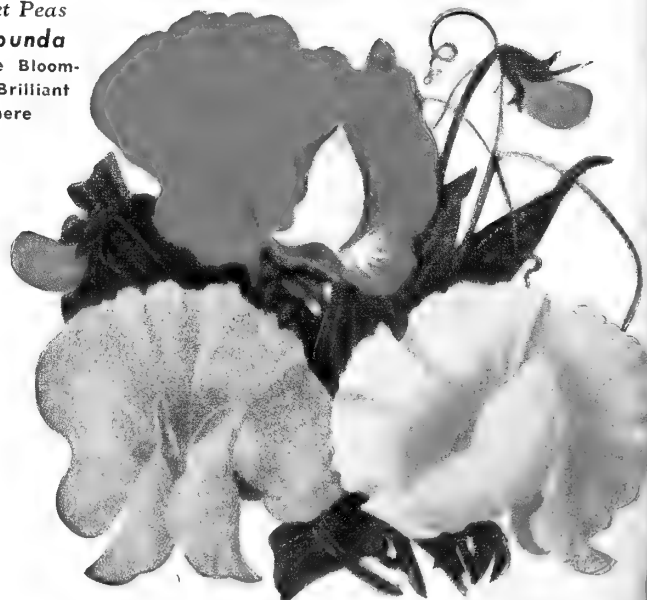

HOUSE PLANT FLOWERS

Heat Resistant Sweet Peas Cuthbertson Floribunda

Vigorous Vines. Profuse Bloom-ers. Highly Fragrant. Brilliant Colors. Succeed where Others Fail.

F719—If you have about given up trying to grow Sweet Peas because they failed, try some of this new strain as it is remarkable how well they do even in hot and dry weather. Vines are unusually vigorous and if flowers are kept picked often continue in bloom all summer. Flowers are borne on long stems, often 4 to 6 flowers on a stem. We offer a superb mixture of well balanced colors. Pkt. 12c; 1/2 oz. 30c; 1 oz. 50c; 1/4 lb. \$1.25.

NOTE—Is your name and address correct as stated above? If so simply mark O.K. in this space.....

If not correct please give changed name and address on lines below. To help us keep our list correct it will be appreciated if each household would always order under the same name.

NOTICE

If an item in your order is out of stock may be substituted a similar variety of equal or greater value.

Write Yes or No.

If your order includes Plants, Shrubs, Bulbs, Onion Sets, Potatoes or other Perishable Goods about when do you wish same shipped?

When no time is specified we try to ship at proper time for planting.

J. W. JUNG SEED CO,
Randolph, Wisconsin

[illegible]

ALWAYS KEEP AN EXACT COPY OF YOUR ORDER

Why we cannot fill Shrub and Plant Orders unless they amount to \$2.00 or more!

Owing to the abnormally high costs of labor, postage and packing material we cannot fill orders for plants and shrubs unless it amounts to \$2.00 or more. It costs us 50c or more to wrap and mail a single shrub so you can readily understand why we cannot fill orders for 1 shrub or plant.

If your order for shrubs, trees or plants is less than \$2.00 then please add 25c to your order to cover the extra expense of wrapping and mailing.

This service charge applies only to plants, shrubs and trees and does not apply to seeds and bulbs.

SUBSTITUTIONS

It is our policy to fill orders exactly as ordered, but in case a variety is sold out, we reserve the right to fill your order with a similar variety or equal or greater value. If you do not wish us to substitute please note this on your order in the space provided near top of order sheet. By placing your order early you will be sure of getting just what you want as your stock will be reserved for you and sent out at the proper time for planting.

Treat Gladioli, Potatoes and Seeds With **ORTHOCIDE "75"**

Better Stands. Healthier Plants. Increased Yields.
For Seed Corn, Seed Grain, Garden Seeds,
Seed Potatoes, Gladioli and Lilies.

M54—It is now no longer necessary to have different preparations to treat your corn, seed grain, potatoes and bulbs as Orthocide 75 is suitable for almost everything you plant. Orthocide 75 is mostly made up of Captan, a new chemical, which protects seeds and bulbs against rotting and also soil diseases. May be used either as a dust or wet dip: One pound is sufficient to treat 20 bu. of corn or seed grain, 25 bu. seed potatoes or 1,000 to 1,200 lbs. of other seeds. A one-fourth pound can is sufficient for the ordinary garden. Use it for any of your seeds and also potatoes and gladioli. Full instructions on every can. 4 oz. can \$1.25; 1 lb. can \$2.80; 5 lbs. \$12.90 postpaid.

Jiffy Pots

Plants Grow Big Faster, Bloom Earlier and Longer. Eliminate Transplanting.

M85—Start your plants, seeds, seedlings, or cuttings in Jiffy-Pots. Imported peat and balanced plant nutrients start plants better, really makes a difference you can see. Soon the Jiffy-Pot ingredients develop roots so strong, and plants so healthy that the roots actually grow through the Jiffy-Pot walls. When the weather permits, plant pot and all in your garden. No wilt, set-back or shock, and the growth is never interrupted. The Jiffy-Pots soon disintegrate, conditioning the soil and aerating the roots. Use Jiffy-Pots, "The Best Thing Next to Mother Earth."

2 1/4" Postpaid—24 89c; 50 \$1.39; 100 \$2.19. 3" Postpaid—24 \$1.49; 50 \$1.95; 100 \$3.39, Not Postpaid—2 1/4" 1000 \$7.25. 3" 1000 \$13.25.

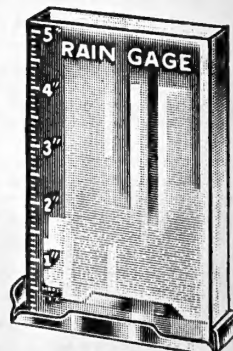

Note: To qualify for the 1000 price, the minimum order for 2¼" is 3000 pots and for 3" is 1500 pots. Write for special prices in lots of 5000 or more.

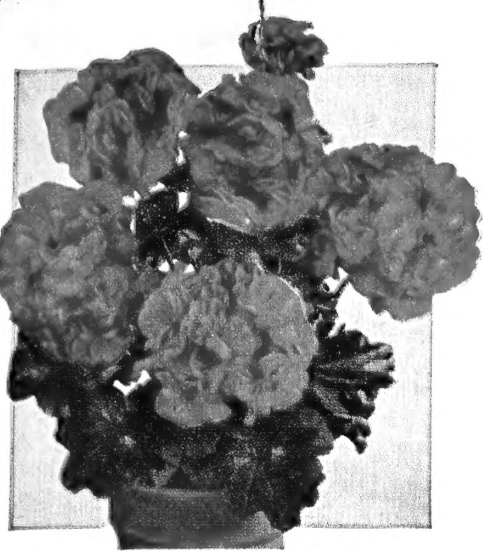

Outstanding Value in Floral Beauty!

**Don't miss getting Chrysanthemums at this bargain.
See Page 50.**

Ohio Rain Gauge

M7/—Here is a simple, yet practical instrument for measuring rainfall from one-tenth to five inches. It is ideal for the weather hobbyist and essential for the farmer. The gauge has a durable plastic container and a metal mounting bracket. It is easy to install and read. An excellent gift: **Each 79¢ postpaid.**

P1706—RED GERANIUMS

Giant Flowering Geraniums

Bloom a Few Weeks After Planting. Ideal for Pot Plants or Window Boxes. Bloom from Spring till Heavy Frosts. The plants we offer are husky and well rooted and will start blooming 3 to 4 weeks after planting and will continue to produce their large, double flowers all summer and fall. You will find our strain to have unusually large flower heads of bright attractive colors. Plants will be sent to you direct from our grower and can be sent anytime from Mar 15th to May 15th. Please state when you wish the same sent.

P1706—FANCY RED— Brilliant color, large flowers, profuse bloomer.

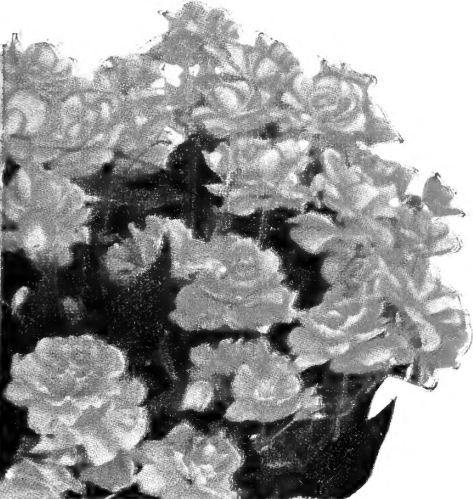

P1709—WHITE— Large well-formed flowers, bushy plants.

P1708—BRIGHT ROSE— Attractive bright rose. Superb bloomer.

P1707—SALMON PINK— Large flowers of rich salmon shade.

PRICE OF ABOVE GERANIUMS

Each 60c; 4 for \$1.85; 12 for \$4.75; 50 for \$17.95.

DWARF TUBEROUS BEGONIAS

DWARF TUBEROUS BEGONIAS

MULTIFLORA MAXIMUM—A new strain of Begonias that grow a dwarf compact plant and bloom very profusely, especially suited for growing in pots and planting in front of the taller varieties, rarely grow over 12 in. tall. They commence to bloom when 3 to 4 in. tall and continue to bloom until frost. Blossoms are of good size, gorgeous colors and often completely cover the whole plant. Bulbs of these are not as large as the taller kinds. Select blooming size bulbs: B830—Red; B831—Rose; B832—Salmon; B833—Yellow; B834—White. Each 35c; 3 for \$1.00; 12 for \$3.25.

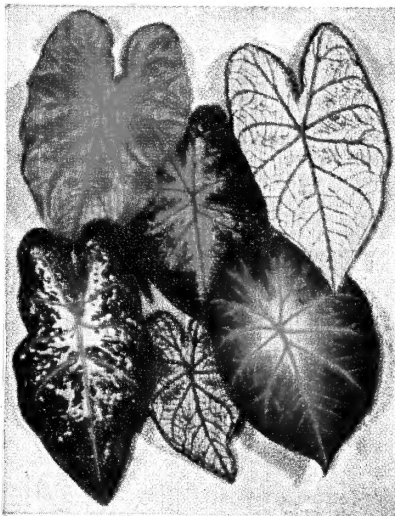

B911—"STAR OF BETHLEHEM"

B859—HANGING BASKET BEGONIAS

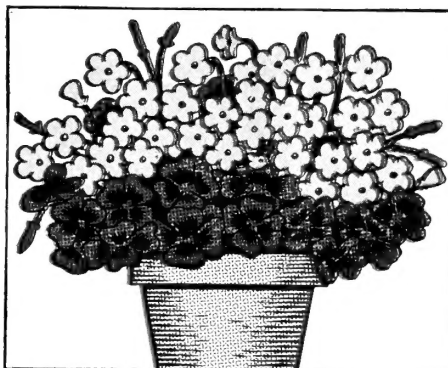

Hanging or Trailing Begonias

B859—The ideal flower for hanging baskets, flower boxes and planters; ideal for window boxes in shady locations. The large double flowers, of rare beauty are borne in profusion all season and completely cover the plant. We offer extra large bulbs in Scarlet, Rose, Salmon, White and Yellow, state colors wanted and at what time you wish same sent: Each 35c; 3 for \$1.00; 6 for \$1.75; 12 for \$3.25.

B836—FLAMINGO CALADIUMS

John Pulles, N. Dak.—I have ordered bulbs from many firms, yours are the outstanding bulbs.

B909—AMERICAN SHAMROCK

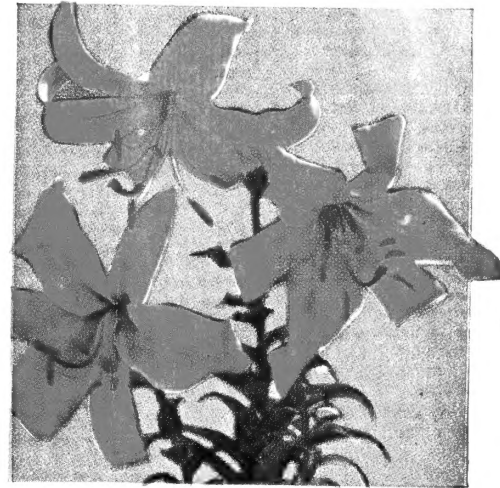

Jung's Autumn Glory CHRYSANTHEMUMS

A Mass of Gorgeous Color when other Flowers are Gone. Flowers from Sept. until Late Fall.

P1732—These grand Chrysanthemums are easily grown and bloom at a time when other flowers are gone. Easy to grow and not bothered by insects or disease, plants set out this spring will give you a grand array of gorgeous beauty from early fall until hard frosts. They also make grand cut flowers as they last for such a long time. We have excellent plants which are offered at bargain prices. All bright colors, no two alike 3 for 79c; 6 for \$1.49.

Something New "STAR OF BETHLEHEM"

B911—(Ornithogalum Thyrsoides Imp.)—Here is something new and interesting, an improved strain of bulbs which are grown in S. Africa. Bulbs are planted in the spring and will bloom from July until heavy frosts. As cut flowers they are unsurpassed as they keep fresh 2 to 3 weeks after being cut. Each bulb will produce several strong stems 15 to 18 in. tall bearing the flower heads. As these bulbs are imported from Africa they are not available until some time in March. 3 for 50c; 6 for 95c; 12 for \$1.75

B904—GOLDEN CLARION LILY

New Golden Clarion Lily

Extra Large Flowers. Rare New Color. Very Hardy. Strong Vigorous Grower. Profuse Bloomer.

B904—A grand new lily from the famed Jan de Graaff that has created a sensation at Flower Shows as it is the first true yellow trumpet lily. Flowers are very large, often 6 in. across and of exotic beauty, color varies from lemon yellow to rich canary. Grows a strong vigorous stalk, 4 to 5 ft tall and are crowned with large clusters of bloom which increase in size and beauty each year. One of our hardiest and most vigorous lilies. Surprise your neighbors with something new and beautiful by planting some of these lilies. Extra Large Bulbs: Each \$1.10; 3 for \$3.00.

New Flamingo Hybrid Caladiums

B836—Caladiums are becoming more popular every year as they are not difficult to grow and unlike flowering plants they are a plant of beauty all summer. This new strain is noted for its hybrid vigor, brighter and new colors and faster growth. Instead of being flat many of the leaves are ruffled which with the brighter colors will give you plants of which you will be proud. Detailed growing instructions are sent with every order. Large Select Bulbs: 3 for \$1.25; 6 for \$2.10. All different colors.

American Shamrock

B909—(oxalis deippi)—A very desirable and useful bulb for pots and hanging baskets, also window boxes, borders and flower beds. Plant 3 or 4 bulbs in a 5 in. flower pot and in 5 to 6 weeks you will have them in bloom. The dainty rose-pink flowers are freely produced over a long period, foliage very much like a four-leaf clover. For a border plant the bulbs 4 to 5 in. apart, grow only 8 to 10 in. tall so make a beautiful border all season. Select Bulbs: 6 for 25c; 10 for 45c; 100 for \$2.50.

Mrs. August Meyer, Iowa—Your bulbs are the largest I have ever received. Was thrilled when they bloomed so soon after planting.

B856—FANCY LEAVED CALADIUMS

Fancy Leaved Caladiums

B856—Few flowers in bloom will attract more attention than the foliage of these grand Caladiums. Not difficult to grow. They will delight you with their rare beauty and charm. May be grown as pot plants or in partially shaded beds outdoors. As the bulbs are very tender we do not ship them until about the end of March. Large Select Bulbs: 3 for \$1.10; 6 for \$1.95; (All different colors.

Patricia Monson, Md.—Your Begonias produced wonderful flowers in a pleasing variety of colors.

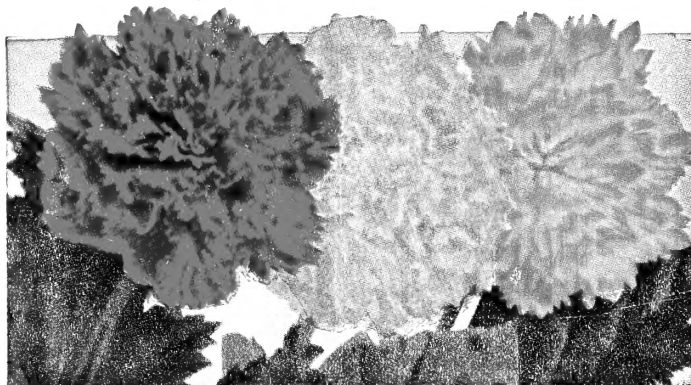

B851—DOUBLE TUBEROUS BEGONIAS

SUMMER FLOWERING BULBS

Giant Red Toned Amaryllis

B853—We know of no flowering bulb that will give more satisfaction for indoor flowering than these new giant Amaryllis. The bulbs we offer are a most select strain, extra large bulbs that often produce two stems with from 2 to 4 blooms of most perfect size and form. Our grower has perfected this strain so over 90 per cent will produce giant deep red blooms of striking beauty. They will bloom in six to eight weeks after planting and detailed planting instructions are sent with every order. Extra Large Bulbs: Each 60c; 3 for \$1.60; 12 for \$6.00.

B855—CARNATION FLOWERED BEGONIAS

Jung's Fancy Double TUBEROUS BEGONIAS

Unexcelled as a Flowering Plant for either Pots or Indoor Planting. Easy to Grow and Sure to Bloom. Will Give You Color and Beauty in Shady Places.

B854—The rare charm and beauty of these beautiful flowers is hard to describe as they must be seen to be appreciated. They may be grown as pot plants, in window boxes or on a shady porch or on the shady side of your home. They commence to flower early and continue to bloom until frost. We offer select bulbs of the finest varieties. Instructions on their planting and care will be sent with every order. Extra large bulbs that will bloom profusely. Apricot, Orange, Red, Rose, White and Yellow: Each 30c; 3 for 80c; 12 for \$2.50.

Special Calla Collection

B885X—One select blooming size bulb of each Pink, White and Yellow Calla for \$1.00; 3 of each for \$2.90.

Giant Flowered Carnation Begonias

B855—These grand Tuberosus Rooted Begonias grow the same as the Camellia type but are different in the type of bloom. Individual flowers are 5 to 8 in. across, very double, and resemble carnations only so much larger in size. Will commence to bloom in 6 to 7 weeks after planting and then continue to flower for many weeks. May be grown either as pot plants or planted in shaded areas outside where they will bloom from early summer until frost. Extra Select Bulbs: Each 35c; 3 for \$1.00; 12 for \$3.00.

Spotted Leaf Callas

B882—YELLOW B880—WHITE
The most satisfactory Callas to grow either in pots or in the garden as they are easy to grow and sure to bloom. Foliage is deep green with creamy white spots. We can supply either yellow or white flowering; always state color wanted. Blooming size bulbs: Each 35c; 3 for \$1.00; doz. \$3.50.

Pink Calla

B881—This is a grand Calla with bright pink flowers. It will make an exquisite flowering plant that will grow and bloom freely. The blossoms are sweet scented and gems of beauty. Blooming size bulbs: Each 40c; 3 for \$1.10.

Giant Fancy Gloxinias

B875—Our bulbs will produce large, velvety flowers, and being well supplied with large downy leaves, the contrast makes one of the most popular and desirable house plants. They are easy to grow and by planting bulbs at intervals may be had in bloom all season. Bulbs may be used again after they have bloomed. Full instructions on planting and care of bulbs will be sent with every order. Large Select bulbs: Each 35c; 3 for \$1.00; doz. \$3.25.

QUALITY FIRST

We spare no effort or expense to insure that our customers receive top quality bulbs, plants, shrubs and seeds. We have the most modern storage cellars for our bulbs and plants, the temperature and moisture is electronic controlled so that bulbs and plants are kept dormant and full of life and vigor. It is always advisable to order early, the items you want will then be reserved for you and sent out at the proper time for planting.

GIANT RED TONED AMARYLLIS

JUNG'S Flowering Bulb Collection

6 Select Blooming Size Bulbs as Follows for \$1.60.

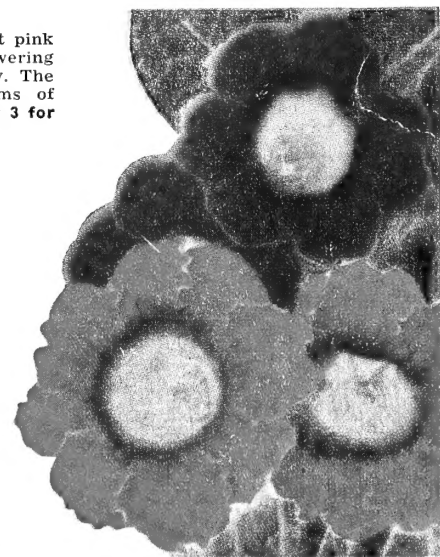

- 1 Giant Hybrid Amaryllis
- 3 Tuberosus Rooted Begonias (All Different)
- 1 Giant Fancy Gloxinia
- 1 Yellow Spotted Calla

All of the above may be planted in pots and will bloom in 6 to 8 weeks after which they may be set outside. The Begonias and Gloxinias will bloom until fall frosts.
